No 167-G, dated Fort William, the 29th January 1900

Extract from the Proceedings of the Government of India in the Foreign Department

READ—

Resolution of the Government of India in the Foreign Department, No 1633-G, dated the 9th October 1896

OBSERVATIONS—It has been pointed out that the above Resolution, which provides that officers of the Political Department will be eligible, under the rules obtaining in the adjoining Presidency or Province, for rewards for passing examinations in the vernacular languages spoken in the Agency or Province in which they are serving, places those officers at a disadvantage as compared with officers serving under the Punjab Government Under Rule VII of the revised rules for examination in the Pashtu and Baluchi languages, which were approved by Her Majesty's Secretary of State for India in his Public despatch No 120, dated the 4th August 1898, junior officers of the Punjab Commission who pass the examination in Pashtu or Baluchi by the Higher Standard and senior officers who pass the same examination "when actually posted to the frontier or likely to be sent there" are eligible for rewards of Rs 500 and Rs 1,000, respectively, without reference to the language spoken in the district where they are serving at the time of pasing the examination, whereas officers of the Political Department of the Government of India are, by the terms of the above-quoted Resolution, debarred from obtaining these rewards, unless at the time of passing the examination they are actually serving in a frontier district, where Pashtu or Baluchi is spoken

RESOLUTION—With a view to encourage the study of frontier languages by officers of the Political Department of the Government of India, it is desirable that they should be placed on the same footing as regards rewards for passing examinations in those languages with officers of the Punjab Commission The Government of India have, therefore, decided that the following rules shall henceforth be held applicable to officers of the Political Department of the Government of India —

(i) Any officer below the substantive grade of Political Agent, 2nd class, who shall pass the examination in Pashtu or Baluchi by the Higher Standard, when serving in an Agency in which a Pashtu or Baluchi language allowance is not admissible, shall receive a reward of Rs 500 Rewards for both languages may thus be earned by the same officer, and an officer in receipt of a language allowance for having qualified in one language may obtain the reward of Rs 500 for qualifying in the other.

(ii) Officers of or above the substantive grade of Political Agent, 2nd class, who are actually posted to the frontier or likely to be sent there may, with the permission of the Government of India in the Foreign Department, appear for examination in Pashtu or Baluchi by the Higher Standard, and shall receive a reward of Rs 1,000 on passing each such examination

ORDER.—Ordered that a copy of this Resolution be forwarded* to Local Governments and Administrations and Political officers under the Foreign Department, and to the Military Department for information.

* The Chief Secretary to the Government of Fort St. George.
The Chief Secretary to the Government of Bombay.
The Chief Secretary to the Government of Bengal.
The Chief Secretary to the Government of the North Western Provinces and Oudh.
The Chief Secretary to the Government of the Punjab.
The Chief Secretary to the Government of Burma.

NOTIFICATION

No 572M —The 1st February 1900 —It is hereby notified for general information that, on the application of the Commissioners of the Pirojpur Municipality, in the district of Backergunge, the Lieutenant-Governor has been pleased to declare that the provisions of section 3, Act XX of 1887, with respect to wild birds, shall apply, so far as regards the rules framed by the Municipal Commissioners of Pirojpur, to hares and deer

E N BAKER,
Secy to the Govt of Bengal

NOTIFICATION

No 573M —The 1st February 1900 —It is hereby notified for general information that the Lieutenant-Governor intends to confirm, under clause 4, section 3, Act XX of 1887, the following rules framed by the Commissioners of the Pirojpur Municipality, in the district of Backergunge, under section 3 of the Act, for the protection of wild birds and game within the limits of that Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the said Municipality —

Rules

1 "Wild bird" for the purposes of these rules shall include jungle-fowl, pea-fowl, partridges, quail, plover, whistling teal, painted snipe, cotton teal, and every bird killed for the sake of its plumage

2 The Local Government having by notification declared that the provisions of section 3, Act XX of 1887, shall apply to hares and deer, the following rules will apply to those animals as well as to wild birds

3 The breeding season for the purposes of these rules shall extend from the 1st April to the 30th September

4 Whoever during the breeding season has in his possession within the limits of the Pirojpur Municipality any wild bird, deer or hare, recently killed or taken, or exposes for sale any such bird or animal, living or dead, shall be liable to a fine not exceeding Rs 5 for each bird or animal

5 Whoever during the breeding season imports into the town the plumage of any kind of wild bird, recently killed or taken, or the fur or skin of any hare or deer recently killed or taken, shall be liable to a fine not exceeding Rs. 5 for the plumage of every such bird or the fur or skin of every such hare or deer

6. In the case of a second conviction the fine may extend to Rs 10 for each such bird, hare, deer, plumage, fur or skin

7. All birds, plumage, fur or skin, etc, in respect of which a conviction has been had under rules 4, 5, and 6, shall be confiscated.

8 A reward not exceeding half the fine imposed and realised under rules 4, 5, and 6 may be granted by the adjudicating Magistrate to any person who has afforded information leading to a conviction for a breach of any of the above rules

E N BAKER,
Secy to the Govt of Bengal

NOTIFICATION

No 575M —The 2nd February 1900 — It is hereby notified that the Commissioners of the Monghyr Municipality, in the district of Monghyr, having at a meeting requested the Local Government, under section 23 of the Bengal Municipal Act, III of 1884, as modified up to 1st November 1896, to appoint a Chairman, the Lieutenant-Governor is pleased to appoint Mr E H. C Walsh, ICS, to be their Chairman, *vice* Mr F F Lyall, ICS, resigned

E N BAKER,
Secy to the Govt of Bengal.

NOTIFICATION

No 582L S-G —The 3rd February 1900 —It is hereby notified for general information that, under section 6, clause (*b*) of the Bengal Ferries Act, I of 1885, the Lieutenant-Governor is pleased to take possession of the ferries at Bhandaljuri, Sheeluck ghat, Roaja's hat and Icchamati ghat, in the Boalkhali and Rangonia outposts, in the district of Chittagong, and to declare them to be public ferries

E N BAKER,
Secy. to the Govt. of Bengal

NOTIFICATION

No 584L S-G —The 3rd February 1900 —It is hereby notified that the Lieutenant-Governor is pleased, in the exercise of the power conferred on him by section 35 of the Bengal Ferries Act, I of 1885, to direct that the ferries at Bhandaljuri, Sheeluck ghat, Roaja's hat

and Ichamati ghat, in the Boalkhali and Rangonia outposts, in the district of Chittagong, shall be managed by the District Board of Chittagong, and that all the proceeds of those ferries, and all the fines levied and compensation received under the said Act in respect thereof, shall be paid into the District Fund, with effect from the date of this notification

E N BAKER,
Secy to the Govt of Bengal

NOTIFICATION

No 586M —The 3rd February 1900 —It is hereby notified that, under section 59 of the Bengal Municipal Act, III of 1884, as modified up to 1st November 1896 the Lieutenant-Governor approves the election by the Commissioners of the Howrah Municipality, in the district of Howrah, of Mr F F Lyall to be their Chairman

E N BAKER,
Secy to the Govt of Bengal

Chittagong Collectorate, the 20th January 1900

T S THOMAS, *for* Collector

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on the 2nd March 1900, corresponding with 20th Falgun 1306 B.S —

Conditions of Sale

1st —The estates to be sold to the highest bidders above the upset price which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, with effect from 1st April 1900, as revenue free or subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs 100, one-fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate will be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

Chittagong Collectorate, the 27th January 1900

J H LEA, Offg. Collector

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situated in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on Monday, the 26th March 1900, corresponding with the 13th of Chaitra 1306 (B S) and 14th of Chaitra 1307 A S.

The purchasers will be subject to the following conditions of sale —

Conditions of Sale.

1st —Each estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity

2nd —The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd —If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the date of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

The Indian Law Reports

Published under Authority

THE Indian Law Reports, published under the authority of the Governor General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay and Allahabad and comprise four series—one for the Calcutta High Court, a second for the Madras High Court a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876 —

Terms of subscription payable annually in advance

For the complete series, *including postage* (Inland rate) Rs 22 8

Ditto, Urdu version Royal 8vo., stiff boards 6a

A DICTIONARY OF THE ECONOMIC PRODUCTS OF INDIA.

By DR GEO WATT, C I E,

Reporter on Economic Products

The first five volumes and Vol. VI, Parts I, II, III & IV of the Dictionary are ready at the Office of the Super intendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non subscribers on receipt of the price for the complete set, which is Rs 45 in India, and 8 guineas in England (exclusive of the Index, for which a separate charge will be made) packing and postage, in India, 8 annas per volume, for England, Rs 2 6 per volume For copies bound in half calf or half morocco, Rs 6 and 8 shillings, respectively, will be charged extra for the whole set

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral, each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history, properties and uses (both chemical and industrial), trade statistics; markets, &c The work is arranged alphabetically according to scientifi nomenclature, but commercial and important vernacular names are also given as cross-references, so that little difficulty need be experienced in finding the account of a product, even when its scientific name is unknown to the reader

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication Numerous contributors have, however, furnished the results of new discoveries and con firmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries

Volume I contains the letters A and B, and consists of 559 royal 8vo pages, Vol II embraces the letter C in 689 pages; Vol III contains the letters D, E, F and half of G, Vol IV latter half of G to middle of L, and Vol V contains the latter half of L to end of O, Vol VI (which consists of four parts), Part I, contains letters P to R The whole work completed in nine volumes (including Parts II to IV of Vol VI), but a tenth volume has been issued, consisting of an Index to all the vernacular and other names contained in the Dictionary The Index is practically a Glossary of the Vernacular and European names of the plants, animals and minerals of India, and, as such, is a work of reference, which, it is hoped, will prove of considerable value

Index to ditto ditto, 8vo Rs 2 (4a)

The above is out of stock

Technical Art Series published up to 1896, together with their explanatory Text—

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT

NOTICE TO MARINERS—No 19

[Second Publication]

PACIFIC OCEAN—SANTA CRUZ ISLANDS

Forest reef—Position of Black rock, Graciosa bay

THE British Admiralty has given notice (No 828 of 1899) of the existence of a reef, reported by Mr Forrest, of river Granville, situated between Tinakula and Nalogo, Swallow group

Approximate position, to be considered doubtful, lat 10° 17′ S, long. 165° 45′ E

P D has been placed against it on the Chart.

The natives report another reef to the westward of the above

Also, that the Black rock in the centre of the reef, western passage into Graciosa bay, and marked E D, does exist and is plainly visible.

Approximate position, lat 10° 43′ S, long. 165° 48½′ E.

The E D has consequently been erased from the Chart

This Notice affects the following Admiralty Charts —Pacific ocean, No 780, Santa Cruz islands, No. 17. Also, Pacific Islands, vol. I, 1890, pages, 349, 350

CHINA SEA—SINGAPORE STRAIT—BULANG STRAIT

Pulo Melingtang—Shoal to the eastward—Depth

THE British Admiralty has given notice (No 881 of 1899) that the 2-fathom patch situated half a mile N by E from the south-east point of Pulo Melingtang, Bulang strait (Salat Batu Haji), has now only a depth of 5 feet over it

Approximate position on Chart 2404, lat 1° 2′ N, long 103° 54½′ E

(*Variation 2° Easterly in 1899*)

This Notice affects the following Admiralty Chart —Singapore Main strait, No 2404 Also, China Sea Directory, vol I, 1896, pages 197, 563, and Supplement, 1899, relating to that work, page 46

NOTICE TO MARINERS—No 22

[Second Publication]

PACIFIC OCEAN—MARIANA ISLANDS

Non existence of Anson island

THE British Admiralty has given notice (No 833 of 1899) that Captain G E Ide, U S N, commanding U S S *Yosemite*, and Commander A Dunlap, U S N, commanding U S S *Solace*, both report having passed over or near the position assigned to Anson island under favourable circumstances without seeing any island in the locality

As the position assigned to this island has been frequently passed over before, and all reports agree in stating that no land was seen, as the original authority for placing it on the Chart is unknown, and as it is not mentioned either in Anson's voyage, in Burney's

collection of voyages, or in the Spanish Sailing Directions relating to the Mariana islands, it is believed not to exist, and consequently it has been expunged from the Admiralty Charts

Approximate position, lat. 18° 0′ N, long 141° 30′ E

This Notice affects the following Admiralty Charts —Pacific ocean, No 781, Mariana or Ladrone islands, No 1101 Also, China Sea Directory, vol IV, 1894, page 197

AUSTRALIA—QUEENSLAND—MARY RIVER

Dundathu reach—Leading lights

THE British Admiralty has given notice (No 839 of 1899) that on and after 18th November 1899, leading lights would be established about 8½ cables westward of Leslie rock, Mary river

The front light is *red fixed*, the rear light *white fixed*, they are exhibited from white triangular beacons with a black vertical stripe, erected on the south bank of the river, and in line about S 29° E lead through Dundathu reach in not less than 10 feet water

Approximate position front light, lat 25° 30′ 10″ S, long. 152° 46′ 30″ E

NOTE —The distance between the lights is not stated

(*Variation 9° Easterly in 1899*)

This Notice affects the following Admiralty Chart —Mary river, No 649 Also, List of Lights, part VI, 1899, page 205, and Australia Directory, vol II, 1898, page 155

AUSTRALIA, EAST COAST—CLAREMONT POINT

Further particulars regarding the reefs to the eastward.

WITH reference to Notice to Mariners, No 1, dated the 2nd January 1900, issued by this office, the British Admiralty has given the following further particulars (No 847 of 1899), respecting the shoal heads discovered eastward of Claremont point, inner route.—

a Within a few yards of the shoal head of 4½ fathoms, distant 3 miles N. 35° W from Eff (f) beacon, a pinnacle rock, having a depth of 3 fathoms over it, was discovered

Approximate position, lat. 14° 1′ 0″ S, long 143° 49′ 20″ E.

b A coral shoal, about 1½ cables long North and South and three-quarters of a cable wide, with a least depth of 16 feet over it and 8 to 10 fathoms, mud, around it, is situated with Ead reef beacon bearing S. 37° W., distant 15 6/10 cables, and See reef beacon S 86° E

Approximate position, lat. 14° 3 15″ S, long 143° 55′ 40″ E

NOTE —Mariners are cautioned against endeavouring to pass between Ead and See reefs, they should follow, as far as practicable, the course recommended.

(*Variation 5° Easterly in 1899.*)

This Notice affects the following Admiralty Charts —Claremont point to cape Direction, No 2921, Turtle group to Claremont point, No 2922 Also, Australia Directory, vol. II, 1898, page 385

East cape light—Exhibition postponed

WITH reference to Notice to Mariners No 278, dated the 31st December 1898, issued by this office, the British Admiralty has given further notice (No 811 of 1899) that exhibition of a *white flashing* dioptric light of the 2nd order from the lighthouse now being built on East Cape island has been postponed until March 1900

East Cape light will show a flash *every ten seconds*, it will be elevated 362 feet above high water, and visible in clear weather from a distance of 22 miles, seaward, over an arc of about 280°, or as far as the land will permit

Approximate position, lat. 37° 40′ S, long 178° 36′ E

Further Notice will be given when the light has been established

This Notice affects the following Admiralty Charts —New Zealand, No 1212, Mayor island to Poverty bay, No. 2527 Also, List of Lights, part VI, 1899, No 1411, and New Zealand Pilot, 1891, page 147

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Act of the Governor General of India in Council received the assent of the Governor General on the 2nd February, 1900, and is hereby promulgated for general information —

ACT NO II OF 1900

An Act to amend the Transfer of Property Act, 1882.

WHEREAS it is expedient to amend the Transfer of Property Act, 1882, It is hereby enacted as follows —

Short title and commencement

1 (*1*) This Act may be called the Transfer of Property Act, 1900, and

(*2*) It shall come into force at once

Addition to section 3, Act IV, 1882

2 In section 3 of the Transfer of Property Act, 1882, after the definition of "attached to the earth" the following shall be inserted, namely —

"Actionable claim" means a claim to any debt, other than a debt secured by mortgage of immovable property or by hypothecation or pledge of moveable property, or to any beneficial interest in moveable property not in the possession, either actual or constructive, of the claimant, which the Civil Courts recognize as affording grounds for relief, whether such debt or beneficial interest be existent, accruing, conditional or contingent"

Amendment of section 6, Act IV, 1882

3 In section 6 of the same Act—

(i) in clause (*e*) the words "for compensation for a fraud or for harm illegally caused" shall be omitted, and

(ii) in clause (*h*) the words "for an illegal purpose" shall be omitted and instead thereof the words "for an unlawful object or consideration within the meaning of section 23 of the Indian Contract Act, 1872," shall be inserted

Substitution of new Chapter for Chapter VIII, Act IV 1882

4 For Chapter VIII of the same Act, the following Chapter shall be substituted, namely —

"CHAPTER VIII

"OF TRANSFERS OF ACTIONABLE CLAIMS

Transfer of actionable claim

"130 (*1*) The transfer of an actionable claim shall be effected only by the execution of an instrument in writing signed by the transferor or his duly authorized agent, and shall be complete and effectual upon the execution of such instrument, and thereupon all the rights and remedies of the transferor, whether by way of damages or otherwise, shall vest in the transferee, whether such notice of the transfer as is hereinafter provided be given or not

Provided that every dealing with the debt or other actionable claim by the debtor or other person from or against whom the transferor would, but for such instrument of transfer as aforesaid, have been entitled to recover or enforce such debt or other actionable claim, shall

(save where the debtor or other person is a party to the transfer or has received express notice thereof as hereinafter provided) be valid as against such transfer

(2) The transferee of an actionable claim may, upon the execution of such instrument of transfer as aforesaid, sue or institute proceedings for the same in his own name without obtaining the transferor's consent to such suit or proceedings and without making him a party thereto

Exception—Nothing in this section applies to the transfer of a marine or fire policy of insurance

Illustrations

(i) A owes money to B, who transfers the debt to C B then demands the debt from A, who, not having received notice of the transfer as prescribed in section 131, pays B The payment is valid, and C cannot sue A for the debt

(ii) A effects a policy on his own life with an Insurance Company and assigns it to a Bank for securing the payment of an existing or future debt If A dies, the Bank is entitled to receive the amount of the policy and to sue on it without the concurrence of A's executor, subject to the proviso in sub-section (1) of section 130 and to the provisions of section 132

"131 Every notice of transfer of an actionable claim shall be in writing, signed by the transferor or his agent duly authorized in this behalf, or, in case the transferor refuses to sign, by the transferee or his agent, and shall state the name and address of the transferee

Notice to be in writing, signed

"132 The transferee of an actionable claim shall take it subject to all the liabilities and equities to which the transferor was subject in respect thereof at the date of the transfer

Liability of transferee of actionable claim

Illustrations

(i) A transfers to C a debt due to him by B, A being then indebted to B C sues B for the debt due by B to A In such suit B is entitled to set off the debt due by A to him, although C was unaware of it at the date of such transfer

(ii) A executed a bond in favour of B under circumstances entitling the former to have it delivered up and cancelled B assigns the bond to C for value and without notice of such circumstances C cannot enforce the bond against A

"133 Where the transferor of a debt warrants the solvency of the debtor, the warranty, in the absence of a contract to the contrary, applies only to his solvency at the time of the transfer, and is limited, where the transfer is made for consideration, to the amount or value of such consideration

Warranty of solvency of debtor

"134. Where a debt is transferred for the purpose of securing an existing or future debt, the debt so transferred, if received by the transferor or recovered by the transferee, is applicable, first, in payment of the costs of such recovery secondly, in or towards satisfaction of the amount for the time being secured by the transfer, and the residue, if any, belongs to the transferor or other person entitled to receive the same

Mortgaged debt

"135 Every assignee, by endorsement or other writing, of a policy of marine insurance or of a policy of insurance against fire, in whom the property in the subject insured shall be absolutely vested at the date of the assignment, shall have transferred and vested in him all rights of suit as if the contract contained in the policy had been made with himself

Assignment of rights under marine or fire policy of insurance

"136 No Judge, legal practitioner, or officer connected with any Court of Justice shall buy or traffic in, or stipulate for, or agree to receive, any share of, or interest in, any actionable claim, and no Court of Justice shall enforce, at his instance or at the instance of any person claiming by or through him, any actionable claim so dealt with by him as aforesaid

Incapacity of officers connected with Courts of Justice

"137 Nothing in the foregoing sections of this Chapter applies to stocks, shares or debentures or to instruments which are for the time being, by law or custom, negotiable, or to any mercantile document of title to goods

Saving of negotiable instrument etc

Explanation—The expression "mercantile document of title to goods" includes a bill of lading, dock-warrant, warehouse-keeper's certificate, railway receipt, warrant or order for the delivery of goods, and any other document used in the ordinary course of business as proof of the possession or control of goods, or authorizing or purporting to authorize, either by endorsement or by delivery, the possessor of the document to transfer or receive goods thereby represented"

5 So much of the Policies of Insurance (Marine and Fire) Assignment Act, 1866, as is unrepealed, and so much of the Indian Short Titles Act, 1897, as relates thereto, are hereby repealed

Repeal

J M MACPHERSON

Secretary to the Government of India

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Act of the Governor General of India in Council received the assent of the Governor General on the 2nd February, 1900, and is hereby promulgated for general information —

ACT NO III OF 1900.

THE PRISONERS ACT.

CONTENTS

PART I

PRELIMINARY

PART VII

PERSONS UNDER SENTENCE OF TRANSPORTATION

PART VIII

DISCHARGE OF PRISONERS.

PART IX

PROVISIONS FOR REQUIRING THE ATTENDANCE OF PRISONERS AND OBTAINING THEIR EVIDENCE

Attendance of Prisoners in Court

Commissions for Examination of Prisoners

Service of Process on Prisoners.

Miscellaneous

The Prisoners Act.

(Part I—Preliminary—Sections 1-2—Part II.—General—Sections 3-4.—Part III—Prisoners in the Presidency-towns.—Sections 5-11.)

An Act to consolidate the law relating to Prisoners confined by order of a Court

WHEREAS it is expedient to consolidate the law relating to prisoners confined by order of a Court; It is hereby enacted as follows —

PART I.

PRELIMINARY

Short title, extent and commencement

1. (*1*) This Act may be called the Prisoners Act, 1900

(*2*) It extends to the whole of British India, inclusive of British Baluchistan, the Santhal Parganas and the Pargana of Spiti, and

(*3*) It shall come into force at once.

Definitions

2 In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "Court" includes a Coroner and any officer lawfully exercising civil, criminal or revenue jurisdiction, and

(*b*) "prison" includes any place which has been declared by the Local Government, by general or special order, to be a subsidiary jail.

PART II

GENERAL.

Officers in charge of prisons to detain persons duly committed to their custody

3 The officer in charge of a prison shall receive and detain all persons duly committed to his custody, under this Act or otherwise, by any Court, according to the exigency of any writ, warrant, or order by which such person has been committed, or until such person is discharged or removed in due course of law

Officers in charge of prisons to return writs, etc, after execution or discharge.

4 The officer in charge of a prison shall forthwith, after the execution of every such writ, order or warrant as aforesaid other than a warrant of commitment for trial, or after the discharge of the person committed thereby, return such writ, order or warrant to the Court by which the same was issued or made, together with a certificate, endorsed thereon and signed by him, showing how the same has been executed, or why the person committed thereby has been discharged from custody before the execution thereof.

PART III.

PRISONERS IN THE PRESIDENCY-TOWNS.

Warrants, etc, to be directed to Police officers

5 Every writ or warrant for the arrest of any person issued by the High Court in the exercise of its ordinary, extraordinary or other criminal jurisdiction shall be directed to and executed by a Police-officer within the local limits of such jurisdiction

Power for Local Governments to appoint Superintendents of Presidency prisons.

6 The Local Government may appoint officers who shall have authority to receive and detain prisoners committed to their custody under this Part

Explanation—Any officer so appointed, by whatever designation he may be styled, is hereinafter referred to as "the Superintendent"

Delivery of persons sentenced to imprisonment or death by High Court

7. Where any person is sentenced by the High Court in the exercise of its original criminal jurisdiction to imprisonment or to death, the Court shall cause him to be delivered to the Superintendent together with its warrant, and such warrant shall be executed by the Superintendent and returned by him to the High Court when executed

Delivery of persons sentenced to transportation or penal servitude by High Court.

8 Where any person is sentenced by the High Court in the exercise of its original criminal jurisdiction to transportation or penal servitude, the Court shall cause him to be delivered for intermediate custody to the Superintendent, and the transportation or penal servitude of such person shall be deemed to commence from such delivery

Delivery of persons committed by High Court in execution of a decree or for contempt

9 Where any person is committed by the High Court, whether in execution of a decree or for contempt of Court or for any other cause, the Court shall cause him to be delivered to the Superintendent, together with its warrant of commitment

Delivery of persons sentenced by Presidency Magistrates

10 Where any person is sentenced by a Presidency Magistrate to imprisonment, or is committed to prison for failure to find security to keep the peace or to be of good behaviour, the Magistrate shall cause him to be delivered to the Superintendent, together with his warrant

Delivery of persons committed for trial by High Court

11 Every person committed by a Magistrate, Justice of the Peace, or Coroner for trial by the High Court in the exercise of its original criminal jurisdiction shall be delivered to the Superintendent,

The Prisoners Act

(Part III.—Prisoners in the Presidency-towns —Sections 12-13. Part IV.—Prisoners outside the Presidency-towns —Sections 14-18)

together with a warrant of commitment, directing the Superintendent to produce such person before the Court for trial, and the Superintendent shall, as soon as practicable, cause such person to be taken before the Court at a criminal session thereof, together with the warrant of commitment, in order that he may be dealt with according to law.

Custody pending hearing by High Court under section 350 of the Code of Civil Procedure of application for insolvency

12 The High Court may, pending the hearing, under section 350 of the Code of Civil Procedure, of any application for a declaration of insolvency, cause the judgment-debtor concerned to be delivered to the Superintendent, subject to the provisions as to release on security of section 349 of the said Code, and the Superintendent shall detain the said judgment-debtor in safe custody until he is re-delivered to an officer of the High Court for the purpose of being taken before it in pursuance of its order, or until he is released in due course of law

Delivery of persons arrested in pursuance of warrant of High Court or Civil Court in Presidency-town

13 (1) Every person arrested in pursuance of a writ, warrant or order of the High Court in the exercise of its original civil jurisdiction, or in pursuance of a warrant of any Civil Court established in a Presidency-town under any law or enactment for the time being in force, or in pursuance of a warrant issued under section 5, shall be brought without delay before the Court by which, or by a Judge of which, the writ, warrant or order was issued, awarded or made, or before a Judge thereof, if the said Court, or a Judge thereof, is then sitting for the exercise of original jurisdiction

(2) If the said Court, or a Judge thereof, is not then sitting for the exercise of original jurisdiction, such person arrested as aforesaid shall, unless a Judge of the said Court otherwise directs, be delivered to the Superintendent for intermediate custody, and shall be brought before the said Court, or a Judge thereof, at the next sitting of the said Court, or of a Judge thereof, for the exercise of original jurisdiction in order that such person may be dealt with according to law, and the said Court or Judge shall have power to make or award all necessary orders or warrants for that purpose

PART IV

PRISONERS OUTSIDE THE PRESIDENCY-TOWNS

References in this Part to prisons, etc, to be construed as referring also to Reformatory Schools

14. In this Part all references to prisons or to imprisonment or confinement shall be construed as referring also to Reformatory Schools or to detention therein

Power for officers in charge of prisons to give effect to sentences of certain Courts

15 (1) Officers in charge of prisons outside the Presidency-towns may give effect to any sentence or order or warrant for the detention of any person passed or issued—

(a) by any Court or tribunal acting, whether within or without British India, under the general or special authority of Her Majesty or of the Governor General in

(b) by any Court or tribunal in the territories of any Native Prince, or State in India—

(i) if the presiding Judge, or if the Court or tribunal consists of two or more Judges, at least one of the Judges, is an officer of the British Government authorized to sit as such Judge by the Native Prince or State or by the Governor General in Council, and

(ii) if the reception, detention or imprisonment in British India or in any province of British India of persons sentenced by any such Court or tribunal has been authorized by general or special order by the Governor General in Council or the Local Government, as the case may be, or

(c) by any other Court or tribunal in the territories of any Native Prince or State in India, with the previous sanction of the Governor General in Council or of the Local Government in the case of each such sentence, order or warrant

(2) Where a Court or tribunal of such a Native Prince or State has passed a sentence which cannot be executed without the concurrence of an officer of the British Government, and such sentence has been considered on the merits and confirmed by any such officer specially authorized in that behalf, such sentence, and any order or warrant issued in pursuance thereof, shall be deemed to be the sentence, order or warrant of a Court or tribunal acting under the authority of the Governor General in Council

Warrant of officer of such Court to be sufficient authority.

16 A warrant under the official signature of an officer of such Court or tribunal as is referred to in section 15 shall be sufficient authority for holding any person in confinement, or for sending any person for transportation, in pursuance of the sentence passed upon him

Procedure where officer in charge of prison doubts the legality of warrant sent to him for execution under this Part

17 (1) Where an officer in charge of a prison doubts the legality of a warrant or order sent to him for execution under this Part, or the competency of the person whose official seal or signature is affixed thereto to pass the sentence and issue the warrant or order, he shall refer the matter to the Local Government, by whose order on the case he and all other public officers shall be guided as to the future disposal of the prisoner

(2) Pending a reference made under sub-section (1), the prisoner shall be detained in such manner and with such restrictions or mitigations as may be specified in the warrant or order

Execution in British India of certain capital sentences not ordinarily executable there

18 (1) Where a British Court, exercising, in or with respect to territory beyond the limits of British India, jurisdiction which the Governor General in Council has in such territory,—

The Prisoners Act

(Part V—Persons under Sentence of Penal Servitude—Sections 19-25)

(*b*) being of opinion that such sentence should, by reason of there being in such territory no secure place for the confinement of such person or no suitable appliances for his execution in a decent and humane manner, be executed in British India, has issued its warrant for the execution of such sentence to the officer in charge of a prison in British India,

such officer shall, on receipt of the warrant, cause the execution to be carried out at such place as may be prescribed therein in the same manner and subject to the same conditions in all respects as if it were a warrant duly issued under the provisions of section 381 of the Code of Criminal Procedure, 1898

(*2*) The prisons of which the officers in charge are to execute sentences under any such warrants as aforesaid shall be such as the Governor General in Council or a Local Government authorized by the Governor General in Council in this behalf may, by general or special order, direct

(*3*) A Court shall be deemed to be a British Court for the purposes of this section if the presiding Judge, or if the Court consists of two or more Judges, at least one of the Judges, is an officer of the British Government authorized to act as such Judge by any Native Prince or State in India or by the Governor General in Council

Provided that every warrant issued under this sub section by any such tribunal shall, if the tribunal consists of more than one Judge, be signed by a Judge who is an officer of the British Government authorized as aforesaid

---

PART V

PERSONS UNDER SENTENCE OF PENAL SERVITUDE.

Persons under sentence of penal servitude how to be dealt with

19. (*1*) Every person under sentence of penal servitude may be confined in such prison within British India as the Governor General in Council, by general order, directs, and may, while so confined, be kept to hard labour and, until he can conveniently be removed to such prison, be imprisoned, with or without hard labour, and dealt with in all other respects as persons under sentence of rigorous imprisonment may, for the time being, by law be dealt with

(*2*) The time of such intermediate imprisonment, and the time of removal from one prison to another, shall be taken and reckoned in discharge or part discharge of the term of the sentence

Enactments respecting persons under sentence of transportation or imprisonment with hard labour applied to persons under sentence of penal servitude

20 Every enactment now in force in British India with respect to persons under sentence of transportation, or under sentence of imprisonment with hard labour, shall, so far as is consistent with this Act, be construed to apply to persons under sentence of penal servitude

Power to grant license to person sentenced to penal servitude

21 (*1*) The Governor General in Council may grant to any person under sentence of penal servitude a license to be at large within British India or in such part thereof as is in such license expressed, during such portion of his term of penal servitude and upon such conditions as the Governor General in Council may think fit

(*2*) The Governor General in Council may revoke or alter any license granted under sub-section (*1*)

Licensee to be allowed to go at large

22 So long as any license granted under section 21, sub section (*1*), continues in force and unrevoked, the licensee shall not be liable to imprisonment or penal servitude by reason of his sentence, but shall be allowed to go and remain at large according to the terms of the license.

Apprehension of convict where license revoked

23 In case of the revocation of any such license as aforesaid, any Secretary to the Government of India may, by order in writing, signify to any Justice of the Peace or Magistrate that the license has been revoked, and require him to issue a warrant for the arrest of the licensee, and such Justice or Magistrate shall issue his warrant accordingly

Execution of warrant

24 A warrant issued under section 23 may be executed by any officer to whom it is directed or delivered for that purpose in any part of British India, and shall have the same force in any place within British India as if it had been originally issued or subsequently endorsed by the Justice of the Peace or Magistrate or other authority having jurisdiction in the place where it is executed

Licensee when arrested to be brought up for recommitment

25 (*1*) When the licensee, for whose arrest a warrant has been issued under section 23, is arrested thereunder, he shall be brought, as soon as conveniently may be, before the Justice or Magistrate by whom the warrant was issued, or before some other Justice or Magistrate of the same place, or before a Justice or Magistrate having jurisdiction in the district in which the licensee has been arrested

The Prisoners Act.

(Part V—Persons under Sentence of Penal Servitude—Sections 26-27. Part VI—Removal of Prisoners—Sections 28-31)

(2) Such Justice or Magistrate as aforesaid shall thereupon make out a warrant under his hand and seal for the recommitment of the licensee to the prison from which he was released under the license

Recommitment

26 When a warrant has been issued under section 25, sub-section (2), the licensee shall be re committed accordingly, and shall thereupon be liable to be kept in penal servitude for such further term as, with the time during which he may have been imprisoned under the original sentence and the time during which he may have been at large under an unrevoked license is equal to the term mentioned in the original sentence

Penalty for breach of condition of the license

27 If a license is granted under section 21 upon any condition specified therein, and the licensee—

(*a*) violates any condition so specified, or

(*b*) goes beyond the limits so specified, or

(*c*) knowing of the revocation of the license, neglects forthwith to surrender himself, or conceals himself, or endeavours to avoid arrest,

he shall be liable upon conviction to be sentenced to penal servitude for a term not exceeding the full term of penal servitude mentioned in the original sentence

PART VI

REMOVAL OF PRISONERS

References in this Part to prisons, etc, to be construed as referring also to Reformatory Schools

28 In this Part, all references to prisons or to imprisonment or confinement shall be construed as referring also to Reformatory Schools or to detention therein

Removal of prisoners from one prison to another in the same Province

29 Where any person is, or has been, sentenced to imprisonment or transportation by any Court, or, in default of giving security for keeping the peace or maintaining good behaviour, has been committed to, or is detained in prison under section 123 of the Code of Criminal Procedure 1898, the Local Government or (subject to its orders and under its control) the Inspector General of Prisons may order his removal during the period for which he has been sentenced to imprisonment or transportation or the security has been ordered to be given, as the case may be, from the prison in which he is confined to any other prison within the Province

Lunatic prisoners how to be dealt with

30. (*1*) Where it appears to the Local Government that any person detained or imprisoned under any order or sentence of any Court is of unsound mind, the Local Government may, by a warrant setting forth the grounds of belief that the person is of unsound mind, order his removal to a lunatic asylum or other place of safe custody within the Province, there to be kept and treated as the Local Government directs during the remainder of the term for which he has been ordered or sentenced to be detained or imprisoned, or, if on the expiration of that term it is certified by a medical officer that it is necessary for the safety of the prisoner or others that he should be further detained under medical care or treatment, then until he is discharged according to law

(*2*) Where it appears to the Local Government that the prisoner has become of sound mind, the Local Government shall, by a warrant directed to the person having charge of the prisoner, if still liable to be kept in custody, remand him to the prison from which he was removed, or to another prison within the Province, or, if the prisoner is no longer liable to be kept in custody, order him to be discharged

(*3*) The provisions of section 9 of the Lunatic Asylums Act, 1858, shall apply to every person confined in a lunatic asylum under sub section (*1*) after the expiration of the term for which he was ordered or sentenced to be detained or imprisoned, and the time during which a prisoner is confined in a lunatic asylum under that sub-section shall be reckoned as part of the term of detention or imprisonment which he may have been ordered or sentenced by the Court to undergo

(*4*) In any case in which a Local Government is competent under sub-section (*1*) to order the removal of a prisoner to a lunatic asylum or other place of safe custody within the Province, the Governor General in Council may order his removal to any lunatic asylum or other place of safe custody in any part of British India, and the provisions of this section respecting the custody, detention, remand and discharge of a prisoner removed by order of a Local Government shall, so far as they can be made applicable, apply to a prisoner removed by order of the Governor General in Council

Removal of prisoners from territories under one Local Government to territories under another

31 When any person is or has been sentenced to imprisonment or transportation by any Court, or, in default of giving security for maintaining good behaviour, has been committed to or is detained in prison under section 123 of the Code of Criminal Procedure, 1898, the Governor General in Council may order his removal during the period for which he has been sentenced to imprisonment or transportation or the security has been ordered to be given, as the case may be, from the prison in which he is confined to any other prison in British India.

The Prisoners Act

(Part VII—Persons under Sentence of Transportation—Section 32 Part VIII—Discharge of Prisoners—Section 33 Part IX—Provisions for requiring the Attendance of Prisoners and obtaining their Evidence—Sections 34-38)

PART VII

PERSONS UNDER SENTENCE OF TRANSPORTATION

Appointment of places for confinement of persons under sentence of transportation and removal thereto

32 The Governor General in Council may appoint places within British India to which persons under sentence of transportation shall be sent, and the Local Government, or some officer duly authorized in this behalf by the Local Government, shall give orders for the removal of such persons to the places so appointed, except when sentence of transportation is passed on a person already undergoing transportation under a sentence previously passed for another offence

PART VIII

DISCHARGE OF PRISONERS

Release, on recognizance, by order of High Court, of prisoner recommended for pardon

33 Any Court established under the Indian High Courts Act, 1861, may, in any case in which it has recommended to Her Majesty the granting of a free pardon to any prisoner, permit him to be at liberty on his own recognizance.

PART IX

PROVISIONS FOR REQUIRING THE ATTENDANCE OF PRISONERS AND OBTAINING THEIR EVIDENCE

Attendance of Prisoners in Court

References in this Part to prisons, etc, to be construed as referring also to Reformatory Schools

34 In this Part, all references to prisons or to imprisonment or confinement shall be construed as referring also to Reformatory Schools or to detention therein

Power for Civil Courts to require appearance of prisoner to give evidence

35 Subject to the provisions of section 39, any Civil Court may, if it thinks that the evidence of any person confined in any prison within the local limits of its appellate jurisdiction, if it is a High Court, or, if it is not a High Court, then within the local limits of the appellate jurisdiction of the High Court to which it is subordinate, is material in any matter pending before it, make an order in the form set forth in the first schedule, directed to the officer in charge of the prison

District Judge in certain cases to countersign orders made under section 35

36 (*1*) Where an order under section 35 is made in any civil matter pending—

(*a*) in a Court subordinate to the District Judge, or

(*b*) in a Court of Small Causes outside a Presidency-town,

it shall not be forwarded to the officer to whom it is directed, or acted upon by him, until it has been submitted to, and countersigned by,—

(i) the District Judge to which the Court is subordinate, or

(ii) the District Judge within the local limits of whose jurisdiction the Court of Small Causes is situate

(*2*) Every order submitted to the District Judge under sub-section (*1*) shall be accompanied by a statement, under the hand of the Judge of the subordinate Court or Court of Small Causes, as the case may be, of the facts which in his opinion render the order necessary, and the District Judge may, after considering such statement, decline to countersign the order

Power for certain Criminal Courts to require attendance of prisoner to give evidence or answer to charge

37 Subject to the provisions of section 39 any Criminal Court may, if it thinks that the evidence of any person confined in any prison within the local limits of its appellate jurisdiction, if it is a High Court, or, if it is not a High Court, then within the local limits of the appellate jurisdiction of the High Court to which it is subordinate, is material in any matter pending before it, or if a charge of an offence against such person is made or pending, make an order in the form set forth in the first or second schedule, as the case may be, directed to the officer in charge of the prison

Provided that if such Criminal Court is inferior to the Court of a Magistrate of the first class, the order shall be submitted to, and countersigned by, the District Magistrate to whose Court such Criminal Court is subordinate or within the local limits of whose jurisdiction such Criminal Court is situated

Order to be transmitted through Magistrate of the district or subdivision in which person is confined

38 Where any person, for whose attendance an order as in this Part provided is made, is confined in any district other than that in which the Court making or countersigning the order is situate, the order shall be sent by the Court by which it is made or countersigned to the District or Subdivisional Magistrate within the local limits of whose jurisdiction the person is confined, and that Magistrate shall cause it to be delivered to the officer in charge of the prison in which the person is confined

The Prisoners Act

(Part IX.—Provisions for requiring the Attendance of Prisoners and obtaining their Evidence.—Sections 39-43.)

Procedure where removal is desired of person confined in Presidency-town or more than one hundred miles from place where evidence is required.

39. (*1*) Where a person is confined in a prison within a Presidency-town, or in a prison more than one hundred miles distant from the place where any Court, subordinate to a High Court, in which his evidence is required, is held, the Judge or presiding officer of the Court in which the evidence is so required, shall, if he thinks that such person should be removed under this Part for the purpose of giving evidence in such Court, and if the prison is within the local limits of the appellate jurisdiction of the High Court to which such Court is subordinate, apply in writing to the High Court, and the High Court may, if it thinks fit, make an order in the form set forth in the first schedule, directed to the officer in charge of the prison.

(*2*) The High Court making an order under sub-section (*1*) shall send it to the District or Subdivisional Magistrate within the local limits of whose jurisdiction the person named therein is confined, or, in the case of a person confined in a prison within a Presidency-town, to the Commissioner of Police, and such Magistrate or Commissioner shall cause it to be delivered to the officer in charge of the prison in which the person is confined.

Persons confined beyond limits of appellate jurisdiction of High Court.

40. Where a person is confined in a prison beyond the local limits of the appellate jurisdiction of a High Court, any Judge of such Court may, if he thinks that such person should be removed under this Part for the purpose of answering a charge of an offence or of giving evidence in any criminal matter in such Court or in any Court subordinate thereto, apply in writing to the Local Government of the territories within which the prison is situate, and the Local Government may, if it thinks fit, direct that the person be so removed, subject to such rules regulating the escort of prisoners as the Governor General in Council may prescribe.

Prisoner to be brought up.

41. Upon delivery of any order under this Part to the officer in charge of the prison in which the person named therein is confined, that officer shall cause him to be taken to the Court in which his attendance is required, so as to be present in the Court at the time in such order mentioned, and shall cause him to be detained in custody in or near the Court until he has been examined or until the Judge or presiding officer of the Court authorizes him to be taken back to the prison in which he was confined.

Power to Government to exempt certain prisoners from operation of this Part.

42. The Governor General in Council or the Local Government may, by notification in the Gazette of India or the local official Gazette, as the case may be, direct that any person or any class of persons shall not be removed from the prison in which he or they may be confined, and thereupon, and so long as such notification remains in force, the provisions of this Part, other than those contained in sections 44 to 46, shall not apply to such person or class of persons.

Officer in charge of prison when to abstain from carrying out orders.

43. In any of the following cases, that is to say,—

(*a*) where the person named in any order made under section 35, section 37 or section 39 appears to be, from sickness or other infirmity, unfit to be removed, the officer in charge of the prison in which he is confined, shall apply to the District or Subdivisional Magistrate within the local limits of whose jurisdiction the prison is situate, and if such Magistrate, by writing under his hand, declares himself to be of opinion that the person named in the order is, from sickness or other infirmity, unfit to be removed; or

(*b*) where the person named in any such order is under committal for trial; or

(*c*) where the person named in any such order is under a remand pending trial or pending a preliminary investigation; or

(*d*) where the person named in any such order is in custody for a period which would expire before the expiration of the time required for removing him under this Part and for taking him back to the prison in which he is confined;

the officer in charge of the prison shall abstain from carrying out the order, and shall send to the Court from which the order has been issued, a statement of the reason for so abstaining:

Provided that such officer as aforesaid shall not so abstain where—

(i) the order has been made under section 37; and

(ii) the person named in the order is confined under committal for trial, or under a remand pending trial or pending a preliminary investigation; and does not appear to be, from sickness or other infirmity, unfit to be removed; and

(iii) the place where the evidence of the person named in the order is required, is not more than five miles distant from the prison in which he is confined.

The Prisoners Act.

(Part IX—Provisions for requiring the Attendance of Prisoners and obtaining their Evidence—Sections 44-50.)

Commissions for Examination of Prisoners.

44. In any of the following cases, that is to say,—

Commissions for examination of prisoners.

(*a*) where it appears to any Civil Court that the evidence of a person confined in any prison within the local limits of the appellate jurisdiction of such Court, if it is a High Court, or if it is not a High Court, then within the local limits of the appellate jurisdiction of the High Court to which it is subordinate, who, for any of the causes mentioned in section 42 or section 43, cannot be removed, is material in any matter pending before it, or

(*b*) where it appears to any such Court as aforesaid that the evidence of a person confined in any prison so situate and more than ten miles distant from the place at which such Court is held, is material in any such matter, or

(*c*) where the District Judge declines, under section 36, to countersign an order for removal,

the Court may, if it thinks fit, issue a commission, under the provisions of the Code of Civil Procedure, for the examination of the person in the prison in which he is confined.

45. Where it appears to a High Court that the evidence of a person confined in a prison beyond the local limits of its appellate jurisdiction is material in any civil matter pending before it or before any Court subordinate to it, the High Court may, if it thinks fit, issue a commission, under the provisions of the Code of Civil Procedure, for the examination of the person in the prison in which he is confined.

Commissions for examination of prisoners beyond limits of appellate jurisdiction of High Court.

46. Every commission for the examination of a person issued under section 44 or section 45 shall be directed to the District Judge within the local limits of whose jurisdiction the prison in which the person is confined is situate, and the District Judge shall commit the execution of the commission to the officer in charge of the prison, or to such other person as he may think fit.

Commission how to be directed.

Service of Process on Prisoners.

47. When any process directed to any person confined in any prison is issued from any Criminal or Revenue Court, it may be served by exhibiting to the officer in charge of the prison the original of the process and depositing with him a copy thereof.

Process how served on prisoners.

48. (*1*) Every officer in charge of a prison upon whom service is made under section 47 shall, as soon as may be, cause the copy of the process deposited with him to be shown and explained to the person to whom it is directed, and shall thereupon endorse upon the process and sign a certificate to the effect that such person is aforesaid is confined in the prison under his charge and has been shown and had explained to him a copy of the process.

Process served to be transmitted at prisoner's request.

(*2*) Such certificate as aforesaid shall be *primâ facie* evidence of the service of the process, and, if the person to whom the process is directed, requests that the copy shown and explained to him be sent to any other person and provides the cost of sending it by post, the officer in charge of the prison shall cause it to be so sent.

Miscellaneous.

49. (*1*) For the purposes of this Part, the Courts of Small Causes established in the Presidency-towns and the Courts of Presidency Magistrates shall be deemed to be subordinate to the High Court of Judicature at Fort William, Madras or Bombay, as the case may be.

Application of Part in certain cases.

(*2*) For the purposes of this Part, every prison in Lower Burma shall be deemed to be within the local limits of the appellate jurisdiction of the Judicial Commissioner, and the Recorder of Rangoon may issue orders under section 35 or section 37, and may issue a commission under sections 44 to 46 for the examination of any person confined in any prison in Lower Burma.

(*3*) To obtain the removal of a person confined in a prison outside Lower Burma for the purpose of giving evidence in any criminal matter in any Court within the local limits of the ordinary civil jurisdiction of the Recorder of Rangoon, the Recorder shall have the power conferred on a Judge of a High Court by section 40, and the other provisions of that section shall, as far as they can be made applicable, apply.

50. No order in any civil matter shall be made by a Court under any of the provisions of this Part until the amount of the costs and charges of the execution of such order (to be determined by the Court) is deposited in such Court:

Deposit of costs.

Provided that, if upon any application for such order it appears to the Court to which the application is made, that the applicant has not sufficient means to meet the said costs and charges, the Court may pay the same out of any fund applicable to the contingent expenses of such Court, and every sum so expended may be recovered by the Government from any person ordered by the Court to pay the same as if it were costs in a suit recoverable under the Code of Civil Procedure.

XI

The Prisoners Act

(Part IX—Provisions for requiring the Attendance of Prisoners and obtaining their Evidence—Sections 51-53 The First Schedule The Second Schedule The Third Schedule)

51 (1) The Local Government, and in cases arising under section 40, the Governor General in Council, may make rules—

Power to make rules under this Part

(a) for regulating the escort of prisoners to and from Courts in which their attendance is required and for their custody during the period of such attendance

(b) for regulating the amount to be allowed for the costs and charges of such escort, and

(c) for the guidance of officers in all other matters connected with the enforcement of this Part

(2) All rules made under sub-section (1) shall be published in the local official Gazette or the Gazette of India, as the case may be, and shall, from the date of such publication, have the same force as if enacted by this Act.

52 The Local Government may declare what officer shall, for the purposes of this Part, be deemed to be the officer in charge of a prison.

Power to declare who shall be deemed officer in charge of prison

53. The enactments mentioned in the third schedule are hereby repealed to the extent specified in the last column thereof

	Inches
The mean pressure of the seven days	30 011
The average pressure of the corresponding period for 24 years, Surveyor-General's Office	29 987
	Hours
The total number of hours of bright sunshine	47 5
The maximum possible number of hours of sunshine	77 6
The mean temperature of the seven days	71 8
The average temperature of the corresponding period for 24 years, Surveyor-General's Office	69 3
The extreme variation of temperature	30 0
The maximum temperature	87 8
	Miles.
The highest velocity of the wind in one hour	9
	%
The mean relative humidity	74
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office	71
	Inches
The total fall of rain from 28th January to 3rd February 1900	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0 23
The total fall from 1st January to 3rd February 1900	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0 45

The mean pressure, temperature, &c, are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

△, dew, ≡, fog.

METEOROLOGICAL OFFICE, GOVT. OF INDIA,
Alipore (Calcutta), the 5th February 1900

G. W KUCHLER,
for Meteorological Reporter to the Govt of India and Director-General of Indian Observatories

GENERAL DEPARTMENT—(EDUCATION)

NOTIFICATION—No 774

The 13th February 1900—The following rules regulating the award and tenure of the post-graduate scholarships, established by the Government of Bengal for the encouragement of original research, are published for general information —

POST-GRADUATE SCHOLARSHIPS

Rules proposed

1 The Government of Bengal has established, until further orders, three post-graduate scholarships for the encouragement of original research The first scholarships will be awarded in 1900

2 The value of each scholarship will be Rs 100 a month, and the scholarships will be tenable for a maximum period of three years The Government of Bengal, however, reserves to itself the right of declaring that a scholar has forfeited his scholarship at any time during its tenure without giving previous notice Failure to carry out any prescribed condition or to work to the satisfaction of Government shall be considered sufficient reason for forfeiture

3 The Government of Bengal reserves to itself the right to fill up only such scholarships for which desirable candidates of high and special qualifications can be obtained, and who appear to be likely to conduct original research with success

4 Ordinarily two scholarships will be awarded annually to those students who propose to carry on original researches in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, &c., and one scholarship for research in literary subjects, including such branches as languages, comparative philology, palæography, epigraphy, philosophy, history, archæology, anthropology, &c

5 Elections will be made in February in each year

6 Elections will be made in the first instance for one year only, but such scholarships will be renewed from year to year up to the limit of three years on the Government of Bengal being satisfied that the candidate has throughout the year vigorously prosecuted original research in the subject in which the election is made

7 Scholarship holders are forbidden to undertake any work either paid or unpaid except that of original research during thou tenure of a scholarship, and they will be required to devote their whole time to research

8 Scholarships may be held in any institution approved of by Government, or original work may be carried on under any other circumstances or conditions subject to the previous approval of Government

9 Each candidate for a scholarship must submit his application, through the head of the institution in which he read last, to the Director of Public Instruction in the month of January in each year, and must produce evidence of having passed the M A examination of the Calcutta University, or of having obtained some other equivalent or higher degree, such as that of Doctor in Medicine, or Doctor in Law, or Doctor in Science, or Master in Engineering of the Calcutta University, within three years previous to his application He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigations He must also indicate the institution in which he proposes to work, or if no institution is mentioned, the circumstances or conditions under which it is intended such work should be carried on should be stated

10 In January of each year each scholarship-holder must submit to the Director of Public Instruction a full report of the original work which has been done during the previous year Such report may not necessarily contain any distinct advance or improvements in knowledge of any subject, but they must clearly show what attempts have been made by the scholar to advance the bounds of knowledge in the subject worked at.*

11 The desirability and the method of publication of any of the results of these original researches made by the graduate scholars will be decided on from time to time by Government

12 The post-graduate scholars will be considered to be under the direct control of the Director of Public Instruction in all matters relating to their work and their discipline, etc The bills of the scholarship-holders will be passed quarterly by the Director of Public Instruction

13 Scholarship-holders who have shown good results during their tenure of scholarships, and who may desire to enter the Educational Service of the Bengal Government, will be considered to have equal claims to employment with those who have been Prem Chand Roy Chand students, etc, and who are already entitled to special consideration in the Provincial Educational Service

* Results may not be obtained, but evidence of original research being carried on must be forthcoming

E N BAKER,
Secy to the Govt of Bengal

NOTIFICATION

No 726M—The 10th February 1900—Whereas a notification, No 5147M, dated the 24th November 1899, was published at pages 212-13, Part IB of the *Calcutta Gazette* of the 29th idem, declaring the intention of the Lieutenant-Governor to confirm the rules set forth below, which were framed by the Commissioners of the Jhalakati Municipality, in the district of Backergunge, under section 3 of Act XX of 1887, for the protection of wild birds and game, and whereas no objection has been made to the proposal within one month from the date of publication of the aforesaid notification within the Municipality, it is hereby notified that the said rules are confirmed by the Lieutenant-Governor under clause 4 of the said section of the Act, and are published for general information under clause 5 of section 6 of the General Clauses Act, I of 1887 —

Rules under section 3 of Act XX of 1887 for the Jhalakati Municipality

1 "Wild birds" for the purposes of these rules shall include jungle-fowl, pea-fowl, partridges, quail, plover, whistling-teal, painted snipe, cotton-teal, and every bird killed for the sake of its plumage

2 The Local Government having by notification declared that the provisions of section 3, Act XX of 1887, shall apply to hares and deer, the following rules will apply to those animals as well as to wild birds

3 The breeding season for the purposes of these rules shall extend from the 1st April to the 30th September

4 Whoever during the breeding season has in his possession, within the limits of the Municipality of Jhalakati, any wild bird, deer or hare recently killed or taken, or exposes for sale any such bird or animal, living or dead, shall be liable to a fine not exceeding Rs 5 for each bird or animal

5 Whoever during the breeding season imports into the town the plumage of any kind of wild bird recently killed or taken, or the fur or skin of any hare or deer recently killed or taken, shall be liable to a fine not exceeding Rs 5 for the plumage of every such bird or the fur or skin of every such hare or deer

6 In the case of a second conviction the fine may extend to Rs 10 for each such bird, hare, deer, plumage, fur or skin

7 All birds, plumage, fur or skin, etc, in respect of which a conviction has been had under rules 4, 5, and 6 shall be confiscated

8 A reward not exceeding half the fine imposed and realised under rules 4, 5, and 6 may be granted by the adjudicating Magistrate to any person who has afforded information leading to a conviction for a breach of any of the above rules

LAND SALE NOTICES.

Notification B

NOTICE is hereby given, under sections 5 and 13, Act XI of 1859, that unless the arrears mentioned below are paid on or before the next latest date of payment (viz, 8th November 1899), the undermentioned estates or shares of estates in the district of Puri will be put up for sale at the office of the Collector of that district on the 26th February 1900 at 12 noon for the said arrears.

When in columns 5, 7 and 9 of the statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate are excluded from sale

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situated in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on Monday, the 26th March 1900, corresponding with the 13th of Chaitra 1306 (B S) and 14th of Chaitra 1307 A S

The purchasers will be subject to the following conditions of sale —

Conditions of Sale

1st —Each estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity

2nd —The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities

3rd —If the amount of purchase money do not exceed Rs 100, the whole amount to be paid down at once

4th —If the amount of purchase money exceed Rs 100, one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the 16th day after the sale, reckoning the date of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

The Indian Law Reports

Published under Authority

THE Indian Law Reports, published under the authority of the Governor General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay and Allahabad respectively

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876 —

Terms of subscription payable annually in advance

For the complete series, *including postage* (Inland rate) Rs 22 8
Ditto ditto (Overland rate) Rs 28

	Without postage Rs A P	With postage Rs A P
For the Calcutta Series	10 0 0	12 8 0
„ each of the Madras, Bombay, and Allahabad Series	6 0 0	7 0 0
„ a part of the Calcutta Series purchased separately (*inclusive of postage in India*)		2 0 0
„ a part of each of the Madras, Bombay, and Allahabad Series purchased separately (*inclusive of postage in India*)		1 0 0

The following is the rate at which deductions will be made for parts out of print and at which duplicate copies will be supplied to subscribers when required in place of copies lost in transit —

	For town Rs A P	For mufassal Rs A P
For the Calcutta Series, per copy	0 8 9	0 10 3
„ each of the Madras, Bombay, and Allahabad Series, per copy	0 5 3	0 5 9
the Calcutta Series For the year	7 2 6	8 6 3
„ each of the Madras, Bombay and Allahabad Series For the year	4 4 6	4 11 3

Persons desiring to subscribe for or purchase the Report should apply to—

Superintendent, Government Press, Madras
The Superintendent, Government Central Press, Bombay
„ Curator of Government Books, North Western Provinces and Oudh
„ Officer in charge, Bengal Secretariat Book Depôt

Orders and subscriptions for 1899 should be at once registered and remitted by money order payable to the Accountant and Treasurer, Bengal Secretariat, Calcutta

Colombo harbour —Pilot signals

THE British Admiralty has given notice (No 11 of 1900) that the following signals will be made from the Pilot station tower in answer to vessels' signals for a pilot at night time, in place of the existing signals —

a. An electric light, showing red and white flashes alternately in quick success on for a period of one minute, indicates —Pilot will proceed to vessel making signal immediately

b A red fixed light for the same period indicates —Pilot engaged, will proceed to vessel making signal when disengaged

c A white flashing light for a period of about two minutes indicates —Bad weather prevents pilot from coming out

Approximate position, lat 6° 56′ N , long 79° 50′ E

This Notice affects the following Admiralty Chart —Colombo harbour, No 914 Also, Bay of Bengal, 1892, page 46, and West Coast of Hindustan, 1898, page 95

CHINA SEA—BALABAC STRAIT
Banguey west channel—Reef reported

WITH reference to Notice to Mariners No 186, dated the 28th September 1894, issued by this office, the British Admiralty has given further notice (No 17 of 1900) that the Master of the S S *Labuan* reports that on 28th September 1899, his vessel, drawing 10½ feet, struck on a reef between Tiga island and Manyangit point, Banguey West channel.

At the time of striking, the south extreme of Tiga island bore N. 23° W., distant 2 miles, and Battang point S 45° W

Approximate position, lat 7° 18′ 35″ N., long. 117° 3′ 45″ E

A shoal of 1¾ fathoms, marked Labuan rock, has been placed on the Chart in this position

The above reef is assumed to be the same as that on which the S S *Poh Ann* struck on 3rd March 1894, when about 1½ miles N ½ E from Manjungi point, as the precise position of the *Poh Ann* when she grounded was not ascertained, the reef shown on the Chart in that position, with a depth of 2¼ fathoms over it, and marked P D, has therefore been expunged

Approximate position, lat 7° 1¾′ N, long 117° 1′ E

(*Variation 2° East rly in 1900*)

NOTE ON THE LATE COTTON CROP IN BENGAL FOR THE YEAR 1899-1900

THE following is published for general information.

F A SLACK,

The 9th February 1900 *Offg Secy to the Govt of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL

Note on the late Cotton Crop in Bengal for the year 1899-1900

Explanatory —The present report furnishes estimates of the area and outturn of the late cotton crop of these Provinces The report on the early cotton crop was published by this Department on the 6th December 1899

2 *Character of the season* —The rainfall in the month of September was below the normal in all the districts in which late cotton is grown, excepting Midnapore, Bhagalpur and Manbhum It was also below the normal everywhere

in October, excepting Orissa and the districts of Bankura and Darbhanga Practically no rain fell from the beginning of November to the middle of January. The weather became cloudy towards the third week of this month, and some very useful showers were received about this time, but the good done by these late winter showers has probably been marred, to some extent, by the recent hailstorms The season on the whole was not quite as favourable as that of the preceding year

3 *Area sown* —From column 3 of the appended statement, it will be seen that the normal area is shown as 85,100 acres. The corresponding figure in last year's report was 75,400 acres. The increase of 9,700 acres is due to the inclusion of the return for Manbhum, which was not received last year, and to the revision of estimates in Muzaffarpur, Darbhanga and Puri There is a difference of 500 acres in the estimates of the total areas sown with late cotton this year and last year, the actual figures being 73,000 acres for 1899 1900 and 72,500 acres for 1898 99 This difference may be ascribed to ordinary fluctuations in cultivation

4 *Character of the crop* —Estimates of normal crops of 100 per cent have been received from five districts, viz, Patna, Muzaffarpur, Monghyr, Cuttack and Manbhum Five other districts, viz, Bankura, Midnapore, Champaran, Balasore and Angul, report crops varying from 75 per cent to below 100 per cent Four districts, including the two most important districts of Saran and Darbhanga, furnish estimates varying from 50 per cent to below 75 per cent, and Bhagalpur returns an estimate of a 40 per cent crop only. On comparing the estimates of outturn of this year with those of last year, it will be seen that better crops are expected in five districts and worse crops in six districts, the remaining four districts showing equal crops for both years Taking the above returns into consideration, the crop of this year is estimated at present at 70 per cent. against 73 per cent, the estimate for last year

5 *Gross outturn* —Accepting the estimates given above, the gross yield of the late cotton crop of this year amounts to 3,559,600 lbs against 3,789,800 lbs, the yield of last year The average outturn of the five preceding years amounts to 4,086,400 lbs.

N N. BANERJEE,

Assistant Director of Land Records and Agriculture, Bengal.

(COUNTERSIGNED)

S. L MADDOX,

Offg. Director of Land Records and Agriculture, Bengal.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF MUNICIPALITIES IN BENGAL DURING THE YEAR 1898-99

MUNICIPAL DEPARTMENT—MUNICIPAL

RESOLUTION—No 701M

Calcutta, the 10th February 1900

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in the Lower Provinces of Bengal (except Calcutta) during the year 1898-99

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1897-98

The following Resolution reviews the reports submitted by Commissioners of Divisions on the working of Municipalities in Bengal during the year ending with the 31st March 1899. The reports from the Dacca, Chittagong, Patna, Chota Nagpur and Bhagalpur Divisions were submitted on or about the prescribed date, whilst those from the Burdwan and Presidency Divisions again came in last, the former being received on the 23rd September and the latter on 6th October 1899 In the Burdwan Division the Municipality of Howrah, and in the Presidency the South Suburban and Baduria Municipalities were the most behindhand with their reports

2 *Number of Municipalities, population and rate payers*—There was no increase in the number of Municipalities, which stood at 151 at the close of the year One Municipality, Chandpore, came into existence towards the close of the previous year, but no statistics for it were included in the returns for that year, which dealt with 150 towns The present returns deal with 151 towns

The table in Appendix A shows the date of the establishment of each Municipality in the Province, the population within municipal limits, and the number of rate payers in each. The inhabitants of the 151 towns number 2,730,348 persons. It should be noted that the figures of population on which these tables are based, reproduce the census figures of 1891, and that the actual population is without doubt considerably greater at the present time.

With an increase of 8,178 in the municipal population as compared with the previous year, due to the inclusion of the additional municipality above referred to, the number of rate payers fell from 469,221 to 467,240, representing 17 1 per cent of the population, as against 17 2 in the previous year This is a result, not to have been anticipated in a year of general prosperity The decrease was most marked in Rangpur, Sirajganj, Chapra and Darbhanga The percentage varies from 31 1 at Birnagar in the Presidency Division to 6 0 at Kurseong Of towns where the percentage falls below the provincial average, the most notable example is Bhagalpur, where it was only 9 1 On this the Commissioner observes that "it is preposterous to imagine that the people are poorer than in many of the large municipalities of the Patna Division, and there is no doubt that many persons who should pay get off the payment of their just dues." The finances of this municipality have for years been thoroughly out of order and its income inadequate to meet its needs, and it is therefore the more to be regretted that during the year the number of rate-payers actually fell from 6,596 to 6,289 In Darbhanga, where in 1897 98 a revision of assessments by a salaried assessor resulted in a rise in the number of assessees from 6,801 to 14,713, the exemptions allowed by an objection committee caused a fall in the year under review of 3,012 from the latter figure. The Commissioner offers no opinion as to how far these exemptions were justified by circumstances The Lieutenant-Governor

observes that the incidence of the current demand in this Municipality was only 7 annas 7 pies per head, while the collection amounted to only 50 3 per cent. of the total demand It is evident that there is something very wrong in the assessment and collection departments of this Municipality and the local officers will be directed to report the results of the action they have taken to put matters right Similar grievous failures have occurred in Baduria, where only 60 5 per cent was collected of an assessment amounting to 5 annas and 7 pies per head, in Netrakona, where the assessment was 7 annas 1 pie per head, and the collection 63 7 per cent , in Sunamukhi, where the corresponding figures were 5 annas 7 pies and 75 9 per cent., and Nadia, where the figures were 5 annas 2 pies and 82 5 per cent

3 *Results of elections held during the year* —General elections were held during the year only in the Cossipore Chitpur and Maniktala Municipalities in the Presidency Division In the former the rate payers took a keen interest in electing their representatives and in unseating those members of the out-going Committee whose attendance at the meetings had not been regular. There was a lively contest among the candidates, and on an average more than three fifths of the total number of voters attended at the polling stations. In Maniktala there was virtually no contest in any of the elections The results of these elections, as also of the bye-elections held during the year, are shown in Appendix B The net result is that out of 50 wards in which vacancies occurred, elections were contested in 24, and a total of 2,871 persons actually voted out of an electorate numbering 8,775 in the contested wards.

4 The following table shows the composition of the municipal bodies in each Division at the close of the year —

Name of Division	Number of Members: Ex-officio	Nominated	Elected	Total	Race: Europeans	Natives	Occupation or Profession: Government servants	Zamindars and land-holders	Pleaders and mukhtears	Planters	Merchants traders and money lenders	School-masters (other than Government employés)	Medical practitioners	Government pensioners	Unspecified
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
Burdwan		148	228	376	29	347	47	77	71	4	56	38	16	8	57
Presidency	6	234	338	578	33	545	82	104	76		79	30	30	32	76
Rajshahi		86	97	183	37	146	84	30	51	6	10	13	6	8	25
Dacca	10	103	113	226	13	213	5	47	67		23	14	13	1	26
Chittagong	10	32	40	82	9	23	15	10	37		5	2	2	1	10
Patna	18	173	193	384	51	333	58	126	108	4	34	10	4	1	30
Bhagalpur		64	93	157	20	128	28	32	25		20	2	6	4	40
Orissa		41	34	75	6	69	21	10	27		1	3		4	6
Chota Nagpur	18	64	37	119	23	96	30	7	44		16	2	6	2	12
Total	62	914	1 173	2 180	230	1 950	355	503	506	14	244	114	92	61	291
Percentage on total	2 8	43 4	53 8		10 6	89 4	16 3	23 1	23 3	6	11 2	5 2	4 2	2 8	13 3
Percentage on total for 1897 98	3 00	43 2	53 6		10 7	89 3	15 9	23 5	23 6	7	10 8	3 1	5 4	2 5	13 7

The variations from the figures of the previous year are slight The number of lawyers has fallen from 516 to 506, but this class still provides the largest number of Municipal Commissioners, whilst the landlords come next. The number of school masters other than Government servants rose from 69 to 114, whilst medical practitioners lost about one-third of the seats they occupied in the previous year

5 *Attendance at meetings* —There were in all 2,586 meetings held during the year, against 2,609 in 1897-98 Of these, 227, or 8 7 per cent , were unsuccessful or had to be adjourned, as against 219 meetings, or 8 3 per cent., in the previous year Thirty one municipalities against 30 in the previous year held more than 20 meetings, whilst 15 municipalities failed to hold at least one meeting every month. At Cossipore-Chitpur the Commissioners held 47 meetings, all successful, with an average attendance of 73 per cent. of the total number of members Four other municipalities held more than 30 meetings, viz , Kalna (36), Santipur (33), Sherpur in Mymensingh (38), and Bihar (36) The municipality of Jamalpur in Monghyr held only 7 meetings, out of which one was unsuccessful, with an average attendance of 58 per cent. of the members.

In 79 municipalities as against 102 in 1897-98, an average of more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were 80 at Ramjibanpur and Baduria, 78 at Patuakhali, 76 at Jagdispur, and 73 at Cossipore-Chitpur and Krishnagar, while the lowest was 17 at Kushtia On the whole the number of meetings held and the average attendance appear to be satisfactory, and sufficient for practical administrative purposes The Commissioners of the Presidency and Bhagalpur Divisions alone express dissatisfaction with the results attained. The Commissioner of the Dacca Division remarks that 'the decline in the number of meetings, and in the percentage of attendance at meetings and the increase in the number of meetings adjourned for want of a quorum, denote less faction between the Committees and their executive quite as much as decrease of interest in municipal affairs'

6. *Assessments and taxation*—The statement in Appendix C shows the mode of assessment prevailing in each municipality in the Province, the percentage at which the tax was levied, and the results of revisions of assessment made during the year. The rate on holdings was in force in 38 towns, and the alternative tax upon persons in the remainder, with the exception of two towns, viz., Bhadressur and Puri, where both forms of taxation were in force in different wards. The rate on holdings was levied at the maximum in all but 11 towns, including among others Howrah, Darjeeling, Hooghly and Chinsura, and Narayanganj. The lowest rate, 5 per cent, was levied at Sahibganj, and the highest, 10 per cent., at Dacca

7 The incidence of municipal taxation excluding Calcutta) varied between Rs. 6-2-8 at Darjeeling and 4 annas at Bajitpur in the district of Mymensingh, the average for the whole Province was Re. 1-0-9, which shows an increase of one anna and one pie per head since the previous year In 46 towns, against 39 in 1897-98, the incidence of taxation exceeded one rupee per head of population, and it was below 8 annas in 40 towns, against 52 in the two previous years In this case also no allowance has been made for the natural increase of population, the extent of which can for the present only be left to conjecture

8. *Revision of assessment*—A revision of assessment, general or partial, came into force during the year in several municipalities, the best financial results being attained in the following towns —

Name of Municipality	Amount of increase Rs	Name of Municipality	Amount of increase Rs
Midnapore ...	1,364	Narainganj .	1,025
Hooghly and Chinsura	1,718	Chittagong .	1,038
Serampore	2,260	Barh	1,698
Howrah	7,263	Arrah	3,600
Cossipore-Chitpur	1,953	Dumraon ...	1,865
Titagar	1,063	Bettiah ...	1,031
Naihati	4,919	Darbhanga .	3,296
Nadia .	1,067	Cuttack	3,884
Kandi ..	1,649	Chattra ..	1,260
Darjeeling	9,809	Ranchi	2,043
Dacca ...	2,359	Chaibassa . .	1,593

On the general question of municipal assessment and the revision of assessment on appeal, the Commissioner of the Presidency Division agrees in the following remarks made by the Magistrate of the 24-Parganas —

"There are obvious inconsistencies in the system of taxation, especially as regards the incidence of the tax on persons, and there can be no doubt that in several municipalities the Municipal Commissioners fail in the duty of adequately assessing the rate-payers for fear of being unpopular, and the result is that a large number of men, who can afford to pay, either escape taxation or pay much less than they should, while improvement is rendered impossible by want of funds An advance in this respect can scarcely be anticipated so long as municipalities are allowed free control over assessments. It invariably happens that any revision of assessment, in which enhancement is obtained, is followed by liberal reductions granted

by appeal committees, the members of which are more alive to their own interests and those of their friends, and more eager to escape personal unpopularity, than anxious for the welfare of the general body of rate payers whom they represent "

A similar complaint was made by the Commissioner of the Burdwan Division in the report for 1897-98 with reference to the large reductions in assessment allowed in the Hooghly and Chinsura and certain other municipalities on appeal, and the Commissioner was asked to enquire into the matter and report to Government This report has since been received It appears that in Hooghly and Chinsura neither the salaried assessor nor the appeal committee did their work satisfactorily, but that in the other cases the reductions made on appeal were the result of reasonable compromises

The case of the Bhagalpur Municipality is quoted by the Commissioner as another example of failure on the part of a paid assessor to arrive at a fair assessment, and the large number of remissions allowed in Darbhanga point clearly to failure either on the part of the assessor or of the objection committee It is evident that the work of such an officer cannot be expected to provide in every case a final and satisfactory result But it is equally evident that the proper system is to appoint not an indifferent assessor, with whose assessments the Municipal Committee interfere in innumerable corrections, but a trusted representative whose conclusions they will very rarely vary. To get a plenipotentiary of this sort the Committees must pay well, but it is to their abundant advantage and convenience that they should do so No man of self respect will serve a committee, if his findings are distrusted and frequently changed, but the necessity of securing, by all means possible, gentlemen of respectability and integrity for this difficult duty is impressed on the Lieutenant-Governor by the evidence that has come before him over and over again that assessments are too often not made with a single minded devotion to public interests, that many people who ought to contribute are allowed to escape, while others who are too big to be omitted are assessed at too low a figure. The matter is commended to the particular attention of Municipal Committees and the District Officers and Commissioners who advise them

9 *Demands, collections, remissions and outstandings on account of taxes.*—The following table compares the totals under those heads for the year 1898-99 with those of the previous five years —

Year	Demands			Collections						Remissions				Outstanding balance
	Arrear	Current	Total	Arrear	Current	Total	Percentage of column 5 on column 2	Percentage of column 6 on column 3	Percentage of column 7 on column 4	Arrear	Current	Total	Percentage of column 13 on column 4	
	2	3	4	5	6	7	8	9	10	11	12	13	14	15
	Rs	Rs	Rs	Rs	Rs	Rs				Rs	Rs	Rs		Rs
1893-94	4 [illegible]	[illegible]	27 08 [illegible]	2 13 [illegible]	19 60 627	21 01 779	56 8	81 7	77 6	59 012	59 372	1 18,984	4 3	[illegible] 212
1894-95	4 [illegible] 8	23 1 [illegible]	[illegible] 151	4 119	19 76 277	2[illegible] 50 [illegible]	55 6	83 3	78 5	96 [illegible]	58 144	1 55 127	5 4	4 [illegible] 98
1895-96	[illegible] 80	[illegible]	[illegible] 91 600	2 17 870	20 80 214	23 37 104	53 4	82 6	78 1	75 814	59 450	1 35 264	4 6	5 19 238
1896-97	5 10 [illegible]	[illegible] 13 [illegible]	[illegible] 34 [illegible]	2 81 108	22,00,050	24 98 1[illegible]	55 4	81 4	77 9	94 613	70 0[illegible]2	1 6[illegible] [illegible]85	5 0	5 [illegible]1,203
1897-98	[illegible] 7	[illegible]	[illegible] 11 31	[illegible]	23 00 280	26 21,501	56 2	81 1	76 9	60 253	69 429	1 38 681	4 6	6 19, [illegible]46
1898-99	6 [illegible] 210	[illegible] 708	[illegible] 81 [illegible]	[illegible] 271	24 52 861	27 08 13[illegible]	52 9	83 7	78 1	1 01 857	71 [illegible]09	1 76 7[illegible]0	4 6	6 07 032

The current demand rose to Rs 29,29,708 from Rs 28,35,594 in the previous year, resulting in an increase of Rs 94,114, and the percentage of total collection on total demand, which had steadily fallen during the previous three years also rose from 76 9 to 78 1 per cent During the past quinquennium the total collections have risen from Rs 21,03,772 to Rs. 27,98,132, being an increase of Rs. 6,94,360, or 33 0 per cent. The average annual increase was Rs 1,38,872 There was a decrease in the percentage of arrear collections, which fell from 56·2 in 1897 98 to 52 9 But the proportion of the gross collections to the current demand, nearly 96 per cent., was higher than in any previous year except 1894-95, and, on the whole, the Lieutenant-Governor thinks the Municipal Committees have done well.

10. The table below shows the percentages of collection attained by the municipalities in each Division as compared with the previous year :—

PERCENTAGE OF TOTAL COLLECTION ON TOTAL DEMAND	NUMBER OF MUNICIPALITIES																			
	Burdwan		Presidency		Rajshahi		Dacca		Chittagong		Patna		Bhagalpur		Orissa		Chota Nagpur		Total	
	1897-98.	1898-99.	1897-98	1898-99	1897 98.	1898-99.	1897-98	1898-99	1897 98.	1898 99	1897-98.	1898-99	1897-98	1898-99	1897-98	1898-99	1897-98	1898-99.	1897 98	1898-99

Total number of municipalities	27	27	40	40	11	11	17	17	5	6	26	26	10	10	5	5	9	9	150	151

Of the divisional groups, the first place is taken by Dacca with the high average percentage of 92·7, the only exception to the uniformly high standard of efficiency being the small municipality of Netrakona. Good results were also obtained in the Patna and Bhagalpur Divisions, the averages being 86·7 and 86·21 respectively. The important group of municipalities in the Presidency Division attained a general average of 80·9—a very considerable improvement on the previous year's results. The Commissioner has given special attention to this branch of the work, and the success which has attended his efforts is encouraging.

The lowest place is taken by the Burdwan group, which has now fallen to the discreditably low average of 64·9.

11. Of individual municipalities, in 42, against 37 in the three previous years, over 95 per cent. of the total demand was collected, the following 23 towns showing the best results :—

Name of Municipality.	Total demand.	Percentage of collection	Total remission.	Outstanding balance
	Rs	Rs	Rs.	Rs
Deoghur	6,159	99·98	1	
Gaya	55,748	99·8	95	6
Narayanganj	49,895	99·8	50	34
Tamluk	5,536	99·7	7	7
Jhalakati	5,617	99·6	21	
Jagdispur	4,225	99·6	13	
Sitamarhi	5,817	99·5	24	3

Hajipur	6,799	99·2	43	8
Tikari	6,521	99·2	48	..
Titagar	12,246	99·1	105	.
Maheshpur	2,319	99·0	7	14
Kendrapara	6,287	99·0	61	2
Lalganj	4,436	98·9	46	..
Sherpur (Bogra)	5,644	98·6	32	49
Pirozpur	6,069	98·3	63	35
Basirhat	2,411	98·3	33	7
Siwan	7,959	98·3	126	2
Patuakhali	2,636	98·1	39	98
Madhubani	6,883	98·1	126	
Khulna	10,797	98·1	148	48
Dumraon	7,280	98·0	139	2
Chakdaha	3,192	98·0	42	21

The table above shows what can be done by watchful administration, and prompt enforcement of demands, and the Lieutenant Governor congratulates

these municipalities on their successful management of this most important branch of municipal administration. A satisfactory improvement is to be noted in Patna, the most populous municipality in the province, where, owing to the efforts of a new and energetic Secretary, collections improved from 77·8 to 85·4

Of the municipalities which call for adverse criticism in this respect, the most important is Howrah, which has now for some years been a standing example of lamentable inefficiency. In the year under review the total percentage of collections fell from 62·3 to 60 per cent, and the outstanding balance reached the enormous figure of Rs. 2,35,185, the result being the total disorganisation of the municipal finances, and the admitted reduction to helplessness of the collection department. The Chairman considers that quite 10 per cent of the demand is irrecoverable, being due from a class of persons who live from hand to mouth, and are unable to pay more than one quarter's demand at a time This irrecoverable demand has to be wiped out by remissions, and as the clerical labour of dealing with so many items of remission is too great for the staff, the arrear demand, much of it unrealisable, continues to mount up Nothing could be less satisfactory than this state of things If necessary a special staff should be employed to overhaul the arrear list and write off the whole of the items which are really irrecoverable Nothing is to be gained by retaining these nominally on the collection roll Meantime it is absolutely necessary to ascertain and collect with promptitude the recoverable proportion of the arrear demand It is reported that this is now being done by the organisation of a separate warrant department, and the Lieutenant Governor hopes that the improvement which has been so long delayed will at length be made manifest during the current year It is noticeable that the greater part of the outstanding balance has accumulated since the introduction of the contract system of collections in 1895

Among the other important towns in the Province, the most notable instance of failure is Darbhanga, where only 50·3 per cent. of the total demand was collected The Magistrate ascribes this result to the recalcitrancy of the tax payers and the inefficiency of the collection establishment. Of these two evils, the latter has been dealt with by the prosecution of all the three tax darogas for dishonesty and the dismissal of the head clerk and head muharrir for incompetence Improvements in the *personnel* of the staff will doubtless be followed in due course by a corresponding improvement in the state of mind of the rate payers.

Other towns where collections were defective are Bhadreswar, Chandpur, Hooghly and Chinsura, Bally, Puruliа, Garden Reach, Baduria, Serampore, Ranchi, Kotrang, Rangpur and Netrakona

The ordinary explanation given is the general unwillingness of Municipal Commissioners to adopt coercive measures It will rest with the local officers to impress upon these municipalities the necessity of doing so where circumstances require it.

12 The table in the foregoing paragraph illustrates the fact that the prompt realisation of municipal dues entirely obviates the necessity for large remissions A general rise in the percentage of remissions is noticed in all the Divisions except Dacca and Orissa, where there was a slight improvement as compared with 1897-98 The largest increase occurred in the Divisions named in the margin. In 11 towns as against 7 in 1897-98, the remissions exceeded 10 per cent. of the total demand, the worst instances being Kotrung (29·5), Rangpur (27·9), and Darbhanga (26·6)

	Remissions		Outstanding balance	
	1897 98	1898 99	1897-98	1898 99
			Rs	Rs
Rajshahi	3·6	6·0	26,072	26,314
Chittagong	2·6	4·1	2,718	6,239
Patna	3·2	5·1	71,935	43,045
Bhagalpur	1·4	3·13	41,064	26,666

13 *Fresh imposts levied during the year* —Fees for the registration of carts were levied for the first time in the municipalities of Khirpai, Muktagacha and Sherpur (Mymensingh) Fees under Part IX of the Bengal Municipal Act for the cleansing of private privies were also levied for the first time at Jaynagar, Garden Reach, South Barrackpore, Purnea, Daltonganj, Purulia, Raghunathpur and Chaibassa, and in portions of the municipalities of Rajpur, North Barrackpore, Kandi and Jangipur. A half-yearly license-fee of Re. 1 on bullock-sheds was imposed under section 263 in the Maniktala Municipality.

In the same town saltpetre refineries were brought under the category of dangerous and offensive trades under section 261 of the Act, and an annual fee of Rs. 100 was imposed on each In Baranagar annual fees were levied for the first time for licenses for the sale of fuel, &c., at burning ghats. License fees under section 261 were also levied for the first time at Netrakona, Bihar, English Bazar, Chatra, Raghunathpur and Chaibassa Municipalities. A tax on animals and vehicles was levied in the Daltonganj Municipality from 1st Ocober 1898 Part X of the Municipal Act containing provisions for the regulation of markets, was introduced into the Daltonganj Municipality.

14. *Income and expenditure* —The following table shows separately for each Division the opening and closing balances, the income and the expenditure of its municipalities during 1897-98 and 1898 99:—

Name of Division	Opening balance.		Income during the year		Total funds available for expenditure		Total expenditure		Closing balance	
	1897 98	1898 99	1897 98	1898-99	1897-98	1898 99	1897-98	1898-99	1897-98	1898 99

Chota Nagpur	11,527	10,2 2	71 734	97 003	83 201	1 07 915	73 109	93,010	10 2 2	14,936
Total	4 38 115	4 00 961	38,28 622	38,40,340	42,66,737	42 47 310	38 65 776	37,03 175	4,00,961	4 84 135

15. *Closing balances of municipalities* —There was an increase in the aggregate closing balances from Rs 4,00,961 to Rs 4,84,135. In several municipalities funds are being accumulated for schemes of sanitation or other municipal reforms, *e.g.*, at Cossipore Chitpur Rs 56,083 have been reserved for drainage and water-supply, whilst in the Rajshahi Division money was kept in hand for probable plague charges In a few other cases the loan funds received for water-supply or other purposes could not be wholly utilised during the year, and this led to the increase of the closing balances In the following cases among others, no explanation has been furnished of the failure of the municipalities to utilise the funds at their disposal —

Name of Municipality	Total income	Closing balance	Name of Municipality	Total income	Closing balance
	Rs	Rs		Rs	Rs
Santipur	35,548	5,710	Comilla	29 503	7,140
Azimganj	19 429	3,037	Dinapore	18 974	4 623
Kandi	9 227	2,131	Revelganj	11,741	3,074
Khulna	21,600	5,729	Siwan	12,468	4,658
Satkhira	6,252	1,187	Darbhanga	62,011	21,228
Barisal	35,797	6,413			

On the other hand, the following are conspicuous instances of municipalities which unduly reduced their working balances. This must have resulted in difficulty in the payment of salaries of establishment and other regular charges at the commencement of the new official year:—

Name of Municipality	Total income of year	Closing balance	Name of Municipality	Total income of year	Closing balance
	Rs	Rs.		Rs	Rs
Burdwan	1,05,462	890	Jamalpur (Mymensingh)	17 874	489
South Suburbs	41,897	842	Sherpur	7,301	96
Garden Reach	44,565	588	Faridpur	12 810	94
Naihati	28,669	371	Sasaram	11 928	842
Gobardanga	3 384	60	Sahibganj	17 352	890
Baduria	4,716	30	Hazaribagh	10 706	168
Berhampore	40,562	126	Chatra	7,326	32
Jessore	16,190	47	Purulia	19,747	90

16 The statement in Appendix E shows the details of total income under each head separately for each Division during the years 1897 98 and 1898-99, and the following figures give the difference between the receipts of the two years for the whole Province —

Heads of Revenue.	Total receipts, 1898-99	Comparison with 1897-98		
		Increase	Decrease	Percentage of variation
1	2	3	4	5
	Rs	Rs	Rs	
1 Municipal rates and taxes—				
(a) Tax on houses and lands	10,51,230	86,524		8 9
(b) ,, on animal and vehicles ..	2,09,129	...	1,790	8
(c) ,, on professions and trades	48,855		224	4
(d) Tolls on roads and at ferries	1,49,066	9,376		6 7
(e) Water-rate ..	2,00,614	1,262	..	6
(f) Lighting rate	54,353	16,639	...	44 1
(g) Conservancy (including scavenging and latrine rates	5,72,283	49,607	..	9 4
(h) Tax on persons according to circumstances and property	5,51,196	16,194		3 0
(i) Miscellaneous (penalties, &c)	23,819	3,771		18 8
2 Realizations under special Acts	99,383	6,401	..	6 8
3 Revenue derived from municipal property and powers apart from taxation	3,34,576	31,100	...	10 2
4 Grants and contributions (for general and special purposes)	1,47,454		8,624	5 5
5 Miscellaneous	76,166	3,357	..	4 4
6 Extraordinary and debt—				
(a) Sale-proceeds of Government securities and withdrawals from Savings Bank	22,968	..	12,227	34 7
(b) Loans	1,01,150		1,43,850	58 7
(c) Realizations of sinking fund for repayment of loans	2,310		2,110	47 7
(d) Advances	1,49 249	.	32,566	18 0
(e) Deposits ...	52,548	...	4,813	8 7
Total ..	38,46,349	2,24,231	2,06,504	.
Net increase	...	17,727		4

The small increase of 17,727 in the revenue shown above does not represent the real increase in the ordinary revenues of the municipalities, for the municipalities borrowed Rs 1,43,850 less than in the year 1897-98. Excluding the receipts under "6—Extraordinary and debt," the total real income amounted to Rs 35,18,124, against Rs. 33,04,531 of the previous year, showing an increase of Rs 2,13,593, or 6 4 per cent.

17 The following table shows the revenue derived in each Division from taxation proper, *i e.*, under the head "1—Municipal rates and taxes," during 1898-99 and the five previous years —

Year	Names of Divisions									
	Burdwan.	Presidency	Rajshahi	Dacca	Chittagong	Patna	Bhagalpur	Orissa.	Chota Nagpur	Total
1	2	3	4	5	6	7	8	9	10	11

1898 99	7 [illegible]3	6 0[illegible],938	2 37 410	[illegible] 04,274	70 042	4 [illegible] 882	2 16 672	86 163	55 511	28 60 545
Increase during the past quinquennium	2 [illegible]1 860	1 60 284	32,629	61 307	25 830	1 [illegible] 740	63 763	3 153	16 066	6 80 644
Percentage of increase	[illegible] 05	36 1	11 0[illegible]	25 3	57 4	26 [illegible]	41 6	3 8	4 7	31 2

18 During the past quinquennium municipal taxation has increased by Rs 6,80,641, or 31 2 per cent, varying in the different Divisions from 57 4 in Chittagong to 3 8 in the Orissa Division Excluding the municipalities which have been established since the beginning of this period, the increase is mainly accounted for by the establishment of new waterworks producing an additional revenue of Rs 1,65,000, by the extension of the scavenging rate to the extent of over a lakh and a-half, and by an increase of slightly under 2½ lakhs in the receipts from the rate on holdings and the tax on persons. This last item represents the result obtained from increase in population, rise in the value of town property and improvement in the practical administration of assessments during the past five years This indicates commendable attention by the municipalities on the whole to their duty of steadily revising and perfecting their assessments The Lieutenant-Governor has no desire to press upon them any fresh taxation except for the execution of essential and approved sanitary projects or in payment of such a convenience to the people and protection to the public health as the provision of pure water But there are still municipalities in which there is large room for revision before a fair and reasonable distribution is attained of the taxation they have imposed on themselves as their ordinary source of income, and to this revision the Lieutenant-Governor does not doubt they will address themselves in the spirit and after the fashion already suggested

As compared with the previous year, the income from taxation shows an increase of Rs. 1,81,359, or 6 7 per cent The increase was shared by all the Divisions, and was largest in the Burdwan, Presidency, Patna and Bhagalpur Divisions, where it amounted to Rs 26,348, Rs. 38,115, Rs 36,291 and Rs 32,191, respectively

19 *Tax on houses and lands* —This tax yielded a revenue of Rs 10,51,230, which is Rs 86,524, or 8 9, in excess of the income during the previous year The increase was shared more or less by all the Divisions, the percentages varying from 42 2 in Chota Nagpur to 2 9 in the Orissa Division Better collection of both current and arrear demands, revision of assessments, as also a change in the form of taxation in some places from a tax on persons to the rate on holdings, as at Titagar, contributed to the increase, whilst delay in the disposal of objections against revised assessment and laxity of supervision of the collection establishment were responsible for short collections under this

as under other forms of taxation The largest variations as compared with the previous year occurred in the following municipalities —

Name of Municipality	Increase	Name of Municipality	Increase.
	Rs		Rs
Hooghly and Chinsura	4,729	Patna	5,993
Howrah	14,202	Bhagalpur	12,322
South Suburban	8,159	Burdwan	2,459
Krishnagar	3,184	Maniktala	1,307
Santipur	3,059	Cossipore-Chitpur	1,059
Dacca	4,587	Muzaffarpur ..	1,425
Chittagong	4,693		

20 *Tax on animals and vehicles*—As compared with the previous year, there was a slight decrease of Rs 1,790 in the income from this source, which amounted in the aggregate to Rs 2,09,129 in 1898-99 The largest decrease occurred in the Burdwan Division, where the receipts fell by Rs 4,177 This decrease was shared mainly by the municipalities of Howrah (Rs 4,480) and Ghatal (Rs 1,674). In the former place the decline is ascribed partly to the failure of the Corporation of Calcutta to pay to the municipality its share of the cart-registration fees for the second-half of the year, and also to the opening of the Howrah Amta and the Howrah Sheakhalla Tramways The introduction of the system of cart registration in the neighbouring municipalities affected the receipts at Ghatal There was an increase of Rs 1,171 in the receipts in the Kalna Municipality, which is reported to be the result of better supervision At Bhagalpur the receipts show an improvement of Rs 2,166, owing to a larger number of carts having been registered during the year after the previous year's dullness of local trade. The revenue was almost stationary in the Presidency, Rajshahi and Dacca Divisions

21 *Tax on professions and trades*—The revenue from this source declined by Rs 224. The income was stationary in the Presidency Division and fell off in Burdwan and Rajshahi, whilst in the rest of the Divisions there was some increase Several municipalities shared the decline in the Burdwan Division, notably Bansberia, where the receipts fell off from Rs. 1,889 to Rs. 288, for which no reasons have been assigned

22 *Tolls on roads and at ferries*—In no district are tolls levied on roads, nor do the municipalities in the Chota Nagpur Division derive any income from ferries The rise of 6 7 per cent, as compared with the previous year, was shared mainly by the Patna and Chittagong Divisions, where there was an increase of Rs 12,164 and 3,342, respectively The Patna and Muzaffarpur Municipalities contributed Rs 10,465 and Rs 2,324 towards the increase in the former Division, due at Patna to collection of arrears of rent, and at Muzaffarpur to increased rent at which ferries have been let. In the Chittagong Division the increase was due to the inclusion in the accounts of the ferry receipts in the new Municipality of Chandpur, and to increased rents obtained for the ferries in the Chittagong Municipality The receipts declined in the Dacca, Bhagalpur and Presidency Divisions, the decline being largest in the last named Division, where it amounted to Rs. 3,365. In the Azimganj Municipality in the Presidency Division the income fell off by Rs 3,051, of which no explanation has been given

23 *Water-rate.*—This rate is levied only in eight municipalities where water works have been installed In Dacca the Commissioners levy no rate for the filtered water supplied The total receipts rose from Rs 1,99,352 to Rs 2,00,614 The largest increase occurred in the Bhagalpur Municipality, where the receipts increased from Rs 8,077 in 1897 98 to Rs. 13,278, owing to vigorous measures being taken for the realisation of arrears

24 *Lighting-rate*—This rate is levied only in the municipalities of Howrah and Darjeeling In the former town the receipts rose from Rs. 37,517 to Rs 45,112 owing to the extension of gas-light to new areas and the levy of the tax in those places. At Darjeeling the receipts amounted to Rs 9,241, against the small sum of Rs. 197 levied towards the close of the previous year.

25 *Conservancy, including scavenging and latrine rates*—The income under this head shows the large advance of Rs 49,607, or 9 4 per cent over the receipts of the previous year. This increase of revenue occurred in

all the Divisions except Rajshahi The increase was largest in the Presidency Division (Rs 14,262), in Bhagalpur (Rs 10,623), and Chota Nagpur (Rs 7,332), where it rose from Rs 4,585 to Rs 11,917 The improvement in revenue was due to the levy of the tax for the first time in some municipalities and in portions of others, and also, as in the case of other demands, to the stricter supervision exercised over the collection department Taking municipalities separately, the largest increase occurred in the towns named in the margin As regards Howrah, the Magistrate observes —

Name of Municipality	Increase.
	Rs
Hooghly Chinsura	2 280
Howrah	3 851
Baranagar	2,259
Darbhanga	2,361
Bhagalpur	4,143

"Although there was an improvement of Rs 3,851 in the collections under this head in Howrah, this is still the worst collected of all the principal taxes, due to the unfairness of its incidence The Commissioners have now to some extent modified this unfairness by raising the rate to 5 per cent on all holdings of the annual value of Rs 400 or over against an arbitrary rate averaging about 4½ per cent previously in force"

Several municipalities took steps towards making the trenching grounds a source of income The sale of nightsoil and sweepings also yielded an income in some towns The receipts, however, from these sources are trifling, and it is probable that the general repugnance of the cultivators in Bengal to the use of nightsoil as manure, noted in last year's Resolution, will take time to disappear.

26 *Tax on persons according to their circumstances and property* —The total revenue rose from Rs 5,35,002 in 1897 98 to Rs 5,51,196, resulting in an increase of Rs 16,194, or 3 0 per cent, the increase occurring in all the Divisions except Orissa, where the revenue declined by Rs. 559 The increase was largest in the Presidency Division (Rs 6,867) and Chota Nagpur (Rs 3,357) The following municipalities show the largest variation in the yield of the tax —

	Income during 1897 98	Increase
	Rs	Rs
Name of Municipality—		
Murshidabad	5,426	2,316
Rangpur	6,349	1,805
Barh	4,389	1,736
Bettiah	10,174	2,418
Jajpur	2,953	2,222

	Income during 1897 98	Decrease
	Rs	Rs
Name of Municipality—		
Jainagar	5,188	1,814
Darbhanga	21,257	3,082

As in some municipalities the tax on persons has been replaced by the rate on holdings within entire municipal areas or in selected wards, the net result of the year can only be determined on a comparison of the aggregate income from both the forms of tax with that of the previous year The net result was an increase of Rs 1,02,718 in the income under both heads taken together

27. *Grants from Provincial and Local Funds* —The contributions received by municipalities from Provincial and Local Funds and from other sources, shown in detail in Appendix L, fell from Rs 1,51,949 to Rs. 1,42,904. They are classified as follows —

PURPOSE FOR WHICH MADE	Provincial Funds	District Funds	Other funds and public charity	Total
1	2	3	4	5
	Rs	Rs	Rs	Rs
Medical ...	2,765	45,177	47,023	94,965
Education .	3,781	266	255	4,302
Other purposes	17,084	13,555	12,998	43,637
Total	23,630	58,998	60,276	1,42,904

28. *Gifts of money or land and works of public utility executed by private individuals.*—Besides the contributions included in the statement above, the following instances of private liberality deserve mention —Babu Khetra Nath Adhikari, the present Vice Chairman of the Dainhat Municipality, made a free gift of 2 bighas of land for use as a trenching-ground. Raja Narendra Nath

Khan, of Narajole, is sinking a big well in the Mirzabazar mahalla of the town of Midnapore, where the necessity for pure drinking water was strongly felt Two ladies of Hooghly-Ghootiabazar and Hooghly Bally are reported to have caused two bathing-ghats to be constructed for public convenience. In the Baidyabatty Municipality Babus Umes Chandra Roy and Annoda Prosad Addy contributed Rs 3,000 and Rs 2,500 respectively for constructing two pucka ghats In the town of Titagar, the Khardaha Company set up five hydrants on the Khardaha road for supplying filtered water from their mills to the people of the place, similarly, the Standard Jute Company placed two hydrants on Trevor's Road The owners of the mills within the Garulia Municipality spent Rs 1,448 on the construction of 700 feet of *pucka*, and 1,500 feet of *kutcha*, drains They also supplied a public latrine and some urinals at a cost of Rs 1,065. In this town the widow of the late Babu G. C Bose erected a *pucka* bathing ghat on the river bank at a cost of Rs 1,000 Rai Setab Chand Nahar Bahadur made a free gift of a piece of land, measuring 10½ cottahs, in the heart of the town, for the construction of a new road in the Azimganj Municipality He also made over a piece of land rent free for a segregation camp for plague patients A building with corrugated-iron roof attached to the Bogra Charitable Dispensary, named the Bogra Pauper Ward, was constructed at a cost of Rs 1,000 by Babu Chandra Kishore Munshi, zamindar of Sherpur In Comilla Rs 1,900 was received from Raja Ashutosh Nath Rai, zamindar of the Sail estate, for the construction of a ward attached to the Comilla Charitable Dispensary, for the accommodation of out door patients, and in Brahmanbaria Rs 3,000 was received from Babu Lokonath Rai Choudhuri, zamindar of Adavu, and Rs 200 from Raja Ashutosh Nath Rai for excavation of a tank Maulvi Syed Mohammad Abu Saleh, Khan Bahadur, zamindar of the district of Gaya, gave two pieces of land, each measuring 10 cottahs, for trenching purposes Subscriptions aggregating Rs 2,490 have been raised by the Daudnagar Municipality for the construction of a new dispensary building Messrs Thomson and Mylne, of Jagdispur, contributed a sum of Rs 784 during the year towards the expenses of the local dispensary and maintained, at their own cost, a middle class English school, their grant for this purpose during the year having been Rs 656 They have also spent a sum of about Rs 1,500 in building a house for the new school The Maharaja of Dumraon constructed a suitable building for the local municipality at a cost of Rs 2,000 Contributions aggregating Rs 1 049 were received by the Patna Municipality for making drains and sewers The Chaibassa Municipality received a donation of Rs 1,000 from the Raja of Seraikella to commemorate the visit of the Lieutenant Governor to that town in November 1898

EXPENDITURE

29 The total expenditure in the municipalities of the Province (excluding Calcutta) amounted during the year to Rs 37,63,175, against Rs 38,65,776 in 1897 98, being a decrease of Rs 1,02,601 The year closed with a balance of Rs 4,84,155, against Rs 4,00,961 in the preceding year The statement in Appendix F shows the percentage which the expenditure in each municipality under each of the principal heads bears to the total outlay (excluding debt and suspense heads). For the whole Province the percentages for the past four years are as follows —

Year	General establishment	Lighting	Water supply	Drainage	Conservancy	Medical	Vaccination	Public Works	Education
1	2	3	4	5	6	7	8	9	10
1895 96	8 7	4 4	25 9	3 9	23 3	7 9	51	13 1	3 5
1896-97	9 8	4 7	15 6	3 4	26 6	9 5	56	16 1	3 8
1897 98	10 4	7 2	7 4	3 2	[illegible] 3	9 7	57	17 1	3 7
1898-99	10 6	4 4	5 9	3 4	31 7	10 5	5	16 3	3 4

There was a large falling-off in the expenditure on lighting and water supply. The decrease under lighting was due to heavy capital charges having been incurred at Darjeeling in the previous year on the electric light installation in that town, and to the payment in that year by the Howrah Municipality of heavy arrear bills for the supply of gas The falling off under water supply was also due mainly to smaller capital expenditure having been incurred during the year

30 The following statement shows the expenditure of 1898-99 under the main heads, and also shows how these totals have varied from those of the previous year —

HEADS OF EXPENDITURE	Total expenditure in 1898 99	COMPARISON WITH 1897-98		
		Increase	Decrease	Percentage of variation
1	2	3	4	5
1 General Administration—	Rs	Rs	Rs	
(a) Office establishment, &c	1 96 765	6,095		3 1

5 Contributions for general purposes ...	7,252		2,501	25 6
6 Miscellaneous	3,19,009	64,377		25 2
7 Extraordinary and Debt—				
(a) Investments (Government securities and Savings Banks) .	21,140	15,638		284 2
(b) Payment to sinking funds	15,500		1,000	6 0
(c) Provident Fund withdrawals	18	.	130	87 8
(d) Repayment of loans ..	99,545	11,698		13 3
(e) Advances	1,57,644		741	4
(f) Deposits .	56,127		23,438	29 4
Total	37,63,175	1,67,542	2,70,143	
Net decrease	.		1,02,601	2 6

31 *Office and Collection Establishment*.—The total expenditure on office establishment shows an increase of Rs 6,095, and that on collection establishment of Rs 4,729 There has been a steady growth of expenditure under this head during the past four years, and this requires to be closely watched, and if possible checked In four small municipalities, as compared with seven in 1897-98, the cost of office and collection establishment exceeded one quarter of the whole expenditure of the year It is reported by the Commissioner of the Presidency Division that the system of paying for collections by commission instead of by fixed salaries did not work well during the year, and that most of the municipalities in which it was introduced in previous years have reverted to the fixed pay system

32 *The prevention of fire*.—The expenditure under this head fell from Rs 19,463 to Rs 18,822, the largest decline occurring in the Darjeeling and Cossipore Chitpur Municipalities In the former it was due to no stores having been purchased during the year Since the close of the year an arrangement has been made for the levy of a contribution from the Garden Reach Municipality towards the cost of the Metropolitan Fire Brigade The result of the negotiations between the Commissioners of the Baranagar Municipality and the Commissioner of Police for extending the service of the Metropolitan Fire Brigade to that town, referred to in the last Resolution, has not been reported to Government.

33 *Street lighting*.—The expenditure under this head fell from Rs 2,54,204 to Rs 1,53,170, showing a decrease of Rs 1,01,034, which occurred mainly under capital expenditure The decrease, which was shared by all the Divisions except Chittagong and Patna, where there was a slight increase, was largest in the Municipalities of Howrah and Darjeeling, being Rs 39,110 and Rs 53,957 respectively, and was due to the non-payment of arrear bills of the Gas Company in the former, and to heavy capital expenditure having been incurred in the latter on the electric light installation in the previous year Seventeen municipalities against 20 in the previous year, incurred no expenditure on this item In some places only a small expenditure was incurred in supplying oil for the lanterns of the patrolling police, no street lamps being put up

34 *Water supply*.—Under this head also the total expenditure fell from Rs 2,62,636 in 1897-98 to Rs 2,01,387, the large decline of Rs 61,249 being shared by the five divisions named in the margin, whilst there was some increase in the remaining divisions, mainly in Chittagong, where the charge rose from Rs 1,183 to Rs 5,413 The Howrah Municipality shows a decrease of Rs 19,712 under "Capital" outlay As stated in the last Resolution, the water works installed in the town were not found to be altogether successful at first Improvements have since received due attention, and the Chairman considers that the works are now settling into shape The water supplied through the works was found to be in no way inferior to the filtered water supplied in Calcutta At Cossipore Chitpur and Maniktola the Commissioners further extended the water supply which is obtained from the Calcutta mains, but the supply in the latter place is still inadequate. The Commissioners are contemplating other extensions of the supply, and a scheme has been framed for the purpose, the cost of which will be met out of revenue Proposals are also under consideration for the extension of the Calcutta water supply to portions of the South Suburban and Garden Reach Municipalities The South Dum Dum Municipality have obtained sanction to the extension of the filtered-water supply from the Cantonment main At Berhampore the water works were completed and opened after the close of the year At Rampur Boalia the Commissioners spent Rs 4,227 on the re-excavation of tank The maintenance charge also increased in that town by Rs 2,158 The reduction of expenditure of Rs 11,851 at Dacca, was only a paper one, due to the payment of arrear bills in the previous year At Patuakhali the Subdivisional Officer and Chairman of the Municipality has, it is reported, raised subscriptions for erecting filters in two reserved tanks on the pattern of the one erected at Faridpur, which has proved successful At Bhagalpur there was a reduction of expenditure of Rs 17,207 under both capital and maintenance charges Considerable trouble has been experienced

	Decrease Rs
Burdwan	19 549
Rajshahi	5 788
Dacca	11 007
Patna	8 124
Bhagalpur	18 369

with these important water-works, owing to the intake having become choked during high flood The Commissioner remarks 'There is no denying that hitherto these water-works have not been the success that was hoped for, although there is no doubt that the health of the town has benefited by them They have cost so much that the town's resources are considerably hampered in every other direction, and as far as I can see, the Municipality has not yet got to the end of its expenditure Very much depends on the action of the river Ganges during the present rains Very careful supervision of the engines and the machinery is required, but that is what the Municipality cannot at present afford to pay for' It is deplorable that the every-day working of a scheme, which has been carried out at so great a cost, should be hampered and rendered inefficient for the want of the necessary expenditure, the more so in view of the Commissioner's remarks quoted in paragraph 2 above It has moreover been noted by the Sanitary Engineer that the water-rate, which in 1896 97 covered only two thirds of the cost of the water, was still more inadequate in 1897-98 Some improvement in the water-rate receipts has been noted during the year under review, but they appear to be still insufficient It is imperative that the municipality should realise its responsibility for keeping the works in proper order, and for submitting to the taxation necessary to enable them to do so

The Lieutenant Governor is pleased to find from the reports that considerable activity was displayed during the year in several municipalities in excavating tanks and sinking wells and tube-wells, in improving existing tanks and wells, and specially reserving selected tanks and wells for drinking and culinary purposes

The statement in Appendix M shows the statistics of sources of water-supply available in each municipality and of the quality and quantity of the supply

35 *Drainage* —The total expenditure rose from Rs 1,13,456 to Rs 1,16,987 owing to an increase in the capital expenditure of Rs 61,316, whilst maintenance charges declined by Rs 7,785 Taking both heads together, the increase, which was largest in the Presidency Division (Rs 6,672), was shared by four other Divisions - Dacca, Patna, Bhagalpur and Chota Nagpur—whilst there was a falling off in the remaining Divisions, especially in Rajshahi (Rs 8,131) The following municipalities show the largest fluctuations in the expenditure under this head —

Name of Municipality	Increase	Name of Municipality	Decrease
	Rs		Rs
Santipur	1,376	Serampore	2,830
Azimganj	2,366	Dinajpur	3,632
Jessore	1,172	Darjeeling	6,110
Narainganj	2,005	Sasaram	1,983
Patna	6,925	Muzaffarpur ..	1,800
Jamalpur (Monghyr)	1,862	Bhagalpur	1,831

At Santipur and Azimganj the increase occurred in the cost of maintenance of existing drains, which rose from Rs 3 and Rs 71 to Rs 1,379 and Rs 2,440, respectively The increase in the other places was under capital expenditure The decline in expenditure shown above was due to smaller capital expenditure having been incurred in the municipalities of Serampore, Dinajpur and Bhagalpur, whilst in the rest the decrease was in the cost of establishment, repairs, &c At Serampore the scheme for improving the drainage of two wards has been completed, and the rest of the scheme is under preparation The Municipal Commissioners of Howrah are, for the present, turning their attention to the improvement of the surface drainage of the town, the scheme previously drawn up having proved to be impracticable As regards the future they have obtained sanction to the appointment of an Engineer of the requisite calibre, who has arrived since the close of the year, and they now propose to prepare a scheme such as their finances may admit of Schemes for the drainage of the Municipalities of Hooghly and Chinsura, and Khulna are, it is reported, under the consideration of the Sanitary Board The Maniktala Municipality have matured a costly scheme for opening out the drainage outfalls of the Municipality, which has been approved by the Sanitary Board and

has just received the sanction of Government At Krishnagar the Commissioners obtained a loan of Rs. 28,000 from Government towards the close of the previous year for improving the drainage and water-supply of the town by excavating the channel of the Anjona river The District Engineer of Nadia has been authorized to execute the scheme under the supervision of the Superintending Engineer, Central Circle. At Comilla the Commissioners have commenced the work of excavating two drainage outfall channels At Patna the construction of new drains, wells and reservoirs and the purchase of a boiler and a pump in connection with the scheme for flushing parts of the city drains contributed to the increased expenditure incurred during the year No expenditure was incurred on this item in 14 municipalities, among which may be mentioned Darbhanga, Garden Reach, Jalpaipuri and Dinapur.

The municipalities of the Presidency Division are naturally those in which most expenditure under this head is required, and it is satisfactory to note that this is on the whole appreciated by them. On the other hand improvement in this respect is reported to be the great need in the Bhagalpur Division The Commissioner of Bhagalpur observes that *pucka* drains where they exist, are often rendered useless from the want of a proper preliminary survey. Remarks to much the same effect were recorded by Government last year with regard to the Chota Nagpur Division, and may be taken to apply to mufassal municipalities in general.

36 Since the close of the year, the Sanitary Engineer has made a thorough inspection of the drainage system of Patna, the largest municipality in the Province outside the capital, and it is gratifying to learn that the results of the inspection are uniformly favourable Mr. Silk reports that the practice of throwing scrapings and refuse from the drains on to the sides of the road has been entirely stopped, and that for the last five years he has never seen the roads and drains in a cleaner condition The old standing nuisance caused by the Backergunge outfalls has been removed. Considerable lengths of drains in the gullies have been paved with bricks laid flat, and the improvement effected has been so much appreciated by the inhabitants that in many cases they have themselves come forward and paid for the drains themselves The system of filtering sullage through cinder beds has been intelligently carried out, with excellent results, and the greatest possible attention is paid to flushing The Lieutenant Governor entirely concurs in the high commendation bestowed by the Sanitary Engineer on the Chairman and Secretary of the Municipality in the following passage of his inspection note, and he desires to congratulate them and the Municipal Commissioners of Patna on the successful issue of their labours —

> In closing this report I desire to place on record the splendid sanitary work that is now being carried on in Patna by the Chairman, Mr H LeMesurier, C S There is hardly a drain in the whole town with which he is not personally acquainted, and it is entirely due to his energy, perseverance, and powers of organisation that Patna may now be quoted as an example to all the other municipalities in Bengal not only in the matter of drainage but in all other work connected with conservancy The greatest credit is also due to the intelligent interest taken in all sanitary work by the Secretary, Maulvi Wajid Hossein

37 *Conservancy (including road cleaning and watering, and latrines)*—The total charge on this account, which amounted to Rs 10,85,270, shows an increase of Rs 17,572 as compared with the previous year The increase was shared by the six divisions named in the margin, whilst there was a decline in the others, of Rs. 11,440 in Burdwan, Rs 18,465 in Rajshahi, and Rs 4,199 in Dacca

	Rs		Rs
Presidency	8,927	Bhagalpur	6,069
Chittagong	217	Orissa	3,427
Patna	28,461	Chota Nagpur	4,985

In the Burdwan Division increase of expenditure occurred in 14 towns, including Asansol, where the expenditure rose from Rs 4,716 to Rs. 7,041, and a decrease in the remainder, the largest falling off, Rs 16,033, occurring at Howrah, on account of the discharge of the heavy extra establishment maintained in anticipation of an outbreak of plague The largest increase in the Presidency Division occurred in the South Suburban Municipality (Rs 3,908) and in the Patna Division in the Municipalities of Gaya (Rs 17,160) and Patna (Rs. 14,293) The increase in these as in other places has been ascribed to one or more of the following causes, viz., the purchase of night-soil

and rubbish carts, and of latrines and urinals, the entertainment of extra sweepers and conservancy staff for the cleansing of the town, and increased expenditure on disinfectants as a precaution against the importation of plague, and the construction of bullock sheds and purchase of fodder.

The statistics given in Appendix F show that expenditure on this, the most important item of municipal expenditure, varied from 57·8 per cent. of the total outlay at Asansol to 3·3 per cent. at Taki

In the town of Dacca special efforts have been made towards remedying the existing state of things, which the Commissioner describes as terrible Much has been accomplished, though much yet remains to be done Mr. Savage cautiously summarises the operations now in progress in the remark that 'if there be no backsliding, Dacca will in two or three years be free from the reproach of being the dirtiest town in Bengal'

The system of coke breeze filtration of sewage was tried at Howrah and various municipalities in the Dacca Division. At Howrah these filters were attached direct to the latrines and urinals, and the experiments proved that the effluent is greatly reduced in quantity by evaporation while passing through the coke, and is, therefore, easier to remove, and it becomes infinitely less offensive and the passage of the carts causes less nuisance in the streets The Commissioner of Dacca makes the following remarks on the subject:—

"In the course of my inspections, I have paid special attention to the subject of coke filters for sullage water I found that everywhere the experiments had been utter failures, except in Barisal, where the Chairman and Vice-Chairman, Babus Rajani Kanta Das and Promotha Nath Mukherjee, gave their personal attention to the subject, and, after many trials, at last succeeded in getting one filter to work admirably I have asked other municipalities to adopt the Barisal process, and I expect in the course of the year to see one great difficulty in the way of sanitary improvements (the difficulty of getting rid of sullage water without carting it away) removed"

38. *Hospitals and Dispensaries*—The total expenditure, which amounted to Rs 3,60,656, shows an increase of Rs. 10,164 as compared with 1897 98 In the year 1893 94, the expenditure under this head stood at Rs 2,82,189, and thus during the past quinquennium, there has been an increase of Rs 78,467 or Rs 15,693 a year on the average. Deducting the special grants and contributions for medical purposes, the total amount paid by municipalities on this account was Rs. 2,36,688 The municipalities named in the margin show the largest fluctuation in the expenditure under this head as compared with the previous year. The increase at Midnapore was due to the payment of bills for the construction of the Leper Asylum, and that at Raniganj to the construction of a plague hospital and to the contribution made towards the pay of a veterinary officer employed by the District Board The increase of expenditure in municipalities in the Presidency Division was due to the measures adopted to prevent the spread of plague The decrease is generally ascribed to the reduction in the cost of diet, as high prices prevailed in the previous year, and to smaller expenditure having been incurred on buildings than in the year 1897-98, and also to payment of smaller amount of arrear bills At Hazaribagh, the old dispensary building which was not suited to requirements and had fallen into disrepair was sold for Rs 3,000. With this amount and the further help of a donation of Rs 4,000 from the late Raja of Padma, miscellaneous subscriptions amounting to Rs. 3,099, and a grant of Rs 3,000 from Government, an excellent building for a hospital and dispensary has been constructed on a separate site granted by Government The new building was opened for use in the month of May of the past year At Purulia a hospital for contagious diseases was constructed at a cost of Rs 1,500. A dispensary was opened for the first time at Jaynagar.

Name of Municipality	Amount of increase Rs
Raniganj	1,160
Midnapore	1,257
Cossipore Chitpur	5, 64
Maniktola	,442

Dacca	3,878
Nasirabad	9,165
Faridpur	2,047
Patna	5,120
Gaya	1, 22

At Rampur Boalia a lady doctor was appointed in May 1898, and has since been practising in the municipality A passed midwife has been entertained on a salary of Rs 30 a month with free quarters at Jalpaiguri. A Christian hill girl, who was being educated at the Campbell Medical School at the cost of the Darjeeling Municipality, has passed, and she will now be employed by the municipality at the Charitable Dispensary for the benefit of native females The hospital for females at Cuttack, known as the "Lady Thompson Dispensary" continued to be supported by voluntary subscriptions. A ward for females was constructed at Colgong. There was a maternity ward attached to the Bankipore Dispensary, where a lady doctor is employed at the cost of the Patna Municipality. Lady doctors are also employed at the Arrah and Dumraon dispensaries and at Bihar

39 *Vaccination.*—The statement in Appendix H gives full information in regard to vaccination. There were 197 vaccinators employed at a cost of Rs 19,760, and these performed 95,822 operations, of which 80,262 were primary, and 15,560 were revaccinations, of the total operations, 87·4 per cent. are reported to have been successful, against 87 5 in the previous year. Each operator vaccinated on an average 486 persons, the average cost of each operation being 3 annas 9 pies The proportion of persons primarily vaccinated exceeded 5 per cent. of the total population in the 7 towns named in the margin.

Darjeeling	9 8	Jamalpur (Monghyr)	8 5
Kurseong	5 9	Puri	8 8
Faridpur	6 1	Ranchi	5 4
Jhalakati	5 2		

40 *Public Works.*—The expenditure on Public Works declined from Rs 6,03,830 to Rs 5,59,030 during the year The following table compares the expenditure under the several sub-heads during the two years —

Years	Establishment	Buildings	Roads	Stores	Total
1	2	3	4	5	6
	Rs	Rs	Rs	Rs.	Rs
1897-98	73,974	52,811	4,19,908	57,137	6,03,830
1898-99	77,279	41,958	4,23,762	16,031	5,59,030
Increase (+) or decrease (−)	+3,305	−10,853	+3,854	−41,106	−44,800

41 *Public Instruction*—The total expenditure under this head, as shown in Form III, fell from Rs 1,31,789 to Rs 1,26,874, the decrease being shared by all the Divisions, except Rajshahi, Chittagong and Patna, where there was a slight increase

The total expenditure on primary education, which amounted to Rs 65,576, shows a falling off of Rs 2,606. The following table compares the expenditure on primary education, Division by Division, during the last two years —

Name of Division	Cost of teaching half the boys of a school going age in the municipalities in each Division at 10 annas per head	Total expenditure on primary education		Variation between the figures in columns 2 and 4	Variation between the figures in columns 3 and 4.	Ratio of expenditure on primary education to total ordinary income	
		1897 98	1898 99			1897 98	1898-99
1	2	3	4	5	6	7	8
	Rs	Rs	Rs	Rs	Rs		
Burdwan	12,341	12,670	11,662	−659	−1,008	1 4	1 3
Presidency	14,084	15,629	14,027	−57	−1,602	3 1	2 7
Rajshahi	3,610	5,995	5,838	+2,228	−157	2 7	3 1
Dacca	6,752	5,653	5,599	−1,153	−54	2 5	2 2
Chittagong	2 009	2,152	2,137	+428	+285	2 4	2 3
Patna	18,975	14,908	15,106	−3,569	+498	3 4	3 2
Bhagalpur ...	5,293	5,221	5,194	−99	−27	2 4	2 1
Orissa .	3,098	3,970	3,490	+392	−480	4 2	4 4
Chota Nagpur	2,174	1,984	1 923	−251	−61	4 8	2 7
Total	68,316	68,182	65,576	−2,740	−2,606	2 9	2 6

The prescribed standard of expenditure on primary education, as shown in column 2, was attained only in three Divisions, viz, Rajshahi, Chittagong and Orissa, whilst in Dacca and Patna it was much below the standard.

42. *Loans*—The table in Appendix K shows the loan transactions of municipalities during the year. The new loans raised and the purposes for which they were obtained are shown in the margin. At Darjeeling the Commissioners received an instalment out of the total loan of Rs. 1,20,000 for the electric light installation. The total loan liabilities of municipalities at the close of the year amounted to Rs. 30,41,562.

Name of Municipality	Amount of loan Rs	Purpose
Rajpur	3 750	Water supply
South Barrackpore	2,400	Ditto
Krishnagar	28,000	Drainage and water-supply
Rampur Boalia	5,000	Drainage works
Darjeeling	15 000	Electric lighting
Cox's Bazar	2,000	Construction of office building
Gaya	45,000	Sanitary improvements (introduction of Part IX)
Total	1,01,150	

43 *Financial condition of municipalities in debt to Government*—The statement in Appendix N shows the financial condition of municipalities which were in debt to Government during the past year The list contains the names of 32 municipalities. The solvency of all of these, given full collection of their revenues, is undoubted, and the following remarks will furnish an explanation of what is shown by the figures In three cases, as specially reported by the Accountant-General, viz, Howrah, Faridpur, and Puri, the Municipal Commissioners made default in the payment of the instalments in repayment of the loans. The Howrah Municipality, by far the most important of these, was unable to pay punctually either of the two instalments of Rs. 43,151-11-2 for the water-works loan which fell due on the 1st April and 1st October 1898 The April instalment was fully paid up, with penal interest, towards the middle of January 1899, whilst Rs 34,000 was paid on account of the other instalment up to the close of the year, leaving a balance of Rs 9,151-11-2 to be paid during the current year The financial position of this municipality is critical, and has already attracted the special attention of Government For the reason it is unnecessary to look further than the facts stated in paragraph 11 above. The finances of a body which does not collect more than 66·7 of the current, and 60 09 of the gross, demand cannot be in other than a bad position, and it is once more necessary to emphasise the urgent necessity for improvement in this respect. The resources available are ample, even without resorting to additional taxation, and no excuse is possible for the failure to make provision out of them for the loan obligations of the municipality. At Faridpur an instalment of Rs 632, payable on the 1st August 1898, was paid up in three instalments by January 1899 The Puri Municipality failed to pay an instalment of Rs 1,253, due on 1st April 1898, and the money was paid up in September 1898. Municipalities must realise that their loan charges are a first charge on their finances, and must be given precedence over all others. A glance at the figures in column 18 of the statement in Appendix N will show that, besides the above cases, the ordinary income of the municipality, after meeting the ordinary charges of municipal administration, fell short of the amount payable on account of loan charges during the year in the thirteen municipalities named in the margin In the remaining cases the financial ability of the municipalities to promptly meet their loan charges is beyond doubt As regards the cases noted above, it appears that none made any default in the payment of the periodical instalments, and that, with one exception, balances were in hand at the close of the year much in excess of the deficit shown against them

Name of Municipality	Deficits Rs	Percentage of total collections on total demands on account of rates and taxes	Closing balance Rs
Serampore	1,875	61 0	3,917
Ranaghat	1,062	89 8	2,347
Nadia	845	82 5	779
Meherpur	174	98 0	752
Kotechandpur	354	95 5	1,100
Rampur Boalia	2,853	72 1	4,158
Nasirabad	2,140	93 7	5,546
Cox's Bazar	686	94 1	1,238
Gaya	3,574	99 8	22,900
Arrah	36	89 6	1 810
Muzaffarpur	501	91 6	4,206

In others, notably Serampore, Rampur Boalia and Puri, nothing but stricter attention to collections is needed to put their financial soundness beyond question

44 *Audit of accounts and embezzlements*—The Lieutenant-Governor regrets to notice the long list of cases of embezzlement brought to light during the year in course of audit of accounts or otherwise These occurred in the municipalities of Maniktala, Baduria, South Barrackpore, South Dum-Dum, Patna, Darbhanga, Bhagalpur, Kishanganj, Lohardaga, and Chaibassa. In most of these cases the offenders were prosecuted and punished The worst case occurred in Bhagalpur, where three tax-collectors embezzled an aggregate sum of Rs 1,095 These cases indicate laxity in the management of, and supervision over, the collection department, and the Lieutenant-Governor trusts that greater regard will in future be paid to the account rules by Chairmen and Vice-Chairmen of municipalities The reports disclose that in several cases proper security bonds in the form prescribed by Government have not been taken from Municipal employés entrusted with the collection and handling of money For this there can be no excuse.

45. *Working of the Porters and Dandiwallas' Act*—The Act is in force only in the Darjeeling Municipality The total number of porters and *dandiwallas* registered during the year was 750, against 878 in the previous year. There were 22 prosecutions under the Act, against 24 in 1897-98, and the amount of fines realised was Rs 39 Only one license was cancelled during the year. The law continued to be carefully worked, and a close supervision is exercised over the porters and *dandiwallas*

46 *General working of the Bengal Municipal Act, 1884, during the year.*—Mr J. Kennedy, Officiating Commissioner of the Burdwan Division, makes the following remarks on the subject —

"It seems to me municipal management would be greatly improved by an amendment of section 46 of the Act The power of the Chairman to appoint, fine and dismiss all servants of the municipality should be independent of the Commissioners If it is necessary to give municipal servants power to appeal from such orders, the appeal should lie to the District Magistrate only The present system is carefully calculated to form a spirit of insubordination among the servants of the municipality As to Howrah, I think the time has come when it should be merged in Calcutta, of which it really forms a part The interests of the two towns are identical, and with the amalgamation many of the difficulties of Howrah administration would disappear"

47. The following are the comments of Mr Buckland, Commissioner of the Presidency Division —

"The many defects in the system of municipal administration which have been noticed in previous reports still exist The only satisfactory feature in the municipal administration during the year, is the improvement in the matter of collection, due to special pressure put by me upon the municipal authorities Want of supervision and a general reluctance on the part of the municipal executive to resort to coercive measures, caused by the fear of becoming unpopular, and consequent laxity in the observance of the rules, still prevail, but the constant issue of orders and circulars and the close watch kept by myself and the Magistrates on their working have produced the improvement indicated by the figures, particularly in some important but most backward municipalities in this respect, such as Krishnagar, Santipur, South Suburban, &c"

48 Mr P. Nolan, Commissioner of the Rajshahi Division, writes —

"In my opinion municipal institutions have taken deep root in this Division and produced excellent results What is wanted is to raise the administration where it is least satisfactory, as in Rangpur, with regard to finances in Pabna, and perhaps in Bogra, to the higher standard attained in Dinajpur and Rampur Boalia, also in the hill stations of Darjeeling and Kurseong"

49 Mr H Savage, Commissioner of the Dacca Division, has recorded the following remarks —

'In all the municipalities, except Dacca and Nalchiti, there has been harmony between the Commissioners and the Executive, and on the whole the municipal administration of the year has been a success

"Dacca and Nalchiti have both suffered from factious opposition which, in the former in particular, has delayed the execution of many much-needed improvements"

50. Mr J A Bourdillon, C.S.I, Commissioner of the Patna Division, quoting the remarks contained in his General Administration report, observes that on the whole the year has been one of general progress and improvement

51. Mr. H. C. Williams, Commissioner of the Bhagalpur Division, writes —

"Taking charge at the end of April, the only municipalities I have seen anything of are Bhagalpur, Purnea and English Bazar Generally, the Municipal Commissioners seem to take interest in their work, and when aided by the advice of the district officials do really good work The municipal administration for the year is undoubtedly satisfactory, although in Bhagalpur there is still great room for improvement Party spirit does not run so high in this Division as in the suburban municipalities round Calcutta, and there is not the deadlock that at times prevails there I have already alluded to the small percentage of rate-payers in this Division, and in connection with this should like to note that when an assessor is appointed by Government to revise assessments, he should be a Government officer, lent for the work, and one who, if possible, has had some experience of it Both in Hooghly and Bhagalpur enquiries have shown that the assessment was not well done by Government nominees Regarding the attendance of Municipal Commissioners, I find that often Government officers are the worst absentees, and have had to call the attention of several to this fact

"My thanks are due to Mr Ritchie for having undertaken, under the orders of Government, the duties of the Chairman of the Bhagalpur Municipality—a no light task—and the Vice Chairman, Babu Kirti Churn Chatterjee They deserve great credit for extricating it to some extent from the very difficult and insolvent position to which it had been driven by past inefficient management The financial condition has improved somewhat, and it is hoped that in the current year it will attain a working balance. Mr O'Brien, the Chairman, and the Vice-Chairman, Babu Jogendra Nath Mukerjee, also deserve prominent mention for the satisfactory condition of the Purnea Municipality The Chairman of Deoghur, Mr Heard, also again deserves very special mention

"As regards the honorary service rendered by other non-official gentlemen, the following deserve special mention —Babu Shiva Nandan Prosad Sinha, Vice-Chairman, Monghyr Municipality, Mr A W Rendell, Chairman, Jamalpur Municipality, Babu Hari Churn Gangooly, Chairman, Colgong Municipality, and Babu Pashupati Nath Bose, Vice Chairman, Sahibganj Municipality"

52 The following are the comments of Mr C R Marindin, Commissioner of the Orissa Division —

"I have no personal knowledge of the different municipalities, as I have only lately joined the Division, but judging from the reports there is a good deal of shortcoming in all of them in respect to conservancy, drainage maintenance of roads, and lighting in most of the municipalities, especially in Cuttack I believe that this is due in a great degree to want of money, but at the same time I am of opinion that Municipal Committees might do a great deal to keep their towns wholesome and clean by more frequent and stringent use of their regulating and prohibitive powers under the Act I have lately had occasion to impress this upon the Chairman of the Cuttack Municipality Puri occupies a unique position among municipalities as a centre from which cholera may be spread to all parts of India and even beyond it, and I think it is a serious question whether the sanitation of the town should be left in the hands of the Municipal Committee, constituted as it is at present"

53 Mr. A. Forbes, C.S.I., Commissioner of the Chota Nagpur Division, concludes his report with the following remarks —

"Regarding the general working of the Municipal Committees I am glad to be able to endorse the remarks I made in last year's report In many instances much good work has been done by the non-official Vice-Chairman and occasionally, though I confess rarely, by one or more of the other Commissioners, while the Committees have almost invariably shown themselves ready to listen to the advice given by the Deputy Commissioners or by this office in regard to their budget requirements and questions of sanitation, assessments and other matters"

54. On the whole the year was one of progress, and in most branches of municipal administration the Lieutenant Governor is glad to note the achievement of undoubted, if not very conspicuous, improvement. The excellent work done in Patna has been noticed in paragraph 36 above There are many places, as has been noticed in the course of this review, in which there is great need of improvement The prominent defects are in the assessment of the municipal taxes and the collection of them To these the attention of the Committees has been definitely drawn. They are dangers from which no municipality is exempt, if its Commissioners fail to be watchful. Inadequacy of assessment is not infrequently accompanied by bad collections. The case of Darbhanga has already been noticed in parapraph 2. What can be effected if the local authorities devote their energies to the work is shown by the results attained in the municipalities named in paragraph 11 and by the improvement brought about in the Presidency Division under the pressure

applied by the Commissioner. The Lieutenant-Governor trusts that all Municipal Commissioners will take this example to heart, and will, during the ensuing year, apply themselves vigorously to the task of placing their assessment lists on a proper footing, and of seeing to it that the assessees pay their just dues in full.

By order of the Lieutenant-Governor of Bengal,

E. N. BAKER,

Secretary to the Government of Bengal

FORM No. I.

STATEMENT SHOWING THE CONSTITUTION OF THE MUNICIPALITIES IN BENGAL

DURING

1898-99.

PRELIMINARY NOTE ON THE WHEAT CROP OF BENGAL IN 1899 1900

The following is published for general information.

REVENUE DEPT, F A SLACK,
The 12th February 1900 *Offg. Secy. to the Govt of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL

Preliminary Note on the Wheat Crop of Bengal in 1899-1900

Explanatory—The present return furnishes estimates of the area and outturn of the wheat crop in all the wheat-growing districts of these Provinces No wheat is grown in the districts of Khulna, Bogra, Dinajpur, Dacca, Backergunge, Tippera, Noakhali, Chittagong, and Puri

2 *Character of the season*—The rainfall in September was general in North and East Bengal, slightly above the average in Bihar, but largely deficient in Orissa and Chota Nagpur In October the rainfall was deficient everywhere, except in Orissa and East Bengal, where it was excessive No rain fell in November in these Provinces, except in the Chittagong Division In December the rainfall was almost nil over the whole Province, and was entirely absent in Bihar and Chota Nagpur Rain is reported to have fallen in Bihar and Chota Nagpur about the middle and close of January, which has improved the prospects of the wheat crop On the whole, the weather has not been unfavourable to wheat, so far, in the principal wheat-growing districts of Bengal and Bihar, although it has proved unseasonable in parts of Orissa and Chota Nagpur owing to deficient rainfall

3 *Area sown*—The figures representing the normal area have been revised in a few cases since last year, in consequence of which the provincial total now stands at 1,578,100 acres, against 1,576,200 acres shown in the preliminary forecast for the year 1898-99.

The total area cultivated in wheat this year is, as estimated by the District Officers, 1,536,700 acres, against 1,592,400 acres sown in 1898-99 There has thus been a slight decrease of nearly 3·5 per cent The decrease is noticeable generally in the districts of the Bhagalpur and Chota Nagpur Divisions, as well as in Shahabad, Muzaffarpur, and Rajshahi It is due to unfavourable climatic conditions at the time of sowing the crop. Nadia shows on the other hand a largely increased area

4 *Outturn*—The outturn of wheat is, according to the district returns, expected to be above the normal in the districts of Saran (110), Palamau (110), Rajshahi (102), and Burdwan (101), normal in 24-Parganas, Darjeeling, Faridpur, Bhagalpur, Malda, and Balasore, and below the normal in the remaining 35 districts Out of these 35 districts, nine* districts report a crop varying from 90 to 98 per cent. of the normal, and in six† districts it varies from 80 to 88 In the remaining 20 districts it falls below 80. In Ranchi, where the area under wheat is very small, the prospects are specially unfavourable. The arithmetical mean of the district figures representing the outturn for the Province amounts to 94 per cent. of a normal crop There appears, however, little doubt that some of the District Officers have under-estimated the outturn, and it is anticipated that the general outturn for these Provinces will fall little short of the normal, against 105 per cent. estimated in 1898 99.

* Midnapore, Pabna, Patna, Gaya, Shahabad, Champaran, Muzaffarpur, Purnea, Sonthal Parganas

† Birbhum, Bankura, Nadia, Murshidabad, Rangpur, Darbhanga

D. L. ROY,
Assistant Director of Land Records and Agriculture, Bengal

(COUNTERSIGNED)

S L MADDOX,
Offg. Director of Land Records and Agriculture, Bengal.

CALCUTTA,
The 1st February 1900.

First Forecast of the Wheat Crop of Bengal, 1899-1900

Division	District	Approximate normal area under wheat.	Approximate area sown last year (1898-99)	Estimated area sown this year (1899 1900)	Taking 100 to represent the normal outturn per acre, how much represented the outturn last year (1898 99)?	Taking 100 to represent the normal outturn per acre how much will represent this year's outturn (1899 1900)?	Remarks by District Officers	Remarks by the Department of Land Records and Agriculture Bengal.
1	2	3	4	5	6	7	8	9
		Acres	Acres	Acres				
BURDWAN	Burdwan	1 400	1 300	1,300	110	101	The outturn is expected to be normal owing to the favourable condition of the season	
	Birbhum	5 000	5 000	5 000	100	50	There has been very little rain since the beginning of October No good wheat crop is expected	
	Bankura	5 500	5 700	5 600	87	88		
	Midnapore	2 100	4,800	2 800	90	95	In the Sadar subdivision the whole of the normal area was brought under cultivation but in the Ghatal subdivision more than the normal area was cultivated owing to seasonable rainfall	It appears that the area under cultivation last year has been over estimated by the Collector
	Hooghly	100	100	100	60	68		

Division	District	Approximate normal area under wheat	Approximate area sown last year (1898-99)	Estimated area sown this year (1899-1900)	Taking 100 to represent the normal outturn per acre, how much represents the outturn last year (1898-99)	Taking 100 to represent the normal outturn per acre, how much will represent this year's outturn (1899-1900)	Remarks by District Officers	Remarks by the Department of Land Records and Agriculture, Bengal
1	2	3	4	5	6	7	8	9
Presidency	24-Parganas	Acres 300	Acres 300	Acres [illegible]	120	100		
	Nadia	43 400	27 000	31 500	57	[illegible]	The weather was favourable during the sowing season hence there has been an increase in the area sown but after the sowing there has been no rain and the estimated outturn is therefore short of the normal	
	Murshidabad	130 000	145 000	144 500	90	52	The decrease in the estimated area and outturn as compared with those of the last year is due to the want of seasonable rainfall in November and December last	
	Jessore	2,600	1 700	1 500	77	77	Last year's percentage outturn has been revised	
Rajshahi	Rajshahi	74 200	77 800	67 200	110	102	The normal area has been revised Owing to the flood being late this year some lands were not sown hence the decrease in the current year's area	
	Jalpaiguri	3 200	1 900	1 800	75	70	Owing to the late rains less area was cultivated The short outturn this year is due to the want of rain in the month of December last	
	Darjeeling	5 100	5 100	5 000	7	100		
	Rangpur	9 700	30 700	[illegible]	87	87		

Division	District						Remarks	
RAJSHAHI	Pabna	16,000	16 000	16 000	100	93	A small outturn is expected as there has been no rain up to date, since the close of the rainy season	
DACCA	Mymensingh	8 000	8 000	8 000	75	75		
	Faridpur	2 000	2 300	2 000	130	100	It is yet too early to form a definite estimate of the outturn but there is no reason to think that the crop will be below the average	
PATNA	Patna	65,000	107 000	108 200	95	90		
	Gaya	157 600	142 200	143 200	102	90	The absence of rain up to date has adversely affected the prospects of the crop	
	Shahabad	122 000	120 000	118 000	94	91	Owing to the early cessation of rains the full normal area could not be brought under cultivation This as well as the strong westerly wind are likely to affect the outturn to a certain extent	
	Saran	120 000	130 000	130 000	120	110	The rain in the middle of January has benefitted the crop. There was some damping off after germination but on the whole a good crop is expected	
	Champaran	118 000	119 000	118 000	115	90	The rainfall in September last enabled the cultivator to sow the normal area but a low outturn is expected owing to the cessation of rain since October last	
	Muzaffarpur	60 700	71 060	62 710	100	95	The normal area has been revised The outturn this year is estimated to be below normal owing to want of rain in the Sitamarhi subdivision since the rainy season	The Collector will be asked to explain the large reduction of area.
	Darbhanga	109 610	109 6 0	109 600	105	85	The crop in the Sadar Subdivision has suffered from excessive rain	
BHAGALPUR	Monghyr	170 060	101 000	153 000	6	99	The increase in the area under cultivation is due to the fact that some paddy fields which could not be sown with paddy owing to submergence in water at the sowing time were subsequently sown with wheat.	
	Bhagalpur	214 000	200 000	1[illegible]	106	100	The recent rains in the middle of January may improve the prospects of the crop	
	Purnea	24 360	23 000	2 ,3 0	95	95	On account of the heavy autumn rains most of the lands were too moist at the time of sowing and hence the decrease in area sown this year	
	Malda	60 000	85 000	80 000	110	100	The decrease in the area and outturn as compared with those of the last year is due to insufficient rainfall at the time of sowing However an average outturn is expected this year	The Collector will be asked to explain the large reduction of area
	Sonthal Parganas	14 900	12 400	14 000	92	98	The outturn is expected to be nearly normal this year owing to timely rainfall	
ORISSA	Cuttack	1 500	2 100	2 100	75	75	An average outturn is not expected this year as no silt was deposited as in normal years on the land owing to low flood	
	Balasore	500	2 0	500	83	100	The average outturn is due to seasonable rainfall	
	Angul and Khondmals	100	100	200	100	60	The low outturn is due to want of rain after sowing	

Division	District	Approximate normal area under wheat	Approximate area sown last year (1898 99)	Estimated area sown this year (1899 1900)	Taking 100 to represent the normal outturn per acre, how much represented the outturn last year (1898 99)?	Taking 100 to represent the normal outturn per acre how much will represent this year's outturn (1899 1900)?	Remarks by District Officers	Remarks by the Department of Land Records and Agriculture Bengal
1	2	3	4	5	6	7	8	9
Chota Nagpur	Hazaribagh	Acres. 8 100	Acres. 8,000	Acres 6 500	94	75	The season has been unfavourable owing to the want of rain This accounts for the decrease in the area and outturn	
	Ranchi	1,200	1,400	200	100	10	Owing to the unfavourable condition of the season the outturn is expected to be very poor	
	Palamau	14,700	18,500	8 400	84	110	Want of rain at the sowing time has prevented about three fourths of the normal area from being sown The outturn will be very good as it is raining now	
	Manbhum	5 000	4 200	4 200	105	85		
	Singhbhum ..	2 600	2,600	1 400	100	72	The decrease in the area and outturn is due to the unfavourable rainfall	
	Total Bengal	1 578 100	892 400	1 536,700	104	94		

WEATHER AND CROP REPORT.

For the week ending the 12th February 1900

Burdwan—No rain Weather seasonable Threshing of *aman* still continues Pressing of sugarcane commenced *Rabi* crops doing well Fodder and water sufficient Cattle-disease in Raniganj Common rice selling as follows —

	Srs	
Sadar	15	per rupee
Kalna	13½	
Katwa	15	
Raniganj	14	

Birbhum.—Rainfall nil Weather seasonable *Rabi* crops doing well Price of common rice at Sadar 13½ seers and at Rampur Hât 14 seers per rupee Fodder sufficient

Bankura.—Rainfall at Bankura 40 Weather generally fair Storm and rain las evening (11th) *Rabi* crops doing well Pressing of sugarcane progressing Fodder and water sufficient Rice selling at Bankura 15 seers and at Vishnupur 11 seers per rupee

Midnapore—No rain Weather seasonable Prospects of *rabi* good *Boro* is being sown Cattle-disease reported from Garhbeta and Nayagram Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	14	per rupee
Contai	18	
Tamluk	13	
Ghatal	15	

Hooghly—Weather cloudy during the latter part of the week Good rainfall last evening (11th) Harvesting of *rabi* crop continues Cattle-disease prevails in Pandua and Dhaniakhali Common rice sells at 14 seers 1 chitak per rupee

Howrah—No rain Weather rather hot for the season Transplantation of *boro* in Ulubaria still going on Condition of *rabi* good Fodder and water sufficient Common rice sells at 13¾ seers per rupee

24-Parganas.—Rainfall at Sadar 25 Weather seasonable Prospects of crops good *Rabi* crops are being briskly harvested Rain wanted for ploughing No cattle-disease Fodder and water sufficient. Common rice sells as follows —

	Srs	ch.	
Sadar	14	0	per rupee
Barasat	16	0	
Basirhat	15	11	
Diamond Harbour	13	5	

Nadia.—No rain Weather seasonable Prospects of standing crops good Lands being cultivated for *aus* Fodder and water sufficient except in Chuadanga, where scarcity of water felt in some places Price of common rice stationary

Murshidabad.—No rain Weather seasonable *Rabi* doing generally well No cattle disease. Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	15	per rupee
Jangipur	14½	
Kandi	15½	

Jessore.—Rainfall at Sadar 38 Weather cloudy and warm Harvesting of *aman* paddy finished No cattle-disease reported Fodder and water sufficient. Common rice sells as follows —

	Srs	
Sadar	16	per rupee
Jhenida	18	
Magura	16½	
Narail	1[illegible]	
Bangaon	18	

Khulna.—Rainfall nil Weather hot Harvesting of *aman* completed *Rabi* crops doing well Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16¾	per rupee
Bagerhat	16½	
Satkhira	17	

Rajshahi—Weather seasonable Prospects of crops good No cattle disease Fodder and water plentiful Common rice sells at 18½ seers per rupee

Dinajpur.—Rainfall nil Weather seasonable Standing crops good Fodder and water plentiful Rice selling at Sadar 17 seers and at Thakurgaon 16 seers per rupee

Jalpaiguri—Rainfall nil Weather seasonable Harvesting of mustard going on Tobacco doing well Fodder and water sufficient Common rice sells at 16 seers per rupee

Darjeeling—No rain Weather seasonable *Hills*—*Tori* being harvested, wheat, barley and potatoes progressing *Terai*—Harvesting of mustard going on, tobacco doing well Coarse rice sells as follows —

	Srs	
Hills	10	per rupee
Terai	16	

Bhutta sells at Darjeeling 20 seers and at Kalimpong 24 seers per rupee

Rangpur—Rainfall nil Weather seasonable Potatoes and mustard are being harvested Common rice sells at 18½ seers per rupee Fodder and water sufficient

Bogra—No rain Cultivation for *aus* and jute going on Prospects good Fodder and water ample Common rice sells at 18½ seers per rupee

Pabna—Rainfall 02 at Sadar Weather partially cloudy and rainy Prospects good. *Rabi* crops being harvested, yield fair Prices stationary

Dacca—Rainfall nil Weather seasonable Prospects of crops good Fodder available No cattle-disease Common rice 16 seers per rupee

Mymensingh—Rainfall at Sadar 87, Kishoreganj 61, Netrokona 15 Weather stormy Prospects of crops good Fodder and water ample Common rice selling 18 seers per rupee at Sadar and 15 to 18 seers in the subdivisions

Faridpur—No rain Weather hot State and prospects of crops good Common rice sells at 17 seers per rupee

Backergunge—Rainfall at Sadar 35 Weather fine Prospects of crops good Common rice (new *aman*) sells at 16 seers per rupee

Tippera—Rainfall at Comilla 16 Weather seasonable *Boro* being transplanted *Rabi* doing well Average price of common rice 17 seers per rupee

Noakhali—Rainfall at Sadar 11 More rain desirable Cattle-disease reported from Chagalnaya Fodder and water sufficient Price of common rice stationary

Chittagong—Rainfall 04 Cultivation of *rabi* crops nearly finished Water and fodder sufficient Common rice 16 seers per rupee

Patna.—Rainfall nil Harvesting of mustard, peas, and *masuri* commenced in many places Condition of cattle fair Fodder and water for cattle sufficient Common rice in Patna sells at 14 seers per rupee

Gaya—No rain Harvesting of *rabi* and lancing of poppy commenced Price of common rice selling at 13½ seers per rupee

Shahabad.—No rain Crops not injured by hail are prospering Sugarcane being pressed Fodder and water abundant A few cases of cattle disease in Sasaram Common rice at Sadar 12 seers per rupee

Saran—No rain Weather seasonable *Rabi* generally doing well Common rice sells at 12 seers 13 chitaks and *makai* 13 seers 6 chitaks per rupee.

Champaran.—No rain Prospects of *rabi* and poppy continue favourable Prices of common rice and maize at Sadar are 12½ and 1[illegible] seers respectively

Muzaffarpur—Rainfall nil Prospects of crops good Prices are—Common rice 12 seers 10 chitaks, wheat 12 seers, barley 17 seers, *makai* 14½ seers, gram 15½ seers, and *rahar* 16½ seers per rupee

Darbhanga—No rain Weather cool *Rabi* doing well Fodder and water sufficient Cattle-disease reported from Madhubani Common rice sells as follows —

	Srs	
Sadar	14	per rupee
Samastipur	15	
Madhubani	15½	

Monghyr—Rainfall at Sadar nil, Beguserai 11, Jamai 21 Weather cold and bright *Rabi* crops doing well Cessation of rain has improved the prospect of the standing crops Opium benefited by late rain Common rice sells as follows —

	Srs	ch	
Monghyr	12	14	per rupee
Beguserai	14	0	
Jamui	14	0	

Bhagalpur.—Weather bright. Rain at Banka 35 No more rain needed just now Prospects of *rabi* crops improved by the rain Fodder and water sufficient Sporadic cattle disease reported from Banka and Supaul subdivisions Prices stationary

Purnea—No rain Weather cool and clear. Prospects of standing *rabi* crops good Mustard being harvested. Lands being ploughed for jute and *aus* crops No cattle-disease Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16	per rupee
Araria	20	

Malda.—Rainfall nil Weather getting warmer Condition of standing *rabi* crops good Harvesting of *kalai* and mustard not finished Lands are being prepared for *bhadoi* paddy Transplantation of *boro* paddy going on No cattle-disease Price of rice stationary Fodder and water sufficient

Sonthal Parganas—Rainfall nil Weather seasonable cold *Rabi* crops doing well Sugarcane pressing continues Fodder and water sufficient Average price of rice 14 seers 6 chitaks and of maize 18 seers 10 chitaks per rupee Cattle-disease reported from Raj-mahal

Cuttack—Rainfall nil Weather seasonable *Guru sarad*, *kulthi* and *arhar* being harvested Sugarcane being pressed Tobacco, cotton, and *dalua* growing Condition of cattle generally good Fodder and water sufficient Common rice sells as follows —

	Srs	ch	
Cuttack	15	1	per rupee
Jajpur	17	1	
Kendrapara	18	6	
Banki	14	13	

Balasore.—Rainfall 13 at Sadar Threshing of *sarad* and *rabi* crops and pressing of sugarcane continue Cattle-disease prevails in Balasore and Singla Rice sells at 17, 13, and 18 seers per rupee in interior, Balasore, and Bhadrak respectively Fodder and water sufficient

Angul.—Weather hot *Khesari* being reaped Sugarcane being planted Common rice selling at 12 seers per rupee in Angul Khondmals report not received

Puri.—Rainfall nil Weather seasonable *Dalua* thriving Rain wanted for *rabi* crops Miscellaneous crops doing well Common rice sells as follows —

	Srs	
Sadar	16	per rupee
Khurda	16½	
Interior of district	16$\frac{5}{16}$	

Hazaribagh.—Rainfall nil Ploughing going on Fodder and water sufficient Common rice sells at 12 seers per rupee at Sadar.

Ranchi.—Rainfall nil Weather seasonable Ploughing continues Mango and *mahua* coming into flower Rice sells at Ranchi 9½ seers and in the interior 10½ seers per rupee No cattle-disease Fodder and water sufficient

Palamau—No rain Weather seasonable *Rabi* doing well Plantation of sugarcane continues Fodder and water sufficient Prices at Sadar are—Rice 11½ seers, gram 15½ seers, *makai* and wheat 13 seers per rupee

Manbhum.—Rainfall nil Weather seasonable Prospects of crops good Cattle-disease reported from thanas Purulia, Jhalda, Chandil, Manbazar, Tundi, and Topechanchi Fodder and water sufficient Average price of common rice at Sadar 12½ seers and at Gobindpur 12 seers per rupee Supply sufficient

Singhbhum—Rainfall nil Condition of standing crops fair Common rice sells at 13 seers per rupee

General Summary—Rain fell in small quantities in diverse districts in Bengal Proper and in Bhagalpur, Monghyr, and Balasore during the week The standing *rabi* crops are generally reported to be doing well, and some of the early crops are being harvested The pressing of sugarcane is in full swing Spring rice is doing well, and ploughing for autumn rice is beginning In Ranchi the mango and *mahua* trees are flowering The price of common rice fluctuated somewhat unsteadily, the results in neighbouring districts being dissimilar It increased in 11 districts and decreased in 9, and is stationary in the remainder Cattle are in good condition, there being sufficient fodder for them in every district Cases of cattle disease are reported from a few districts

By order of the Lieutenant-Governor of Bengal,

F A SLACK,

Offg. Secretary to the Govt. of Bengal.

REVENUE DEPARTMENT,
The 13th February 1900

STOCKS OF RICE IN AND AROUND CALCUTTA.

No. 159 Statistics.—The following is published for general information

Abstract of the Results of Meteorological Observations taken at the Alipore Observatory in the month of January 1900

	Inches	Date	Hour
The mean pressure of the month	30 016		
The average pressure of January from 24 years' registers	30 014		
The highest pressure in the month	30 213	20th	10
The lowest pressure in the month	29 813	7th	16
The range of pressure	0 400		
	Hours		
The total number of hours of bright sunshine during the month	183 9		
The maximum possible number of hours of sunshine	337 3		
	°		
The mean temperature of the month	68 1		
The average temperature of January from 24 years' registers	67 7		
The highest temperature in the month	86 3	24th	
The lowest temperature in the month	50 8	14th	
The range of temperature during the month	35 5		
The mean daily range of temperature	21 3		
The greatest range of temperature in one day	28 5	14th	
	Per cent		
The mean humidity of the month	74		
The average humidity of January from 24 years' registers	71		
	Inches		
The mean vapour tension of the month	0 508		
The average vapour tension of January from 9 years' registers	0 467		
The mean cloud proportion of the month	2 65		
The average cloud proportion of January from 23 years' registers	1 30		
	Ins		
The total rainfall of the month	Nil		
The total rainfall indicated by a Beckley s self registering rain-gauge (mouth of the gauge about 53 feet above the ground)	Nil		
The average fall of January from 48 years' registers	0 43		
The greatest fall in 24 hours	Nil		
	Days		
The number of rainy days in the month	Nil		
The average number of rainy days in January from 24 years' registers	2		
The mean maximum equilibrium temperature of solar radiation during the month	° 130 5		
The mean difference of sun and air temperatures	49 8		
The greatest sun temperature	139 2	24th	
The greatest excess of sun over air temperature	55 2	9th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	53 0		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	6 8		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	9 9	13th	
	Miles		
The mean movement of the wind per day	42 3		
The greatest movement of the wind in one day	88 0	19th	
The greatest movement of the wind in one hour	9 0	28th	5 to 6, 6 to 7, & 7 to 8 P M

The number of hours with winds from each of the 8 points—
N 159, N E 81, E 63, S E 5, S 9, S W 59, W 43, N W 48, Calm 277

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory) The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore 003 lower The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2·5 lower, and, finally the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0 6 higher than the Kew Standard thermometer, which is the standard of reference at the present Observatory

G W KUCHLER,

METEOROLOGICAL OFFICE, GOVT OF INDIA,
Alipore (Calcutta), the 12th January 1900

For *Meteorological Reporter to the Govt of India and Director-General of Indian Observatories*

	Inches
The mean pressure of the seven days	29 987
The average pressure of the corresponding period for 24 years, Surveyor-General's Office	29 966
	Hours
The total number of hours of bright sunshine	35 8
The maximum possible number of hours of sunshine	78 5
	°
The mean temperature of the seven days	72 0
The average temperature of the corresponding period for 24 years, Surveyor-General's Office	70 5
The extreme variation of temperature	27 7
The maximum temperature	87 9
	Miles
The highest velocity of the wind in one hour	5
	%
The mean relative humidity	70
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office	69
	Inches
The total fall of rain from 4th to 10th February 1900	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0 33
The total fall from 1st January to 10th February 1900	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0 79

The mean pressure, temperature, &c, are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected approximately to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground

o, overcast.

METEOROLOGICAL OFFICE, GOVT OF INDIA,
Alipore (Calcutta), the 12th February 1900

G W KUCHLER,
for Meteorological Reporter to the Govt. of India and Director-General of Indian Observatories.

Printed at the Printing Office, and published by the Book Depôt, of the Bengal Secretariat, Writers' Buildings, in the City of Calcutta, on 14th February 1900

The Hon'ble BABU JATRA MOHAN SEN said —"Before making my remarks on the motion before us, I beg to join most gladly in the expression of the obligation of this Council to the labours of our Law Secretary, Mr. Wigley.

"I propose with Your Honour's permission to offer my respectful but firm opposition to the motion of the Hon'ble Member in charge of the Bill. After the exhaustive criticisms of the measure made by the Hon'ble Mr. Apcar, and anticipating others from the Hon'ble Members who will follow and who will be able to speak with authority, I desire to offer only one or two observations.

"Allow me, Sir, to congratulate ourselves on the termination of this unusually long debate, now that we are embarked on the final motion to pass the Bill into law, which also is coming to a close in a couple of hours.

"I must mention at the outset that although I felt at first embarrassed and disheartened at the ruling of order you, Sir, from your exalted Presidential chair thought fit to make,—that the main principles of the Bill, having been settled by the Council at their previous meetings, and by the memorable letter of the Government of India of the 17th June last, were no longer open to discussion, and that all motions relating to the constitution of the several municipal authorities were out of order,—I must confess that that ruling saved this Council from wasting their energy in the discussion of matters which would undoubtedly have been rejected by the majority of this Council, unless they thought fit to alter their opinions after reading the able joint minutes of the Hon'ble Babus Surendranath Banerjee and Narendra Nath Sen and the separate minutes of the Hon'ble Babu Surendranath Banerjee and Mr. Apcar, which was perhaps not probable, if not impossible. But after all it was desirable to have the points thoroughly discussed.

"But above all, Sir, I cannot refrain expressing my regret at the closure of the amendments relating to the constitution of the General Committee at any rate, which caused a great disappointment to us. Without disputing the propriety of the ruling, I beg to observe that although the general principles of the Bill were no doubt discussed at the previous meetings of the Council, it cannot be denied that the only opportunity to discuss the Bill, section by section and clause by clause, and to move formal and practical amendments after the Bill had been examined and criticised by the public, was the one we had at the last reading and discussion of the Bill The arrangement as to the formation of the General Committee, even if it was in line with the decision of the Council in April, 1898, and accepted at the discussion last month, was liable to be reviewed and reconsidered at the motions of amendments formally

proposed and made after mature consideration on further light supplied by the representations of the several bodies and societies and other persons interested to offer suggestions In the present case the letter of the Government of India having in a great measure introduced a change, the necessity to discuss principles of the constitution of the General Committee was greater.

"Now, Sir, the General Committee ought to have been constituted in conformity with the representation introduced in the Corporation This has not even been done No doubt it may be said that the letter of the Government of India stood in our way, at any rate that is the construction that has been put upon it, and I do not say that it is not susceptible of that interpretation. But the letter is susceptible of a more liberal construction, having in view the sympathetic tone and broad principles enunciated by the Government of India in that letter The letter says, no doubt in most distinct terms, that one-third of the total number of 12 members of the General Committee should be nominated by the Government and the remaining two-thirds by the Corporation, which may at first sight mean that half of the two-thirds should be nominated by the Ward Commissioners and the other half by the Commissioners appointed by the mercantile bodies and the Local Government, but, if we examine more closely, it would appear that the Government of India were anxious to see 'that a strictly fair and proportionate representation of the constituent elements of the electoral body' was secured, and with that view desired the Local Government to devise some plan to attain that object. Now, Sir, three-fourths of the nominated Commissioners, *viz*, 15, are appointed by Government and are not the representatives of any section of the electoral body. Therefore, in allowing them to take part in the nomination of the members of the General Committee, along with the Commissioners appointed by the mercantile community, the result has been to reduce the representation of the Ward Commissioners to one-third instead of half, as in the Corporation, and augment that of the mercantile community and Government to two-thirds. If, on the other hand, the Commissioners nominated by the Government were made to join with the Ward Commissioners in nominating the members to the General Committee, the representation would not have been so unequal, for the mercantile bodies would have a fair representation, namely, one-fifth, which is the proportion in the Corporation, but the best arrangement would have been to allow the Ward Commissioners and the Commissioners appointed by the mercantile bodies to nominate the two-thirds of the number of the members of the General Committee in the ratio of 5 to 2, the Government nominating the remaining one-third in consultation with the Commissioners appointed by them This arrangement, I venture to think, would have been consistent with the views of the Government of India, as passages such as—'The Bengal Government will doubtless, therefore, find it

desirable to suggest some plan that will secure to that proportion (two-thirds) of the General Committee, which is to be elected by the entire Corporation, a *strictly fair and proportionate* representation of the constituent elements of the electoral body' (paragraph 19), and ' .. that there are features in Sir Alexander Mackenzie's Bill which are not in entire accordance with the principles just laid down, and which might not in practice ensure that amicable and patriotic co operation of all parties in the future municipal government of the city, which is essential to its efficient administration' (paragraph 8)—evidently tend to show.

"The Government by the present arrangement secured a representation in the General Committee through the nomination by the Commissioners appointed by them, who, along with the representatives of the Trade and Commerce, nominate half of two-thirds reserved for the Corporation, and again has the right to nominate the one-third reserved for Government. Such anomaly could have been avoided if the subject had been discussed at the Council. Let us, however, hope for the best. The remedy is not gone yet, it has only been transferred to the hands of the Government, and I earnestly hope your Government will so nominate the members to the General Committee as to ensure that 'amicable and patriotic co-operation' as to harmonise the interests of the rate-payers with other interests.

"The strongest complaint of the rate-payers is that the reduction in the number of Commissioners, assuming that reduction in the numerical strength of the Corporation was necessary, for which no case seems to have been made out, has been directed to the body of the Ward Commissioners only without a corresponding reduction in the number of nominated Commissioners The result has been a reduction in the elected representation of the rate-payers from two-thirds to half in the Corporation and from two-thirds to one-third in the General Committee, thus placing the elected representation in a standing minority. The tendency of this legislation has been the violation of the first principle of local self-government, *viz*, the representation of the interests of the rate-payers. If the object has been, as it is avowed to be, to do away with the Hindu preponderance and to give adequate representation to the interests of trade and other communities, that, I venture to submit, has not been secured, for no provision has been made to represent native trade and the interests of Muhammadan and other communities of Calcutta. I hope this will be remedied by nomination that is in the hand of the Government.

"Another chief and vital objection to the present measure has been the deprivation of the Corporation of their general power of control and creation of independent and co-ordinate authorities, thus rendering the Corporation almost an useless and powerless body Under the present arrangement, the main principle of local self-government, namely, the vesting of responsibility to the body to make it efficient, is wanting. The Corporation, shorn of all controlling power, cannot be said to be a responsible body, but on the other hand the whole blame attaches to that body in case of default made by the Chairman or the General Committee, especially when the chapter on control by Government has been made more stringent than before. To my

mind it seems perfectly plain that sound legislation lies in providing stricter control in proportion to larger delegation of authority to local bodies, but in this instance the proportion has been the reverse of that principle.

"I think I ought to refer to one other feature, among others, of the Bill, *viz*, the special provisions regarding the acquisition of land by the Corporation. They violate the accepted principles governing the cases of compulsory acquisition and the ordinary rules of evidence bearing on the subject, thus putting the owners whose lands may be acquired by the Corporation in a worse position than when the acquisition is made for purposes other than municipal.

"I take this opportunity to acknowledge that there have been introduced many provisions tending to definite improvement of the future sanitation of Calcutta. I should like to specially mention with a degree of pleasure the sound and improved rules regarding the regulation of buildings and bustees, although perhaps here and there slight concessions were possible. I admire, however, the stern attitude the Hon'ble Mr Buckley assumed in being very slow to make concessions in this Council, for he said he would make no further concession, having already made all concessions that could have been made when the Bill was before the Select Committee, for which the people are grateful to him.

"If the Hon'ble Member had not assumed that attitude, I am afraid it would have been difficult to introduce reforms in this direction, as the people everywhere are always slow to realize the good intentions of the reforms, and are reluctant to the introduction of changes

"I beg leave to thank the Hon'ble Members opposing the opposition section—I mean the section representing the popular side of the question—for the very kind and courteous manner in which they have treated throughout this long debate the members holding opposite opinions

"And above all our thanks are specially due to you, Sir, for the very kind and patient hearing you have given us, and the greatest consideration you have shown in accepting some of the proposals which you thought reasonable but which would otherwise have been lost

"In conclusion, I join in imploring the Government to take up the revision of Schedule III of the Bill at no distant time, and find out if any means could be devised to improve the finances of the Corporation; for to carry out the many reforms that may be necessary to be introduced when this Bill becomes law large funds will be needed.

"The interests of the land and house owners have been, in the opinion of all, heavily taxed, and no appreciable increase of revenue is expected therefrom. I beg to reiterate our fervent hope that your Government will, in nominating Commissioners both in the Corporation and the General Committee, exercise the power so as to harmonise the interests of all communities."

REGISTERED No 29]

SPECIAL SUPPLEMENT TO

The Calcutta Gazette.

WEDNESDAY, FEBRUARY 14, 1900

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled under the provisions of the Indian Councils Acts, 1861 and 1892

The Council met in the Council Chamber on Saturday, the 6th January, 1900.

Present

The Hon'ble SIR JOHN WOODBURN, K.C S.I, Lieutenant-Governor of Bengal, *presiding*.
The Hon'ble Mr W B. OLDHAM, C.I E
The Hon'ble Mr. R B BUCKLEY
The Hon'ble Mr C. W. BOLTON, C S.I.
The Hon'ble Mr. E N BAKER.
The Hon'ble RAI DURGA GATI BANERJEA, BAHADUR, C I E
The Hon'ble Mr C. E. BUCKLAND, C.I.E
The Hon'ble Mr F. A SLACK.
The Hon'ble KHAN BAHADUR MAULVI DELAWAR HOSAIN AHMED.
The Hon'ble MR J. PRATT
The Hon'ble BABU JATRA MOHAN SEN.
The Hon'ble Mr T. W. SPINK.
The Hon'ble RAJA SASHI SHAKHARESWAR ROY, BAHADUR, OF TAHIRPUR.
The Hon'ble RAJA RANAJIT SINHA, BAHADUR, OF NASHIPUR
The Hon'ble SAHIBZADA MAHOMED BAKHTYAR SHAH, C.I E
The Hon'ble MR. D. F. MACKENZIE.
The Hon'ble MR. J. G. APCAR.
The Hon'ble DR. ASUTOSH MUKHOPADHYAYA, M A., D.L., F.R.A.S, F R S.E
The Hon'ble BABU SURENDRANATH BANERJEE.

QUESTIONS AND ANSWERS.

Election of Municipal Commissioners

The Hon'ble Mr D F Mackenzie asked —

Has the attention of Government been called to an article in the *Reis and Rayyet* published on 9th December, in which it is alleged that no valid election of Commissioners can be held under the new Calcutta Municipal Act in March next?

Does the Government consider that the suggestion in the article is well founded? And, if so, what action does Government propose to take in the matter?

The Hon'ble Mr Baker replied —

"The attention of Government has been drawn to the article in question The point now raised by it was brought to notice while the Calcutta Municipal Bill was under consideration, and the Government was then advised that the provisions of the Bill relating to the initial elections in March, 1900, were properly framed and were not open to objection.

"After the publication of the article in the *Reis and Rayyet* referred to in the question, the matter was referred to the present Advocate General, whose opinion is to the following effect —

'Act III (B C) of 1899 was first published in the Calcutta Gazette with the consent of the Governor General on the 22nd November, 1899, and by such publication section 42 of that Act came, as I read the Act, into force on that date, though the Act in its entirety does not come into operation until the 1st April, 1900, and repealed so much of section 15 of Act II (B C) of 1888 as empowers the electors of each of the 25 wards into which Calcutta is for municipal purposes divided to elect two Commissioners, and so much of section 19 as provides for the holding of a general election to take effect from 1st April, 1901

'For these reasons, I am of opinion that section 42 of Act III (B C) of 1899, read with section 1 of that Act, is sufficient to legalise a general election of one Commissioner for each of such 25 wards under Act II (B C) of 1888 at such time in March, 1900, as may be appointed by the Local Government'

"The suggestion made in the article is, therefore, not well founded, and no action on the part of Government is necessary"

THE DARJEELING MUNICIPAL BILL

The Hon'ble Mr Baker moved that the Bill to amend the Bengal Municipal Act, 1884, in its application to Darjeeling be referred to a Select Committee consisting of the Hon'ble Mr. Oldham, the Hon'ble Mr Buckley, the Hon'ble Mr Buckland, the Hon'ble Babu Jatra Mohan Sen, the Hon'ble Dr Asutosh Mukhopadhyaya, the Hon'ble Babu Surendranath Banerjee and the mover, with instructions to report in a fortnight

He said —"When introducing the Bill, I described its chief provisions and the general object of it at some length The Bill has also now been in Members' hands for a fortnight It is, therefore, not necessary for me to go over this ground again

"On these occasions, however, when a motion is made to refer a Bill to a Select Committee, it is usual to discuss and settle the principles of the measure, and I will endeavour to do this on the present occasion.

"In one sense this is a comparatively easy task, for the Bill now before the Council is essentially a measure of details No constitutional questions are raised in it. It is of very limited operation, applying only to a single Municipality The structure of the Municipality is untouched None of the existing functions, powers or obligations of the Commissioners are affected What we desire to do is to supplement their powers in respect of certain matters concerning roads, drains and buildings in which the provisions of the present law are defective in such a town as Darjeeling And this we seek to do by enacting supplementary provisions dealing with each detail which we have

in view. The Bill, therefore, takes the form of a series of isolated amendments of the Act, and it might be supposed that there are no broad general principles on which it is based.

"It will be found, however, that there are two ruling ideas round which all these detailed provisions group themselves, or rather one ruling idea which divides itself naturally into two parts. This ruling idea runs throughout every part of the Bill It is essential to it, and not merely incidental, and I propose to ask the Council to accept it as the governing principle of the measure It can be stated very briefly The first part of it is that, in order to ensure the public safety, it is essential that the construction of all works in Darjeeling, by which I mean roads, drains, buildings and bridges, private as well as public, shall be strictly subject to the approval and sanction of the Commissioners And I should explain that I use the term construction in a broad sense, including re-construction and any extensive or material alteration The second part of the principle is that it is essential that the Commissioners should have power to enforce the execution of protective works where these are necessary for the public safety, and, if necessary, power to carry them out themselves at the cost of the owners of the property affected

"It will be found, I think, that almost every provision of the Bill can be referred to one or other of these ruling principles I do not suppose that either proposition is likely to be called in question Indeed, when stated simply, they are almost self-evident, and I do not propose to enlarge upon them at any length No one who knows Darjeeling, or who has studied the report of Mr Joscelyne's Committee, is likely to doubt that the primary causes of the recent loss of life and property were improper buildings, improper roads and improper excavations To prevent the construction of these in the future they must be brought under strict control, and this can best be done by making them subject to the previous sanction and approval of the Municipal authorities, and giving the latter effective power to insist on their orders being carried out The second part of the principle is really a mere corollary or extension of the first part No man can be permitted to construct a house or a drain which endangers the lives or property of the public and, similarly, no man can be permitted to allow a house or a drain already constructed to get into such a condition as to endanger the lives or property of other people If it does so, the Municipal authorities must have power to compel him to put things right I wish to go further than this It may happen that the house or the drain is still good enough by itself, but, in consequence of changes which have occurred on the hillside since it was constructed, it may have newly become a source of danger to other property In that case also I think it cannot be questioned that the owner may fairly be required to construct protective works This is a perfectly just and reasonable proposition Landed property on a steep mountainside is necessarily precarious, and it does not in the least follow that, because a house or a road was secure when it was first constructed, it will not become a source of danger hereafter Power must, therefore, be reserved to enforce the construction of protective works at any time This, I may mention, is perfectly well understood by house-owners in Darjeeling.

"I do not think I need say anything further on the present motion."

The Hon'ble Raja Sashi Shakareswar Roy, Bahadur, of Tahirpur, said —"It is, I think, Sir, necessary that I should lay before Your Honour the fact that I have received communications from Darjeeling, which, if I understand aright, mean that the people there are not yet quite ready to pronounce their opinions fully on the Darjeeling Municipal Bill The opinions which have reached my hands up to this time are, I am afraid, not very favourable towards the Bill. In fact, the people there—at least a portion of them—seem to be frightened at some of the provisions of the Bill, especially the immense power which we are going to give into the hands of the Municipal Commissioners, without giving a Civil Court remedy for the would-be sufferers They have particularly requested me to bring to Your Honour's notice that they want some time—time sufficient, at least—to read, to digest and to think over the

provisions of the Bill, which contains more than 359 sections. It is quite true the matter is urgent For the protection of the hill it would be necessary, as I understand, to commence the business of construction and destruction before the rains set in. But whether the time we are allowing between this and the passing of the Bill is quite sufficient for collecting the views and opinions of persons most concerned—I mean the landowners and residents—is a question which Your Honour is the best judge to decide."

The Hon'ble BABU SURENDRANATH BANERJEE said :—"I think I express the the sense of the Council and of Your Honour's Government when I say that, if there is a strong body of local feeling in favour of a further extension of time within which the Select Committee are to report upon the provisions of this Bill, it will receive favourable consideration at the hands of the Government The time within which we are called upon to report is only a fortnight, and it does strike me that a fortnight is scarcely adequate for the consideration of a measure of this magnitude and importance I fully recognise the urgency of the Bill A law has to be passed so that it may be possible to take in hand the protective measures which may be necessary for the safety of Darjeeling before the next rains set in, but all the same, when we are about to legislate for the carrying out of measures which are likely to interfere with private and vested proprietary rights, we ought to give ample time to those who possess such rights, so that they make any representations which they may desire to lay before the Council For my own part I should have preferred a separate enactment applicable to Darjeeling instead of the amendment of the general law applicable to all Municipalities in Bengal I have great confidence in Your Honour's administration, but it is possible that some future Lieutenant-Governor may extend the provisions of this Bill to other Municipalities, and, in my humble judgment, it is necessary to guard against a contingency of that kind But, if we have a law applicable only to Darjeeling, such a contingency can never occur.

"The Hon'ble Member in charge of the Bill has been pleased to say that no constitutional changes of any kind are contemplated in this Bill I confess I have as yet only been able to glance at the provisions of this Bill, but, from the little attention I have been able to give to it, it seems to me that constitutional changes of the greatest moment are contained in this Bill A cursory glance at the provisions of the Bill will show that there is a considerable enhancement of the authority of the Government, if not a considerable diminution of the powers of the Municipal Commissioners, and this itself is inconsistent with the principles of local self-government, and I should be disposed to record my protest against the Bill on this ground alone, were I not sensible of the fact that in politics there is no such thing as an abstract principle, and that every principle or system in the abtract must be judged by reference to the particular circumstances in which it is sought to enforce it But there are considerations on the other side of the question which ought also to be borne in mind

"This Bill carefully follows the lines of an admirable report drawn up by a carefully constituted Committee, but I find that there was no representative of the Indian community on that Committee. I venture to say in this connection that I regret that a similar procedure was not adopted with regard to the Calcutta Municipal Bill, and that a Committee was not appointed to make their recommendations before that Bill was introduced The Committee which was appointed in connection with the Bill now before the Council have submitted their report, on that Committee there were representatives of the non-official community, and I find that the report of the Committee has been unanimously adopted by the Municipal Commissioners of Darjeeling, and, further, I learn, from enquiries I have made, that there was a meeting held by the local community of Darjeeling, and that they have also accepted the provisions of the Bill Therefore, we have a considerable body of opinion in support of this measure, and I would not raise a discordant note, were it not that I find that an important question of principle is involved, and the acquiescence of the local community in what I deem to be the violation of this principle cannot

be regarded as the final settlement of the issue. If you look at section 351H,—and my hon'ble friend the Raja of Tahirpur has also referred to it,—you will find that the decision of the Engineer or of the Commissioner of the Division on any appeal preferred to him will be final. This is tantamount to the withdrawal of the power of the Civil Courts in this matter. I do not know that a local Legislative Council has the power to withdraw any authority, now vested in the Civil Court, although it may possibly do so with the consent of the Government of India But, even if that consent were obtained, I submit that it would be highly inexpedient to take away such a power. A proceeding of this kind is calculated to accentuate the alarm which has been created by the passing of the Calcutta Municipal Bill, *viz*, that the tendency of our legislation in recent years has been to exalt the executive at the expense of the judiciary I hope a satisfactory answer will be given by the Hon'ble Member in charge of the Bill on this point I hope also that the Hon'ble Member will be able to accede to the extension of time which my hon'ble friend the Raja of Tahirpur has suggested I hope there will be a thorough discussion of this measure, because important interests are affected, and having regard to the magnitude of those interests we should avoid even the appearance of hasty legislation"

The Hon'ble Mr Apcar said:—"I only desire to comment on one point, with reference to this measure, and it is one that is not with reference to the details of the Bill On the ground of expediency, it seems to me that it will be a desirable course to pursue if this measure is embodied in a separate Bill instead of being incorporated in the existing Act in the manner it is proposed to be done As I understand it—I may be under a misapprehension, and I shall be glad if I am—it is intended to amend, or add, various sections in the existing Bengal Municipal Act. I would suggest, as a far more convenient course to pursue, to have a separate Act with reference to the Darjeeling Municipality, instead of working, into the existing Municipal Act, provisions which are peculiarly adapted for application to Darjeeling only. I have some experience in this method of legislation that has been adopted, and I think it only leads to confusion and inconvenience.

"With regard to the request which has been made for an extension of time, I feel myself a little embarrassed because I have not heard for what period it is sought that an extension should be granted, but it does seem to me that a fortnight is a very narrow term to give for the consideration of this very important measure that will affect rights of property, and the value of property, in the locality"

The Hon'ble Mr Baker, in reply, said —"Both the Hon'ble Mr Apcar and the Hon'ble Babu Surendranath Banerjee have suggested that it might be better to embody the amendments we propose to make in the Municipal law in a separate Act for Darjeeling, instead of incorporating them in the ordinary Municipal Act which applies to the whole of Bengal I may say that this suggestion was considered by the Government when the question of legislation for Darjeeling first came before us, and the reason why we decided that it is unnecessary to do so is very simple, namely, that nine-tenths of the provisions of the existing Act will remain unaffected I said nine tenths, but I might say nineteen-twentieths, or even a still larger proportion. The whole of the provisions relating to the constitution of the municipality, the assessment and collection of taxes, the whole of the powers of the Municipal Commissioners in respect of such important matters as water-supply, lighting, conservancy, and everything connected with the public health, and practically everything except the provisions relating to the building regulations and to roads and drains, will remain unchanged. These are the only three matters in respect of which it is proposed to make any change at all If we were to enact a special Act for Darjeeling, instead of having a Bill of 26 sections, we should have not less than 350 sections, and that alone is a sufficient reason, even if there was no other, why Your Honour's Government decided to adopt the form in which this Bill has been drafted.

"With regard to the extension of time within which the Select Committee should submit their report, for which both the Hon'ble the Raja of Tahirpur and the Hon'ble Mr Apcar have pressed, I would remind the Council that in Your Honour's opening remarks at the meeting of this Council on the 20th of December last you explained the reasons why this measure was urgent. The building season in Darjeeling is the cold weather and the spring No building or road can be constructed during the rains or immediately after the rains. The rainfall in Darjeeling is very heavy every year, and exposes the station to very serious risk, and, if the damages caused by the cyclone in September last are not effectually repaired during the present working season, it may involve very serious risk to Darjeeling when the next rainy season sets in Under the existing law, we cannot ensure that houses will be properly repaired or that revetment walls will be made where they are required in dangerous parts of the hillside It is most necessary, therefore, that this Bill should come into force before the the present working season comes to an end And, although the Bill does run over a considerable number of printed pages, there is very little which need take up much time, and scarcely any provisions which are likely to prove contentious

"Then the Hon'ble Babu Surendranath Banerjee has thrown out a suggestion that, perhaps, this measure might hereafter be extended to other municipalities This suggestion is alone sufficient to show that the Hon'ble Member was correct when he said that he had not read the Bill carefully, because it is physically impossible to apply any of these provisions to any town in the plains There is only one municipality in Bengal, other than Darjeeling, to which any of these provisions can have application—I mean the small municipality of Kurseong I think it would matter little to the Hon'ble Member if these provisions were extended to Kurseong, but in any case I may say that Your Honour's Government has no intention to extend them even to Kurseong

"The Hon'ble the Raja of Tahirpur and the Hon'ble Babu Surendranath Banerjee made some reference to certain provisions of the Bill which oust the jurisdiction of the Civil Courts in certain matters, and they expressed some alarm at the incorporation of those provisions Here again the Hon'ble Members will find, when they come to study the Bill, that very good reasons have been shown, and do exist, for the inclusion of those provisions The matters in respect of which we propose to oust the jurisdiction of the Civil Courts are purely professional and engineering matters, and the Civil Courts can scarcely be expected to decide matters of that kind with the promptness and exactitude with which it would be done by the special tribunals constituted by this Bill We propose that when any question arises of a professional nature, such as when the Municipal Commissioners refuse permission to build upon a site, or when they pass an order directing the construction of a revetment wall or any other protective work, there should be an appeal to a specially appointed Engineer of a higher rank than Executive Engineer Hon'ble Members will admit that an Engineer is a much better authority than the Civil Court to decide a purely professional question of that kind The Civil Court can only come to a decision on the evidence of experts, and we all know what the value of the evidence of experts is, whereas an Engineer having special knowledge of Darjeeling will be the best authority to decide whether the orders passed by the Municipal Commissioners are right or not. The other special tribunal provided by the Bill is the Commissioner of the Division Although the Hon'ble Member referred to the Commissioner of the Division, he omitted to mention that the Commissioner is not to sit alone, but is to be assisted by two assessors who will be drawn from among the landowners and residents of Darjeeling [The Hon'ble BABU SURENDRANATH BANERJEE—"The Commissioner will not be bound by the opinion of the assessors"] I might mention that this provision was inserted on the express recommendation of land and house owners in Darjeeling It was not a suggestion which emanated from the Government or from Mr Joscelyne's Committee, but was suggested by the persons whose property and purses will be affected, therefore, we have good ground for holding that the people most concerned do approve of these specific provisions.

"There is one other minor point which was referred to in general terms by the Hon'ble Babu Surendranath Banerjee. He said that there are some changes in the Bill which are of a constitutional character, some diminution of the authority of the Commissioners and some enhancement of the powers of the Government That objection, I may observe, was answered in advance by the Hon'ble the Raja of Tahirpur when he said that according to his information some of the residents of Darjeeling were alarmed at the enhancement of the authority of the Municipal Commissioners, for there cannot possibly be both an enhancement of the authority of the Commissioners and also a diminution of their authority What the Hon'ble Member possibly referred to was the temporary provisions at the end of the Bill which empower the Local Government to exercise the powers of the Commissioners for a short period. That is not a principle of the Bill, they are purely temporary provisions, and they were inserted on the formal, unanimous and earnest application of the Municipal Commissioners themselves"

The motion was put and agreed to

AMENDMENT ON BENGAL ACT I OF 1869 (*Cruelty to animals*).

The Hon'ble Mr Slack introduced the Bill to amend Bengal Act I of 1869 (*an Act for the prevention of cruelty to animals*), and moved that it be read in Council

He said—"The Act now in force merely provides for the punishment of persons actually in charge of the animal which is cruelly used Such person is not generally, and need not be, the owner of the animal in question, and the result is that the penalty inflicted is not adequate The Chief Presidency Magistrate has intimated to me that the Act in its present form is completely ineffective He says that in his experience in many instances the owner of an animal which is suffering compels the driver to take it out again as soon as possible after a fine is inflicted. Moreover, it is quite impossible to realize from the driver any fine which may be imposed With a view to remedy this state of things and to provide for the care of the suffering animals, it is proposed to extend certain provisions of Act XI of 1890 of the Imperial Council for the prevention of cruelty to animals, by which the authority which has power to punish an offender may at the same time order the animal with regard to which the offence has been committed to be taken to a veterinary infirmary and to be kept there at the expense of the owner of the animal until it is well It might be asked why the provisions of the Imperial Act should not be included in this Bill The answer is very simple, because if that Act were extended here the police would not have the power which they now possess of arresting an offender without process, and I need hardly add that the present Act is in that respect more effective I shall at the next meeting ask that the Bill be referred to a Select Committee with instructions to report within a week"

The motion was put and agreed to, and the Bill was read accordingly.

The Council was then adjourned to Saturday, the 20th January, 1900

CALCUTTA,	F G. WIGLEY,
The 12th February, 1900.	*Assistant Secretary to the Govt of Bengal, Legislative Department.*

Abstract of the Proceedings of the Council of the Lieutenant-Governor of B ngal, assembled under the provisions of the Indian Councils Acts, 1861 and 1892

The Council met in the Council Chamber on Saturday, the 20th January, 1900

Present

The Hon'ble SIR JOHN WOODBURN, K C.S I, Lieutenant-Governor of Bengal, *presiding*
The Hon'ble MR J T WOODROFFE, Officiating Advocate-General, Bengal.

NEW MEMBER.

The Hon'ble MR. WOODROFFE took his seat in Council

QUESTIONS AND ANSWERS.

OUTRAGES AND ASSAULTS ON WOMEN IN THE MYMENSINGH DISTRICT

The Hon'ble RAJA RANAJIT SINHA, BAHADUR, of Nashipur, asked—

Will the Government be pleased to lay on the table a statement showing the number of cases of outrages and assaults on women in the district of Mymensingh, and the number of offenders detected, sent up for trial and convicted, during the last three months, and to state if the offence decreased during the said period after the appointment of special Police Inspectors.

The Hon'ble MR. BOLTON replied —

"A statement of the number of cases instituted during September, October and November last is laid on the table It shows 31 cases of rape, 64 cases of kidnapping in order to compel marriage or illicit intercourse, 14 cases of kidnapping from lawful guardianship, 33 cases of indecent assault, and 22 cases of house-trespass, the population of the district, which covers an area of 6,300 square miles, being $3\frac{1}{2}$ millions, of which $2\frac{1}{2}$ millions are Muhammadans The number of cases shows a large increase, but the local officers point out that this is the primary result of the appointment of Special Inspectors for investigating this class of crime, the increase being due to some extent to true cases being brought to light, but to a much greater extent to the exaggeration of cases of adultery and seduction, which are of frequent occurrence in the district, so as to bring them under sections cognizable by the police It would appear that advantage is being taken of the presence of the special officers to bring before the Courts many cases arising out of marriage disputes, and the local officers have to watch and enquire into the charges very carefully The fact that of 184 persons sent up for trial during the three months only 42 had been convicted, 63 having been discharged or acquitted and 79 being still under trial, points to the necessity for this watchfulness. No outrage of an exceptionally serious nature occurred during the period It is reported that the Special Inspectors have, on the whole, met with fair success in bringing the offenders to justice in the real cases of outrage, and in collecting evidence for proceedings against dangerous characters under section 110 of the Code of Criminal Procedure"

Statement of outrages and assaults on women instituted, and of offenders sent up for trial, in Mymensingh during September, October and November, 1899

SEPARATION OF JUDICIAL FROM EXECUTIVE FUNCTIONS.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

I.—I have the honour to ask if this Government has received any communication from the Government of India in connection with a memorial submitted to the Secretary of State, on the question of the separation of judicial from

executive functions, by Lord Hobhouse, Sir Richard Garth, Sir William Markby, Sir William Wedderburn, Sir John Phear and other distinguished men If so, will the Government be pleased to lay it on the table and invite thereon the opinions of the various public associations ?

The Hon'ble Mr Bolton replied —

"This Government has received no communication from the Government of India relating to the memorial mentioned by the Hon'ble Member "

MR PENNELL'S RECENT JUDGMENT.

The Hon'ble Babu Surendranath Banerjee said—

(*a*) With reference to the judgment of Mr Pennell, late Sessions Judge of Chapra, setting aside the sentence passed on one Narsing Sinha, who was convicted by the Deputy Magistrate of Chapra and sentenced to two months' rigorous imprisonment, I have the honour to ask whether the attention of the Government has been called to the following findings in the judgment of the Sessions Judge —

(1) That Mr. Corbett, Assistant Superintendent of Police, and Mr Simkins, Engineer, committed a severe assault upon Narsing Sinha, because he snapped his fingers at Mr Corbett's face and would not submit to forced labour

(2) That subsequently a case was got up against Narsing Sinha by the Assistant and the District Superintendent of Police in consultation with the District Magistrate

(3) That the Deputy Magistrate who tried the case was in frequent communication with the District Magistrate under whose orders the prosecution was initiated, and he stated in his examination before the Sessions Judge that he took the record to the District Magistrate to satisfy him that section 353 was not applicable—to explain to him—and that he discussed cases with District Magistrates to avoid after-troubles

(*b*) Whether Government approves of such conferences between the prosecuting officer and the trying Magistrate? If not, whether the Government will be pleased to take such action as to the Government may seem fit to prevent such interchange of views between prosecutor and judge which must prejudice the righteous administration of justice ?

(*c*) Whether a copy of the judgment of Mr. Pennell in this case has been submitted to the Government, and what action, if any, the Government has taken with regard to the officers, *viz*, Messrs. Twidell, Bradley, Corbett and Simkins and Maulvi Zakir Hossein, whose conduct has been severely censured by the Sessions Judge in his judgment ?

(*d*) Whether there is any foundation for the statement which has been made that Mr Pennell has been transferred owing to his judgment in the Chapra case If not, will the Government be pleased to state the circumstances of the transfer ?

The Hon'ble Mr Bolton replied,—

"A copy of Mr Pennell's judgment was submitted by him to the Government The officers of the Saran District concerned were gravely to be blamed, and the promotion of the two who were most responsible has been suspended for a year and two others have been censured

"Subordinate Magistrates may, without sacrifice of their judicial independence, seek the advice of the District Magistrate, or of brother officers, and similar consultations occur in Courts of Justice generally In difficult cases especially, they afford useful assistance to judicial officers. In the present

instance, however, the District Magistrate had personally interested himself in the prosecution and ordered its institution, and no discussion should have taken place between him and the Deputy Magistrate during the trial.

"Mr Pennell was transferred in the course of official changes, and the order appointing him to Noakhali was passed before the Government saw his judgment"

THE DARJEELING MUNICIPAL BILL.

The Hon'ble Mr Baker presented the Report of the Select Committee on the Bill to amend the Bengal Municipal Act, 1884, in its application to Darjeeling.

AMENDMENT OF BENGAL ACT I OF 1869 (*Cruelty to animals*).

The Hon'ble Mr. Slack moved that the Bill to amend Bengal Act I of 1869 (*an Act for the prevention of cruelty to animals*) be referred to a Select Committee consisting of the Hon'ble Mr. Piatt, the Hon'ble Babu Surendranath Banerjee and the mover, with instructions to report at the next meeting of the Council.

The Hon'ble Mr Buckland said —"I should like to make a few observations on this Bill at this stage. It really deals with a matter to which I have given much consideration for many years past—I mean the establishment of a Veterinary Institution at Belgatchia and the introduction of the teaching of veterinary science I regard this Bill as not only complementary to the Act for the Prevention of Cruelty to Animals, but also as filling a great want which is much felt at the Veterinary College at Belgatchia. I had intended to offer a suggestion for enlarging the scope of this measure, but on arriving in this room I enquired of the Secretary to Government, the Hon'ble Member in charge of the Bill, and I understand it is unnecessary to press the suggestion I had intended to make The work that is being done at Belgatchia must, I think, commend itself to all who are interested in the agriculture and the future of Bengal You are aware, Sir, that every year young men are being turned out from that College fully equipped with all the knowledge required to enable them to exercise their profession wherever they may be sent in Bengal I can conceive nothing more advantageous to the millions of cultivators in Bengal than that there should be such a body of men available to be sent to any spot on the occasion of an outbreak of rinderpest or cattle-plague or any other disease that affects cattle. But it is very important that this College should have material on which to work. I have been told on enquiry that it is very desirable that more cases should be sent to the College on which the students can practise, and I am informed that the prosecutions instituted by the Society for the Prevention of Cruelty to Animals amount to about seven thousand a year, so that, if only a thousand of the animals ill treated could be made available for practice and for the clinical instruction of students, it would be of great advantage to the College All that is possible is, I believe, being done to have the education of these students brought up to date in accordance with the latest knowledge of veterinary science, but it is impossible that much progress can be made until they have material to work upon. I therefore think this Bill will go a long way to meet a great want It has also been commended to me on other grounds Not only will it facilitate the supply of subjects for the instruction of the students, but it will also benefit the owners, because their animals will be cured and restored to them for use with the least possible delay, and it will obviously be for the benefit of the animals that they should be cured and sent away. It has also been mentioned to me that, though Belgatchia is some little distance away from Calcutta, it will not be necessary for sick animals to walk there, because the College has ambulances which can be sent to bring them. It has further been mentioned that the administration of justice will benefit, because it will be easier to realize the fines imposed on owners for having used animals in a cruel way. I was not aware before that there was any difficulty in realizing these fines, but it has been mentioned to me that this is the case On the whole I cordially support this measure, and I hope an early opportunity

will be taken by the municipalities which are authorised by law to establish veterinary hospitals and employ veterinary assistants, to apply for the extension of this measure, when it is passed into law, to their municipalities, so that there may be numbers of veterinary infirmaries throughout the country I speak from considerable experience in this matter, and hope that the Council will pass this Bill without further delay."

The motion was put and agreed to.

ADJOURNMENT OF COUNCIL

The Hon'ble THE PRESIDENT said —"The Government are obliged to the Select Committee on the Darjeeling Bill for the prompt and careful attention they have given to its provisions. Their conclusions have been published for the information of the public, and I hope it will be possible to take the Bill into consideration in its final stage at the next meeting of the Council, which will be on Saturday, the 17th February next, and to that day the Council is adjourned"

PART I.

Orders and Notifications by the Lieutenant-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

No 1416A

GENERAL —*No 1159 A —The 15th February 1900* —Mr E Lister, Under-Secretary to the Government of Bengal, in the General, Revenue and Statistical Departments, is allowed leave for one month and eleven days, viz, one month under the Resolution of the Government of India, Finance and Commerce Department, No 5047P, dated the 15th November 1897, and eleven days under article 291 of the Civil Service Regulations, with effect from the date on which he may be relieved.

No 1161 A —The 15th February 1900 —Mr H L Stephenson, Officiating Joint-Magistrate and Deputy Collector, now on special duty, is appointed to act as Under-Secretary to the Government of Bengal, in the General, Revenue and Statistical Departments, during the absence, on leave, of Mr E Lister, or until further orders

No. 1165 A —The 15th February 1900 —The order, dated the 3rd February 1900, granting furlough for one year to Mr Atul Krishna Ray, Deputy Magistrate and Deputy Collector, Kushtia, Nadia, is cancelled.

No 1192A.—The 16th February 1900 —Maulvi Abu Nasr Muhammad Ali, Officiating Deputy Magistrate and Deputy Collector, Rangpur, is transferred to the Barasat subdivision of the 24-Parganas district.

No 1194A —The 16th February 1900 —Babu Atal Behary Moitra, Deputy Collector, Tippera, is vested with the powers of a Collector, under Act I of 1894, in that district

No 1209A —The 16th February 1900—Lieutenant-Colonel A Evans Gordon, Deputy Commissioner, has been granted by Her Majesty's Secretary of State for India a further extension of furlough, on private affairs, for six months

No 1210A —The 17th February 1900—Mr J A Craven, Deputy Magistrate and Deputy Collector, Ranaghat, Nadia, is transferred to the head quarters station of the Ranchi district

No 1212A —The 17th February 1900—Babu Khagendra Nath Mitra, Deputy Magistrate and Deputy Collector, Nadia, is appointed to have charge of the Ranaghat subdivision of that district

No 1224A —The 17th February 1900—Babu Khetter Mohan Mitter, Deputy Magistrate and Deputy Collector, on leave, is posted to the head-quarters station of the Patna district

No 1229A —The 17th February 1900—Mr C J S Faulder, Magistrate and Collector, Midnapore, is appointed to act, until further orders, as Commissioner of Burdwan

No 1366A —The 20th February 1900—Mr C R Marindin, Officiating Commissioner of the Orissa Division and Superintendent of the Tributary Mahals, Orissa, is appointed to be Commissioner of the Rajshahi Division, *vice* Mr P Nolan

No 1368A —The 20th February 1900—Mr E B Harris, Magistrate and Collector, Tippera, is appointed to act as Commissioner of the Orissa Division and Superintendent of the Tributary Mahals, Orissa, during the absence, on furlough, of Mr G Stevenson, or until further orders

No 1370A —The 20th February 1900—Mr L F Morshead, Officiating Magistrate and Collector, Bogra, is appointed to act as Magistrate and Collector of Tippera, during the absence, on deputation, of Mr E B Harris, or until further orders

No 1372A —The 20th February 1900—Mr Birendra Chandra Sen, substantive *pro tempore* Joint Magistrate and Deputy Collector, Dinajpur, is appointed to act, until further orders, as Magistrate and Collector of Bogra

No 1374A —The 20th February 1900—The following officers are confirmed in the officiating appointments mentioned opposite their names :-

Mr A E Harward, Officiating District and Sessions Judge, Faridpur
„ Lokendro Nath Palit, Officiating District and Sessions Judge, Jessore
„ Ambika Charan Sen, Officiating District and Sessions Judge, Mymensingh
„ F F Handley, Officiating District and Sessions Judge, 24-Parganas
„ F E Pargiter, Officiating Additional District and Sessions Judge, 24-Parganas and Hooghly
„ Ahsanuddin Ahmad, Officiating Magistrate and Collector, Birbhum.
„ J H Bernard, Officiating Magistrate and Collector, Champaran
„ J H E Garrett, Officiating Magistrate and Collector, Dinajpur
„ E Geake, Officiating Magistrate and Collector, Shahabad
„ J L Herald, Officiating Magistrate and Collector, Cuttack

No 1385A —The 20th February 1900—Mr F W Duke, Magistrate and Collector, is appointed to be Magistrate and Deputy Collector of Howrah

Mr Duke will continue to act as Chairman of the Corporation of Calcutta until further orders

No 1387A —The 20th February 1900—Mr E H C Walsh, Junior Secretary to the Board of Revenue, Lower Provinces, is appointed to be a Magistrate and Collector of the second grade

He will continue to act in the first grade of Magistrates and Collectors until further orders

Mr Walsh is confirmed in his present appointment as Officiating Magistrate and Collector of Monghyr

No 1390A The 20th February 1900—Mr H J McIntosh, Magistrate and Collector, on leave, is appointed to be Junior Secretary to the Board of Revenue, Lower Provinces, *vice* Mr E H C Walsh

No 1394A —The 20th February 1900—Babu Jogendra Nath Chuckerbutty, Deputy Magistrate and Deputy Collector, on leave, is posted to the head-quarters station of the district of Burdwan

No 1396A —The 20th February 1900—Babu Hiralal Banerjee, Deputy Magistrate and Deputy Collector, Jessore, is appointed temporarily to have charge of the Magura subdivision of that district, with effect from the date on which he assumed charge of that subdivision

No 1401A —The 20th February 1900—Babu Bisvesvar Bhattacharya, Deputy Magistrate and Deputy Collector, on leave, is posted to the head-quarters station of the district of Monghyr

This cancels the order of the 13th instant, posting Babu Bisvesvar Bhattacharya to the head-quarters station of the Ranchi district

D JOSCELYNE,
Secy to the Govt of Bengal

MARINE DEPARTMENT

The 15th February 1900

No 26Marine —The following telegram, dated the 29th January 1900, from the Political Agent at Muscat, Karachi, reporting one case of plague since 20th January 1900 and no death, is published for general information

R B BUCKLEY,
Secy to the Govt of Bengal

Copy of a telegram, dated the 29th January 1900, from the Political Agent at Muscat, Karachi to the Foreign Secretary, Calcutta

Agency Surgeon reports one case plague since 20th instant no death

The 19th February 1900

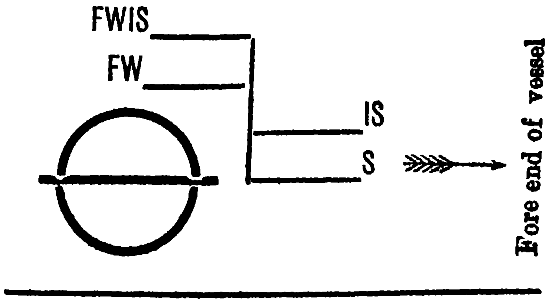

No 27Marine —In exercise of the powers conferred by section 40, sub-sections (1) and (2) of the Indian Merchant Shipping Act, 1880, as amended by the Deck and Load Lines Act, 1891, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following Rules regarding Load line Marks, Seasons, Certificates, Draught of water and Freeboard for Sailing Vessels engaged solely in the Indian Coasting Trade

R B BUCKLEY,
Secy to the Govt of Bengal

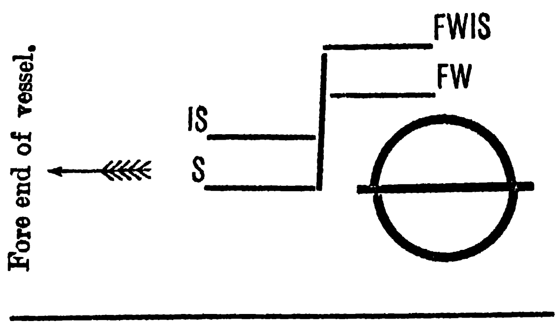

1 The lines to be used in order to indicate the maximum load-line under different circumstances and at different seasons shall be nine inches in length and one inch in thickness, and the maximum load line shall be the upper edge of each of such lines

2 The said lines shall be horizontal lines marked on both sides of the ship, extending from and at right angles to a vertical line marked twenty-one inches forward of the centre of the disc The maximum load-lines in fresh water shall be marked abaft such vertical line and the maximum load-lines in salt water shall be marked forward of such vertical line, as shown in the following diagrams —

Starboard Side

Port Side

The arrow (←⋘) points in the direction of the vessel's head

The provisions of the Indian Merchant Shipping Act, 1880, Chapter II, shall have effect as if any such maximum load-line were drawn through the centre of the disc

3 Such maximum load lines shall be as follows, namely —

For fresh water, Indian summer,
„ fresh water,
„ Indian summer (Indian fair weather season),
„ summer (Indian foul weather season),

and shall be distinguished by initial letters permanently and conspicuously marked opposite such horizontal lines as aforesaid, such initial letters being as follows —

F W I S —Fresh water, Indian summer
F W —Fresh water
I S —Indian summer (Indian fair weather season)
S —Summer (Indian foul weather season)

The upper edge of the horizontal line passing through the centre of the disc shall always indicate the summer freeboard in salt water

4 The ships to which these rules apply shall be marked with all the aforesaid lines

5 The said disc, and the lines, or marks, to be used in connection therewith, shall be painted white or yellow on a dark ground or black on a light ground, and the position of the disc, and of each of the lines, shall, in the case of iron and steel vessels, be permanently marked by centre punch marks, and shall, in the case of wooden vessels, be sunk for their breadths into the planking a depth of not less than one-quarter of an inch.

6 Application for a certificate of approval of the position of the disc or any alteration thereof shall be made to the Port Officer of————by the owner or agent in the form marked L L I A in the schedule hereto annexed and the application shall be accompanied by the prescribed fee After survey a certificate shall be issued by the Port Officer in duplicate in the form in the schedule hereto annexed which is applicable to the case, one part shall be delivered to the applicant, and the other part shall be recorded by the Port Officer

The managing owner, agent, or master shall also forthwith, on the delivery to him or his agent of any such certificate as aforesaid, cause the same to be framed and put up in some conspicuous part of the ship so as to be visible to all persons on board the same, and shall cause it to be continued so put up so long as such certificate remains in force and such ship is in use

On a certificate of approval ceasing to have effect, application shall at once be made by the registered managing owner of the ship for the granting of a new certificate of approval, and the old certificate shall be delivered up to the Government who issued and who shall cancel the same

7. The master of every ship to which these rules apply shall, before she leaves any port in India for the purpose of proceeding to sea, enter in the official log all the particulars stated in the certificate so issued as aforesaid if not previously entered.

8 For the purpose of these rules the following periods shall mean "Indian summer" (fair weather season) and "summer," respectively —

	Fair season (Indian summer)	Summer.
(*a*) Bay of Bengal, east of Tuticorin	15th November to 25th May	26th May to 14th November
(*b*) West Coast, Sind, Bombay and Malabar	1st September to 25th May	26th May to 31st August

The seasons as prescribed should have reference to the nature of the voyage in all cases

9 The following rules are prescribed with respect to certificates of approval and their duration —

(*a*) As regards ships classed in Lloyd's Register or by any other corporation or association for the survey or registry of shipping approved by the Government of————, the certificate of approval shall cease to have effect when the class of the ship is changed or withdrawn Such certificate shall be in the form L L 3 A A in the schedule hereto

(*b*) As regards unclassed wooden ships which have been opened out for survey, and unclassed iron and steel ships, the certificate shall be granted for a fixed time varying with the age and condition of the ship, at the expiration of which it shall cease to have effect Such certificate shall be in the form L L 3A A A in the schedule hereto

(*c*) As regards unclassed wooden ships which have not been opened out for survey, no limit of time shall be imposed in the certificate, which shall be in the form L L 3B B in the schedule hereto

(*d*) As regards all vessels having deck erections, in respect of which deductions have been made for freeboard, if any change tending to invalidate the right to such deductions is made in the structural condition of the deck erections, the certificate of approval shall thereby cease to have effect

10 For the purpose of these regulations the expression "amidships" shall mean the middle of the length of the load water-line as measured from the fore side of the stem to the aft side of the stern post

Officers entrusted with approval of freeboard and the survey of vessels reported to be overladen will be guided by the Tables of Freeboard issued by the Board of Trade, and, in respect to Indian summer voyages, by the following Supplementary Table of Freeboard —

Table of Freeboard for First class Iron, Steel, Wood, and Composite Sailing Vessels of the Highest class, engaged solely in the Indian Coasting Trade

Moulded depth	Deduction in inches for Indian summer (Indian fair weather season) voyages

The 19th February 1900

No 28 Marine—The following notification, dated the 2nd February 1900, by the Government of India, prohibiting the bringing, taking, sending or consigning of used apparel, &c, &c, from the Nagpur district of the Central Provinces into any other part of British India, is published for general information

R B BUCKLEY,
Secy to the Govt of Bengal

No 279, dated Calcutta, the 2nd February 1900

NOTIFICATION—By the Government of India, Home Department

IN exercise of the powers conferred by section 2, sub-section (1) of the Epidemic Diseases Act, 1897 (III of 1897), the Governor-General in Council is pleased to prohibit the bringing, taking, sending or consigning of used apparel and bedding (except when carried as the personal baggage of travellers), rags and waste paper from the Nagpur district of the Central Provinces into any other part of British India

---

The 19th February 1900

No 29 Marine—In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following addition to rule 6 of the supplementary rules for regulating the transport and importation of explosives in the Port of Calcutta, issued under Notification No 25Marine, dated the 2nd February 1897, in supersession of the addition made under Notification No 135Marine, dated the 15th July 1899 —

(*a*) The term "safety-fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction, and contains an explosive in such quantity, that the burning of such fuze will not communicate laterally with other like fuzes

(*b*) The expression "safety cartridges" means cartridges for small arms, of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges The term also includes rifle calibre machine-gun cartridges if they are of the above description, whether they are for use with machine-guns having chambers identical with those of rifles, or with machine-guns which have special chambers

The maximum guage at which small-arm cartridge can be accepted as "safety" is one inch The following are the guages of the machine gun cartridges which may be accepted as "safety" —

303-inch cordite

Martini Henry rifle, solid case

45-inch Gardner Gatling and Nordenfeldt, except Martini-Henry chambered guns

4 inch

Cartridges of larger guage are not safety cartridges.

NOTIFICATION—No 593P

The 19th February 1900—It is notified for general information that the following rule has, with the approval of the Lieutenant-Governor, been substituted for Rule 23 of the Rules for the registration of documents under the Bengal Tenancy Act, VIII of 1885, framed under section 69 of the Indian Registration Act, III of 1877, which were published under Government Notification No 949P, dated the 21st March 1898, at pages 325 to 330 in Part I of the *Calcutta Gazette* of the 23rd idem —

Remittance of landlords' fees, &c

"23 Landlords' fees shall be remitted to the treasury with the same regularity as is required in the case of remittance to the treasury of ordinary registration receipts, provided that such fees shall not be forwarded to the treasury until the registration of the deeds on which they are levied has been completed."

C W BOLTON,
Chief Secy to the Govt. of Bengal.

NOTIFICATION—No 615P

The 20th February 1900—Whereas the operations for the cadastral survey of, and preparation of a record of-rights in, the districts of Cuttack, Puri, Balasore, Muzaffarpur, and Champaran have been completed, and it is accordingly practicable to describe houses, not being houses in towns, and lands for the purposes of section 21 of the Indian Registration Act, 1877, by reference to the detailed maps prepared in the course of those operations, the Lieutenant-Governor is pleased to make the following rule under the power vested in him by section 2 of the Indian Registration (Amendment) Act, 1899, and to direct that the said rule shall come into force on and from the 1st June 1900 —

In all areas within the districts of Cuttack, Puri, Balasore, Muzaffarpur, and Champaran, in which a cadastral survey has been made and a record-of-rights has been prepared, houses, not being houses in towns, and lands shall be described for the purposes of section 21 of the Indian Registration Act, 1877, by reference to the detailed maps prepared in the course of that survey

C W BOLTON,
Chief Secy to the Govt of Bengal

EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service

The 16th February 1900—Consequent on the death of Babu Gopal Chandra Chakravarti, B A, Sub-Inspector of Schools, Palkot Circle, and of Babu Nogendra Nath Bose, Sub-Inspector of Schools, First Circle, Ranchi, the following arrangements are sanctioned —

(1) Babu Hem Chandra Aikat, Education Clerk, Ranchi, to act temporarily as Sub-Inspector of Schools, Palkot Circle, in the district of Ranchi, and in class VIII, *vice* Babu Gopal Chandra Chakravarti, deceased, or until further orders

(2) Babu Hari Lal Chakravarti, Clerk of the Assistant Inspector of Schools, Chota Nagpur Division, to act temporarily as Sub-Inspector of Schools, First Circle, Ranchi, and in class VIII, *vice* Babu Nogendra Nath Bose, deceased, or until further orders

The 17th February 1900—Mr L M Martyr, Eighth Assistant, office of the Director of Public Instruction (class IV), is allowed leave of absence for one month and fifteen days, under Article 291 of the Civil Service Regulations, with effect from the 20th February 1900, or such subsequent date as he may himself of it

The following arrangements are made during the absence, on leave, of Mr L M Martyr, Eighth Assistant, office of the Director of Public Instruction —

(1) Mr J Jones, Ninth Assistant, office of the Director of Public Instruction (class VI), to act as Eighth Assistant in the same office, on the pay of his own grade

(2) Mr P Alexander, Tenth Assistant, office of the Director of Public Instruction (class VI), to act as Ninth Assistant in the same office, on the pay of his own grade

(3) Babu Hira Lall Mukherjea, Eleventh Assistant, office of the Director of Public Instruction (class VI), to act as Ninth Assistant in the same office, on the pay of his own grade

(4) Babu Mani Lal Das, Twelvth Assistant, office of the Director of Public Instruction (class VII), to act as Eleventh Assistant in the same office, on the pay of his own grade

(5) Mr F D'Silva, Thirteenth Assistant, office of the Director of Public Instruction (class VII), to act as Twelvth Assistant in the same office, on the pay of his own grade

(6) Babu Abinas Chandra Mallik, Fourteenth and officiating Thirteenth Assistant, office of the Director of Public Instruction (officiating in class VIII), to continue to act as Thirteenth Assistant in the same office and also in class VIII

Mr W D'Silva, Head Clerk, office of the Inspector of European Schools, Bengal (class IV), is allowed leave of absence for fifteen days, under Article 291 of the Civil Service Regulations, with effect from the 15th February 1900

Maulvi Faiz Baksh, Fourth Master of the Rajshahi Collegiate School (class VIII), is allowed leave of absence for a month, under article 369 of the Civil Service Regulations, with effect from the 2nd January 1900

Babu Jadu Nath Banerjea, Sixth Master of the Rajshahi Collegiate School, is appointed to act as Fourth Master of the same institution and in class VIII, *vice* Maulvi Faiz Baksh, on leave, or until further orders

The 19th February 1900—Babu Manmatha Chandra Mitra, B A, Officiating Second Master of the Gaya Zilla School, under orders of transfer to Dumka (class VII), is allowed leave of absence for nine months, under Article 372 of the Civil Service Regulations, with effect from the 1st March 1900, or such subsequent date as he may avail himself of it

Babu Hari Lal Chatterjea, M A, Third and Officiating Second Master of the Motihari Zilla School (substantively *pro tempore* in class VIII), is appointed to act as Second Master of the Dumka Zilla School, during the absence, on leave, of Babu Manmatha Chandra Mitra, or until further orders

Consequent on the transfer of Babu Jogendra Chandra Datta, Second Master, Gaya Zilla School and Officiating Fourth Master of the Chapra Zilla School, to the Patna Collegiate School, the following arrangements are sanctioned —

(1) Maulvi Mahammad Yasin, Fifth Master (Head Maulvi) of the Chapra Zilla School (class VIII), to act as Fourth Master (Head Maulvi) of the same institution, *vice* Babu Jogendra Chandra Datta

(2) Babu Sital Prasad, B A, Sixth Master, Chapra Zilla School (class VIII), to act as Fifth Master of the same institution, *vice* Maulvi Mahammad Yasin

(3) Babu Bhabani Prasad Datta, B A, to act as Seventh Master of the Chapra Zilla School and in class VIII on a salary of Rs 37-8 a month, *vice* Maulvi Mahammad Ismail.

The 20th February 1900—Babu Srinath Banerjea, Second Clerk in the office of the Inspector of Schools, Presidency Circle (class VI), is appointed to be Head Clerk in the office of the Inspector of Schools, Bhagalpur and Chota Nagpur Circle, on the pay of his own grade, *vice* Babu Surendra Nath Banerjea, transferred

This cancels the orders of the 8th February 1900, appointing Babu Jogeswar Ghosh, Head Clerk in the office of the Inspector of Schools, Presidency Circle (class III), to be Head Clerk in the office of the Inspector of Schools, Bhagalpur and Chota Nagpur Circle, *vice* Babu Surendra Nath Banerjea

A PEDLER,

Director of Public Instruction, Bengal.

NOTIFICATION

Chittagong Collectorate, the 20th January 1900

T S THOMAS, *for* Collector

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on the 2nd March 1900, corresponding with (not 20th Falgun, as previously advertised, but) 19th Falgun 1306 B.S —

Conditions of Sale

1st —The estates to be sold to the highest bidders above the upset price which will be fixed by the Collector at the time of sale The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, with effect from 1st April 1900, as revenue free or subject to the revenue fixed in perpetuity

2nd —The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities

3rd —If the amount of purchase money do not exceed Rs 100, the whole amount to be paid down at once.

4th —If the amount of purchase money exceeds Rs 100, one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday then by the noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate will be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

The Indian Law Reports.

Published under Authority

THE Indian Law Reports, published under the authority of the Governor General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876 —

N B —The Revised Prices herein entered cover the cost of packing, postage and other incidental charges (except commission for value payable supplies), and are for all purchasers other than resident College Students.

ROORKEE TREATISE ON CIVIL ENGINEERING IN INDIA

Royal octavo, with numerous plates
Volumes I and II are published in separate convenient sized Sections, as below, but can be bound up if required

VOLUME I *

SEC		Rs A.
I	—Building Materials (1898)	2 0
II	—Masonry (1898)	1 4
III	—Carpentry (1898)	1 8
IV	—Earthwork (1892)	1 4
V	—Tools and Plant (never published)	

VOLUME II *

SEC		Rs A.
VI	—Buildings (1899)	1 4
VII	—Bridges (1897)	4 4
VIII	—Roads (1897)	1 8
IX	—Railways (1891)	1 4
X	—Irrigation Works (under revision)	

ROORKEE MANUAL OF APPLIED MECHANICS.

Vol. I —Direct and Transverse Strain, principally by Analytical Methods 7 0
II —The Stability of Structures, mostly by Graphic Methods (in the Press)

MANUALS

		Rs A.
VII	—Surveying (by Major Firebrace, R E), (7th edition), with Curve Table	8 0
XIII	—Drawing (by Lieut R Pulford, R E)†	6 0
XIIIA	—Drawing, First Principles of Geometrical (by Lieut R Pulford, R E)	1 4
XIV	—Simple Applied Mechanics, (3rd edition), Parts I and II in one	1 8
	Simple Applied Mechanics, Part II (1st edition)	0 8
XV	—Examples of Estimating Comprising a progressive series of Estimates (with plans of Buildings and Bridges, worked in detail) By P Keay, Esq , and revised by C C Sullivan, Esq , Head Master (5th edition)	3 12
XVI	—Earthwork Estimating, with Practical Tables and Diagrams By Major A M Brandreth, R E , say	1 0
XVII	—Specimens of Printing used in the College Drawing Course and Entrance Examinations	0 6

Note —The complete Treatise forms the course of the Engineer Civil and U S Classes at the Thomason College in Civil Engineering. The other Manuals are the complete course for both Classes in the several subjects of which they treat

MISCELLANEOUS

ENGINEERING WORKS

	Rs A
Curve Tables, complete for laying any curve	0 4
Scantlings of Timber for Roofs Tables and investigation of formulæ for determining size of timbers for Flat Roofs from 8 to 22 feet span, and for Trussed Roofs from 16 to 50 feet span (2nd edition) By P Keay Esq , Head Master	0 12
Notes on Chemistry of Building Materials	1 8
Tate's Mechanism	1 0
Banerman's descriptive Mineralogy	3 4
Useful Rules and Tables, relating to Measurement of Timber Rules for computing the cubic contents of Round Logs, as well as of Sawn Timbers with Tables, &c By Rai Kunhya Lal ...	2 8

* Date of Edition on sale
† Originally published at Rs.15, reduced to Rs 6

MISCELLANEOUS—*continued*

	Rs A
O'Callaghan's Earthwork Tables for India, in one large sheet, 12 annas, mounted on cloth and bound	1 12
Tables for Computing Earthwork in Distributaries and small open Channels in use in Irrigation Department, N W Provinces	0 12
Tyndall's Hand-book of Specifications (in the Press)	
The Indian Engineer's Pocket Book	1 0
Wooden Bridges and Designs By Rai Kunhya Lal (in the Press)	
Blasting under Water (2nd edition)	0 10
Waugh's Instructions for Topographical Surveying	1 0
Analysis of Lime and Cement Stones By Murray Thomson, Esq M D F R S E	0 6
Chart, giving by a graphic method, the discharges of earthen channels up to 40 feet bed width very useful for Projects	1 6

SCIENCE BOOKS

Wilson's Inorganic Chemistry	1 8

MATHEMATICAL

Boileau's Tables of Wages and Rent and of the value of goods Tables for convert ing Seers and Chittacks into decimals of a Maund, and Annas and Pie into decimals of a Rupee With a few others of general utility (4th edition)	1 8
Boileau's Tables of Log sin² ½ P (for com puting time)	0 4
Cape's Logarithms with tables of Squares Cubes &c	1 4
„ **Geometry**	1 4
Todhunter's Plane Trigonometry	2 8
Todhunter's Differential Calculus	2 8
Cape's Mechanics	0 8
Military Topography	0 8

HINDUSTANI

Elements of Hindustani Grammar	0 8
Technical Dialogues— English and Urdu	1 0
A Vocabulary of Common and Technical Words in English Urdu	0 12
History of India (*Itihas Timirnasak*), Hindi, Parts I and II both	0 6
Short Account of Ganges Canal, (English and Urdu) each	0 4

NOTE AND FIELD BOOKS, &c

Note Books (Section paper) large each	1 4
Surveying Field-Books (ruled)	0 14
Levelling Field Books (English Pattern)	1 4
Ditto ditto (Canal Pattern)	1 4
Ditto ditto (College Pattern)	2 0
P W D Note Book	1 4
„ **Measurement Book**	1 4
Circular Card board Protractors, 12 inches	2 0

MISCELLANEOUS

Distributary Velocity and Discharge Table By Capt Allan Cunningham	0 8
Description of Venomous Snakes (The drawings of all the venomous snakes of Upper India with description and all important information extracted from the 'Thanatophidia of India")	1 8
Ditto ditto in Urdu	1 4
Perspective (fully explained) By Colonel A M Brandreth R E	1 12
Thomason College Calendars for 1893 * 1895 † 1896,† and 1897,† each	2 0
Ditto ditto for 1898‡ and 1899 † Part I	3 6
Forms of Accounts, P W D, for Subdivisional Officers, in English (very old)	0 4
Memo of Instructions for Road Project	1 0
Project for College Mess (sample project)	0 8
Ferrotype Printing Processes	0 8

* This does not contain the Entrance Examination papers of the Superior Accounts Branch Public Works Department

† These include Question Papers for entrance to Engineer and Upper Subordinate Classes and Superior Accounts Branch Public Works Department

‡ This does not contain the Entrance Examination papers of the Upper Subordinate Class

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Act of the Governor General of India in Council received the assent of the Governor General on the 16th February, 1900, and is hereby promulgated for general information —

ACT NO IV OF 1900.

An Act to authorise certain Companies registered under the Indian Companies Act, 1882, to keep branch registers of their members in the United Kingdom.

WHEREAS it is expedient to authorize certain Companies registered under the Indian Companies Act, 1882, to keep branch registers of their members in the United Kingdom, It is hereby enacted as follows —

Short title, extent and commencement

1. (*1*) This Act may be called the Indian Companies (Branch Registers) Act, 1900,

(*2*) It extends to the whole of British India; and

(*3*) It shall come into force at once

Definitions

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) the expression "Company" means a Company registered under the Indian Companies Act, 1882, having its capital divided into shares, and

(*b*) the expression "shares" includes stock

Power to keep branch registers in the United Kingdom

3 (*1*) Any Company may, if authorized so to do by its regulations as originally framed or as altered by special resolution, cause to be kept in the United Kingdom a branch register or registers of members

(*2*) The Company shall give to the Registrar of Joint-Stock Companies notice of the situation of the office where any such branch register (hereinafter called a "British register") is kept, and any change therein, and of the discontinuance of any such office in the event of the same being discontinued, and the Registrar shall record such notice

(*3*) A British register shall, as regards the particulars entered therein, be deemed to be a part of the Company's register of members kept under the Indian Companies Act, 1882, and shall be *primâ facie* evidence of all particulars entered therein Every such branch register shall be kept in the manner provided by section 47 of the said Act

(*4*) The Company shall transmit to its registered office in India a copy of every entry in its British register or registers as soon as may be after such entry is made, and shall cause to be kept at such office, duly entered up from time to time, a duplicate or duplicates of its British register or registers The provisions of section 55 and section 60 of the Indian Companies Act, 1882, shall apply to every such duplicate, and every such duplicate shall, for the purposes of the said Act, be deemed to be part of the register of members of the Company

(5) Subject to the provisions of this Act with respect to the duplicate register, the shares registered in a British register shall be distinguished from the shares registered in the Indian register, and no transaction with respect to any shares registered in a British register shall, during the continuance of the registration of such shares in such British register, be registered in any other register

(6) The Company may discontinue any British register, and thereupon all entries in that register shall be transferred to some other British register kept by the Company in the United Kingdom or to the register of members kept at the registered office of the Company in India

Power to make rules and prescribe forms

4. The Governor General in Council may, by notification in the Gazette of India, make rules and prescribe forms for the purpose of carrying into effect the provisions of this Act

Construction with Act VI, 1882

5 This Act shall, so far as is consistent with the tenor thereof, be construed as one with the Indian Companies Act, 1882

J M MACPHERSON,

Secretary to the Government of India.

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Act of the Governor General of India in Council received the assent of the Governor General on the 16th February, 1900, and is hereby promulgated for general information —

ACT NO. V OF 1900

An Act further to amend the Whipping Act, 1864.

WHEREAS it is expedient further to amend the Whipping Act, 1864, It is hereby enacted as follows —

Short title, extent and commencement

1. (*1*) This Act may be called the Whipping Act, 1900,

(*2*) It extends to the whole of British India, inclusive of British Baluchistan and the Santhal Parganas, and

(*3*) It shall come into force at once

Addition of new section after section 4, Act VI, 1864

2. After section 4 of the Whipping Act, 1864, as amended by the Indian Criminal Law Amendment Act, 1895, the following shall be added, namely —

Additional punishment of whipping for rape in certain cases

"4A Whenever any Local Government has, with the previous sanction of the Governor General in Council, by notification in the local official Gazette, declared the provisions of this section to be in force in any local area within its province, any person in that local area, who, being a member of an assembly of two or more persons, the common object of which assembly is to commit rape as defined in section 375 of the Indian Penal Code, abets, commits or attempts to commit such offence, may be punished with whipping in addition to any other punishment to which, for such abetment, offence or attempt, he may be liable under the said Code "

Substitution of new section for section 5, Act VI, 1864

3 For section 5 of the Whipping Act, 1864, as amended by section 6 of the Indian Criminal Law Amendment Act, 1895, the following shall be substituted, namely — VI of 1864. III of 1895.

Juvenile offenders when punishable with whipping

"5 Any juvenile offender who abets, commits or attempts to commit—

(*a*) any offence which is punishable under the Indian Penal Code otherwise than with death, or XLV of 1860.

(*b*) any offence which is punishable under any other law with imprisonment,

may be punished with whipping in lieu of any other punishment to which he may for such offence, abetment or attempt be liable

Provided that the Governor General in Council may, by notification in the Gazette of India, direct that the punishment of whipping shall not be inflicted in respect of such offences falling under clause (*b*) as he may think fit to specify in this behalf

Explanation—In this section the expression 'juvenile offender' means an offender whom the Court, after making such enquiry (if any) as may be deemed necessary, shall find to be under sixteen years of age, the finding of the Court in all cases being final and conclusive "

Repeal

4 The words "under the provisions of the Indian Penal Code" in the preamble to the Whipping Act, 1864, the words "under the provisions of the said Code" in section 1 of the same Act, and section 6 of the Indian Criminal Law Amendment Act, 1895, are hereby repealed. VI of 1864. III of 1895.

J M MACPHERSON,
Secretary to the Government of India

Shoals and buoys

NOTICE to Mariners No 11, dated 31st January 1900, issued by the Bombay Government, is republished —

Lieutenant Beauchamp, R I M S *Lawrence*, reports as follows

(1) *Shoal east of Bahrain Harbour* —A shoal cast of 4¾ fathoms was obtained 30 miles eastward of Bahrain Harbour, from which—

Ras Umm al Hosa bears S 38½° E

Ras Ashuaj bears S 11° W

North extreme Maharrak Id bears S 80½° W

Approximate position, Lat 26° 22½′ N, Long 51° 7½′ E

As this shoal has not been examined, it is possible less water than reported may exist on it

(2) *Shat al Arab* —No 1 buoy is now situated 4 85 miles N 45° W from the outer buoy, and from the new position of No 2 buoy inner bar buoy bears N 59° W distance 2 65 miles, and old No 2 buoy bore S 46° W before it was removed

Directions for entering Shat al Arab River —Pass from 1 to 2 cables west of the outer buoy and steer N 40° W, till well past No 2 buoy, then alter course to N 50° W until abreast of inner buoy distance 8 to 9 cables, when steer for Fao Pass to the eastward of all but the outer buoy Approximate position, Lat 29° 50′ N, Long 48° 40′ E

(3) *Maskat* —The red conical buoy off Sira al Gharbi (west castle) has been moved one cable W N W approximately

The red can buoy in the south-east corner of the harbour has been removed altogether

Approximate position, Lat 23° 37¼′ N, Long 58° 35¾′ E

All bearings are magnetic, var 0° 10′ E

This Notice affects the following—

(1) Admiralty Chart No 2837 (b), Persian Gulf Western sheet and Sailing Directions, Persian Gulf Pilot, fourth edition, 1898, page 125

(2) *Admiralty Chart No 1235, Mouth of the Euphrates and Sailing Directions, Persian Gulf Pilot, fourth edition, 1898, page 286,*

(3) *Admiralty Chart No 2869, Maskat and Almatra*

Katsu ura and Inuboye saki—Reefs discovered

THE British Admiralty has given notice (No 19 of 1900) of the existence of the following reefs in Katsu ura and of Inuboye saki —

On the East side of Katsu ura —

1 A reef with a least depth of one fathom over it, situated with rock westward of Hachiman saki bearing S 5° E, distant 3¾ cables, and 43-feet rock (named Suzume) southward of Matsubi N 53° W

Approximate position, lat 35° 8′ 20″ N, long 140° 18′ 0″ E

2 A reef named Kantekobudoshi, with a depth of 3¾ fathoms over it at low water, situated with the west extreme of Hachiman saki bearing N 7° W, distant 4¾ cables, and Kuragahana N 52° W.

On the West side of Katsu ura —

3 A reef (named Aburanoko) with a depth of 2¼ fathoms over it, situated with south extreme of the island named Uhara jima, 6 feet above high water, at the western side of the entrance to the harbour, bearing N 54° W, distant 2$\frac{4}{10}$ cables, and south extreme of Hachiman saki N 72° E This reef, having a depth over it of 1½ fathoms, extends about 1¾ cables in N by E direction

4 A reef with a depth of 1¼ fathoms over it, situated with the south extreme of Uhara jima bearing N. 56° E, distant 1¾ cables, and the 159-foot hill N 3° W

Southward of Inuboye saki —

5 A reef named Okino san iso, with a depth of 1¼ fathoms over it, with Nagasaki hana bearing N 42° E, distant 5¼ cables, and 3-foot rock off Inuwaka, called Oyebi jima, N 50° W

Approximate position, lat 35° 40′ 50″ N, long 140° 51′ 40″ E

6 A reef with a depth of one fathom over it, situated with Nagasaki hana bearing N 53° E distant 6¾ cables, and Oyebi jima N 45° W

7 A reef called Matayemon no, with a depth of 5 feet over it, situated with Nagasaki hana bearing N 64° E, distant 7 cables, and Oyebi jima N 45° W

8 A bank of 9 fathoms, named Mashione, with depths around of from 11 to 20 fathoms, is situated N 65° E 6 miles from Hachiman saki

Approximate position, lat 35° 9′ N, long 140° 27′ E.

(Variation 3° Westerly in 1900)

This Notice affects the following Admiralty Charts —Nipon island, &c, No 2347, and plans of Inuboye saki and Katsu ura on sheet No. 208 Also, China Sea Directory, vol IV, 1894, pages 321, 322

Basilan strait—Shoal reported

THE British Admiralty has given notice (No 10 of 1900) that a shoal with a depth of less than 4 fathoms over it is reported to exist in Basilan strait, it is said to be situated with the east point of Sta Cruz, or Great island, bearing N 11° E, distant 3¼ miles, and Coco island summit S 71° E

Approximate position on Chart No 961, lat 6° 48′ 40″ N, long 122° 3′ 20″ E

This position must be regarded as doubtful

(Variation 2° Easterly in 1900.)

This Notice affects the following Admiralty Charts — Sulu archipelago, Nos 2576, 928, Basilan strait, No 961 Also Eastern Archipelago, Part I, 1890, page 95

Colombo harbour—Pilot signals

THE British Admiralty has given notice (No 11 of 1900) that the following signals will be made from the Pilot station tower in answer to vessels' signals for a pilot at night time, in place of the existing signals —

a An electric light, showing red and white flashes alternately in quick succession for a period of one minute, indicates —Pilot will proceed to vessel making signal immediately

b A red fixed light for the same period indicates —Pilot engaged, will proceed to vessel making signal when disengaged

c A white flashing light for a period of about two minutes indicates —Bad weather prevents pilot from coming out

Approximate position, lat 6° 56′ N, long 79° 50′ E

This Notice affects the following Admiralty Chart —Colombo harbour, No 914 Also, Bay of Bengal, 1892, page 46, and West Coast of Hindustan, 1898, page 95

YANG TSE—WUSUNG APPROACH

Tsung Ming bank—Alteration in buoys

WITH reference to Notice to Mariners No 15, dated the 20th ultimo, issued by this office, the British Admiralty has given further notice (No 14 of 1900) that on or about 1st December 1899 the Tsung Ming bank upper buoy would be moved $1\frac{1}{2}$ cables to the southward of its present position, and be moored with Middle island beacon bearing S 51° , distant $3\frac{1}{10}$ miles

Approximate position, lat 31° 27′ 45″ N, long 121° 33′ 20″ E

Also, that a red buoy, named Bush island buoy, surmounted by a black diamond, would be moored to the northward of Tsung pao sha, situated with Middle island beacon bearing S 65 E, distant $4\frac{1}{4}$ miles, and north-west extreme of Tsung pao sha S 40° W

CAUTION —The channel northward of Tsung pao sha is now only 2 cables wide between the 3-fathom lines, and is still decreasing in width

CHINA SEA—BALABAC STRAIT

Banguey west channel—Reef reported

WITH reference to Notice to Mariners No 186, dated the 28th September 1894, issued by this office, the British Admiralty has given further notice (No 17 of 1900) that the Master of the S S *Lavuan* reports that on 28th September 1899, his vessel, drawing 10¼ feet, struck on a reef between Tiga island and Manyangit point, Banguey West channel

At the time of striking, the south extreme of Tiga island bore N 23° W, distant 2 miles, and Battang point S 45° W

Approximate position, lat 7° 18′ 35″ N, long 117° 3′ 45″E

A shoal of 1½ fathoms, marked Labuan rock, has been placed on the Chart in this position

The above reef is assumed to be the same as that on which the S S *Poh Ann* struck on 3rd March 1894, when about 1½ miles N ½ E from Manyangit point, as the precise position of the *Poh Ann* when she grounded was not ascertained, the reef shown on the Chart in that position, with a depth of 2¼ fathoms over it, and marked P D, has therefore been expunged

Approximate position, lat. 7° 19½′ N, long 117° 4′ E

(Variation 2° Easterly in 1900)

FIRST FORECAST OF THE OILSEED CROPS OF BENGAL, 1899-1900

THE following is published for general information.

F A SLACK,

The 20th February 1900. Offg. Secy. to the Govt. of Bengal.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

First Forecast of the Oilseed Crops of Bengal, 1899-1900

Explanatory —This report furnishes estimates of the area and outturn of all the different kinds of oilseeds grown in these Provinces

2 *Character of the season* —The monsoon season of 1899 was characterised by excessive rainfall in East and North Bengal and in parts of Bihar, in South-west Bengal, the actual rainfall during the monsoon season was a little above the normal for that period, and in Orissa and Chota Nagpur, it was less than the normal. In September, the rainfall was moderately heavy in North and East Bengal, practically normal in Bihar, slightly below the normal in South-west Bengal, and much in defect in Orissa and Chota Nagpur. In October, it was deficient everywhere, except in East Bengal and Orissa, where it was excessive. In November, a few light showers were received during the early part of

the month in the Darjeeling hills, and there was some rain also in the Chittagong Division about this time. No rain fell in other parts of these Provinces In December, the rainfall was almost *nil* over the whole Province, and was entirely absent in Bihar and Chota Nagpur. Towards the middle and third week of January, some very useful showers were received, which improved prospects in many districts, but hail and rain towards the close of the month damaged the crops in some places On the whole, the season this year has not been as favourable as that of last year. The rain has been irregularly distributed, and crops in some districts have suffered from an excess of rain and in others from want of rain

3 *Area cultivated*—Revised estimates of normal area have been received from the districts of Burdwan, Midnapore, Hooghly, 24-Parganas, Nadia, Rajshahi, Darjeeling, Rangpur, Noakhali, Chittagong, Patna, Darbhanga, Muzaffarpur, Purnea, Cuttack, Angul, Ranchi, and Singhbhum, and in consequence, the Provincial total in column 4 of the appended statement is now shown as 4,140,200 acres against 4,215,600 acres, the corresponding estimate made in the final report of the oilseed crops of 1898-99 In some cases, modifications have been similarly made in the column showing the area under oilseeds in 1898-99 As the figures stand now, the area under oilseeds for the present year is estimated as 3,669,200 acres against 4,091,900 acres estimated for 1898 99. The contraction in area is generally due to the unfavourable character of the weather at the time of sowing, and is most noticeable in the districts of Hazaribagh and Ranchi.

4 *Character of the crop*—The prospects of this year's oilseed crops are not as bright as those of last year The present estimates show that a better outturn is expected in 12 districts and a lower outturn in 27 districts Crops equal to those of last year are estimated for 6 districts. Returns showing crops above the normal of 100 per cent have been received from Darjeeling and Saran Normal crops are reported from 9 districts. In 29 districts, the estimates vary from 75 per cent to below 100 per cent, and in four districts, viz, Rangpur, Bogra, Angul, and Hazaribagh, from 50 to below 75 per cent In one district, viz, Ranchi, the crop is estimated as only 10 per cent Taking the Province as a whole, the outturn of this year's crops amounts to 84 per cent against 95 per cent, the estimate of outturn of last year's crop

N. N BANERJEI,

Asst Director of Land Records and Agriculture, Bengal.

(COUNTERSIGNED)

S. L MADDOX,

Offg Director of the Dept of Land Records and Agriculture, Bengal.

WEATHER AND CROP REPORT

For the week ending the 19th February 1900

Burdwan.—Rainfall at Sadar 70, Kalna 91, Katwa 62 Threshing of *aman* over Pressing of sugarcane continues *Rabi* crops doing well The recent rain has been generally beneficial Fodder and water sufficient Cases of cattle-disease in Raniganj reported Common rice selling as follows —

	Srs	
Sadar	15	per rupee
Kalna	13¾	
Katwa	15	
Raniganj	14¼	

Birbhum—Rainfall at Rampur Hât 1 24 Weather seasonable *Rabi* crops doing well. Price of common rice at Sadar 13½ seers and at Rampur Hât 13 seers per rupee Fodder sufficient

Bankura.—Rainfall at Bankura 40, Vishnupur 61. Weather occasionally cloudy Pressing of sugarcane going on Other standing crops doing well Fodder and water sufficient Sporadic cases of cow-pox reported Rice selling at 15 seers per rupee at Bankura and Vishnupur

Midnapore—Rainfall at Sadar 21, Tamluk 1 32, Ghatal 74. Weather seasonable Prospects of *rabi* good *Boro* is being sown Cattle-disease reported from Nayagram Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	14	per rupee
Contai	18	
Tamluk	13	
Ghatal	16	

Hooghly—Rainfall at Sadar 33, Serampore 29, Jahanabad 66 Weather seasonable Harvesting of *rabi* going on Cattle-disease prevails at Pandua Common rice sells at 14 seers 1 chitak per rupee

Howrah—Rainfall at Sadar 54, Ulubaria 60 Weather rather hot for the season Transplantation of *boro* in Ulubaria continues *Rabi* doing well Fodder and water sufficient Common rice sells at 13¾ seers per rupee

24-Parganas—Rainfall at Sadar ·42, Barasat 56, Basirhat 65, Diamond Harbour 12 Weather seasonable Prospects of crops good Harvesting of *rabi* crops nearly over The recent showers have done good in facilitating ploughing operations. Cattle-disease reported from some parts of the district Fodder and water sufficient. Common rice sells as follows —

	Srs	ch	
Sadar	16	0	per rupee
Barasat	15	8	
Basirhat	16	13	
Diamond Harbour	13	5	

Nadia—Rain at Sadar 06, Kushtea 25, Meherpur 30, Chuadanga 41, Ranaghat 1 21 Weather seasonable Lands still being cultivated for *aus* Prospects of standing crops good Cow pox reported from Meherpur Fodder and water sufficient except in Chuadanga Price of common rice stationary

Murshidabad.—Rainfall at Sadar 1 05, Jangipur 02 Weather cloudy Prospects of *rabi* crops generally favourable No cattle-disease Fodder and water sufficient Common rice sells at Sadar and Jangipur 15 seers per rupee

Jessore.—Rainfall at Sadar 2 20, Jhenida 10, Magura 89, Narail 1 13, Bangaon 2 36 Weather cloudy, rainy, and cold Harvesting of *rabi* going on Prospects of crops good The hail-storm on the night of the 13th damaged the standing crops in the Magura subdivision The rain has done good to the cultivation No cattle-disease reported Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16	per rupee
Jhenida	18	
Magura	15½	
Narail	16	
Bangaon	16	

Khulna.—Rainfall at Sadar 33, Bagerhat 42, Satkhira 69 Weather hot. *Rabi* crops doing well Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16¾	per rupee
Bagerhat	16	
Satkhira	16	

Rajshahi—Rainfall at Sadar 1, Naugaon 24 Prospects of crops good No cattle-disease Fodder and water plentiful Common rice sells at 17 seers per rupee

Dinajpur—Rainfall nil Weather seasonable Fodder and water plentiful Rice sells at Sadar 20 seers and at Thakurgaon 18 seers per rupee.

Jalpaiguri.—Rainfall nil Weather seasonable Harvesting of mustard continues Tobacco doing well Lands are being ploughed for *bhadoi* crops Price of common rice steady Fodder and water sufficient

Darjeeling—Rainfall at Darjeeling 01 Weather seasonable *Hills*—*Tori* being harvested, wheat, bailey and potatoes doing well *Terai*—Mustard being harvested, tobacco doing well Coarse rice sells as follows —

	Srs	
Hills	10	per rupee
Terai	18	

Bhutta sells at Darjeeling 20 seers and at Kalimpong 24 seers per rupee

Rangpur—No rain Weather seasonable Potatoes and mustard are being harvested Common rice sells at 18¼ seers per rupee Fodder and water sufficient

Bogra—No rain Prospects of standing crops good Cultivation of *aus* and jute going on Common rice selling at 18 seers per rupee Fodder and water ample

Pabna.—Rainfall at Sadar 68, Sirajganj 07 Weather seasonable Prospects of crops good Prices stationary Fodder and water sufficient.

Dacca—Rainfall at Sadar 50, Manikganj 17, Munshiganj 36, Naraianganj 1 02 Weather seasonable Prospects of crops good Fodder available No cattle-disease. Common rice 16 seers per rupee

Mymensingh—Rainfall at Sadar 12, Kishoreganj 23, Tangail 08, Netrokona 40 Weather cold and damp Prospects of crops good Fodder and water ample Common rice selling at Sadar 18 seers and in the subdivisions from 15 to 19 seers per rupees

Faridpur.—Rainfall at Sadar 45, Madaripur 66 Weather cool Thunder storms State and prospects of crops good Common rice sells at 17 seers per rupee

Backergunge—Weather cloudy with light showers Prospects of crops good Common rice (new *aman*) sells at 16 seers per rupee

Tippera.—Rainfall at Comilla 1 66, Brahmanbaria 1 21, Chandpur 1 05 Weather unsettled Pulses being harvested Lands under preparation for jute and *aus* paddy Recent rain beneficial Common rice 16¾ seers per rupee

Noakhali—Rainfall at Sadar 36, Feni 30 Cultivation of lands for *aus* commenced Prospects of *rabi* crops good Cattle-disease reported from Senbag and Chagalnaya Fodder and water sufficient Price of common rice 16 seers per rupee

Chittagong—Rainfall 36 Prospects of *rabi* crops good Water and fodder sufficient Common rice 16 seers per rupee

Patna—Rainfall nil Harvesting of *rabi* and lancing of poppy commenced Fodder and water for cattle sufficient Cattle-disease reported from Asthanayan thana Common rice in Patna sells at 15 seers per rupee

Gaya—No rain Harvesting of early *rabi* and lancing of poppy going on Common rice selling at 14 seers per rupee

Shahabad.—No rain Prospects of *rabi* fair Sugarcane being pressed. Fodder and water abundant A few cases of cattle disease in Sasaram Common rice at Sadar 11 seers per rupee

Saran—No rain Weather clear with occasional clouds *Rabi* generally doing well Prices easier Common rice 13 seers 3 chitaks and *makai* 13 seers 15 chitaks per rupee

Champaran.—No rain. Prospects of *rabi* and poppy continue favourable Prices of common rice and maize at Sadar are 12¼ and 15¾ seers per rupee respectively

Muzaffarpur.—Rainfall nil Prospects of crops favourable Prices are—Common rice 13 seers, wheat 12 seers 6 chitaks, barley 15 seers, *makai* 14¼ seers, gram 16 seers, and *rahar* 16½ seers per rupee

Darbhanga—No rain Weather cool. *Rabi* doing well Fodder and water sufficient Common rice sells as follows —

	Srs	ch	
Sadar ..	14	4	per rupee
Madhubani .	15	9	

Monghyr—No rain Weather clear and fine Prospects of *rabi* crops good Sugarcane being pressed Lancing of poppy crop in full operation in some villages Common rice sells as follows —

	Srs	ch	
Monghyr .	13	2	per rupee
Beguserai .	14	12	
Jamui ..	14	0	

Bhagalpur—Weather seasonable Westerly breeze blowing Rain at Supaul 02 Standing crops doing well Planting of sugarcane shoots continues Fodder and water ample Sporadic cattle disease continues in the Banka and Supaul subdivisions Price of common rice slightly rising

Purnea.—No rain Weather seasonable Prospects of standing *rabi* crops good Lands being ploughed for *bhadoi* crops Harvesting of tobacco and mustard in progress Pressing of sugarcane and manufacture of molasses in full swing No cattle-disease reported Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar ...	16	per rupee
Kishanganj ...	18	
Araria .	18	

Malda—Rainfall nil Weather warm and cloudy Prospects of standing *rabi* crops good No cattle-disease Average price of rice 17 seers per rupee Fodder and water sufficient

Sonthal Parganas—No rain *Rabi* doing well Fodder and water sufficient Cattle-disease reported from Rajmahal Average price of common rice 14 seers 10 chitaks and of Indian corn 18 seers 10 chitaks per rupee

Cuttack—Rainfall at Jajpur 1 72, Kendrapara ·74 Weather seasonable *Guru sarad* being harvested Sugarcane being pressed Tobacco, cotton, and *dalua* growing Condition of cattle generally good. Fodder and water sufficient Common rice sells as follows —

	Srs	ch

Burdwan Collectorate, the 19th February 1900 B FOLEY, Collector

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Burdwan, will be put up to sale at the Burdwan Collectorate on the 2nd March 1900, corresponding with (not 20th Falgun, as previously advertised, but) 19th Falgun 1306 B S —

Conditions of Sale

1st —The estates to be sold to the highest bidders above the upset price which will be fixed by the Collector at the time of sale The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, with effect from 1st April 1900, as revenue free or subject to the revenue fixed in perpetuity

2nd —The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities

3rd —If the amount of purchase money do not exceed Rs 100, the whole amount to be paid down at once

4th —If the amount of purchase money exceeds Rs 100 one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate will be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned plot of land situate in the district of Mymensingh will be put up to sale at the Mymensingh Collectorate on the 22nd March 1900 corresponding with 9th Chaitra 1306 B.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale

1st.—The land to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this land will be considered as the proprietor of the land, and the entire proprietary right of Government in that land will be transferred to him free of revenue in perpetuity.

2nd.—If the amount of purchase-money do not exceed Rs. 100 the whole amount to be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the land to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Chittagong Collectorate, the 13th February 1900. G. C. De Gupta, for Offg. Collector.

Notice under Rule 19, Section II

NOTICE is hereby given that the lease of the land specified in the Schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sundarbans, has been applied for by Panchanan Bose and will be sold at 12 o'clock noon on the 21st May 1900, Monday, the 8th Jaistha 1307 B S, at the Sundarbans Commissioner's office at Alipur, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands), or owing to any other cause

2 The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands in the Sundarbans of the 24 Parganas, Khulna, and Backergunge, dated 12th November 1879 —

Conditions

That the land shall be subject to all existing rights of way and water and other easements

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a towpath, not less than 25 feet in width, on each side of every such stream and channel

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances or which may be used on the land, but for wood and timber exported for sale a duty shall be levied at such rate and in such manner as may from time to time be prescribed by Government

That the Government reserves to itself the right to all minerals on the land together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals It also retains its proprietary right in the land, and only confers on the lessee an occupancy right, which shall be hereditary and transferable

Schedule

The Indian Law Reports

Published under Authority

THE Indian Law Reports, published under the authority of the Governor General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876 —

ROORKEE TREATISE ON CIVIL ENGINEERING IN INDIA

Royal octavo, with numerous plates

Volumes I and II are published in separate convenient sized Sections, as below, but can be bound up if required

VOLUME I *

SEC		Rs A.
I	—Building Materials (1898)	2 0
II	—Masonry (1898)	1 4
III	—Carpentry (1898)	1 8
IV	—Earthwork (1892)	1 4
V	—Tools and Plant (never published)	

VOLUME II *

VI	—Buildings (1899)	1 4
VII	—Bridges (1897)	4 4
VIII	—Roads (1897)	1 8
IX	—Railways (1891)	1 4
X	—Irrigation Works (under revision)	

ROORKEE MANUAL OF APPLIED MECHANICS.

Vol I —Direct and Transverse Strain, principally by Analytical Methods — 7 0

II —The Stability of Structures, mostly by Graphic Methods (in the Press)

MANUALS

		Rs. A.
VII	—Surveying (by Major Firebrace, R.E.) (7th edition), with Curve Table	3 0
XIII	—Drawing (by Lieut R Pulford, R E)†	6 0
XIIIA	—Drawing, First Principles of Geometrical (by Lieut R Pulford, R E)	1 4
XIV	—Simple Applied Mechanics, (3rd edition), Parts I and II in one	1 8
	Simple Applied Mechanics, Part II (1st edition)	0 8
XV	—Examples of Estimating Comprising a progressive series of Estimates (with plans of Buildings and Bridges, worked in detail) By P Keay, Esq, and revised by C C Sullivan, Esq, Head Master (5th edition)	3 12
XVI	—Earthwork Estimating, with Practical Tables and Diagrams By Major A M Brandreth, R E, say	1 0
XVII	—Specimens of Printing used in the College Drawing Course and Entrance Examinations	0 6

Note The complete Treatise forms the course of the Engineer Civil and U S Classes at the Thomason College in Civil Engineering. The other Manuals are the complete course for both Classes in the several subjects of which they treat

MISCELLANEOUS

ENGINEERING WORKS

	Rs. A
Curve Tables, complete for laying any curve	0 4
Scantlings of Timber for Roofs Tables and investigation of formulæ for determining size of timbers for Flat Roofs from 8 to 32 feet span, and for Trussed Roofs from 16 to 50 feet span (2nd edition) By P Keay Esq, Head Master	0 12
Notes on Chemistry of Building Materials	1 8
Tate s Mechanism	1 0
Bauerman s descriptive Mineralogy	2 4
Useful Rules and Tables, relating to Measurement of Timber Rules for computing the cubic contents of Round Logs, as well as of Sawn Timbers with Tables, &c By Rai Kunhya Lal	2 8

* Date of Edition on sale
† Originally published at Rs 15, reduced to Rs 6

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT

NOTICE TO MARINERS—No 59

[First Publication]

AUSTRALIA—TORRES STRAIT, INNER ROUTE

Rocks in passage between Flinders and Denham islands

THE Port Master, Brisbane, has given notice (No 3 of 1900) of the existence of a coral patch 2 cables long east and west and 1 cable wide with a least depth of 12 feet at low water, in the following position, viz :—

Flinders Peak N 17° 10′ W, distant 1 mile $8\frac{1}{10}$ cables,
N extreme of Maclear Island S. 87° 20′ W, distant 1 mile $1\frac{8}{10}$ cables

Also a coral shoal $4\frac{1}{2}$ cables long N W and S E and 1 cable wide, having a least depth of 19 feet at low water springs in the following position, viz —

Flinders Peak N 27° E, distant 1 mile $3\frac{5}{10}$ cables,
N extreme of Maclear Island, S 63° 30′ W, distant $2\frac{1}{10}$ cables

The abovenamed lie in the passage between Flinders Island and Denham Island, vessels wishing to pass through are therefore cautioned

NOTICE TO MARINERS—No 60

[First Publication]

AUSTRALIA—TORRES STRAIT, INNER ROUTE

Reported danger between Lizard island and Howick group

THE Port Master, Brisbane, has given notice (No 4 of 1900) of a shoal with a depth of about 12 feet at low-water springs over it in the following approximate position, viz —

Summit of Howick Island (186 feet), bearing W by N $\frac{1}{2}$ N., distant $7\frac{1}{4}$ miles

As the vessel was hove-to at the time, owing to thick weather, some uncertainty exists as to the true position, and the danger has been unsuccessfully searched for by H S M *Dart* However, a danger was reported in this vicinity in former years, and accordingly masters of vessels are cautioned not to go to the northward of the track recommended in that neighbourhood

Charts affected—Nos 2922 and 2923; Australia Directory, vol 2, 5th edition

Kanara —Rocks reported

NOTICE to Mariners No 9, dated 24th January 1900, issued by the Bombay Government, is republished —

The following rocks have been reported by the Officer in charge of the Marine Survey of India

(1) Rock with 15 feet on it lies 1 8 miles S 9½° E of the summit of Hog Island, and 1 75 miles from the nearest point of the coast in lat 13° 58′ 40″ N , long 74° 28′ 40″ E

(2) Rock with 18 feet on it lies 0 9 mile S 61° W of the southern of Two White Rocks in lat 13° 52′ 40″ N , long 74° 30′ 55″ E

(3) Rock with 30 feet on it lies 1 6 miles S 60½° W of the southern of Two White Rocks in lat 13° 52′ 18″ N , long 74° 30′ 15″ E

(4) Rock with 11 feet on it lies 5 1 miles S 10½° E of the southern of Two White Rocks and 4 miles from the nearest point of the coast in lat 13° 48′ 00″ N , long 74° 32′ 30″ E

(5) The position assigned to the rock off Bhatkal in May 1890 is erroneous This rock lies 1 08 miles S 34° W of Bhatkal Light in lat 13° 57′ 10″ N long 74° 30′ 40″ E , and has 12 feet least water on it A red can buoy is moored close to its western edge

Caution —Several rocks inshore of those reported in this notice not marked on Admiralty Charts having been found during the survey of the South Kanara Coast between Hog Island and Kundapur, vessels are hereby cautioned not to approach this portion of the coast too closely, especially in the vicinity of Single White Rock and Two White Rocks

All bearings are true

This Notice affects the following Admiralty Charts —Cape Ramas to Alvagudda, No 744, Alvagudda to Mulki, No 745, Vizadrug to Cochin, No 2737, Vengurla to Cape Comorin, No 827, also West Coast of Hindustan Pilot, 1898, page 149

Shoals and buys

NOTICE to Mariners No 11, dated 31st January 1900, issued by the Bombay Government, is republished —

Lieutenant Beauchamp, R I. M S *Lawrence*, reports as follows

(1) *Shoal east of Bahrain Harbour* —A shoal cast of 4¾ fathoms was obtained 30 miles eastward of Bahrain Harbour, from which—

Ras Umm al Hosa bears S 38½° E

Ras Ashiraj bears S 11° W.

North extreme Maharrak Id bears S 80¼° W

Approximate position, Lat 26° 22½′ N, Long 51° 7¼′ E

As this shoal has not been examined, it is possible less water than reported may exist on it

(2) *Shat al Arab* —No 1 buoy is now situated 4 85 miles N. 45° W from the outer buoy, and from the new position of No 2 buoy inner bar buoy bears N 59° W distance 2 65 miles, and old No 2 buoy bore S 46° W before it was removed

Directions for entering Shat al Arab River —Pass from 1 to 2 cables west of the outer buoy and steer N 40° W, till well past No 2 buoy, then alter course to N 50° W until abreast of inner buoy distance 8 to 9 cables, when steer for Fao Pass to the eastward of all but the outer buoy Approximate position, Lat 29° 50′ N, Long 48° 40′ E

(3) *Maskat* —The red conical buoy off Sira al Gharbi (west castle) has been moved one cable W N W approximately

The red can buoy in the south-east corner of the harbour has been removed altogether

Approximate position, Lat 23° 37½′ N., Long 58° 35½′ E

All bearings are magnetic, var 0° 10′ E

This Notice affects the following—

(1) *Admiralty Chart No 2837* (b), *Persian Gulf Western sheet and Sailing Directions, Persian Gulf Pilot, fourth edition, 1898, page 125*

(2) *Admiralty Chart No 1235, Mouth of the Euphrates and Sailing Directions, Persian Gulf Pilot, fourth edition, 1898, page 286.*

Katsu ura and Inuboye saki—Reefs discovered

THE British Admiralty has given notice (No 19 of 1900) of the existence of the following reefs in Katsu ura and of Inuboye saki —

On the East side of Katsu ura —

1. A reef with a least depth of one fathom over it, situated with rock westward of Hachiman saki bearing S 5° E, distant 3¼ cables, and 43-feet rock (named Susume) southward of Matsubi N 53° W

Approximate position, lat. 35° 8′ 20″ N, long 140° 18′ 0″ E

2 A reef named Kantekobudashi, with a depth of 3½ fathoms over it at low water, situated with the west extreme of Hachiman saki bearing N. 7° W, distant 4¾ cables, and Kuragahana N. 52° W.

On the West side of Katsu ura —

3 A reef (named Aburanoko) with a depth of 2½ fathoms over it, situated with south extreme of the island named Uhara jima, 6 feet above high water, at the western side of the entrance to the harbour, bearing N 54° W, distant 2$\frac{4}{10}$ cables, and south extreme of Hachiman saki N 72° E This reef, having a depth over it of 1½ fathoms, extends about 1¾ cables in N by E direction

4 A reef with a depth of 1¼ fathoms over it, situated with the south extreme of Uhara jima bearing N. 56° E, distant 1¾ cables, and the 159-foot hill N 3° W

Southward of Inuboye saki —

5 A reef named Okino san iso, with a depth of 1½ fathoms over it, with Nagasaki hana bearing N 42° E, distant 5¾ cables, and 3-foot rock off Inuwaka, called Oyebi jima, N 50° W

Approximate position, lat 35° 40′ 50″ N., long 140° 51′ 40″ E

6 A reef with a depth of one fathom over it, situated with Nagasaki hana bearing N 53° E, distant 6¾ cables, and Oyebi jima N 45° W

7 A reef called Matayemon ne, with a depth of 5 feet over it, situated with Nagasaki hana bearing N 64° E, distant 7 cables, and Oyebi jima N 45° W

8 A bank of 9 fathoms, named Mashione, with depths around of from 11 to 20 fathoms, is situated N 85° E 6 miles from Hachiman saki

Approximate position, lat 35° 9′ N, long 140° 27′ E.

(Variation 3° Westerly in 1900)

INDIA, SOUTH—CEYLON COAST

Colombo harbour—Pilot signals

THE British Admiralty has given notice (No 11 of 1900) that the following signals will be made from the Pilot station tower in answer to vessels' signals for a pilot at night time, in place of the existing signals —

a An electric light, showing red and white flashes alternately in quick succession for a period of one minute, indicates —Pilot will proceed to vessel making signal immediately

b A red fixed light for the same period indicates —Pilot engaged, will proceed to vessel making signal when disengaged

c A white flashing light for a period of about two minutes indicates —Bad weather prevents pilot from coming out.

* Approximate position, lat. 6° 56′ N, long 79° 50′ E

CHINA SEA—BALABAC STRAIT

Banguey west channel—Reef reported

WITH reference to Notice to Mariners No 186, dated the 28th September 1894, issued by this office, the British Admiralty has given further notice (No 17 of 1900) that the Master of the S S *Labuan* reports that on 28th September 1899, his vessel, drawing 10¼ feet, struck on a reef between Tiga island and Manyangit point, Banguey West channel.

At the time of striking, the south extreme of Tiga island bore N. 23° W., distant 2 miles, and Battang point S 45° W.

Approximate position, lat 7° 18′ 35″ N., long 117° 3′ 45″E

A shoal of 1½ fathoms, marked Labuan rock, has been placed on the Chart in this position

The above reef is assumed to be the same as that on which the S S *Poh Ann* struck on 3rd March 1894, when about 1½ miles N ½ E. from Manyangit point, as the precise position of the *Poh Ann* when she grounded was not ascertained; the reef shown on the Chart in that position, with a depth of 2¼ fathoms over it, and marked P D., has therefore been expunged

Approximate position, lat 7° 19¼′ N, long. 117° 4′ E.

(*Variation 2° Easterly in 1900.*)

REPORT ON THE STATE OF THE SALT MARKET FOR THE THIRD QUARTER OF 1899 1900

No 169B , dated Calcutta, the 20th February 1900

From—N BONHAM CARTER, ESQ , C S , Offg Secy to the Board of Revenue, L P ,
To—The Secretary to the Government of Bengal, Financial Department

I AM directed to submit the following report on the state of the salt market for the third quarter of 1899-1900, comprising the months of October, November, and December 1899.

2. The quantity of salt of every description cleared during the quarter amounted to 25,52,009 maunds, as compared with 25,99,230 maunds in the previous quarter and 26,83,538* maunds in the corresponding quarter of the previous

* Revised figures

year, and the amount of duty levied thereon was Rs 59,82,021, as against Rs 60,54,751 in the previous quarter and Rs. 62,70,341* in the corresponding quarter of the previous year

3 The quantity of locally-made salt removed from the *golas* in Orissa during the quarter and the quantity which remained in store at its close are shown in table (I) below —

TABLE I

1	2
	Puri

ARRANGEMENTS BETWEEN HER MAJESTY'S GOVERNMENT, THE IMPERIAL INSTITUTE AND THE LONDON UNIVERSITY FOR TRANSFERRING A PORTION OF THE BUILDINGS OF THE IMPERIAL INSTITUTE TO THE LONDON UNIVERSITY

The following is published for general information

REVENUE DEPT.,
The 20th February 1900

F A SLACK,
Offg. Secy to the Govt of Bengal

Circular No. 6-1—2.

Extract from the Proceedings of the Government of India in the Department of Revenue and Agriculture (Practical Arts and Museums), dated Calcutta, the 2nd February 1900.

RESOLUTION.

Read the following —

Memorandum, dated October 1899, by the Honorary Director and Secretary, Imperial Institute, London, and enclosures, regarding the recent arrangements between Her Majesty's Government, the Imperial Institute, and the London University for transferring a portion of the buildings of the Imperial Institute to the London University, and for assigning the remaining portion to the general work of the Institute in such a manner that its practical utility may not be prejudicially affected

MEMORANDUM.

Negotiations have recently been completed between Her Majesty's Government and the Governing Body of the Imperial Institute, having for their object the devotion, to the housing of the London University, of portions of its Main Building which are not required by it for carrying on its operations connected with the practical representation by collections of the resources of the Colonies and India, the advancement of the commercial interests of the various portions of the Empire, and the accommodation of Fellows of the Institute and of others desirous of obtaining information available at the Institute in connection with all countries composing the British Empire.

The publicity given to the proposals which led to these negotiations resulted in the promulgation by the Public Press, at home and in the Colonies, of many statements of a more or less erroneous and misleading character, based in part upon the assumption that the contemplated relinquishment by the Institute of portions of the building, erected in commemoration of the 50th year of the reign of Her Majesty, must arrest, or at any rate prejudicially affect, the operations and future of the Institute.

The Executive Council have therefore directed that the following statement be communicated to Colonial Authorities and to others concerned or interested in the work of the Institute.

The design of the main building of the Institute, accepted in 1887, provided an amount of accommodation very considerably in excess of the actual requirements of the Institute, allowing even for important future expansion of its work. The Institute authorities, in adopting this design, contemplated the possibility that house-room might have to be provided for certain then existing Societies, or Institutions, whose objects and work were more or less akin to those of the Institute. The space available for such purposes in the Main Building constituted about two-thirds of the East Wing. In meeting the proposal to provide accommodation for the University it has been found practicable, by a concentration of the arrangements for carrying on the administrative portions of the Institute, to surrender the whole of the East Wing for that purpose. In addition thereto, the Halls attached to the centre of the building have been placed at the disposal of the University, with the stipulation that the Institute should have the use of them when required, by arrangement with the University authorities. Other apartments hitherto devoted to the accommodation of Fellows, and situated in the Central Block, have, together with the Main Entrance, also been made over to the University, the Government having undertaken the erection of corresponding apartments for the use of Fellows as an addition to the West Wing, a special Main Entrance being also provided to this—the Institute portion of the Main Building

The East Wing of the Main Building included two Conference Rooms, the one for India and the other for the South African Colonies The latter will be furnished with corresponding accommodation in the West Wing, while India has had made over to it the large addition to the East Wing, the cost of the erection of which, some years ago, was covered by special contributions received from India The Government of India has, however, arranged that the large Conference Hall and the Entrance thereto, which form part of this Indian Section of the Buildings, shall be used by the Institute for its Lectures, Conferences, or for special functions

The Galleries in which the Colonial and Indian Collections are housed are in no way interfered with by the arrangement made with the Government in the interests of the London University Their subdivision among the Colonies, which was carried out as soon as the buildings were erected, remains intact

The North Gallery remains as heretofore available for special exhibitions illustrative of the progress of particular industries, and for other objects of interest and importance included in the sphere of action of the Institute.

The accommodation provided for Fellows (Reading, Writing and News Rooms, Retiring Rooms, etc) will now be in apartments in the West Wing, corresponding to those which the Fellows have occupied in the East Wing Commodious Dining and Smoking Rooms, with accessories, will, as already stated, be built, and will immediately adjoin the other apartments devoted to Fellows

The Library will be removed to the West Wing, and will in future be divided into a General Library and an Official Library, which will be in distinct contiguous rooms

The weekly special Lectures, by well-recognized Authorities, on subjects relating to the various countries composing the Empire, and on matters of special Imperial interest, will be delivered during the Winter Season as heretofore, and will be open to the General Public as well as to Fellows and their Friends But in view of the more or less heavy losses which have been sustained by the Institute in providing open air musical entertainments during the summer to which Fellows had free access), the Council resolved, only this year, to discontinue the maintenance of the enclosed gardens, and the provision therein of the concerts referred to. This action of the Council was taken before the proposal to house the University of London in the Institute Buildings was made the subject of negotiation with Her Majesty s Government

Upon the completion of those negotiations the Institute Buildings were transferred to the Government, from whom, as has been shown, the Institute authorities have secured the retention of the Galleries, and of the necessary accommodation in the Main Building for the proper conduct, and further extension, of the work of the Institute. In addition, the Institute has been relieved of considerable burdens of debt, of very heavy taxation, and of several important incidental liabilities and expenses. The Governing Body will consequently find itself, in the future, in a position to promote, to a greater extent than heretofore, the pursuit and elaboration of the work of the Institute in the interests of the various countries composing the Empire.

It follows, therefore, that so far from the prospects of usefulness of the Institute having been interfered with or prejudicially affected, they have been very materially improved by the conclusion of the arrangements which enable the Government to house the University of London in portions of the Institute Buildings

There are more specially two Departments of the Institute whose operations have been steadily developed in the last few years, the practical value of which, to the Colonies, to India, and to the United Kingdom, has already been decisively and amply demonstrated, and the more extensive utilisation of which by the Colonies rests entirely with their Governing Authorities and public Institutions. These are *the Commercial Information Department*, and *the Scientific and Technical Department*, with its Laboratories, its staff of trained Chemists, its Scientific, Technical and Commercial Referees, etc.

Accompanying this Memorandum are two Papers which give illustration of the useful, and often important, work accomplished in these two Departments in connection with the development of our knowledge of the nature

and commercial value of the natural products of the Colonies and India, as well as with every variety of commercial subjects, and with other matters of direct interest and utility to the various countries composing the Empire

To meet the requirements of merchants and others whose business operations are conducted entirely, or in part, in the City of London, a branch of the Commercial Information Department of the Institute has been established in a very convenient quarter of the City. This branch is in telephonic communication with the head office at South Kensington, and includes a very completely equipped Commercial News Room for the use of Fellows and of Subscribers to the City Intelligence Office

The arrangements in course of organisation by Her Majesty's Board of Trade for the establishment of a Government Commercial Intelligence Office are intended to provide for co-operation with the Imperial Institute, which is to be represented by two members upon a mixed Committee to be appointed for directing the work of this new Government Department. The Institute will take part in carrying out the arrangements for the reception, from the Colonies and Foreign Countries, of samples of materials and of manufactured goods representing supplies made from Countries which compete with British manufactures and Merchants;—their exhibition at commercial centres of the United Kingdom;—their circulation and eventual storage and exhibition at the Institute, as reference-collections for purposes of comparison, etc

It is hoped that this brief statement will serve to demonstrate that the operations of the Imperial Institute will continue, and increasingly, to promote the interests, and to assist in developing the resources and commerce, of the various countries composing the British Empire.

Some Examples of Information of a Commercial Character supplied by the Intelligence Department

From the Chief Office, South Kensington, S W, and the City Branch, 112 Cannon Street

Names of Enquirers	Subjects of Enquiry
Agent-General for Queensland, London	Report on, and commercial valuation of, hibiscus fibres produced in Queensland
Ditto ditto ..	To bring to the notice of London and Suburban Vestries, Queensland, hardwood blocks for street paving
Ditto ditto .	Commercial value of rutile (titanium dioxide,
Reporter on Economic Products to the Government of India	Statement or the quality and value of Indian sisal fibre.
Ditto ditto	Report on commercial value of samples of gums
Creator of Canadian Section	Valuation of Canadian graphite
W Fosbery, 20 Glazbury Road, West Kensington.	Valuation of India-rubber from the Niger Coast Protectorate
Geo Matthey, F R S, Hatton Garden ..	Umbogazembe fibre, from Natal, opinion desired
Ditto ditto	Value of a specimen of kieselguhr from South Africa
India Office	Conditions necessary for the safe carriage in India of carbonic acid gas in cylinders
Ditto	Tests for viscous petroleum
Hall & Ladyman, 25 St George's House, Eastcheap.	Information on steatite requested
Agent-General for New South Wales ...	Commercial prospects of Xanthorrhea gum
Thirkell & Co, 155 Fenchurch Street ..	Specimens of fibres, obtained from various Colonies, suitable for hat-making and matting, for introduction into the British markets
James Bros, London . ..	Samples of jarrah and karri woods supplied, with particulars as to durability, cost, etc
H C Wilson, London	Report respecting sources of supply, in United Kingdom, of hydrocarbons suitable for liquid fuel.
Reichardt Bros, Hull ...	Prospects of trading in wools in Thibet, and samples of Thibetan wools supplied

Names of Enquirers	Subjects of Enquiry
A Philips, Birmingham	Licenses required by commercial travellers in South Africa
W J Bush & Co, London	Names of firms in Jamaica who would collect leaves of Hedyosmumnutans
Sperling & Williams, London	Names of Colonial firms exporting ox tongues
A Maidment, South Africa	Where nitrate of potassium is produced how worked, price in London, etc, and some information as to mica and asbestos
M Lamm, London	Whether patent fuel made in Belgium requires specially marking for entry into Mauritius
Metal Manufacturing Co, Delhi	Manufactures of sheet metal exported to India Makers of special tools for manufacturing sheet metal hollow wares If silver sheets are exported to India from England or the Continent.
W V V Lidgerwood, London	Makers of plant for producing artificial ice for skating rinks
Cundall & Sons, Shipley, Yorkshire	Various Customs in Foreign business transaction.
Peter de Abrew, Colombo	Asking for name of an agent or broker who would act as London representative
"Oil and Colourman's Journal," London	Samples of, and names of, dealers in tung oil
D Boddon & Co, Glasgow	Canadian manufacturers of wood-wool
S Holmes, Hull	Prices realised for vanilla beans in London
R G Norman, Dublin	Market for diatomacious clay (kieselguhr) in the United Kingdom
Allan & Co, London	Canadian maple sugar and firms supplying it
J Geddes, Chicago	Development and future prospects of the hog trade in Australia
"Oils, Colours & Drysalteries," London	Information on, and samples of, tung oil
W A Grosuk, London	Duties on spirits and wines in Cape Colony and average rents in bonded warehouses
The Institute of British Carriage Manufacturers	Asking for the names of the principal timbers in favour in our various Colonies for carriage-building, with prices, and as to the possibility of the exportation of supplies to this country
Ditto ditto	As to the possibility of finding a Colonial timber suitable as a substitute for lancewood for carriage shafts
Ditto ditto	Substitutes for English ash, for use in carriage-building, from the Colonies
C H Pigott & Co, London	As to price and sale of mica in London
T B Harbottle London	Customs tariffs of the Colonies and India
W Barlow, Chorlton cum Hardy	Commercial prospects in the Soudan
G Crosfield & Co, Liverpool	List of principal Colonial importers likely to introduce coloured cube sugar
C H Whiteman, Nova Scotia	Particulars of process for converting fish offal into guano
Daniel de Pass, London	Particulars as to brown-paper mills in the United Kingdom
Jamaica Fibre Co, Ld, Kingston	Value of samples of ramie fibre grown in Jamaica
Thirkell & Co, London	Where to obtain material of the nature of silk or tussore waste suitable for felting
Lever Brothers, Ld, Birkenhead	Details of crop, shipments, costs, exports, etc, of copra in Ceylon, India, New Guinea, Philippine Islands, Fiji and South Sea Islands, value of the oil-cake, therefrom
Kamm & Schrempt, Liverpool	Information regarding shipments of castor seed, linseed, ground-nuts and butter beans from Natal and various West Indian Colonies, also of aniseed and linseed from Cyprus
J T Boyde, Isle of Man	Prospects of obtaining markets for large deposits of fuller's earth
W A Stephens, London	Discharging capabilities of Fremantle Harbour
W Berridge, Southend	Yacht building in Australia
Union Steamship Co, Ld., London	Causes, etc, of spontaneous combustion in coal barges.

Names of Enquirers	Subjects of Enquiry
Plymouth Chemical Works, Plymouth	Manufacture of, and trade in, chemical manures in Australasia
E M Macnaghton, Windsor	London importers of jams, crystallised fruits, etc
R J Ferguson & Co, Brighouse	Singapore firms exporting rice, etc, and importing woollens and cottons.
H T Buckland, Birmingham	Cost of building and general plan followed in constructing public library in Port Elizabeth
W Crawford, Belfast	Linen goods suitable for the Indian market
E Enderlein, Manchester	Importers of Manchester goods in various foreign countries
Scrempft & Co, Liverpool	Exporters of seed in Bombay and Alexandria
J H Row, Poole	Market for bone and fish manure in India
Barrow Iron & Steel Co, Barrow ..	Newfoundland iron mines
British Chamber of Commerce, Paris .	Manufacturers of white felt.
P A Cobbold, Ontario .. .	Demand for, and prices of, pencil-cedar
S J Waring & Son, London	Colonial woods suitable for panelling
Miss Mary Louch, Lympston .	Processes of salt manufacture and names of manufacturers in the United Kingdom
F W Heilgers, London	Substitutes for diamonds in boring drills
A S Hughes, London .	Demand in Colonies for celestine (sulphate of strontia)
Ditto ditto	Colonies importing fire-bricks and blue-bricks
Bethell, Gwyn & Co, London	Growth and preparation of sponges
C H Haycrcross, London .	Firms in Cape Colony in varnish and spirit trade
Lambeth Brass & Iron Co, Ld, London	Colonial importers of hardware
Moreau Marble Co, London	Vendors of Malta stone
B Samarawеera, Ceylon ..	Obtaining a market for citronella oil
K Takayama, London	Manufacturers of certain goods suitable for the Japanese markets
E H. Rohl, Hamburgh	Australian exporters of dried fruits
M Warlow, Haverfordwest	Market for ginger, liquorice, and other roots from Queensland
A G Dawson, Brussels .	Introducing aniline dyes into Zanzibar
Cyprus Government, Cyprus	Conditions and extent of the market for terra umbra, and means for developing trade in the Cyprus product
Reade Bros & Co, Ld, Wolverhampton	Export and samples of Barbados asphaltum
Hugh Low & Co Middlesex	Procuring rubber plants and seeds
H K Gordon, Bombay	Commercial value, and uses of yellow ochre, and prospects of establishing Indian export trade
R Craig, Garstone .	The grafting of sugarcanes as practised in Queensland
S Mabson, Bristol .	Bee culture in New Zealand
H Moore, Owen Sound, Canada	British importers of evaporated apples
G E Pike, London	Countries producing and exporting *Arachis hypogea.*
H Dawson, Daren	Canadian importation of aniline dyes
E J Ewart, Aberdeen .	Jamaica's export fruit trade, freights, packing and size of consignments, most suitable seasons, best markets, prices realized, commission charged, cost of storage, etc, etc
A Walker, Calcutta	Market for plantain meal and flour, and machine for working plantain fibre
J W Johnston, London	Cultivation of cinchona, and importation and manufacture of quinine
C S Hawkes, Vienna	Market for Australian pelts
Groome & Sons, Rushden ..	Boots and shoes suitable for export to Hong Kong
C Mitchell & Co, London	Colonial trade in motor vehicles
A Bosworth, Sheffield	Mineral water manufacturers in India, Ceylon, and South Africa
British Preserving Co, Braintree	Wholesale firms abroad willing to sell evaporated vegetables and fruits
Schrempft & Co, Liverpool	Indian exporters of certain seeds and roots
M A Hafeez, Bangalore	Manufacture of catgut.
G L Streatfield, London	Suitability of Jarrah for flooring
Mander-Hannay Lead Co, Wolverhampton	Sources of supply of Galena

SOME EXAMPLES OF APPLICATIONS FOR STATISTICAL AND SPECIAL INFORMATION REGARDING BRITISH POSSESSIONS AND FOREIGN COUNTRIES

Enquiries under this head embrace a most extensive list of subjects comprising, amongst others, Trade Returns, Agricultural and other industries, names of Works of Reference, etc, the following being a few specimen applications —

Names of Enquirers	Subjects of Enquiry
C W Anderson, Hull	Beet root sugar industry
Price's Patent Candle Co	Export of candles from the United Kingdom
W Spencer, Batley	Export of osiers from Africa
Sir Lintorn Simmons, London ...	Comparative prices of Australian and American meat
Ellis, Munday and Clarke, London	Trade marks in Egypt
"Admiralty and Horse Guards Gazette," London	Production of dried vegetables in the Colonies
Darley and Butler, London	Aden trade statistics
J Ormsby Lawder, London	Six ports in England importing the most timber with amounts
E T Rawson, Epsom	Statistics of the importation of Russian and American petroleum into India
E G Barton, Bengal	Process, cost, and places of manufacture of cement, and export to India from the United Kingdom
A H Cherry, Coleshill	Sundry trade statistics
Sir Eyre Massey Shaw, London	Gold production of British Guiana
E G Wills, London	Gold mining in British Columbia
Mons Yrarrazaval, London	Prices of jute, jute butts, sacks, etc, and names of brokers
G Jones, Southbourne-on-Sea .	Indian imports and exports of hides, skins and leather for five years
J Smith, Keighley	Timber industry of the various Colonies.
C R Watson London .	Import of paper into Australia
R Thorp, Goole	Import and export trade of Belize
Royal Danish Agricultural Society, Copenhagen	(1) Importation of butter, bacon, hams and condensed milk into India, Ceylon, Cape Colony, Natal, Lagos, Mauritius, Jamaica, Barbados, Trinidad and British Guiana (2) Principal teakwood producing Colony
C A Bordier London	Cultivation of, and trade in, jute in Bengal
F V Longstaff, Wimbledon	Timber imports into the United Kingdom
British Chamber of Commerce, Paris	Reports on Commissions on Agriculture in the United Kingdom and foreign countries
Ditto ditto	Number of inhabitants, distinguishing males from females, in the United Kingdom
Ditto ditto	Whisky trade of the United Kingdom
Thomas Harris London	Sugar producers in Fiji and Mauritius
Edward J G Gill, Huntingdonshire	Sugar refineries in India and Australia
India Office, London	Prices of various kinds of raw and manufactured cottons
J Armstrong, London	South American rates of exchange
"Trade Journals' Review," Manchester	Statistics of Japanese trade
Hans Frey, Zurich	Australian hardwoods for paving
J F W Howley, London .	Prices of oil-seeds, cattle-foods, etc
Clayton Beadle, Erith	Import of ebony and miscellaneous details as to that wood
H J Jarman, London	Mineral resources and prospects of development of Siberia
R Jenkins & Co, Rotherham	List of Consuls in Northern Europe
W T Hollingworth New Barnet	Importation of cattle into the United Kingdom
Civil Service Musical Instrument Supply Association, London	List of towns in various Colonies
Haddon & Co, London .	List of various local directories of the British Empire
James Edward & Co, London	Export of rubber from Lagos
House's Cement and Antirustator Co, Limited, London	Sources of supply of Mica.
B L Smith, London	Tin-mining in Straits Settlements
A C Campbell, London	Average freight rates to Monte Video during ten years

Names of Enquirers	Subject of Enquiry
Captain J Phillips, Southsea	Shipping, trade returns, and population of minor Indian ports
G E Pike, London	Imports into the United Kingdom of dried vegetables, countries producing and exporting ground-nuts
Danish Export Union, London	Import into the United Kingdom of dead meat
E de la Penha, London	Russian weights, measures and coinage
Osborn and Shearman, London	Imports of wall paper into Mexico and Central America
P C Windsor, Worthing	Ostrich farming in South Africa
J Hewitt & Co, London	Home Firms dealing in Indian curios and antiquities
Bryant and Aitkens, London	Tapioca and sago, process of manufacture, and forms in which they are exported
G M Johnson, Fleet	Climate, products, prospects and conditions of trading and mining in Somaliland
H B Geddes, London	Price of banana flour in West Indies, and freights
Brook & Co, Limited, Lowestoft	Colonial and foreign fishing ports likely to purchase patent steam capstan engines
G R Young, Darlington	Climate, cost of living, education and general conditions of life at Trichinopoli
Manila Railway Co, London	Gauges of Colonial railways
Frey & Co, Hamburg	Jamaica pimento crop
Miss Christie, Malvern	Education, churches, and occupations of Cape population, climate, and cost of living at Kimberley
L Jarnefelt, Bjorneborg	Names and prices of periodicals relating to electric and acetylene lighting
W F Sedgwick, Limited, London	Colonial coats of arms
A J Flux, Belvedere	Works of reference upon the expansion of the British Empire
J W Hawkins, Royal Courts of Justice	Newspapers published in the vicinity of Currajong, New South Wales
D L Anderson, Glasgow	New Zealand Company law
Vandam & Co, London	Electrically lighted towns in South Africa

Emigration Enquiries

A considerable proportion of enquiries relate to the emigration to British Colonies, and embrace very varied written and personal requests for information respecting the best fields for emigration, and particulars of all kinds, *e g*, climatic conditions, prospects of employment in professions and trades, rates of wages, cost of living, best routes, outfits, etc Great pains are taken to promptly furnish full details, and to render assistance in the way of introductions, etc, the literature of the Emigrant's Information Office is also widely distributed to such applicants Reports and statements from that office, together with particulars of the Parliamentary Emigration Returns, are, moreover, regularly published in the Monthly Journal of the Institute The Curators for Canada and for South Africa likewise furnish enquirers with information respecting the British Possessions they represent, whilst the British Women's Emigration Association has its home at the Institute, and carries out a large amount of valuable work in selecting suitable females for Colonial employment The Association secures for such persons proper protection during their voyage, and adequate reception upon arrival Many instances of the success attending these various efforts are on record, letters expressing gratitude for the assistance rendered having been received from persons in Australasia, Canada, South Africa, and some of the minor Possessions

4th October 1899

Illustrations of practical results attained, or in course of attainment, from information supplied by the Commercial and Industrial Intelligence Office and by the Scientific and Technical Department of the Imperial Institute

Messrs George Crossfield & Co, of Liverpool, wishing to place a new "rainbow cube" *sugar* on the Australasian and South African markets, were supplied with a list of firms in the different Colonies, likely to be interested, and the firm has sent samples and particulars with a view to orders

A South African correspondent enquired about the prospects of a trade between the United Kingdom and Natal, in *thyme*, grown in the Colony Samples were obtained from Natal, and reported on by the Institute's expert Referee, the probable result being that stills will be erected in Natal and a trade in the *essential oil of thyme* established

Mr E B d'Auvergne desired information as to *tea planting in Ceylon*, viz, average price of suitable land, quantity of tea grown per acre, how long tea-plants take before bearing, labourers' wages, whether trade is exclusively in the hands of Companies, and other details only obtainable on the spot The Corresponding Agent of the Institute in Colombo provided a full report explaining all the particulars

The "Oil and Colourman's Journal" wrote for samples of *tung-tree oil*, and information as to the sources of supply The samples and particulars were supplied Several other enquiries respecting the same material have been dealt with

Messrs Stevenson & Son, Moygashel Mills, Dungannon, Co of Tyrone, enquired whether samples of *cotton* and *linen* goods, suitable for *the South American Market*, could be inspected, they being anxious to manufacture similar qualities The desired information was given

Two firms of exporters, one in Brighouse, Yorkshire, and the other in Belfast, enquired as to the descriptions of *cotton* and *woollen* goods and of *linen* goods respectively, which were suitable for *the Indian markets* Full information was given of the various kinds of textile manufactures in which trade might be developed

NEWFOUNDLAND—

Steatite—A sample of mineral, closely resembling steatite, and useful for most of the purposes for which steatite is used, was received from the late Premier of Newfoundland The results of its analysis were reported to the Colony and brought to the notice of British traders in French chalk, a large firm in Liverpool, who use this mineral extensively, offered to take a trial shipment, and have been put in communication with the deposits

Some specimens *of iron ores* (hæmatite, magnetite, and chrome iron ore) received from Newfoundland, were found by analysis to be of a nature and quality likely to prove valuable Further, average samples are to be sent

BRITISH GUIANA—

Crowa fibre seems likely to be a useful fibre and of a nature for which there is a demand in this country Steps are being taken to induce merchants in British Guiana to undertake the export of this fibre

FIJI—

Fibres for fancy articles—Samples of fibres from Fiji, suitable for various articles for which a demand exists here, have been obtained at the instance of a London firm, who have taken up the matter with a view to placing these products on the market

CANADA—

Timbers—Enquiries have been made of the authorities in the Canadian Provinces and the West Indies, at the instance of the Institute of British Carriage Manufacturers, for timbers which might be useful as *substitute for English ash* Various samples from Quebec, Ontario, Nova Scotia, etc, were submitted and have been reported on Among them were some which have been very favourably received, and details are now being obtained as to possibility of regular quantity being exported to this country

JAMAICA, TRINIDAD—

Specimens of *woods* from these Colonies have also been obtained in connection with the foregoing enquiry and have been tested A larger sample, for practical trial, has been asked for of a wood from Jamaica which seemed promising

BRITISH CENTRAL AFRICA—

Numerous samples of *metalliferous minerals, sands, coals*, etc, found in British Central Africa have been analysed in the Scientific Department and reports furnished to Her Majesty's Commissioner at Zomba

NEW SOUTH WALES—

Australian sandarac (resin)—A sample of Australian sandarac was received from New South Wales and, being valued at less than the African sandarac at present on the market, on account of the alleged inferiority in point of solubility, etc, samples were examined in the Scientific Department, and it was evident that the resin is not so inferior as the difference in valuation would indicate

• *Copra oil-mills*—Messrs Lever Brothers, Limited, of Birkenhead, enquired for details of the crop and exports of copra in Ceylon, India, New Guinea, Philippine Islands, Fiji and South Sea Islands, whether there were any oil-mills in these countries and of what type, whether there was any sale for the oil-cake, if so, where it was shipped and at what price Full information was obtained from the Corresponding Agent of the Institute and communicated to the applicants, *with the result that the firm has established oil mills at Sydney*, thus introducing a new field for labour in New South Wales

Messrs Arnold & Co, timber merchants, of Woolwich, applied for particulars and samples of certain *timbers* from New South Wales, not hitherto introduced into the British markets Samples and information were supplied, and they state that some of their customers have been favourably impressed with the samples and they expect business to result

QUEENSLAND—

Information has been furnished, for the use of the Government, respecting the sources of supply of *arrowroot*, the cultivation of *agave* and the extraction and preparation of the fibre for the market, the commercial value of *various fibres*, the cultivation and extraction of *pine-apple fibre*, the cultivation of *ginger*, the commercial value of *rutile*, machines for *practically testing fibres*, etc

Mr R Callard having observed certain specimens of Queensland *woods* in the Section of that Colony, made enquiries as to importing some quantity for ornamental purposes Small samples of the woods (*Casuarinas*) were supplied to him, together with the names of timber dealers in the Colony through whom supplies could be obtained

WESTERN AUSTRALIA—

Coal—A full chemical and technical report has been made on the Collie coal of Western Australia, samples of which were sent for the purpose by direction of the Premier

BARBADOS—

Manjak—Enquiries have been made for information as to "Manjak," a mineral of the nature of 'glance pitch," which has been found to occur in large quantities in Barbados Samples of the material have been supplied from the Commercial Collections to several enquirers, and recommendations have been made to the owners at Barbados as to the preparation of the material for the market

GRENADA—

Ground nuts and castor-seed—The Curator of the Botanic Gardens, Grenada, has made enquiries as to obtaining a market for the above products in the United Kingdom. It has been reported that there is an opening for new supplies of these products. This enquiry is of interest in connection with the request (see above) of Messrs. Kamm & Schempft

INDIA—

India-rubber—A number of samples of india-rubber from Burma, Assam and Madras have been introduced to the notice of manufacturers, cable-makers and brokers, and their valuation of the samples have been reported to the Indian authorities. Samples of the rubber-like material obtained from certain new plants have been received and are under examination.

Jute—A number of samples collected at various stages of the plant's growth, and submitted to certain treatment after retting have been investigated chemically and examined by commercial experts, with the view of ascertaining at what period of maturity the plant yields the most constant quality of fibre.

Castor-oils—A numerous series of castor-oils from various parts of India have been investigated as to their comparative properties and reported upon.

Indian dyes—Professor Hummel and Mr. A. G. Perkin have investigated the dyeing properties and chemical constituents of a number of Indian dye stuffs, amongst which may be mentioned Myrica Nagi, Morinda, Delphinium Zalil, etc., etc.

Fibres—The following are some of the fibres which, after chemical examination by the methods adopted for comparative valuation, have been brought to the notice of merchants and brokers, who have reported on their market value:—Sunn hemp, Phœnix paludosa, Agave rigida, Sansevieria (bow string hemp), Pine-apple fibre, Calotropis silk floss, Ban rhea fibre, Madar bark fibre, Sabai fibre, Tacca bast, etc., etc.

Mica—Various preparations of this mineral have been submitted to manufacturers for their opinions, at the request of the authorities in India.

The value of samples of mica from Jeypore has been determined and recommendations made as to the best methods of mining and preparing the products for the market.

Coals—A full report on Indian coals, with an extensive series of analyses and practical tests, has been furnished to the Government of India.

Limestone—In connection with smelting experiments with Madras iron ore and Bengal coal, a number of samples of Madras limestone are being analysed.

Iron ores—A large number of analyses of iron ores from Madras have been made and published. Steps have since been taken to ascertain whether it would be possible to work these ores in Madras.

Turpentines—A complete series of the turpentines produced in India, from various districts, is under investigation and has been partly reported upon.

Tanning materials—Acacia arabica pods and bark, Cassia auriculata bark, Terminalia chebula fruit (myrobalans), Cæsalpinia bark, etc., etc. Many samples of these tanning materials have been analysed, and specially samples of the three first-named, collected from trees of different ages, with the fruit or bark at various degrees of ripeness, have been compared, the object being to determine the best conditions for cultivation and the most favourable periods in the age of the plants for collecting the tanning materials for the market. At present the proportion of tannin in these materials as sent into the market, and their consequent value, varies very greatly.

A report on a number of samples of Mangrove barks and extracts as to both their tanning and dyeing value has been communicated to the Indian authorities.

Cutch and catechu tannin—Samples of these preparations have been analysed and a report on them is in preparation.

Edible oils—An extensive series of samples has been examined and the results published so as to receive the notice of manufacturers and consumers.

Medicinal plants—A number of plants have been and are being investigated, both as to the chemical nature of their constituents and their therapeutic value, *e.g.*, *Indian aconites*, *Indian opium*, *Podophyllum*, *Indian henbane* (*Hyoscyamus muticus*), *Malabar kino*, *Castor-oil cake*, *etc.*

Timber.—A report was made by Professor Unwin on the strength and physical properties of pyinma wood, and reports were obtained from the War Office authorities as to its suitability for making gunstocks.

Food-grains—A large number of food-grains (including famine foods) have been analysed and reported on, and others are now under investigation.

Sun-flower seed and hibiscus (musk-mallow) seed have been dealt with as to their commercial prospects

Tobacco from India has been analysed, and also reported on from the commercial point of view

Gums.—A chemical enquiry has been made and supplemented by commercial reports, in reference to the value of some Indian gums occurring abundantly in certain localities, which appear likely to be serviceable as substitutes for gum arabic or for frankincense

Corundum.—Samples of this material from India have been brought to the notice of manufacturers

For details of the above extensive researches see the REPORTS for 1896-97, 1897-98, and 1898-99 on the INDIAN SECTION OF THE IMPERIAL INSTITUTE, presented to the Under Secretary of State for India by the Special Sub Committee for India at the Imperial Institute, composed of Sir Steuart C. Bayley, K.C.S.I., C.I.E. (Chairman), Sir Owen Tudor Burne, G.C.I.E., K.C.S.I., Sir Charles E. Bernard, K.C.S.I., Sir George C. M. Birdwood, K.C.I.E., C.S.I., and Sir Alexander Wilson,—together with temporary Honorary Members

---

The following are further examples of work done for the Colonies in the Scientific and Technical Department:—

VICTORIA—

30 fibres grown in the Botanical Garden, Melbourne, examined by the chemical methods adopted for the comparative valuation of fibres

20 essential oils, from Dunolly Scent Farm, chemically examined and their value determined, as compared with corresponding oils from known sources of supply. (Some of these will meet with ready demand in the London markets when the manufacture has been sufficiently developed.)

A sample of meat extract was analysed at the request of the Agent-General

QUEENSLAND—

Fibres of *Hibiscus* have been reported on by practical experts

7 timbers, for paving-blocks, submitted to Surveyors of Vestries with full particulars. The same timbers submitted to mechanical tests, and also to working tests, by experts

Coffee.—Various samples, cultivated in the Colony, have been reported on by practical experts

A full report was made on the quality and value of some *cured hides* and *skins* and samples of *leather*, and particulars as to Australian leather and the trade therein were obtained from experts.

Samples of *divi divi* pods were analysed and brought to the notice of consumers

Analyses of a number of samples of *wine* produced in Queensland were made and experts' opinions obtained, with a view to recommending improvements and precautions in manufacture.

WESTERN AUSTRALIA—

Sample of water from a bore in Perth analysed

TASMANIA—

3 timbers—Submitted to mechanical tests for strength, elasticity, etc., and also to practical tests. Results sent to the Colony and published

NEW ZEALAND—

Limestone, iron-ore and oxide of iron paint—Reported on

"*Greenstone*," *jet* and *jasper*—Samples valued and reported on

Kouri timber—Submitted to tests as above. Report sent to the Colony and published.

HONG KONG—

Tung oil—Recommended as a substitute for Baltic linseed oil

BAHAMAS—

Sisal fibre—Examined.

JAMAICA—

30 timbers—Submitted to tests Reports sent to the Colony and published both there and in Jamaica

BRITISH GUIANA—

14 timbers—Submitted to tests as above Report sent to the Colony and published

MONTSERRAT—

3 timbers—Submitted to tests as above Report sent to the Colony and published.

ST VINCENT—

1 timber—Submitted to tests as above Report sent to the Colony and published

Groo-groo fibre—Investigated and valued as above.

TRINIDAD—

Chione glabra—Examined and reported upon to the Colony.

Seeds of *Omphalea megacarpa* are being examined

Carapa oil—Examined and reported upon

Sisal fibre—Examined and reported upon

NATAL—

Samples of an oil shale and *talc* analysed and reported on

Experiments made and advice given as to the utilisation of the wood of the South African wattle for paper-pulp

A sample of a rubber-yielding plant is under examination, as well as a number of medicinal plants

6 timbers—Tested Results sent to the Colony and published

CAPE COLONY—

Analyses of a series of samples of wines have been made with the view of improving the characters and qualities of Cape wines for the English markets

3 timbers—Tested. Results sent to the Colony and published

Minerals—Examined

CANADA—

Minerals, honey, etc—Examined and reported upon

CEYLON—

An extensive series of the *timbers* of Ceylon have been tested by Professor Unwin and working tests made as to their practical value.

Kekuna oil is being tested as to its medicinal value

ORDER —Ordered that the Resolution be published for general information in the Supplement to the *Gazette of India*, and that copies be forwarded to the Local Governments and Administrations noted on the margin* for information and publication in the local Gazette, to the Chief Commissioner of Ajmer, to the Foreign Department, to the Reporter on Economic Products to the Government of India, and to the Chambers of Commerce noted on the margin† for information

T W HOLDERNESS,

Secretary to the Government of India.

WEATHER AND CROP REPORT.

For the week ending the 26th February 1900

Burdwan.—Rainfall at Sadar 70, Kalna 1 35, Katwa 93 Weather cloudy Pressing of sugarcane continues *Rabi* crops doing well Fodder and water sufficient Cases of cattle-disease reported from Raniganj and Katwa. Common rice selling as follows.—

	Srs	
Sadar	15	per rupee
Kalna	13¾	
Katwa	15	
Raniganj	13½	

Birbhum.—Rainfall at Sadar 22, Rampur Hât 50 Weather seasonable *Rabi* crops doing well Price of rice at Sadar 13½ seers and at Rampur Hât 15 seers per rupee. Fodder sufficient

Bankura.—Rainfall at Bankura 49, Vishnupur 1 80. Weather variable Pressing of sugarcane going on Harvesting of *rabi* has commenced Fodder and water sufficient Sporadic cases of cow-pox reported Rice is selling at 15 seers per rupee at Bankura and Vishnupur

Midnapore—Rainfall at Sadar 09, Contai ·08, Tamluk 55, Ghatal 77 Weather seasonable Prospects of *rabi* crops good *Boro* is being sown Cattle-disease reported from Binpur, Garhbeta, and Nayagram Fodder and water sufficient. Common rice sells as follows·—

	Srs	
Sadar	14	per rupee
Contai	16	
Tamluk	13	
Ghatal	16	

Hooghly—Rainfall at Sadar 19, Serampore 77, Jahanabad 06 The rain and hail-storm have damaged mango and standing crops Cattle-disease reported from several thanas Common rice sells at 14 seers per rupee

The total fall from 1st January to 24th February 1900 ..	0 75
The average fall of the corresponding period for 24 years, Surveyor-General's Office .	1 36

The mean pressure, temperature &c, are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected approximately to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground

MEDICAL DEPARTMENT

NOTIFICATION—No 941 $\frac{Med}{P}$

The 6th March 1900.—In exercise of the powers conferred by section 2 of the Epidemic Diseases Act, 1897, and with the previous sanction of the Government of India, the Lieutenant-Governor of Bengal is pleased to prescribe the following rules for regulating the despatch of rags from Calcutta to paper mills in Bengal These rules modify the orders of the Government of India contained in Home Department Notifications No 1024, dated 17th March 1899, and No 2584, dated 8th September 1899, so far as the removal of rags is concerned The removal of rags by any other agency except that of the mill companies will continue to be prohibited under the abovementioned orders of the Government of India —

(1) The collection of rags in Calcutta is prohibited, except in accordance with these rules

(2) Rags intended for despatch to paper mills in Bengal shall be collected at central depôts

(3) No place shall be used as a central depôt by any mill until it has been sanctioned by the Sanitary Commissioner.

(4) After collection the rags shall be packed in bags and shall be conveyed from the central depôt to the mill in the mill company's own carts or boats

(5) The carts and boats shall be disinfected after each trip

(6) On arrival at the mill, the rags, together with the bags in which they are packed shall be immediately placed in a boiler and steamed, at a pressure of 60 lbs, (equivalent to a temperature of 307° Fahrenheit), for fifteen minutes

(7) Rags which it is impossible to steam at once owing to their quantity shall be placed, while awaiting disinfection, under a thatched roof with open sides, so as to be freely exposed to light and air.

(8) No rags shall be sorted or handled in any way until after disinfection

(9) The collection, storing, packing, transport and disinfection of the rags shall be subject to the inspection and supervision of the Sanitary authorities of this Government at all times

E N. BAKER,
Secy to the Govt. of Bengal

RAILWAY DEPARTMENT.

The 6th March 1900

No. 43 —Declaration —Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz, for construction of staff quarters at Kankinara station on the Eastern section of the Eastern Bengal State Railway system, in the mauza of Bhatparah, pargana Habilashahar, zilla 24-Parganas, it is hereby declared that for the above purpose a plot of land measuring, more or less, 1 bigha 18 cottahs and 14 chitaks of standard measurement, bounded on the north by municipal road and land belonging to Eastern Bengal State Railway, on the east by land belonging to Eastern Bengal State Railway, on the south by land occupied by Janoki Nath Roy and others, and on the west by land occupied by Roop Dass Mukerjee, Janoki Nath Roy and others, is required within the aforesaid mauza of Bhatparah

This declaration is made, under the provisions of section 6, Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Executive Engineer, Eastern Bengal State Railway, Sealdah.

No 44 —Declaration —Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz, for the construction of staff quarters at Tittaghur station, on the Eastern section of the Eastern Bengal State Railway system, in the mauza of Tittaghur, pargana Calcutta, zilla 24-Parganas, it is hereby declared that for the above purpose a plot of land measuring, more or less, 1 bigha 15 cottahs and 11 chitaks of standard measurement, bounded on the north by land occupied by Sheikh Sheriatoola and Jonabally Mistry, on the east by land occupied by Jonabally Mistry, Kolimuddin Mistry, Suttoruddy Mistry and others, on the south by land occupied by Jonabally Mistry and others and by Municipal Road, and on the west by land belonging to Eastern Bengal State Railway, is required within the aforesaid mauza of Tittaghur

This declaration is made, under the provisions of section 6, Act I of 1894, to all whom it may concern

A plan of the land may be inspected in the office of the Executive Engineer, Eastern Bengal State Railway, Sealdah

No 45 —Declaration —Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz, for the construction of staff quarters at Sodepore station on the Eastern section of the Eastern Bengal Railway system, in the village of Sodepore, pargana Calcutta, zilla 24-Parganas, it is hereby declared that for the above purpose a plot of land measuring, more or less, 1 bigha 17 cottahs and 8 chitaks of standard measurement, bounded on the north by land occupied by Khetter Chunder Ghosh, on the east by Municipal Road, on the south by land occupied by Khetter Chunder Ghosh and Secretary of Sodepore School, and on the west by land occupied by Khetter Chunder Ghosh, is required within the aforesaid village of Sodepore.

This declaration is made, under the provisions of section 6, Act I of 1894, to all whom it may concern

A plan of the land may be inspected in the office of the Executive Engineer, Eastern Bengal State Railway, Sealdah.

No 46 —Declaration —Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz, for a level crossing at chain 367, mile 7, main line, Bengal and North-Western Railway, in the village of Chuck Joojhari, pargana Kasmar, zilla Saran, it is hereby declared that for the above purpose two pieces of land measuring, more or less, 14 cottahs $13\frac{7}{20}$ dhoors of Bihar standard measurement, equal to 1 rood $33\frac{1}{4}$ poles, bounded as follows —

1st Plot —On the north by railway land, on the south by field of Bishun Singh and village road, on the east by field of Mossamut Lakho Kuer and Jaga Singh, and on the west by field of Ram Lagan Singh and Ram Saran Singh,

2nd Plot —On the north by field of Phergoon Tewary, on the south by railway land, on the east by field of Ram Piara Singh, and on the west by fields of Phergoon Tewary, Udit Singh and Honooman Tewary,

are required within the aforesaid village of Chuck Joojhari, pargana Kasmar

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern

A plan of the land may be inspected in the office of the Land Acquisition Officer of Chapra.

No 47 —Notification —Whereas it appears to the Lieutenant-Governor of Bengal that land is likely to be required to be taken by Government at the public expense for a public purpose, viz, for a siding to the Kennison Jute Mills at Tittaghar station of the Eastern Bengal State Railway, passing through the village of Tittaghar, in the district of 24-Parganas, notice is hereby given, under the provisions of section 4 of Act I of 1894, that a survey party is about to take the field for the purpose of making surveys of the proposed line, and that, in exercise of the powers conferred by the abovementioned section, the Lieutenant-Governor has authorised the Engineer for the time being engaged in the undertaking to enter upon and survey and do all other acts required for the proper execution of their works as provided or specified in the said section

D JOSCELYNE,
Secy. to the Govt of Bengal

R. B BUCKLEY,
Secy. to the Govt. of Bengal.

The 5th March 1900.

No. 38 Marine.—The following Notification, dated the 2nd March 1900, by the Government of India, Home Department, regarding the importation into Italy from infected places of animal hair without restriction, is published for general information

R B BUCKLEY,
Secy. to the Govt of Bengal

No 572, dated Calcutta, the 2nd March 1900

NOTIFICATION—By the Government of India, Home Department

The following document is published for general information —

Despatch from Lord Currie to the Marquess of Salisbury, K G, &c, No. 5-Commercial, dated the the 25th January 1900.

MY LORD,

I have the honour to report that a Sanitary Maritime Ordinance, No 1, issued yesterday, states that amongst the articles, of which the importation into Italy from places declared infected with bubonic plague is forbidden, animal hair (crini animali) is no longer to be included, and may henceforth be introduced into the Kingdom without restriction

---

The 6th March 1900

No 39 Marine.—Whereas it appears that the estimated income of the Commissioners of the Port of Calcutta, under Act [illegible] of 1890, from 1st April 1900 to 31st March 1901, after deducting therefrom the estimated expenditure for the above period, will be insufficient for the payment of the sums which, under the provisions of the said Act, are payable during the year to the Secretary of State for India in Council and to holders of debentures under the said Act, it is hereby notified that from the 1st April 1900, the Port Commissioners will charge upon all goods landed from or shipped into any sea-going vessel lying or being within the limits of the Port, whether such goods shall or shall not be so landed or shipped at any dock, wharf, quay, stage or jetty belonging to the Commissioners, in addition to or other than those prescribed by any scale of tolls, dues, rates and charges now in force, a toll which shall approximate four annas per ton, except for export and bunker-coal, which shall be free Goods transhipped within the port are exempt, also ballast with the exception of dressed stone For the purpose of levying such toll on miscellaneous general cargo landed or shipped at the Kidderpore Docks or at the jetties, the Commissioners will follow the schedules of charges prescribed for the docks and the jetties, and charge one-fifth of the rates therein specified, but where the landing or shipping charge is in these schedules levied on the ton by weight, then the special charge under this notification shall be four annas per ton. For the purpose of levying such toll on goods landed or shipped over the inland vessels' wharves or otherwise than through the docks or jetties, the ton shall be reckoned at the actual weight where such is ascertainable Where the weight is not declared, then the ton shall be reckoned at the respective weights and measurements given in the schedule in force for the inland vessels' wharves

R B BUCKLEY,
Secy. to the Govt. of Bengal.

The 6th March 1900

No. 40 Marine.—Under the provisions of section 9 of Act IV (B C) of 1887, the Lieutenant-Governor is pleased to appoint Mr C R. Marriott, Commissioner of the Chittagong Division, to be a Commissioner of the Port of Chittagong, *vice* Mr F R S Collier, resigned, with effect from the 1st March 1900

Mr Marriott is also appointed, under section 10 of the Act, to be the Chairman of the Commissioners.

R B BUCKLEY,
Secy to the Govt. of Bengal

The 6th March 1900.

No 41 Marine.—Under the provisions of section 16 of the Calcutta Port Act, 1890 Mr D. Currie, of Messrs. Macneill and Company, is appointed to be a Commissioner of the Port of Calcutta, *vice* Mr. D. F. Mackenzie, resigned.

R B BUCKLEY,
Secy. to the Govt. of Bengal

SCHEDULE F.

TEMPORARY AMENDMENT OF CERTAIN PORTIONS OF THE BENGAL MUNICIPAL ACT, 1884.

SCHEDULE G

PORTIONS OF THE BENGAL MUNICIPAL ACT, 1884, THE POWERS OR DUTIES CONFERRED OR IMPOSED BY WHICH ON THE LOCAL GOVERNMENT MAY NOT BE DELEGATED

BENGAL ACT No I OF 1900

An Act to amend the Bengal Municipal Act, 1884, in its application to Darjeeling*

WHEREAS it is expedient to amend the Bengal Municipal Act, 1884, in its application to Darjeeling, and to provide for the temporary exercise by the Local Government of certain powers of the Commissioners of the Darjeeling Municipality, (Ben III of 1884)

It is hereby enacted as follows —

(Short title) 1 This Act may be called the Darjeeling Municipal Act, 1900.

PART I.

(Application of Bengal Act III of 1884 to Darjeeling) 2 The Bengal Municipal Act, 1884, as amended by this Act, shall extend to the Darjeeling Municipality as constituted for the time being under the said Bengal Municipal Act, 1884 (Ben III of 1884.)

(Power to include adjacent areas within the Darjeeling Municipality for certain purposes) 3 The Local Government, on the recommendation of the Commissioners at a meeting, may, by notification in the Calcutta Gazette, declare that any area within the Darjeeling District and adjacent to the Darjeeling Municipality shall be deemed to be included within that Municipality for the purposes of such portions of the Bengal Municipal Act, 1884, as amended by this Act, as may be specified in that behalf in such notification. (Ben III of 1884)

(Amendment of section 6) 4 To section 6 of the Bengal Municipal Act, 1884, the following shall be added, namely — (Ben III of 1884)

"(20) 'bridge' includes a culvert,

"(21) 'drain' includes a *jhora*, watercourse, channel or natural drainage line,

"(22) 'dwelling-house' means a masonry or framed building constructed, used or adapted to be used wholly or principally for human habitation,

"(23) 'framed building' means a building the external walls of which are constructed of timber framing or iron framing, and the stability of which depends on such framing,

"(24) 'Government road' means a road maintained by the Government or at the public expense,

"(25) 'hut' means any building no material portion of which above the plinth-level is constructed of masonry or of squared timber framing or iron framing,

"(26) 'masonry building' means any building other than a framed building or a hut;

"(27) the expression 'materially alter,' when used with reference to a building, includes—

(a) the construction of a roof or an external or party wall,

(b) any repairs to the building which involve the re-construction of a masonry or framed wall or a masonry chimney after the same has been entirely or in great part demolished,

(c) the closing-up of any door or window in an external wall,

(d) any alteration of the internal arrangements of a building which effects an alteration of its drainage, ventilation or sanitary arrangements, or which affects its security,

(e) the addition of any building, room verandah, out-house or other structure

The Darjeeling Municipal Act, 1900—Sections 4, 5

(Ben Act III of 1884, sections 6, 6A)

(*f*) the roofing of any space between one or more walls and buildings,

(*g*) the enclosing of any verandah,

(*h*) the conversion into more than one place for human habitation of a building originally constructed as one such place, and

(*i*) the conversion of two or more places for human habitation into a greater number of such places

Explanation—Clause (*f*) applies only as regards the structure which is formed by roofing a space, and not as regards adjoining buildings,

"(*28*) 'plinth' means the part of a wall between the ground-level and the level of the lowest floor of a building,

"(*29*) 'private bridge' means any bridge which is not a public bridge as defined in this section,

"(*30*) 'private drain' means any drain which is not a public drain as defined in this section, and includes any surface sullage, or other drain on private property,

"(*31*) 'private road' means any road, path, street, alley, way or passage which is not a public road or a Government road as defined in this section,

"(*32*) 'public bridge' means a bridge on or over which a public road or any public work is carried, and the property in which is for the time being vested in the Commissioners,

"(*33*) 'public drain' means any drain which is vested in the Commissioners,

"(*34*) the expression 'public road' means any road, path, street, alley, way or passage over which the public have a right of way, and the property in which is vested in the Commissioners, and, as used in section 189, section 207, section 216, section 217, clause (*1*), and section 235, and in rule 5 of Schedule B and rule 18 of Schedule C, includes also a Government road, and

"(*35*) the expression 're-erect,' when used with reference to a building, includes—

(*a*) the re-construction of a building after more than one half its cubical extent has been taken down or burnt down or has fallen down,

(*b*) the conversion of one or more huts or temporary structures into a masonry or framed building, and

(*c*) the conversion into a place for human habitation of any building not originally constructed for human habitation

Explanation—Clause (*a*) applies whether the re-construction takes place (after the commencement of the Darjeeling Municipal Act, 1900) entirely at the same time or by instalments at different times, and whether more than half the cubical extent has (after the commencement of the Darjeeling Municipal Act, 1900) been taken down or been burnt down or fallen down at the same time or at different times"

Insertion of new section 6A

5 After section 6 of the said Act the following shall be inserted, namely —

"6A The Commissioners may decide whether any particular building is a framed

Power to define character of building

The Darjeeling Municipal Act, 1900—Sections 6-10.
(Ben. Act III of 1884, sections 175-201A.)

building, a masonry building or a hut, as defined in section 6, and their decision shall be final."

Restriction on application of sections 175 to 182.

6. Sections 175 to 182 of the said Act shall not apply in the case of any notice issued under any of the clauses enacted by this Act or under any rule or bye-law made under any such clause.

Insertion of new sections, 182A and 182B.

7. After section 182 of the said Act the following shall be inserted, namely:—

Time for complying with requisition or order and power to enforce requisition or order in default of person directed.

"182A. (1) When the Commissioners, by written notice, make any requisition or order under any of the clauses enacted by the Darjeeling Municipal Act, 1900, or under any rule or bye-law made under any such clause, a reasonable period shall be prescribed in such notice for carrying such requisition or order into effect.

(2) If any such requisition or order or any portion thereof is not complied with within the period so prescribed or any further period allowed by them, the Commissioners may take such measures, or cause such work to be executed or such things to be done, as may, in their opinion, be necessary for giving due effect to such requisition or order, and the expenses thereof shall be paid by the person or by any one of the persons to whom such requisition or order was addressed.

(3) The Commissioners may take any measure, execute any work, or cause any thing to be done under this section whether or not the person who has failed to comply with the requisition or order is liable to punishment or has been prosecuted or sentenced to any punishment for such failure.

Right to show cause against certain requisitions or orders.

"182B. (1) Any person on whom a notice under section 210B, section 210C, section 244V or section 248A is served may, at any time before the expiration of the period or further period prescribed under section 182A for carrying into effect the requisition or order made by the notice, appear before the Commissioners and show cause why such requisition or order should not be complied with.

(2) If cause is shown as aforesaid by any such person, the Commissioners shall, after hearing him, either cancel the notice or confirm the same subject to such modifications (if any) as they may think fit."

Amendment of section 191.

8. For the words "after six hours' notice in writing," in section 191 of the said Act, the words "without giving notice" shall be substituted.

Amendment of section 201.

9. In section 201 of the said Act, for the words "any road" and the words "part of a road," wherever they occur, the words "any public road" and the words "part of a public road" shall respectively be substituted.

Insertion of new sections, 201A to 201G.

10. After section 201 of the said Act the following shall be inserted, namely:—

Absolute closing of public road.

"201A. (1) If it appears to the Commissioners that any public road or part thereof—

(a) threatens the stability or security of any hillside or bank or any immoveable property thereon, or

The Darjeeling Municipal Act, 1900.—Section 10
(Ben. Act III of 1884, sections 201A-201D.)

(*b*) in consequence of its condition or its situation with reference to any adjacent hillside or bank, cannot be efficiently maintained or repaired except at a cost, which, in their opinion, is unreasonable,

the Commissioners may, by public notice, declare such road or part to be absolutely closed

Provided that the Commissioners shall, before declaring any public road or part thereof to be closed, be bound to provide other reasonably sufficient means of access to holdings adjacent to such road or part, if no such means of access already exist

(*2*) From the date of any notice published under sub section (*1*) in respect of any public road or part thereof, the Commissioners shall not be bound to maintain or repair such road or part, and the site thereof may be disposed of or otherwise dealt with in any manner the Commissioners may think fit

Provided that, if the Commissioners determine to sell or to let on lease or otherwise transfer any part of such site which is adjacent to any private land or building, the owner of such land or building shall have a prior right to buy or take on lease such part at a reasonable rate

"201B All private roads and bridges shall be subject to the inspection and control of the Commissioners

Control over private roads and bridges

"201C (*1*) Every person who intends to construct, re construct or alter a private road or bridge shall send to the Commissioners an application for permission to execute the work

Control over construction or alteration of private road or bridge

(*2*) Every such application shall be accompanied by the documents or particulars prescribed in this behalf in Schedule A

(*3*) Every person applying for permission to construct, re-construct or alter a private road must further mark out on the ground the alignment of the road, for inspection by the Commissioners or an officer authorised by them in that behalf

(*4*) The permission referred to in sub-section (*1*) may be either granted or refused absolutely, or granted subject to any conditions which the Commissioners may think fit to impose in accordance with the rules contained in the said Schedule A.

(*5*) No work referred to in sub section (*1*) shall be commenced without the written permission of the Commissioners

"201D If it appears to the Commissioners that any private road or bridge is so situated or is in such a condition as to threaten the stability or security of any hillside or bank or any immoveable property thereon, they may, by written notice, require the owner—

Re construction, etc, of private road or bridge

(*a*) to re-construct, re-grade, divert, alter or repair such road or bridge, or

(*b*) to make a revetment or retaining-wall on either side or both sides of such road, or

(*c*) to take such other order with such road or bridge as may be specified in the notice

The Darjeeling Municipal Act, 1900—
Sections 10, 11
(Ben Act III of 1884, sections 201E-207)

"201E If it appears to the Commissioners that waterway ought to be provided on any private road, or that the waterway provided on any private road ought to be enlarged, they may, by written notice, require the owner of the road—

Provision or enlargement of waterway on private road

(*a*) to provide and maintain waterway, or

(*b*) to enlarge the existing waterway,

as the case may require

"201F Whenever any private road or bridge is to be constructed, re-constructed, re-graded, diverted, altered or repaired, and whenever waterway for any private road is to be provided or enlarged, in pursuance of section 201C, section 201D or section 201E, the work shall be executed in accordance with the rules contained in Schedule A, so far as they are applicable to the particular case

Rules as to construction, etc, of private roads and bridges

"201G If it appears to the Commissioners that the existence of any private road threatens the stability or security of any hillside or bank or any immoveable property thereon they may, by written notice, require the owner to close the road and to take such order with the site thereof as they may consider necessary for the stability or security of such hillside, bank or property and as may be prescribed in the notice

Power to close private road

Provided that no notice shall be issued under this section in respect of any private road which constitutes the only approach to a building, unless in the opinion of the Commissioners, another road affording a suitable approach to the building can be constructed at reasonable expense"

Substitution of new sections, 207 and 207A for section 207

11 For section 207 of the said Act the following shall be substituted, namely —

"207 (*1*) Whenever any building, wall, revetment or other erection, or any part thereof, or any stone, tree, soil or *debris* from private premises, falls down and obstructs any public road or drain, the Commissioners may cause the obstruction to be removed

Removal of material falling upon or into public road or drain

(*2*) All stone and trees so removed shall be separately heaped near the spot, and a notice shall be affixed in the vicinity calling upon the persons from whose premises the stone or trees or any of the same has or have fallen to take away the same.

(*3*) If, in the course of removing any obstruction under sub section (*1*), it be found necessary to break up or blast any stone or to cut up any tree, the work shall be executed by the Commissioners, and, if any persons desire, in pursuance of a notice affixed under sub-section (*2*), to take away any stone or tree which has been so dealt with, they must first pay to the Commissioners the expenses incurred by them under this sub-section

(*4*) If such stone or trees be not taken away by the said persons within seventy-two hours after the affixing of the said notice, or within any further period allowed by the Commissioners, the same shall become the property of the Commissioners

The Darjeeling Municipal Act, 1900 — Sections 11-13

(Ben Act, III of 1884, sections 207A-220)

"207A If it appears to the Commissioners that any *debris* which has fallen upon or into any private road or drain ought to be removed, they may—

Removal of *débris* falling upon or into private road or drain

(*a*) cause such *débris* to be removed, at the expense of the owner of the road or drain, or

(*b*) by written notice require the said owner to remove the *débris*"

Insertion of new sections, 210B and 210C

12 After section 210A of the said Act the following shall be inserted, namely —

"210B If it appears to the Commissioners that any building or portion of a building, or any thing affixed to a building, or any wall or structure on any land, is in such a condition as to threaten the stability or security of any hillside or bank or any immoveable property thereon,

Powers where buildings, &c, threaten the stability of other immoveable property

the Commissioners may, by written notice, require the owner of such building or land,—

(*a*) to take down such building, portion, thing, wall or structure and remove the materials, or

(*b*) to secure or repair such building, portion, thing, wall or structure, in such manner as may be prescribed in the notice, or to make a revetment for the support thereof, or to take such other order therewith as may be prescribed in the notice and

(*c*) in case (*a*), also to take such order with the site of such building, wall or structure, for ensuring the stability or security of any hillside or bank or any immoveable property thereon, as may be prescribed in the notice

"210C If it appears to the Commissioners that the condition or situation of any hillside or bank being private property, is such as to threaten the safety of any building, and that the safety of such building cannot be ensured by taking action under section 248A, and also that such building threatens the safety of some other building, they may, by written notice, require the owner of such first-mentioned building—

Powers where hillside or bank threatens the safety of buildings

(*a*) to take down the building and remove the materials, or

(*b*) to secure the building in such manner as may be prescribed in the notice, or to make a revetment for the support thereof, or to take such other order therewith as may be prescribed in the notice,

and may also, by written notice, require the owner of such other building to secure the same, in such manner as may be prescribed in the notice, or to make a revetment for the support thereof, or to take such other order therewith as may be prescribed in the notice"

Amendment of section 220

13 To section 220 of the said Act the following shall be added, namely —

"Provided also that the provisions enacted by the Darjeeling Municipal Act, 1900, shall take effect in the Darjeeling Municipality without being expressly extended thereto"

The Darjeeling Municipal Act, 1900 — Sections 14, 15

(Ben Act III of 1884, sections 224A 228)

Insertion of new sections, 224A to 224C

14 After section 224 of the said Act the following shall be inserted, namely —

"224A The Local Government may, by notification in the Calcutta Gazette, define, for the purposes of this Act, the limits of any *jhora*, watercourse, channel or natural drainage line

Power to define limits of *jhoras*, &c

"224B (*1*) Every person who intends to construct, re-construct, alter, stop-up or obstruct any private drain shall send to the Commissioners an application for permission to execute the work

Control over construction or alteration of private drains

(*2*) Every such application shall be accompanied by a general description of the drain

(*3*) The permission referred to in sub-section (*1*) may be either granted or refused absolutely, or granted subject to any conditions which the Commissioners may think fit to impose in accordance with the rules contained in Schedule B

(*4*) No work referred to in sub-section (*1*) shall be commenced without the written permission of the Commissioners

"224C The Commissioners may, by written notice, require the owner of any building or land—

Re construction, repair, etc, of private drains

(*a*) to re construct, enlarge, extend, alter, repair, make efficient, stop up or remove any drain belonging to such building or land, or

(*b*) to alter the inclination or direction of any such drain, or

(*c*) to provide moveable coverings or gratings for any such drain, of such nature as may be specified in the notice, or

(*d*) to carry any such drain to such point of outlet or of junction with some other drain as may be specified in the notice"

Substitution of new sections for sections 227 and 228

15 For sections 227 and 228 of the said Act the following shall be substituted, namely —

"227 If any building or land is not drained to the satisfaction of the Commissioners, they may, by written notice, require the owner to provide a drain therefor, at such inclination, and to such point of outlet or of junction with some other drain, as may be specified in the notice

Power to require provision of private drain

"228 (*1*) If it appears to the Commissioners that any buildings or lands belonging to different owners can be drained or the drainage thereof improved, more economically or advantageously in combination than separately, the Commissioners may cause such buildings or lands to be drained, or the drainage thereof to be improved, in such manner as they may consider suitable

Private drainage in combination.

(*2*) The Commissioners may cause any drain which has been provided or improved under sub-section (*1*) to be maintained or repaired in such manner as they may consider suitable

The Darjeeling Municipal Act, 1900—
Sections 16, 17
(Ben Act III of 1884, sections 229A-238)]

(*3*) All expenses incurred under sub-section (*1*) or sub-section (*2*) in connection with the drainage of any buildings or lands shall be paid by the owners of such buildings or lands, in proportion to the benefits derived by them respectively

(*4*) The said proportion shall be determined by the Commissioners

Insertion of new section, 229A

16 After section 229 of the said Act the following shall be inserted, namely —

Rules as to construction, etc., of private drains

"229A Whenever any private drain is to be constructed, re constructed, enlarged, extended, altered, repaired or otherwise dealt with in pursuance of section 224B, section 224C, section 227 or section 228, the work shall be executed in accordance with the rules contained in Schedule B, so far as they are applicable to the particular case"

Insertion of new sections, 236 to 241

17 For sections 236 to 241 of the said Act and the heading prefixed thereto the following shall be substituted, namely —

"BUILDING REGULATIONS

Prohibition of inflammable materials for roofs or external walls

"236 (*1*) Except with the previous written permission of the Commissioners, external roofs or walls of buildings shall not, after the commencement of the Darjeeling Municipal Act, 1900, be made of grass, leaves, mats, canvas, shingles or other inflammable material

(*2*) The Commissioners may, by written notice, require the owner of any building situated in or near a road and contiguous to or adjoining any other building, and having, at the commencement of the Darjeeling Municipal Act, 1900, an external roof or wall made of any such inflammable material as aforesaid, to remove or alter such roof or wall

(*3*) Sub-sections (*1*) and (*2*) shall not apply to any garden hut, orchid-house, fernery or other similar structure within a compound, unless in any particular case the Commissioners consider any such structure to be dangerous

Use of building sites, and erection, re erection and material alteration of buildings

"237 After the commencement of the Darjeeling Municipal Act, 1900, no land shall be used as a site for the erection, re-erection or material alteration of a building, and no building shall be erected, re-erected or materially altered, otherwise than in accordance with the provisions of this Act and any rules, bye laws or orders made under this Act, relating to the use of building-sites, or the erection, re-erection or material alteration of buildings, as the case may be.

"*Masonry buildings and framed buildings*

Application for approval of site for erection re erection or material alteration of a masonry or framed building

"238 (*1*) Every person, who intends—

(*a*) to erect or re-erect a masonry or framed building, or

(*b*) to materially alter a masonry or framed building in the manner referred to in sub-clause (*e*), sub-clause (*f*), sub clause (*g*), sub-clause (*h*) or sub clause (*j*) of clause (*27*) of section 6,

shall send to the Commissioners an application for approval of the site, together with a site plan of the land

The Darjeeling Municipal Act, 1900.—Section 17.
(Ben Act III of 1884, sections 239-243).

(*2*) Every such application and site-plan shall contain the particulars and be prepared in the manner prescribed in this behalf in Schedule C

"239 Within thirty days after the receipt of any application made under section 238 for approval of a site, or of any information or further information required under Schedule C, the Commissioners shall, by written order, either—

Approval of site when to be given or refused

(*a*) approve the site, subject to such conditions or modifications (if any) as may be specified in the order, or

(*b*) refuse, on one or more of the grounds mentioned in section 244B, to approve the site

"240 (*1*) Every person who intends to erect, re-erect or materially alter a masonry or framed building shall send to the Commissioners an application for permission to execute the work, together with a plan of the building, complete elevations and sections of the work, and a specification of the work

Application for permission to erect, re-erect or materially alter a masonry or framed building

(*2*) Every document referred to in sub-section (*1*) shall contain the particulars and be prepared in the manner prescribed in this behalf in Schedule C

(*3*) Every application under sub-section (*1*) for permission—

(*a*) to erect or re-erect a masonry or framed building, or

(*b*) to materially alter a masonry or framed building in the manner indicated in clause (*b*) of section 238,

must be sent either together with the application sent under section 238 or within a period of six months from the issue, under this Act, of the order (if any) approving the site, and, if any such application be sent after the expiration of the said period, it shall not be received unless a fresh application is made under section 238 for approval of the site

"241 Permission to erect or re-erect a masonry or framed building, or to materially alter a masonry or framed building in the manner indicated in clause (*b*) of section 238, shall not be given unless and until the Commissioners have approved the site on an application sent to them under section 238

Permission to erect, re-erect or materially alter a masonry or framed building not to be given unless and until site approved

"242 The erection, re-erection or material alteration of a masonry or framed building shall not be commenced unless and until the Commissioners—

Work not to be commenced unless and until permission granted

(*a*) have granted written permission for the execution of the work on an application sent to them under section 240, or

(*b*) where an appeal or reference has been made to the Engineer appointed under section 351D—have received orders from the Engineer determining that permission to execute the work should be granted

"243 Within thirty days after the receipt of any application made under section 240 for permission to execute any work, or of

Permission to execute work when to be granted or refused

The Darjeeling Municipal Act, 1900.—Section 17
(Ben. Act III of 1884, sections 244-244B.)

any information or further information required under Schedule C, the Commissioners shall, by written order, either—

(*a*) grant permission to execute the work, subject to such conditions or modifications (if any) as may be specified in the order, or

(*b*) refuse, on one or more of the grounds mentioned in section 244C, to grant such permission.

Provided that, where the approval of a site is required by this Act, the said period of thirty days shall not in any case begin to run until the site has been approved under this Act.

Record of reasons when approval or permission refused.

"244. Whenever the Commissioners refuse to approve a site for the erection, re-erection or material alteration of a masonry or framed building, or to grant permission to erect, re-erect or materially alter such a building, they shall state specifically the grounds for such refusal.

Reference to appellate Engineer if grant or refusal of approval or permission is delayed.

"244A. If, within the period prescribed by section 239 or section 243, as the case may be, the Commissioners have neither given nor refused their approval of a building-site or their permission to execute any work, as the case may be, the Engineer appointed under section 351D shall be bound, on a written reference being made to him by the applicant within six months after the expiration of the said period, to determine forthwith, by written order, whether such approval or permission should be given or not.

Grounds on which approval of site may be refused.

"244B. The only grounds on which approval of a site for the erection, re-erection or material alteration of a masonry or framed building may be refused are the following, namely:—

(*1*) that the site is not, in the opinion of the Commissioners or (where an appeal or reference has been made to the Engineer appointed under section 351D) the Engineer, a safe site for the erection, re-erection or alteration of the building;

(*2*) that the erection, re-erection or alteration of the building upon the site would, in the opinion of the Commissioners or (where an appeal or reference has been made to the Engineer appointed under section 351D) the Engineer, threaten the stability or security of some hillside or bank or some immoveable property thereon;

(*3*) that any particulars comprised in the site-plan would contravene some specified provision of this Act or some specified rule, bye-law or order made thereunder;

(*4*) that the application for such approval, or the site plan, does not contain the particulars or is not prepared in the manner prescribed in Schedule C; or

The Darjeeling Municipal Act, 1900—Section 17
(Ben. Act III of 1884, sections 244C-244E)

(*5*) that any information required under the said Schedule has not been duly furnished

"244C The only grounds on which permission to erect, re-erect or materially alter a masonry or framed building may be refused are the following, namely —

Grounds on which permission to execute work may be refused

(*1*) that, having regard to the site, to the plan of the building, to the elevations, sections and specification of the work, and to the information and documents (if any) furnished to the Commissioners, the building, in the opinion of the Commissioners or (where an appeal or reference has been made to the Engineer appointed under section 351D) the Engineer,—

(*a*) would not be safe for human habitation, or

(*b*) would threaten the stability or security of some hillside or bank or some immoveable property thereon,

(*2*) that the work, or any of the particulars comprised in the building-plan, elevations, sections or specification, would contravene some specified provision of this Act or some specified rule, bye-law or order made hereunder,

(*3*) that the application for such permission does not contain the particulars or is not prepared in the manner prescribed in Schedule C, or

(*4*) that any information required under the said Schedule not been duly furnished

"244D (*1*) If the erection or re-erection of any masonry or framed building, or the material alteration of any such building in the manner indicated in clause (*b*) of section 238, is not commenced within six months after the date on which permission was given to execute the work, the work shall not be commenced until fresh applications have been made under sections 238 and 240 and fresh approval and permission have been given under this Act

Lapse of permission if not acted upon within six months

(*2*) If any other material alteration of a masonry or framed building is not commenced within six months after the date on which permission was given to execute the work, the work shall not be commenced until a fresh application has been made under section 240 and a fresh permission granted under this Act

"244E (*1*) When any site, after having been approved under this Act, has been prepared for building-work, the owner of the building shall, not less than three days before building-work is commenced, send to the Commissioners a written notice specifying the date on which it is proposed to commence such work

Notice before commencing building work, and inspection of site

The Darjeeling Municipal Act, 1900—Section 17
(Ben Act III of 1884, sections 244F-244J)

(*2*) The Commissioners, or the Municipal Engineer, if authorised by them in that behalf, may thereupon inspect the site, and, if it appears to the Commissioners that the site is in such a condition as to render the building unsafe, or that the proposed work would threaten the stability or security of any hillside or bank or any immoveable property thereon, they may, by written order, withdraw their permission to execute the work, and may, if they think fit, by a like order grant a fresh permission subject to such conditions for ensuring safety as they may consider necessary

"244F Within fifteen days after the erection, re erection or material alteration of any masonry or framed building has been completed, the owner shall send to the Commissioners a written notice of the fact

Notice after completion of building work

"244G The Commissioners, or any officer authorised by them in that behalf, may at any time during the erection, re-erection or material alteration of any masonry or framed building, or within one month after the receipt of the notice sent under section 244F with respect to any building, inspect such building, without giving previous notice of the intention so to do

Inspection of building

"244H (*1*) If, when any such inspection is made, the Commissioners find that the building is being or has been constructed—

Powers on inspecting building

(*a*) otherwise than in accordance with the plans approved under this Act, or

(*b*) in such a way as to contravene any of the provisions of this Act or any rule, bye-law or order made hereunder,

they may, by written notice, require the owner of the building either—

(*i*) to make such alterations as may be specified in the notice with the object of bringing the work into conformity with the said plans or provisions, or

(*ii*) to appear before them and show cause why such alterations should not be made

(*2*) If such owner does not appear and show cause as aforesaid, he shall be bound to make the alterations specified in such notice

(*3*) If such owner appears and shows cause as aforesaid, the Commissioners shall, after hearing him, cancel the notice issued under sub-section (*1*) or confirm the same subject to such modifications (if any) as they may think fit

"*Huts*

"244J (*1*) Every person who intends to erect, re-erect or materially alter a hut shall send to the Commissioners an application for permission to execute the work

Application for permission to erect, re-erect or materially alter a hut.

(*2*) Every such application shall contain the particulars and be prepared in the manner prescribed in this behalf in Schedule C

The Darjeeling Municipal Act, 1900 —Section 17
(Ben Act III of 1884, sections 244K-244-O)

"244K The erection, re-erection or material alteration of a hut shall not be commenced unless and until the Commissioners—

Work not to be commenced unless and until permission given.

(a) have granted written permission for the execution of the work on an application sent to them under section 244J, or

(b) where an appeal or reference has been made to the Engineer appointed under section 351D—have received orders from the Engineer determining that permission to execute the work should be granted

"244L Within fourteen days after the receipt of any application made under section 244J for permission to erect, re-erect or materially alter a hut, or of any information or further information required under Schedule C, the Commissioners shall, by written order, either—

Permission to execute work when to be given or refused

(a) grant such permission, subject to such conditions or modifications (if any) as may be specified in the order, or

(b) refuse, on one or more of the grounds mentioned in section 244-O, to grant such permission

"244M Whenever the Commissioners refuse to grant such permission as aforesaid, they shall state specifically the grounds for such refusal

Record of reasons when permission refused

"244N If, within the period prescribed by section 244L, the Commissioners have neither granted nor refused permission to erect, re-erect or materially alter a hut, the Engineer appointed under section 351D shall be bound, on a written reference being made to him by the applicant within six months after the expiration of the said period, to determine forthwith, by written order, whether such permission should be granted or not

Reference to appellate Engineer if grant or refusal of permission is delayed

"244 O The only grounds on which permission to erect, re-erect or materially alter a hut may be refused are the following, namely —

Grounds on which permission to erect re-erect or materially alter a hut may be refused

(1) in the case of erection or re-erection, or of any material alteration of the kind indicated in clause (b) of section 238, that the site is, in the opinion of the Commissioners or (where an appeal or reference has been made to the Engineer appointed under section 351D) the Engineer, an unsafe site for a hut,

(2) that the work would, in the opinion of the Commissioners or (where an appeal or reference has been made to the Engineer appointed under section 351D) the Engineer, threaten the stability or security of some hillside or bank or some immoveable property thereon,

(3) that the work would contravene some specified provision of this Act or some specified rule, bye-law or order made hereunder,

(4) that the application for such permission does not contain the particualrs or is

The Darjeeling Municipal Act, 1900—Section 17
(Ben Act III of 1884, sections 244P-244S)

not prepared in the manner prescribed in Schedule C, or

(5) that any information required under the said Schedule has not been duly furnished.

"244P If the erection, re erection or material alteration of any hut is not commenced within six months after the date on which permission was granted to execute the work, the work shall not be commenced until a fresh application has been made and a fresh permission granted under this Act

Lapse of permission if not acted upon within six months

"244Q (1) If any site be specially prepared for erecting, re-erecting or materially altering a hut in pursuance of any permission granted under this Act, the owner of the hut shall, not less than three days before building-work is commenced, send to the Commissioners a written notice specifying the date on which it is proposed to commence such work

Notice before commencing building work, and inspection

(2) The Commissioners, or the Municipal Engineer, if authorised by them in that behalf, may thereupon inspect the site, and, if it appears to the Commissioners that the site is in such a condition as to render the hut unsafe, or that the proposed work would threaten the stability or security of any hillside or bank or any immoveable property thereon, they may, by written order, withdraw their permission to execute the work, and may, if they think fit, by a like order, grant a fresh permission subject to such conditions for ensuring safety as they may consider necessary

"*Exemptions*

"244R The following buildings shall be exempted from the operation of sections 240 to 244Q, except in so far as those sections relate to sites, that is to say—

Exemptions.

(a) any building erected and used, or intended to be erected and used, exclusively for the purpose of a plant-house, summer-house (not being a dwelling-house), poultry-house or aviary, provided the building be wholly detached from, and situated at a distance of at least ten feet from, the nearest adjacent building, and

(b) any building of a temporary character erected or intended to be erected by, or with the sanction of, the Commissioners for use solely as a hospital for the reception and treatment of persons suffering from any infectious or contagious disease

"DEMOLITION, ALTERATION AND STOPPING OF WORK

"244S If the Commissioners are satisfied—

Demolition or alteration of work unlawfully commenced, carried on or completed

(1) that any work referred to in section 201C, sub-section (1), or section 224B, sub-section (1), or the erection, re-erection or material alteration of any building—

(a) has been commenced without obtaining the permission of the Commissioners, or (where an appeal or reference has been made to the Engineer appointed under section 351D) without waiting until the

The Darjeeling Municipal Act, 1900—Section 17
(Ben Act III of 1884, sections 244T-244V)

Commissioners have received the orders of the Engineer, or in contravention of any orders passed by him, or

(*b*) is being carried on or has been completed otherwise than in accordance with the particulars on which such permission or orders was or were based, or

(*c*) is being carried on or has been completed after such permission has been withdrawn, or

(*d*) is being carried on or has been completed in breach of any provision contained in this Act or in any rules or bye-laws made hereunder, or of any condition, modification, direction or requisition lawfully imposed, made or given under this Act or such rules or bye-laws, or

(*2*) that any alterations required by any notice issued under section 244H have not been duly made,

the Commissioners may apply to the Magistrate, and such Magistrate may make an order—

(*i*) directing that the work done, or so much of the same as has been unlawfully executed, be demolished by the owner or altered by him to the satisfaction of the Commissioners, as the case may require, or

(*ii*) directing that the work done, or so much of the same as has been unlawfully executed, be demolished or altered by the Commissioners at the expense of the owner

Provided that the Magistrate shall not make any such order without giving the owner full opportunity of adducing evidence and of being heard in defence

"244T (*1*) In any case in which any work referred to in section 244S has been unlawfully commenced or is being unlawfully carried on, the Commissioners may, by written notice, require the person carrying on the work to stop the same pending the decision of the Magistrate on an application made to him under that section

Power to stop progress of work unlawfully commenced or carried on

(*2*) If any work be carried on upon any premises in contravention of a notice issued under sub section (*1*) any person directing or carrying on such work may, under the orders of the Commissioners, be removed from the premises by any police-officer

"244U When any person is liable to be directed to demolish work and to pay a fine under this Act, both those directions may be given at the discretion of the Magistrate

Demolition and fine cumulative

"CONTROL OVER OCCUPATION OF BUILDINGS.

"244V (*1*) If it appears to the Commissioners that any building or the site thereof is, in consequence of its condition or of its situation with reference to any hillside or bank, unsafe,

Power to prohibit occupation of unsafe or insanitary building

they may, by written notice, prohibit the owner or any other person from occupying or continuing to occupy the building or from permitting it to be occupied until the building or the

The Darjeeling Municipal Act, 1900 —Section 17
(Ben Act III of 1884, sections 244W-244Y)

site, as the case may be, is rendered safe to the satisfaction of the Commissioners

(2) If it appears to the Commissioners that the drainage of, or the latrine accommodation provided for, any masonry or framed building is defective,

they may, by written notice, prohibit the owner from letting the building for occupation until the defects have been remedied to their satisfaction

"244W If any person occupies or continues to occupy any building in contravention of any notice issued under sub-section (1) of section 244V, he may, under the orders of the Commissioners, be removed from the building by any police-officer

Power to remove persons occupying unsafe building

"244X (1) If, for any reason, any building intended for or used as a dwelling place appears to the Commissioners to be unfit for human habitation, they may apply to the Magistrate to prohibit the further use of such building for such purpose, and the Magistrate may, by written order, make a prohibition as aforesaid or may pass such other order as he may deem just and proper

Prohibition of use of unfit building for human habitation

Provided that the Magistrate shall not make any order under this sub-section without giving the owner and occupier of the building full opportunity of adducing evidence and of being heard in defence

(2) When any such prohibition has been made no owner or occupier of such building shall use the same or suffer it to be used for human habitation until the Commissioners certify in writing that the causes rendering it unfit for human habitation have been removed to their satisfaction, or the Magistrate by written order, withdraws the prohibition aforesaid

"244Y (1) If it appears to the Commissioners that any dwelling-house, or any hut which is used as a dwelling-place, or any room in any such house or hut, is so overcrowded as to endanger the health of the inmates thereof, they may apply to the Magistrate to abate such overcrowding,

Abatement of overcrowding in dwelling house or dwelling place

and the Magistrate may, by written order, require the owner of the building or room, within a reasonable time, to be prescribed in the said order, to abate such overcrowding by reducing the number of lodgers, tenants or other inmates of the building or room,

or may pass such other order as he may deem just and proper

Provided that the Magistrate shall not make any order under this sub-section without giving the owner and occupier of the building or room full opportunity of adducing evidence and of being heard in defence

(2) The Commissioners may, by written order, declare what amount of superficial and cubic space shall be deemed, for the purposes of sub-section (1), to be necessary for each occupant of a building or room

The Darjeeling Municipal Act, 1900—Sections 17, 18

(Ben Act III of 1884, sections 244Z-248B)

(*3*) If the owner of any building or room referred to in sub-section (*1*) has sub-let the same, the landlord of the lodgers, tenants or other actual inmates of the same shall, for the purposes of this section, be deemed to be the owner of the building or room

(*4*) It shall be incumbent on every tenant, lodger or other inmate of a building or room to vacate on being required by the owner so to do in pursuance of any requisition made under sub-section (*1*).

"ROOF-GUTTERS AND DOWN-PIPES OR PLATFORMS

Provision, &c of roof gutters and down pipes or masonry platforms

"244Z (*1*) The Commissioners may, by written notice, require the owner or occupier of any building—

(*a*) to provide and maintain a sufficient number of suitable roof-gutters and down-pipes or masonry platforms for carrying water from the roof of the building into such drains as may be specified in the notice, or

(*b*) to renew, alter, repair or remove any such gutters, pipes or platforms already provided for the building

(*2*) The said gutters must be of such dimensions and have such slope, and the said pipes must be of such dimensions, and the bends in such pipes must be made at such angles, as may be prescribed by rules made by the Commissioners at a meeting"

Insertion of new sections, 248A to 248E

18 After section 248 of the said Act the following shall be inserted, namely —

"REVETTING, TURFING AND SLOPING

Power to require revetting, turfing or sloping

"248A If it appears to the Commissioners that the condition or the situation of any land, being private property, is such as to threaten the stability or security of any hillside or bank or any immoveable property thereon, the Commissioners may, by written notice, require the owner of the land to do all or any of the following things, namely—

(*a*) to construct and maintain a revetment, retaining-wall or toe-wall upon any part of the land,

(*b*) to re-construct, enlarge, strengthen, alter or repair any revetment, retaining-wall or toe-wall already standing on the land,

(*c*) to turf the land or any portion thereof,

(*d*) to slope the land or any portion thereof

Execution of work where owners of adjacent property would be benefited

"248B If any owner to whom a notice is issued under section 248A represents to the Commissioners, within fifteen days after the service of the notice, that the work required by the notice will directly and substantially benefit the owners of any adjacent buildings or land,

the Commissioners may, after hearing all the owners concerned, themselves cause the said work to be executed,

The Darjeeling Municipal Act, 1900—Sections 18, 19

(Ben Act III of 1884, sections 248C-272A)

and the expenses thereby incurred shall be recovered from any or all of such owners, in such proportions as the Commissioners may direct

"248C If it appears to the Commissioners that buildings or lands belonging to two or more owners can be protected, by the execution of works of the nature referred to in section 248A, more economically or advantageously in combination than separately,

Power to execute works in combination

the Commissioners may themselves cause such works or any of them to be executed, maintained and kept in repair,

and the expenses thereby incurred shall be recovered from the said owners, in such proportions as the Commissioners may direct

"248D Notwithstanding anything contained in section 248A, the Commissioners may at any time themselves cause any revetment, retaining-wall or toe-wall to be constructed, re constructed, enlarged, strengthened, altered or repaired on any private land immediately abutting upon any public road, drain, revetment or retaining wall,

Power to execute works where public road, drain, revetment or retaining wall is affected

and the expenses thereby incurred shall be paid by the Commissioners and the owner of such land, in such proportions as the Commissioners may direct

"248E Whenever any revetment, retaining-wall or toe-wall is to be constructed, re constructed, enlarged, strengthened, altered or repaired, or any land is to be turfed or sloped, in pursuance of section 201D, section 210B, section 210C, section 248A, section 248B, section 248C or section 248D, the work shall be executed in accordance with the rules contained in Schedule D, so far as they are applicable to the particular case"

Rules as to revetting, turfing, and sloping

Insertion of new sections, 272A to 272I

19 After section 272 of the said Act the following shall be inserted, namely —

"272A Whoever—

Fine for certain offences.

(*a*) contravenes any provision of any of the clauses of this Act mentioned in the first column of the following table, or

(*b*) fails to comply with any requisition lawfully made upon him or any direction lawfully given to him under any of the said clauses,

shall be punished with fine which may extend to the amount mentioned in that behalf in the third column of the said table

Explanation—The entries in the second column of the following table, headed "Subject," are not intended as definitions of the offences described in the clauses mentioned in the first column, or even as abstracts of those clauses, but are inserted merely as references to the subject of the clause, the number of which is given in the first column

The Darjeeling Municipal Act, 1900—Section 19
(Ben Act III of 1884, section 372A)

1	2	3
Clauses	Subject	Fine which may be imposed
Section 201D	Requisition to re-construct, etc, a private road or bridge	Five hundred rupees
" 201E	Requisition to provide and maintain, or to enlarge, waterway	Two hundred and fifty rupees
" 201F	Construction, etc, of private road or bridge	Two hundred and fifty rupees
" 201G	Requisition to close a private road	Two hundred and fifty rupees
" 207A, clause (*b*)	Requisition to remove *débris* falling upon or into a private road or drain	Fifty rupees
" 210B	Requisition to take down a building, etc, where buildings, etc, threaten the stability of other immoveable property	Five hundred rupees
" 210C	Requisition to take down a building, etc, where hillside or bank threatens the safety of buildings	Five hundred rupees
" 224C	Requisition to re-construct, etc, a private drain	Two hundred and fifty rupees
" 227	Requisition to provide a drain	Two hundred and fifty rupees
" 229A	Construction, etc, of private drain	Two hundred and fifty rupees
" 236, sub-section (*1*)	Construction of external roofs or walls with inflammable material	Twenty-five rupees
" 236, " (*2*)	Requisition to remove or alter external wall or roof made of inflammable material	Twenty-five rupees
" 244E, " (*1*)	Sending written notice to Commissioners before commencing building work	Fifty rupees
" 244F	Sending written notice to Commissioners after completion of building work	Fifty rupees
" 244Q, sub-section (*1*)	Sending written notice to Commissioners before commencing building work	Twenty-five rupees
" 244T, " (*1*)	Requisition to stop work pending decision of Magistrate	Five hundred rupees
" 244V, " (*1*)	Prohibition of occupation of unsafe building	Two hundred and fifty rupees in the case of a masonry or framed building and twenty-five rupees in the case of a hut
" 244V, " (*2*)	Prohibition of occupation of insanitary building	Fifty rupees
" 244X, " (*2*)	Using building declared unfit for human habitation	Fifty rupees
" 244Y, " (*1*)	Requisition to abate overcrowding in building or room	Fifty rupees
" 244Y, " (*4*)	Requisition to vacate overcrowded building or room	Ten rupees
" 244Z, " (*1*)	Requisition to provide, repair, etc, roof gutters and down pipes or masonry platforms	One hundred rupees
" 248A ..	Requisition to construct revetment, etc	Five hundred rupees
" 248E	Revetment, turfing and sloping	Two hundred and fifty rupees

The Darjeeling Municipal Act, 1900.—Section 19.
(Ben Act III of 1884, sections 272B, 272C)

"272B Whoever, after having been convicted of failing to comply with any requisition lawfully made upon him, or any direction lawfully given to him under any of the clauses of this Act mentioned in the first column of the following table,

Continuing fine for certain offences

continues to neglect to comply with the said requisition or direction,

shall be punished, for each day after the first during which he continues so to offend, with fine which may extend to the amount mentioned in that behalf in the third column of the said table'

Explanation—The entries in the second column of the following table, headed "Subject," are not intended as definitions of the offences described in the clauses mentioned in the first column, or even as abstracts of those clauses, but are inserted merely as references to the subject of the clause, the number of which is given in the first column

1	2	3
Clauses	Subject	Daily fine which may be imposed
Section 201D ...	Requisition to re-construct, etc, a private road or bridge	One hundred rupees
" 201E .	Requisition to provide and maintain, or to enlarge, waterway	Fifty rupees
" 201G .	Requisition to close a private road	Fifty rupees
" 207A, clause (b) ..	Requisition to remove *débris* falling upon or into a private road or drain	Ten rupees.
" 210B	Requisition to take down a building, etc, where buildings, etc, threaten the stability of other immoveable property	One hundred rupees
" 210C	Requisition to take down building, etc, where hillside or bank threatens the safety of buildings	One hundred rupees
" 224C .	Requisition to re-construct, etc, a private drain	Fifty rupees
" 227 ..	Requisition to provide a drain .	Fifty rupees
" 244V, sub-section (1)	Prohibition of occupation of unsafe building	Fifty rupees in the case of a masonry or framed building, and five rupees in the case of a hut
" 244V, " (2)	Prohibition of occupation of insanitary building	Ten rupees

"272C If any work referred to in section 201C, sub-section (1), or section 224B, sub section (1), or the erection, re-erection or material alteration of any building—

Fine for unlawfully commencing, carrying on or completing work

(a) is commenced without obtaining the permission of the Commissioners, or

The Darjeeling Municipal Act, 1900 — Section 19

(Ben Act III of 1884, sections 272D, 272E)

(where an appeal or reference has been made to the Engineer appointed under section 351D) without waiting until the Commissioners have received the orders of the Engineer, or in contravention of any orders passed by him, or

(*b*) is carried on or completed otherwise than in accordance with the particulars on which such permission or orders was or were based, or

(*c*) is carried on or completed after such permission has been withdrawn, or

(*d*) is carried on or completed in breach of any provision contained in this Act or in any rules or bye-laws made hereunder, or of any condition, modification, direction or requisition lawfully imposed, made or given under this Act or such rules or bye-laws, or

if any alterations required by any notice issued under section 244H be not duly made,

the owner shall be liable to fine which may extend, in the case of a road, bridge, drain, or masonry or framed building, to five hundred rupees, and in the case of a hut to fifty rupees, and

to further fine which may extend, in the case of a road, bridge, drain, or masonry or framed building, to one hundred rupees, and in the case of a hut to ten rupees, for each day after conviction during which the offence is continued

Fine for disobedience of direction for demolition or alteration where work unlawfully commenced, carried on or completed

"272D If any person to whom a direction to demolish or alter work is given under clause (*i*) of section 244S fails to obey the same, he shall be liable

to fine which may extend, in the case of a road, bridge, drain, or masonry or framed building, to five hundred rupees, and in the case of a hut to fifty rupees, and

to further fine which may extend, in the case of a road, bridge, drain, or masonry or framed building, to one hundred rupees, and in the case of a hut to ten rupees, for each day after conviction during which he so fails.

Fine for using building for carrying on offensive trade without previous declaration.

"272E When a building has been erected, re erected or materially altered under this Act without any statement having been made, under rule 23 or rule 28 of

The Darjeeling Municipal Act, 1900.—Section 20
(Ben. Act III of 1884, section 350A.)

Schedule C, that it was intended to use the building or any part thereof for any of the purposes specified in section 261, or as a stable, cattle shed or cow-house, then any person using the building or any part thereof for any of those purposes shall be liable,—

(a) in the case of a masonry or framed building, to fine which may extend to two hundred rupees, and to further fine which may extend to twenty rupees for each day after conviction during which he continues such use, and

(b) in the case of a hut, to fine which may extend to twenty rupees, and to further fine which may extend to five rupees for each day after conviction during which he continues such use."

Insertion of new sections 350A and 350B.

20. For section 350A of the said Act the following shall be substituted, namely:—

"350A. (1) The Commissioners, at a meeting which has been convened expressly for the purpose and of which due notice has been given, may, from time to time, make bye-laws for enforcing, prohibiting or regulating the doing of any act which may, in the opinion of the Commissioners, affect the stability or security of any hillside or bank or any immoveable property thereon.

Additional power to make bye-laws.

(2) In particular, and without prejudice to the generality of the foregoing power, the Commissioners at a meeting as aforesaid may make bye-laws for all or any of the following purposes, namely:—

(a) prohibiting or regulating the making of excavations, the cutting of hillsides or banks and the removal of soil from hillsides or banks;

(b) prohibiting or regulating quarrying;

(c) prohibiting or regulating the removal of stones from hillsides, banks, *jhoras* or sites of landslips;

(d) for preventing or regulating the grazing or straying of cattle on hillsides or banks;

(e) for preventing the straying of poultry;

(f) for enforcing or regulating the cutting, trimming or removal of trees, shrubs, bamboos, bushes or hedges bordering on, overhanging or obstructing any road or drain, or causing, or being likely to cause, damage or injury to any road or drain or to any person using any road;

The Darjeeling Municipal Act, 1900 —Sections 20, 21

(Ben Act III of 1884, sections 350B-351C)

(*g*) for enforcing, regulating or prohibiting the cutting or destroying of trees, shrubs, bamboos or plants,

(*h*) for enforcing, regulating or prohibiting the making of, or for regulating the maintenance of, gardens or garden-terraces,

(*j*) for prohibiting or regulating the making of holes or the placing of loose earth for or around trees, shrubs, bamboos or plants,

(*k*) for enforcing or regulating the planting and maintenance of particular kinds of trees, shrubs, bamboos or plants on land, where, in the opinion of the Commissioners, such enforcement or regulation is necessary or desirable with a view to the better protection of any hillside or bank from landslips.

(*3*) The word 'cattle', as used in clause (*d*), shall have the same meaning as in the Cattle-trespass Act, 1871 [I of 1871]

"350B The Commissioners may, by any bye-law made under section 350A, declare that any person committing a breach of any such bye law, or failing to comply with any notice issued thereunder, shall be liable to fine which may extend to fifty rupees and to further fine which may extend to twenty rupees for each day after conviction during which the offence is continued"

Fines for breach of bye laws made under section 350A

21 After section 351A of the said Act the following shall be inserted, namely —

Insertion of new sections, 351B to 351H

"351B (*1*) The Local Government may make rules to regulate any of the matters referred to in sections 201F, 229A, 237 and 248E, and may by such rules alter, add to or cancel any of the rules contained in Schedules A, B, C and D, respectively

Power to make rules for the amendment of Schedules A, B, C and D

(*2*) All references in this Act to any of the aforesaid Schedules shall be construed as referring to such Schedule as for the time being amended in exercise of the powers conferred by sub-section (*1*)

"351C The Commissioners, or any officer in receipt of a salary of not less than fifty rupees *per mensem* who may be authorised by them in that behalf, may enter into or upon any building or land, with or without assistants or workmen, in order to make any inspection, survey, measurement, valuation or inquiry or execute any work which is authorised by any of the clauses enacted by the Darjeeling Municipal Act, 1900, or by any rule or bye-law made under any such clause, or which it is necessary, for any of the purposes or in pursuance of any of the provisions of any such clause, rule or bye-law, to make or execute

Power of entry to inspect, survey or execute work

Provided as follows —

(*a*) except when it is in this Act otherwise provided, no such entry shall be made between sunset and sunrise,

The Darjeeling Municipal Act, 1900—Section 21.
(Ben Act III of 1884, sections 351D-351G).

(*b*) except when it is in this Act otherwise provided, no dwelling-house, and no hut which is used as a dwelling-place, shall be so entered, unless with the consent of the occupier thereof, without giving the said occupier at least six hours' previous written notice of the intention to make such entry,

(*c*) sufficient notice shall in every instance be given, even when any premises may otherwise be entered without notice, to enable the inmates of any apartment appropriated to females to remove to some part of the premises where their privacy need not be disturbed,

(*d*) due regard shall always be had, so far as may be compatible with the exigencies of the purpose for which the entry is made, to the social and religious usages of the occupants of the premises entered

Appeal to specially appointed Engineer

"351D (*1*) The Local Government may, by notification in the Calcutta Gazette, appoint an Engineer to hear appeals under this Act

(*2*) An appeal shall lie to the said Engineer from any order (not being an order apportioning expenses) or requisition made under section 201C, sub-section (*4*), section 210, section 210B, section 210C, section 224B, sub section (*3*), section 228, section 239, clause (*b*), section 243, clause (*b*), section 244E, sub-section (*2*), section 244H, sub-section (*1*) or sub-section (*3*), section 244L, clause (*l*), section 244Q, sub-section (*2*), section 244V, section 248A, section 248B, section 248C or section 248D.

Appeal to Commissioner of the Division

"351E An appeal shall lie to the Commissioner of the Division from any order apportioning expenses incurred in pursuance of section 228, section 248B, section 248C or section 248D

Limitation of time for appeal.

"351F Every appeal under section 351D or section 351E must be presented within a period of thirty days after the date of the order or requisition against which the appeal is made

Provided as follows:—

(*a*) if in any case the said period expires on a day when the office of the aforesaid Engineer or Commissioner is closed, the appeal may be presented on the day that the said office is re-opened;

(*b*) any appeal may be admitted after the expiration of the said period when the appellant satisfies the appellate authority that he had sufficient cause for not presenting the appeal within such period

Assessors in appeals to Commissioner of the Division.

"351G. (*1*) In dealing with any appeal preferred to him under section 351E, the Commissioner

The Darjeeling Municipal Act, 1900—Sections 21-27

(Ben Act III of 1884, section 351H)

shall be assisted by two assessors, who shall be selected and summoned by him for each appeal or group of appeals from a list to be prepared annually by the Deputy Commissioner

Provided that, if any assessor so summoned fails to appear, the appeal may be heard in his absence.

(2) The assessors, if present, shall be consulted by the Commissioner, and their opinion shall be recorded in writing, but the Commissioner shall not be bound to conform to their opinions

Record of decision on appeal or reference.

"351H. (1) If the Engineer appointed under section 351D, or the Commissioner of the Division, rejects any appeal preferred to him under this Act, he shall by written order specifically state the grounds for such rejection

(2) The said Engineer shall, when deciding any reference made to him under this Act, specifically state in writing the grounds for his decision

(3) A copy of all orders passed by the said Engineer or Commissioner on any such appeal or by the said Engineer on any such reference shall forthwith be forwarded by him to the Commissioners, who shall thereupon inform the appellant, or the person who made the reference, as the case may be, of such orders"

Addition of new Schedules, A to D

22 After the sixth Schedule to the said Act the Schedules marked respectively A, B, C and D shall be added.

Repeal

23 The portions of the said Act mentioned in the first column of Schedule E are repealed to the extent mentioned in the second column of that Schedule

PART II —TEMPORARY PROVISIONS

Temporary operation of Part II

24. This Part shall only continue in force until the publication in the Calcutta Gazette of a notification by the Local Government declaring that it shall cease to have effect

Compensation.

25. (1) Every claim for compensation from the Municipal Fund for damage sustained by reason of the exercise of any power conferred by any clause enacted by this Act shall be referred to the Commissioner of the Division

(2) Every such reference must, except as provided in clauses (a) and (b) of section 351F of the Bengal Municipal Act, 1884, be made within one year after the exercise of the said power, and the provisions of sections 351G and 351H of the said Act, as to appeals, shall apply thereto

Ben III of 1884

(3) No compensation shall be payable under section 362 of the said Bengal Municipal Act, 1884, for any damage referred to in sub-section (1) of this section, except under the orders of the Commissioner of the Division.

Substitution of Local Government for Commissioners.

26 All clauses enacted by this Act, other than section 3, shall be read as if the words "the Local Government" were substituted for the words "the Commissioners" and "the Commissioners at a meeting"

Further amendment Bengal Act III of 1884

27 The portions of the Bengal Municipal Act, 1884, which are mentioned in the first column of Schedule F shall be read subject to the amendments respectively indicated in the second column of that Schedule

Ben III of 1884.

The Darjeeling Municipal Act, 1900
(Section 28 Schedule A.—Rules 1-5.)

Delegation of certain of Local Government's powers and duties.

28 (*1*) The Local Government may, by notification in the Calcutta Gazette, delegate to any officer any of the powers or duties conferred or imposed on the Local Government by any portion of the Bengal Municipal Act, 1884, other than the portions mentioned in Schedule G.

(*2*) In the exercise or performance of any powers or duties delegated to any officer under sub-section (*1*), such officer shall be subject to the control of the Local Government

SCHEDULE A

RULES AS TO PRIVATE ROADS AND BRIDGES

(See sections 201C, 201F and 351B)

Part I —Roads

Application for permission to construct, re construct or alter a private road

1 (*1*) Every application for permission to construct, re-construct or alter a private road other than a footpath must be accompanied by—

(*a*) a plan of the road, showing cross-sections,

(*b*) type-drawings of all bridges to be provided or already provided for the road, and

(*c*) a description of the provision which it is intended to make or which already exists in respect of retaining-walls and revetments (if any) and drainage

(*2*) Every application for permission to construct, re-construct or alter a private footpath must be accompanied by a full description of the path

Slope

2 (*1*) A private road must be so constructed as to have a slope inwards towards the hillside

(*2*) Such slope must be not less than the gradient of the road

Retaining walls and revetments

3 (*1*) Whenever the Commissioners so direct, the outer edge of a private road must be protected by retaining-walls, and the inner cutting by revetments

(*2*) Such walls and revetments must be of such number and must be placed in such positions as the Commissioners may direct, and must be constructed in accordance with the rules contained in Schedule D

Drain

4 A stone-lined drain must be provided on the inner side of a private road, where such side is not rock

Part II —Bridges

Application for permission to construct re construct or alter a private bridge

5. Every application for permission to construct, re-construct or alter a private bridge must be accompanied by drawings of the bridge.

The Darjeeling Municipal Act, 1900.
(*Schedule A —Rules 6-9 Schedule B —Rules 1-5.*)

6. A private bridge must be constructed so as to leave sufficient waterway to pass the *maximum* discharge of the channel spanned by the bridge

Waterway

7. The flooring placed in the bed of the channel under a private bridge must, as far as practicable, be laid at the same slope as that of the channel

Slope of flooring under bridge

8 When a pocket for the deposit of *débris* is cut in the hillside above a private bridge, otherwise than in solid rock, such pocket must be lined with masonry walling

Pocket above bridge

9 Where a small drain is crossed by a private road, a wooden or iron grating must, if the Commissioners so direct, be laid over the drain, instead of a covered culvert

Substitution of gratings for culverts

SCHEDULE B

RULES AS TO PRIVATE DRAINS

(*See sections 224B, 229A and 351B*)

1 Drains for sullage water must be constructed—

Construction of drains for sullage water

(*a*) with round or half-round tiles bedded in concrete, or

(*b*) with U-shaped stone masonry set in lime mortar and plastered over the inner surface with Portland cement, or

(*c*) with U-shaped stone concrete

2 (*1*) Drains for surface water only may be constructed either of dry rubble masonry or of any other material approved by the Commissioners, and may be either rectangular or U-shaped or V-shaped in section

Construction of drains for surface water

(*2*) Such drains shall not be connected with any drain carrying sullage water or sewage

3 Except with the written permission of the Commissioners, no covered drain shall be constructed, and no open drain shall be covered in

Drains to be open

4 The sectional area of every drain shall be subject to the approval of the Commissioners.

Sectional area

5. (*1*) Drains must discharge into the nearest water channel or public drain, unless in any case the Commissioners otherwise direct

Discharge.

(*2*) The outfall of a drain into a water-channel or public drain must be protected and guided in such manner as the Commissioners may direct

(*3*) Where the drain of a private road joins the drain of a public road, the former drain must be so directed or so protected by strike-boards as to minimise the risk of damage to the public drain or road

The Darjeeling Municipal Act, 1900
(Schedule B—Rule 6 Schedule C—Rules 1, 2.)

Drain round masonry or framed building

6 A masonry drain must be placed round every masonry or framed building or block of such buildings, and the site must be sloped from all sides towards such drain

SCHEDULE C

RULES AS TO THE USE OF BUILDING-SITES AND THE EXECUTION OF BUILDING-WORK

[*See sections 238, 239, 240, 243, 244B, 244C, 244J, 244L, 244-O, 272E and 351B*]

Part I—Definitions

Definitions

1. In this Schedule, unless there is anything repugnant in the subject or context,—

(*a*) the word "base," as applied to a wall, means the under side of the course immediately above the footings of the wall,

(*b*) "nogging" means lime or cement concrete, or brick-work in lime or cement mortar, which is filled in between the frames of iron or wood in a framed building,

(*c*) "party-wall" means a wall forming part of a building and used or constructed to be used for the support and separation of adjoining buildings belonging to different owners or constructed or adapted to be occupied by different persons, and

(*d*) "topmost storey" means the uppermost storey in a building, whether constructed wholly or partly in the roof or not, and whether constructed, used or adapted to be used for human habitation or not

Part II—Building-sites

Certificate by Engineer as to site

2 (*1*) When any application is made for approval of a site for the erection, re erection or material alteration of a masonry or framed building, or when any application for permission to erect, re-erect or materially alter a hut involves the approval of a site, the Commissioners shall refer the application to the Municipal Engineer, who shall certify—

(*a*) whether, in his opinion, the site is reasonably secure from danger from hillside slips either from above or from below, or could be made secure as aforesaid by the addition of protective works, and

(*b*) whether, in his opinion, if the site be built upon as proposed, the stability or security of any hillside or bank or any immoveable property thereon would be threatened by the building, or could be ensured by the addition of protective works

The Darjeeling Municipal Act, 1900.
(Schedule C. Rules 3-8)

(*2*) If the said Engineer certifies that the site is not secure as aforesaid, or that the stability or security of any hillside, bank or property would be threatened by the proposed building, or that the addition of protective works is necessary,

and if the Commissioners consider that the site ought nevertheless to be approved or that the said protective works need not be added,

the Commissioners shall refer the matter to the Engineer appointed under section 351D, and shall deal with the application in accordance with his decision

(*3*) If protective works have to be added as aforesaid to any site, the site shall not be approved until such works have been constructed and have received the written approval of the Commissioners

Part III.—Buildings generally

Architecture

3 Every building erected or re-erected, and every material alteration made to a building, must have such architectural features as to prevent the building being, in the opinion of the Commissioners, unsightly or unsuitable to its surroundings

Buildings of more than three storeys

4 (*1*) Except with the special sanction of the Commissioners, no building shall be erected or re-erected so as to have more than three storeys.

(*2*) When any such sanction is given, the materials and method of construction of the building must be such as may be prescribed by the Commissioners

Level of floor

5 The floor or lowest floor of every building erected or re-erected from the ground level must be constructed at such level as will admit of—

(*a*) the construction of a drain sufficient for the effectual drainage of the building and placed at such level as will admit of the drainage being led into some drain at the time existing or projected, and

(*b*) there being a ventilated air space of at least six inches in depth between the under side of the floor joists and the ground level.

Building over drain.

6 A building shall not be placed over any drain, except with the written permission of the Commissioners

Part IV—Masonry buildings and framed buildings generally

Foundation.

7. The foundation of a masonry or framed building must rest on solid ground or rock

Footings for walls.

8. (*1*) The projection of the bottom of the footings on each side of each wall of a masonry or framed

The Darjeeling Municipal Act, 1900
(Schedule C. Rules 9-11)

building must be at least one-fourth of the thickness of the wall at its base

(2) The height from the bottom of such footings to the base of each wall must be at least two-thirds of the thickness of the wall at its base.

(3) Except where the foundation is a rock, the bottom of such footings shall not be less than three feet below the ground level

(4) When a wall is built on rock, footings may be omitted if the surface of the rock is properly cleaned and stepped to receive the first course of masonry

External and cross walls of a one-storeyed building

9 The external and cross walls of a masonry or framed building of one storey must be built of—

(a) stone or brick bedded in lime or cement mortar,

(b) stone or brick bedded in mud mortar, or

(c) timber or iron framing filled in with nogging, or covered with corrugated or plain iron, or planked

Provided that, when stone or brick bedded in mud mortar is used, those portions of the walls around doors and windows, and under the wall-plates for one foot in depth, and in the foundations up to plinth level, must be of stone or brick bedded in lime or cement mortar.

External and cross walls of a two storeyed building

10. (1) The external and cross walls of the lower storey of a masonry or framed building of two storeys must be built of—

(a) stone or brick bedded in lime or cement mortar, or

(b) timber or iron framing filled in with nogging or covered with corrugated or plain iron

Provided as follows —

(i) if any of the said external walls do not support any masonry wall in the upper storey, they may be built of nogging instead of as prescribed in clause (a), and

(ii) if any of the said cross walls are intended for partitions only, and do not support any wall in the upper storey, they may be built of nogging or of timber framing planked with boards

(2) The external and cross walls of the upper storey of a masonry or framed building of two storeys must be built of the materials specified in clause (a) or clause (c) of rule 9

External and cross walls of a three storeyed building

11 (1) The external and cross walls of the lowest storey of a masonry or framed building of three storeys must be built of—

(a) stone bedded in lime or cement mortar, or

(b) iron framing covered with corrugated iron or filled in with nogging,

and the external and cross walls of the storey next above the lowest storey of such a building must be built of—

(i) stone or brick bedded in lime or cement mortar, or

(ii) timber or iron framing filled in with nogging or covered with corrugated iron

Provided that if any of the cross walls in either of the said storeys are intended for partitions only, and do not support any wall in the storey above, they may be built of planked timber framing

The Darjeeling Municipal Act, 1900
(Schedule C, Rules 12-18)

(*2*) The external and cross walls of the topmost storey of a masonry or framed building of three storeys must be built of—

(i) stone or brick bedded in lime or cement mortar, or

(ii) timber or iron framing, filled in with nogging, or covered with corrugated or plain iron, or planked

Party walls.

12. The party walls of a masonry or framed building must be built of stone or brick bedded in lime or cement mortar for their full height, and, if the Commissioners so direct, must be carried up, of a thickness of not less than nine inches, above the roof, flat or gutter to such a height as will give a distance of at least eighteen inches measured at right angles to the slope of the roof above the highest part of the roof, flat or gutter.

Damp proof course

13 (*1*) Every wall of a masonry or framed building must have a damp-proof course at or above the level of the ground floor.

(*2*) Such damp-proof course may consist of sheet lead, asphalt, slates laid in cement, vitrified bricks or any other durable material impervious to moisture

Roofs

14 (*1*) The roof of every masonry or framed building must be constructed of corrugated or plain iron, lead, slates or tiles:

Provided that, with the written permission of the Commissioners, any such roof may be constructed of shingles securely attached to a frame of iron or timber

(*2*) The rise of the roof shall not in any case be less than one-eighth of the span.

Floors

15 The floors of every masonry or framed building must be constructed to bear safely the maximum load to be carried, such load being taken, in the case of planked floors, as not less than sixty pounds *per* square foot, including the weight of the floor

Beams and girders

16 (*1*) All beams and girders in a masonry or framed building must be supported by a breadth of brick-work, stone or other solid substance sufficient to secure their stability

(*2*) The bearing of a beam or girder on a wall shall not, without the sanction of the Commissioners, be less than three-fourths of the thickness of the wall

Iron work

17. All iron posts, girders or joists or other iron work used for the support of any portion of a masonry or framed building must be of such quality and strength as are approved by the Commissioners

Part V—Dwelling-houses

Free passage about dwelling houses.

18. (*1*) Except with the written permission of the Commissioners, no dwelling-house or part thereof shall be erected, re-erected or extended so that any external wall thereof is in any direction at a distance less than—

(*a*) twenty feet from any part of any adjacent building, or

The Darjeeling Municipal Act, 1900.
(Schedule C Rules 19-22)

(*b*) ten feet from the boundary of the holding on which the house stands, or

(*c*) four feet from the side of any public road, or

(*d*) three feet from the toe of any bank or retaining-wall

(*2*) The said permission shall not be granted unless the Commissioners are satisfied that notice of the intention to apply for it has been given to the neighbouring proprietor or his agent, and shall not be refused except on sanitary or other public grounds

(*3*) If the said permission be granted, the Commissioners shall send a copy thereof both to the applicant and to the said neighbouring proprietor

Out houses

19 Every person who erects or re-erects out-houses, or ranges or blocks of out-houses, whether the same are to be used as dwellings or stables or for any other purpose in connection with a dwelling-house, must build the same—

(*a*) so that they may stand in regular lines, with a free passage or way, in front of and between every two lines, of such width as the Commissioners may direct, for ventilation and for facilitating scavenging, and

(*b*) with such and so many privies, latrines or urinals, and such means of drainage, as the Commissioners may require, and

(*c*) at such level as will suffice for the means of drainage required by the Commissioners

Ventilation of rooms of dwelling house

20 Every room in a dwelling-house—

(*a*) must be so constructed that the whole of at least one side of the room either is an external wall or abuts on a verandah, or

(*b*) must have suitable and sufficient sky-lights and roof ventilation

Size and ventilation of inhabited rooms

21 Every room in a dwelling-house which is intended to be used as an inhabited room—

(*a*) must be in every part not less than eight feet in height from floor to ceiling, or, in the case of a room in the roof must have an average height of not less than seven feet from floor to ceiling,

(*b*) must have a clear superficial area of not less than eighty square feet, and

(*c*) must be ventilated by means of doors or windows which open directly into a verandah or the external air, and which have an aggregate opening, clear of the framing, equal to not less than one-tenth of the superficial area of the floor of the room

Part VI—Applications for approval of sites for, and for permission to erect, re-erect or materially alter, masonry buildings or framed buildings.

Application for approval of site for erection, re-erection or material alteration of a masonry or framed building

22 (*1*) Every application for approval of a site for the erection or re-erection of a masonry or framed building must be written on a printed form (to be supplied by the Commissioners free of charge), and must state

The Darjeeling Municipal Act, 1900
(Schedule C Rule 22)

the position of the site, the number assigned to it in the valuation and rating list, its dimensions, and such other particulars as may be prescribed by the Commissioners

(2) The site-plan sent with such an application must be drawn to a scale of not less than one-fiftieth of an inch to a foot, must be sent in duplicate, and must show—

(*a*) the boundaries of the site,

(*b*) the position of the site in relation to neighbouring roads, hillsides and banks,

(*c*) the angle and the character of the hill-sides or banks occupied by and abutting on the site,

(*d*) whether the site is wooded or not,

(*e*) what springs and *jhoras* (if any) there are on the site,

(*f*) what excavations (if any) it is proposed to make on or near the site,

(*g*) what protective works (if any) it is proposed to construct on, or for the support of, the site,

(*h*) the name of the road (if any) in which the building is proposed to be situated,

(*j*) the position of the building in relation to—

(i) the boundaries of the site, and

(ii) all adjacent roads, buildings and premises within a distance of forty feet of the site, or

(iii) (if there is no road within a distance of forty feet of the site) some existing or projected road,

(*k*) the means of access to the building from the road,

(*l*) the position, form and dimensions of privies, urinals, drains, stables, cattle-sheds, cow-houses and other appurtenances of the building, and the inclination of such drains,

(*m*) free passage or way in front of the building;

(*n*) space to be left about the building to secure a free circulation of air, admission of light, and access for scavenging purposes,

(*o*) the width and level of the road (if any) in front and of the road (if any) at the rear of the building; and

(*p*) such other particulars as may be prescribed by the Commissioners

(3) The foregoing sub-rules shall apply also in the case of applications for permission to materially alter a masonry or framed building in the manner indicated in clause (*b*) of section 238, in so far as the said sub-rules are capable of application to the intended alteration.

The Darjeeling Municipal Act, 1900
(Schedule C. Rules 23, 24)

23 (*1*) Every application for permission to erect or re-erect a masonry or framed building must be written on a printed form (to be supplied by the Commissioners free of charge), and must state the description of the building, its dimensions, and such other particulars as may be prescribed by the Commissioners

Application to be sent and particulars furnished by person intending to erect, re-erect or materially alter a masonry or framed building

(*2*) The plan of the building and the elevations and sections accompanying such an application must be neatly and accurately drawn to a scale of not less than one-eighth of an inch to a foot, must be fully dimensioned, and must be sent in duplicate, and the said plan must show—

(*a*) the levels and width of the foundation of the building,

(*b*) the level of the lowest floor of the building; and

(*c*) the level of all open spaces in the building or premises, and the plinth level of buildings with reference to the level at the centre of the nearest road.

(*3*) The specification accompanying such an application must comprise full information as to the following particulars, namely —

(i) the materials and method of construction to be used for external walls, party walls, foundations, roofs, floors, fire-places and chimneys,

(ii) the manner in which roof and house drainage and the surface drainage of land will be disposed of,

(iii) the manner, if any, in which it is proposed to pave the open spaces in the building or premises, and the slope to which the surface is to be made in each case,

(iv) the purpose for which it is intended to use the building,

(v) if the building is intended to be used as a dwelling-house for two or more families, or as a place for carrying on any trade or business in which more than twenty people may be employed, or as a place of public resort, the means of ingress and egress, and

(vi) such other particulars as may be prescribed by the Commissioners

Explanation to clause (iv) —If it is intended to use the building or any part thereof for any of the purposes specified in section 261, or as a stable, cattle-shed or cow-house, the fact must be expressly stated

(*4*) The foregoing sub-rules shall apply also in the case of applications for permission to materially alter a masonry or framed building, in so far as they are capable of application to the intended alteration

24 (*1*) The plans, elevations and sections referred to in section 240 must be signed clearly and in a prominent place by the owner of the building

Signature of plans, elevations and sections.

The Darjeeling Municipal Act, 1900
(Schedule C Rules 25-29)

(*2*) If the said documents have been prepared by an Architect or an Engineer, they may be signed by him as well as by the owner.

Power to require further information

25 (*1*) Within thirty days after the receipt of any application under section 238 or section 240, the Commissioners may require the applicant to furnish them with any information which has not already been given in the documents received.

(*2*) If any information required under sub-rule (*1*) is, in the opinion of the Commissioners, incomplete or defective, they may, within thirty days after the receipt of the same, require further information to be furnished

(*3*) If any requisition made under sub-rule (*1*) or sub rule (*2*) is not complied with within three months, the application received under section 238 or section 240, as the case may be, shall be deemed not to have been made

Modification, signature and disposal of plans.

26 (*1*) When the Commissioners have approved any site-plan or given permission to execute any work, any modifications which they may have directed to be made in such site-plan or in any of the approved plans of the work shall be entered on both copies of the plan, and the copies shall be signed on behalf of the Commissioners.

(*2*) One of the signed copies of each plan shall then be returned to the applicant, and the other shall be kept in the office of the Commissioners

Part VII.—Huts

Prohibition of projections or dropping of water over road or passage

27 Every hut abutting on a road or passage, whether public or private, must be constructed so as not to project over, or admit of water from the roof falling upon or injuring, the road or passage

Part VIII—Applications for permission to erect, re-erect or materially alter huts

Application for permission to erect, re erect or materially alter a hut

28 (*1*) Every application for permission to erect, re erect or materially alter a hut must be written on a printed form (to be supplied by the Commissioners free of charge) and must contain a description of the site

(*2*) If it is intended to use the hut or any part thereof for any of the purposes specified in section 261, or as a stable, cattle shed or cow-house, the fact must be expressly stated in the said application.

Power to require further information

29. (*1*) When any application under section 244J has been received, the Commissioners may require the applicant to furnish them with any additional information which they may consider it necessary to obtain

(*2*) If any information required under sub-rule (*1*) is, in the opinion of the Commissioners, incomplete or defective, they may require further information to be furnished

(*3*) If any requisition made under sub-rule (*1*) or sub rule (*2*) is not complied with within two months, the application received under section 244J shall be deemed not to have been made

The Darjeeling Municipal Act, 1900
(Schedule D Rules 1-7)

SCHEDULE D

RULES AS TO REVETMENTS, RETAINING-WALLS, TOE-WALLS, TURFING AND SLOPING.

(See sections 248E and 351B and Schedule A, rule 3)

Part I.—Revetments, retaining-walls and toe-walls

1 (*1*) The foundation of every revetment, retaining-wall or toe-wall must be taken down to original and firm soil or rock, and the bed line must be cut at right-angles with the face of the revetment or wall.

Foundation and bed line

(*2*) The building of any revetment, retaining-wall or toe-wall shall not be commenced until the foundation and bed-line have been inspected and approved by the Commissioners

2 (*1*) A revetment, retaining-wall or toe-wall may be made of dry rubble masonry, but must, in any case in which the Commissioners so direct, be made of lime masonry

Materials

(*2*) No stone used shall be of greater height than its length or breadth

3 All stones used must be laid on their natural beds, and must be arranged so as to break joint as far as may be possible

Laying of stones

4 (*1*) One through bonding-stone or line of bonding-stones must be inserted at intervals of five feet in each course, and at points intermediate between the corresponding bonding-stones of the course below

Bonding

(*2*) Any of the bonding-stones which do not extend right through the wall must overlap each other for one-third of their length.

5 Every revetment, retaining-wall or toe-wall must be built up solid to full section, and spawls or chips shall not be used for filling the courses unless their use is unavoidable

Solidity

6 Weep-holes must be provided at intervals of four feet horizontally and four feet vertically, beginning with the course immediately above ground-level

Weep holes

7 (*1*) Where a revetment, retaining-wall or toe-wall does not exceed twenty feet in height and is not surcharged, the mean thickness of the revetment or wall above the footings shall not be less than one third of the vertical height of the revetment or wall, measured from the top of the footings

Sections

Provided that the width at the top shall in no case be less than one foot six inches and need not in any case exceed three feet six inches

(*2*) Where a revetment, retaining-wall or toe-wall does not exceed twenty feet in height and is surcharged, sub-rule (*1*) shall apply, the height being assumed, for the purposes of that sub rule, to be one-and-a-half times the vertical height

The Darjeeling Municipal Act, 1900
(Schedule D Rule 8—Schedules E and F)

(3) Where a revetment or retaining-wall exceeds twenty feet in height, detailed designs must be submitted to the Commissioners, and the sections must be such as the Commissioners may approve.

Part II—Sloping

8. When, in pursuance of any requisition or direction made or given by the Commissioners, any slope is to be reduced, the angle to which the slope is reduced shall not be greater than 37°

Angle

SCHEDULE E

REPEAL OF CERTAIN PORTIONS OF THE BENGAL MUNICIPAL ACT, 1884.

(See section 23.)

1	2
Portions of the Bengal Municipal Act, 1884	Extent of repeal
Sections 208, 232 and 267, and section 270, clauses (*4*) and (*5*)	The whole
Section 218	The figures and word "207 or 208"
Sections 224 and 229, and section 272, clause (*2*)	So much as relates to drains
Section 271 .. .	The figures "227" and "238"
Section 273, clause (*1*)	The figures and words "238 or 241, or lets a house for occupation contrary to the provisions of section 242"

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Report of the Select Committee on the Bill to provide for the Regulation and Inspection of Mines was presented to the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd March, 1900 —

WE, the undersigned, Members of the Select Committee to which the Bill to provide for the Regulation and Inspection of Mines was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto

From Chief Commissioner, Coorg, No 999, dated 22nd April, 1899 [Paper No 1]
From Government, Punjab, No 308, dated 18th April, 1899 [Paper No 2]
Office memorandum from Government of India, Finance and Commerce Department, No 2871 S R, dated 24th June, 1899, and enclosure [Papers No 3]
From Resident, Hyderabad, No 177, dated 3rd July, 1899 [Paper No 4]
From Officiating Agent to Governor General in Baluchistan, No 505—C, dated 13th July, 1899 [Paper No 5]
From High Court, Calcutta, No 1867, dated 15th July 1899 [Paper No 6]
From Chief Commissioner, Assam, No 66-I & L—2620-J, dated 13th July, 1899 [Paper No 7]
From Government, North-Western Provinces and Oudh, No 2660-I—458-B, dated 4th August, 1899, and enclosure [Papers No 8]
From Chief Commissioner, Ajmer-Merwara, No 631, dated 2nd August, 1899, and enclosures [Papers No 9]
From Government, Burma, No 292-2M—16, dated 12th August, 1899 [Paper No 10]
From Chief Commissioner, Central Provinces, No 6611, dated 26th August, 1899, and enclosure [Papers No 11]
From Government, Bombay, No 7462, dated 19th October, 1899, and enclosures [Papers No 12]
From Government, Madras, No 673, dated 2nd October 1899 and enclosure, and No 761, dated 10th November, 1899, and enclosure [Papers No 13]
From Government, Bengal No 2214-Marine, dated 17th November, 1899 and enclosures [Papers No 14]
Endorsement from Government of India, Revenue and Agricultural Department, No 4451—22-23, dated 19th December, 1899, and accompaniments [Paper No 15]
From Government, Bengal, No 124 Mne, dated 18th January 1900 and enclosure [Papers No 16]
Office memorandum from Private Secretary to His Excellency the Viceroy, No 1337, dated 25th January, 1900, and enclosures including Memorial of Native Owners, Agents, etc, of certain Coal Mines in Bengal [Paper No 17]
From Secretary, Kolar Gold Field Mining Board, Mysore State, and enclosures [Papers No 18]

Clause 1 —We have amplified sub-clause (2) so as to make the proposed Act extend to all parts of British India, and we have declared (sub-clause (3)) that it shall come into force at once Having regard to the provisions of the new clauses 32 and 33, as to which see our remarks *infra*, we think that there need be no postponement of the commencement of the Act generally

2 *Clause 3 definition of "mine"*—In order to make it clear that quarries of moderate depth are not intended to be regulated by the provisions of the proposed Act, we have added words to this definition specially excepting them from its scope

3 *Clause 4*—In accordance with suggestions made in the papers, we have styled the Inspector of Mines, who is to have jurisdiction throughout the whole of British India, the Chief Inspector of Mines This entails a number of consequential alterations in subsequent clauses where "the Inspector" is referred to

We think it should be expressly declared that no Inspector shall be a partner or have any interest, direct or indirect, in any mine or mining rights in India We have therefore added a new sub-clause (5) to this clause based on the last words of clause 6 of the draft Bill proposed by the Mines Committee

4 *Clause 5*—It appears to us that the powers conferred on the Inspector by clauses 10, 15, sub-clause (1), and 22 of the Bill, which require a practical knowledge of mining, should under no circumstances be exercised by the District Magistrate under this clause We have therefore added a proviso specially excepting these powers

5 *Clause 6*—In accordance with a suggestion made by the Government of Bombay, we have added words to sub-clause (d) of this clause empowering the Inspector to prohibit employment in or admission to a mine on account of physical defects which make the presence of such person dangerous to himself or others

In our opinion, there should be an appeal from any order of an Inspector under this clause to such authority as the Local Government may direct, and we have accordingly added a proviso to this effect

6 *Clause 7*—We have omitted the last eight words of sub-clause (1) of this clause, which declares that all information acquired by Inspectors of Mines in the course of their inspections shall be deemed to be official secrets because they appear to us to be unnecessary as well as misleading We think that no prosecution should be allowed under this clause save at the instance of the Local Government or the party aggrieved, and have added a new sub-clause (3) to this effect in place of the original sub-clause, which will be superfluous if sub-clause (1) is amended, as we have suggested above

7 *Clauses 9—12*—These clauses, which deal with the employment in, and admission of children to, mines and enable rules to be made for prohibiting, restricting or regulating the employment of women and children below ground, and for regulating various matters in connection with employment of all persons in mines, have been very strongly objected to by the Indian Mining Association In view of these objections, which appear to us to be to some extent well founded, we have proposed various important alterations in these clauses

8 *Clause 9*—For sub-clause (2) of this clause, which absolutely prohibited the admission of any child to a mine if over four and under ten years of age, we have substituted three new sub-clauses, under which the Local Government is invested with power only under certain very special circumstances, to prohibit the admission in any mine of children over four and under twelve years of age The special circumstances prescribed appear to us to be such that no reasonable objection could be taken to the exclusion of children from a mine where they are shown to exist, and, in order to prevent the possibility of the power conferred by the clause being arbitrarily used, we have further provided (sub-clause (3)) that, except when there is immediate danger to the life or safety of the children concerned, no order of prohibition shall be issued until the mine-owner has had one month's notice of the intention to issue the order and an opportunity of stating his objections, if any, thereto Moreover, in order to give time to the mine-owner to adapt his arrangements to the prohibition, we have declared that the order shall not take effect until the expiry of two months from its date

On the other hand, while proposing these concessions in favour of the mine-owner, we have (sub-clause 1) raised the minimum age below which a child may not be employed in a mine from ten to twelve, this being the minimum age most generally recognised when children are not employed, and the age suggested by the Mining Committee

9 *Clause 10*—We have added two new sub-clauses to this clause, giving power to a mine-owner, who objects to any order prohibiting the employment of women or children in his mine on the ground that such employment is dangerous or harmful, to send in his objection within twenty days of his receipt of the order to the officer or authority appointed under clause 15 and providing for the reference of the matter by such officer or authority to a committee appointed under clause 16 to be dealt with as provided in the case of other matters referred to a committee under that clause We have also provided for the postponement of the operation of the order, save in cases when the Chief Inspector or Inspector thinks there is immediate danger to the life or safety of the women or children, till the mine-owner has had an opportunity of objecting, and if he does object, until the orders of the Local Government are passed in the matter under clause 16

10 *Clause 11*—It will be seen that we have suggested alterations in sub-clauses (b), (d) and (e) of sub-clause (1) of this clause With regard to the latter two sub-clauses, we consider that their terms were too widely expressed in the Bill as introduced and gave just cause of complaint to mine-owners as enabling rules to be made which might seriously disturb existing relations between them and their employés We have therefore restricted their scope very considerably, limiting sub-clause (d) to the regulation of the size and capacity of the measures

employed and the method of applying such measures when the wages of persons employed in a mine depend on the quantity of work done, and sub-clause (c) to the restriction of the time for which wages earned may be withheld and the regulation of the conditions under which deductions may be made As now restricted, they do not appear to us to be open to any reasonable objection, while they give powers to provide for matters which it may become highly desirable to regulate In addition to these alterations in the first sub clause, we have proposed additions to this clause with the object of guarding against the injudicious use of the powers conferred by it By the new sub-clause (2) we have restricted the application of the whole clause, or of any part of it, to such mines or classes of mines as the Governor General in Council may, on the application of the Local Government and after making such inquiry as he may deem necessary, think fit to apply it to Then by the new sub-clause (3) we have declared that rules proposed under the clause shall not be made until after previous publication in draft for general information, and, further, by the new sub-clause (4) we have prescribed a minimum time of three months for the submission of criticisms on the draft rules, the final consideration of such rules in the light of the criticisms thereon received being prohibited until the expiry of that time

11 *Clause 12*—In accordance with a suggestion made by the Indian Mining Association, we have provided for the grant of medical certificate of age on the request of mine-owners We have also similarly provided for the case of Inspectors who, we think, should be able to require the Civil Surgeon to give such a certificate without the payment of any fee In order to make the meaning of sub clause (2) more clear, we have altered its language somewhat by making it declare that certificates granted under the clause shall be "received as *primâ facie* evidence" of the age of the persons referred to therein The alterations suggested in sub-clause (3) of this clause are made with the object of making the clause more accurate in form.

12 *Clause 13*—We have altered the wording of this clause so as to make it clear that the owner or agent of a mine may himself be the manager, and have added a second sub-clause declaring that the manager shall have superintendence of all parts of the mine.

13 *Clause 14*—We have omitted the words "knowledge or" in the last line of sub-clause (2), and thus limited the responsibility of the manager to contraventions of the rules which have occurred with his consent

14 *Clause 15*—We have provided for the reporting of notices issued by the Inspector of Mines under this clause to the District Magistrate, as well as to the officer or authority appointed by the Governor General in Council or Local Government, in order that he may be able to take action at once under section 144 of the Criminal Procedure Code if he considers this desirable We have also omitted the provision that the notice shall require any matter, thing or practice which is dangerous or defective to be remedied "within a specified time," as no such provision occurs in the English Statute on which this clause is modelled, while such a provision seems to be inconsistent with the proviso which gives the mine-owner twenty days in every case within which to send in his objections to doing what is required of him

15 *Clause 16*—A number of important amendments have been proposed by us in this clause In the first place, in sub-clause (1) (a) we have added words, taken from section 47, clause (18), of the Coal Mines Regulation Act, 1887, prescribing that the members of the Committee, other than the President, shall be "practical mining engineers or persons accustomed to the working of mines" Then in sub-clause (2) we have required the mine-owner to exercise his right of nomination within a prescribed time Further, we have added a new sub-clause (3), taken from section 47, clause (3), of the Coal Mines Regulation Act, 1887, debarring any person from serving on a Committee, who is in any way interested in the mine to which the inquiry relates We have also added another new sub-clause (6) empowering the Committee to exercise such of the powers of an Inspector of Mines as they may think necessary or expedient for the purposes of their inquiry Lastly, we have in sub-clause (7) conferred power on the Local Government to give directions as to the remuneration to be paid to the members of a Committee and as to the expenses of an inquiry, including such remuneration, providing in a new sub-clause (8) for the mode of the recovery of such expenses when payable by a mine-owner

16 *Clause 17*—We have proposed various amendments in this clause also We have first differentiated between mines already open and those which may be opened hereafter requiring notice to be given in the former case within three months of the commencement of the Act, and in the latter, within three months of the commencement of mining operations Then, in cases in which no Inspector of Mines has been appointed for the local area, we have provided that the notice should be given to the Chief Inspector Lastly, we have greatly relaxed the stringency of the clause by making it sufficient to give information as to the kind of minerals to be worked and the nature of the moving power to be used, instead of the more precise information required under the Bill as introduced

17 *Clause 18*—This clause should, we think, be extended so as to cover all accidental explosions, but we would not require notice of accidents in which *serious* bodily injury has not occurred, and we have modified the clause on these lines

18 *Clause 19*—We have altered the first sub-clause of this clause so as to enable inquiry to be held under our law as under section 45 of the Coal Mines Regulation Act, 1887, in the case of all explosions or accidents The new sub-clause (3), which we have added, permits the persons holding an inquiry under the clause, like the Committee holding an inquiry

under clause 16, to exercise such of the powers of an Inspector as they may think necessary or expedient for the purposes of the inquiry

19 *Clause 21*—We have made provision for appeals from the orders of the Chief Inspector and Inspectors of Mines and for the regulation of the constitution of Committees to be appointed under clause 16 by additions to sub-clauses (*a*) and (*j*) of sub-clause (*2*) of this clause

We have carefully considered the question, raised in the last paragraph of the Statement of Objects and Reasons appended to the Bill as introduced, as to how far provision should be made in the proposed law for the protection of public property and works from injury in respect of any mine, and we have come to the conclusion that, if special provision is made for the keeping of proper plans by mine-owners, for inspection by Government officers and for the giving of due notice of mining operations undertaken within a certain distance of any public works, the general law of lateral support should be sufficient for the protection of Government The Bill as introduced provides for plans and inspections, but it contains no provisions requiring notice of mining operations likely to endanger public works In order to provide for this point, we have expanded the provisions of sub-clause (*r*) of sub-clause (*2*) of that clause into three new sub-clauses (*r*), (*s*) and (*t*), providing respectively for the safety of the public and their protection from injury in respect of any mine, whether worked or not, the protection of public property and work from injury in respect of any mine which is not being worked, and the giving of notices by mine-owners before undertaking mining operations in the vicinity of any railway or specified public works, suggesting fifty yards as the distance within which such notice will be required These provisions go as far as, in our opinion, the scope of the present Bill would seem to justify If experience should show that further provision is required, we think that this should form the subject of special legislation

Having regard to the great importance to those concerned of the rules which this clause gives power to make, we think that a draft of such rules should in all cases be published for general information for at least three months before the draft is taken into consideration, and that this should be laid down specifically in the proposed law. We have therefore added a new sub-clause (*4*) to this clause with this object

20 *Clause 22*—This clause, which deals with the procedure to be followed in the making of the special rules for the control and guidance of persons employed in mines, which the owners of such mines are to make, has been to a great extent recast by us, our object being to enable the mine-owner and the Inspector to come, as far as possible, to an agreement as to the terms of any proposed rules before the rules are referred to the officer or authority appointed by the Local Government for their settlement Instead of empowering the Inspector, as in the Bill as introduced, to require the mine-owner to frame draft rules, under pain of incurring the fine prescribed by clause 23, sub-clause (*3*) (*e*), we have provided that, in the event of the mine-owner failing for two months to prepare sufficient rules after having been called upon by the Inspector or Chief Inspector so to do, the Inspector or Chief Inspector shall himself prepare what, in his opinion, are sufficient rules, and send them to the mine-owner, and that an interval of two months shall, in the event of any difference of opinion about the rules or any of them, elapse before the rules are referred by the Inspector or Chief Inspector to the officer or authority appointed by the Local Government for their settlement, so as to allow for full discussion between parties who may be at a considerable distance from one another.

21 *Clause 23*—The alterations we have proposed in this clause are merely of a drafting nature, the omission of clause (*e*) of sub-clause (*3*) being consequential on the alterations proposed by us in clause 22

22 *Clause 24*—This clause, which requires every prosecution of an owner, agent or manager for an offence against the proposed law to be instituted by an Inspector or Chief Inspector, is new It is taken on the suggestion of the Government of Bengal from clause 19 of the draft Bill prepared by the Mines Committee

23 *Clause 26* (*formerly clause 25*)—We have restricted this clause, which required all offences against the Act to be tried by first class Magistrates or Sub-divisional Magistrates, to offences committed by owners, agents, managers or assistant managers and to offences punishable with imprisonment Other offences may, we think, be properly tried by Magistrates of any class

24 *Clause 27* (*formerly clause 26*)—We think that this clause, in the Bill as introduced, went too far in directing that "all further" criminal proceedings should be stayed and the accused discharged We have therefore suggested the omission of the words "all further" before, and of the words "discharge the accused" after, the words "criminal proceedings"

25 *Clause 29* (*formerly clause 28*)—We have introduced words in this clause enabling the Government to make conditional as well as absolute exemptions, which may we think, be useful under certain circumstances

26 *Clause 30*—This clause is new It gives a general power to the Government of India and the Local Government to reverse or modify any order passed under the proposed law by any authority subject to their control The Government will thus be able to interfere in cases in which no further appeal lies, but in which it is of opinion that interference is desirable on equitable grounds

27 *Clause 32*, a temporary provision, is new Having regard to the hardship which might be caused to mine-owners if the provisions of clause 9, sub-clause (*1*), were applied

to them at once on the passing of the Act, and to the importance of securing that no action taken by Inspectors under clauses 10 and 15 should conflict with the general principles upon which rules and exemptions will be framed by Government—a process which will necessarily take some time—we think that the operation of these provisions should be postponed for six months after the rest of the proposed Act comes into force, as we have provided in this clause

28 *Clause 33*, another temporary provision, is also new It has been inserted in fulfilment of the pledge given by the Government of India in their Resolution No $\frac{10}{7-10}$, dated 9th October, 1896, that no punishment should be inflicted under the proposed new law for a year after it comes into force After carefully examining clause 23, the penal clause, of the Bill, we consider that this pledge will be substantially redeemed if prosecutions for offences punishable under the portions of that clause which we have indicated in our new clause are barred for a year It could never have been intended, we think, that the other offences punishable under clause 23 should not be punishable at once

ALLAN ARTHUR*

The 1st March, 1900

[The Hon'ble Nawab Bahadur Sir Khwaja Ahsanullah K C I E had to leave Calcutta owing to indisposition before the Select Committee had finally settled their Report]

* Subject to Minute appended

For the reason that this Bill is drafted on the model of the English Coal Regulation Acts, which do not deal with metalliferous mines, I think that the provisions of clause 21 (2) (c), (d), (e) and (f) giving the Government power to prescribe the qualifications of managers, and all persons acting under them, to regulate the manner of ascertaining by examination or otherwise, the qualifications of managers and persons acting under them, and to provide for the grant, renewal, and cancellation of certificates of competency, should not be held to apply to mines of the latter class, but that following the law in England, and in other countries, such mines should, for the present at any rate, be left in India on the same footing as compared with coal mines which they occupy in England, where the interest of both classes are strongly represented in the Legislature

Further, for the reason that the gold and coal mining industries are, the former chiefly, and the latter largely, carried on in Native States, which are expected to adopt, and may be expected to adopt, as far as may be, the mining laws and rules obtaining in British India, I think it undesirable that such subjects as the prohibition of the employment of women and children and the limitation of the hours of labour, should be left by the Legislature as proposed by clause 11 (1) (a and (b) to be dealt with by the executive Government by rule and notification, whether or not such subjects should be dealt with in such manner in British India, and I think that the far-reaching effect the proposed legislation will have on these important industries prosecuted in Native States by companies with an English domicile calls for hardly less consideration than its probable results in respect of such industries in British India

Subject to the above remarks, I agree in the report, which I have accordingly signed I also agree in the Minute of Mr Bose

J D REES

I sign the report subject to the following remarks —

Clause 9, sub-clause (1), puts an absolute bar not only to the ***employment*** of children under 12 years, but also prohibits their being ***allowed to work*** below ground Now it would appear that, besides being employed on wages payable to them direct for work done, children are not unoften employed by their parents to help them in fulfilling their contreats with mine-owners, the work assigned to the children by the parents being such as is suited to their age It has not been shown that this kind of employment under the existing state of things in the coal mines in Bengal, a most important class of mines to be affected by the Bill, has any injurious effect on the health and growth of the children whose services are thus utilized by their parents Under the circumstances, absolutely to prohibit children under 12 years from taking any part in works below ground would be opposed to existing practice, and would without conferring any benefit on the children themselves, cripple the wage-earning capacity of the parents At the same time, there are mines where children cannot work underground without suffering in health, or running the risk of bodily injury In such cases, legislative interference would be necessary for the protection of the children Thus, though power to prevent children from being allowed to work underground in mines should exist to meet cases like the above, an absolute prohibition of the nature contemplated by sub-clause (1) of clause 9 goes beyond the requirements of the case Even independently of this sub clause, a child, who is defined as a person under the age of 14 years, can be prevented from working in a particular mine by an order under clause 10, or in particular classes of mines by rules made under clause 11 (1) (a) This method would be as effectual in meeting cases where State interference would be needed as an inelastic provision like that contained in sub-clause (1) of clause 9, while it would not touch cases where interference with the right of private contract would not only not serve any useful purpose, but might be positively harmful in so far as it might reduce the collective earnings of a family of coal-mine labourers

B K BOSE

In common with every one connected with the Coal industry in Bengal, I am entirely opposed to the inclusion in the Bill of sections 9 to 12 Neither the employers nor the employed want any interference with labour, of any sort or description The workers in the Bengal Coal mines should be allowed to go in and out of the mines irrespective of sexes and irrespective of ages and to work or not as they like, as has been their custom from time immemorial No evidence of abuses or hardships requiring redressing or as to the necessity for any interference by Government with labour has been placed before the Select Committee, and I am very strongly of opinion that any attempt on the part of Government to interfere with existing labour conditions will be a hardship not only to the mine-owners, but also to the labourers themselves

I am also of opinion that the general rules should, as far as possible, be incorporated in the Bill, as is the case in the English Acts

ALLAN ARTHUR

No II.

A Bill to provide for the Regulation and Inspection of Mines

WHEREAS it is expedient to provide for the regulation and inspection of mines, It is hereby enacted as follows:—

Preliminary

Short title extent and commencement

1 (*1*) This Act may be called the Indian Mines Act, *1900*

(*2*) It extends to the whole of British India *including British Baluchistan, the Santhal Parganas and the Pargana of Spiti*, and

(*3*) *Subject to the provisions of section 32*, it shall come into force *at once*

Saving of Regulation XII 1887

2 Nothing in this Act shall be construed to affect the provisions of the Upper Burma Ruby Regulation, 1887 — XII of 1887

Definitions

3 In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "agent," when used in relation to a mine, means any person appointed as the representative of the owner in respect of the mine or of any part thereof, and as such superior to a manager appointed under this Act, — [Cf 50 & 51 Vict, c 58 s 75]

(*b*) "child" means a person under the age of fourteen years, — [Cf XV of 1881 s 2]

(*c*) a person is said to be "employed" in a mine who works, whether for wages or not, in any mining operation, or in cleaning or oiling any part of any machinery used in *or at* the mine, or in any other kind of work whatsoever incidental to, or connected with, mining operations, — [Cf ibid]

(*d*) "mine" includes every shaft in the course of being sunk, and every level and inclined plane in the course of being driven for commencing or opening any mine or for searching for or proving minerals, and all the shafts, levels, planes, works, machinery, tramways and sidings, both below ground and above ground, in and adjacent to and belonging to the mine, ***but it does not include any pit, quarry or other excavation the depth of no part of which measured from the level of the adjacent ground exceeds twenty feet and no part of which extends beneath the superjacent ground to a distance greater than ten feet*** — [Cf 35 & 36 Vict, c 77, s 41]

(*e*) "owner," when used in relation to a mine, means any person who is the immediate proprietor or lessee or occupier of the mine or of any part thereof, and does not include a person who merely receives a royalty, rent or fine from the mine, or is merely the proprietor of the mine subject to any lease, grant or license for the working thereof, or is merely the owner of the soil, and not interested in the minerals of the mine, but any contractor for the working of a mine or any part thereof shall be subject to this Act in like manner as if he were an owner, but *not* so as to exempt the owner from any liability, — [Cf 50 & 51 Vict, c 58, s 75]

(*f*) "prescribed" means prescribed by rules made under this Act, and — [Cf 50 & 51 Vict c 58, s 75]

(*g*) "shaft" includes pit

Inspectors

Inspectors

4 (*1*) The Governor General in Council shall, by notification in the Gazette of India, appoint a person to be *Chief* Inspector of Mines throughout British India — [Cf XV of 1881, s 3]

(*2*) The Local Government may, in its discretion, by notification in the local official Gazette, appoint such persons as it thinks fit to be Inspectors of Mines within such local areas as it may assign to them respectively

(*3*) Every Inspector of Mines appointed under sub-section (*2*) shall, in the performance of his duties, be subordinate to the *Chief* Inspector of Mines appointed under sub section (*1*) in such respects and to such extent as may be prescribed by the Governor General in Council

(*4*) *The Chief Inspector and every* Inspector of Mines appointed under this section shall be deemed to be a public servant within the meaning of the Indian Penal Code, and shall be subordinate to such authority as the Governor General in Council or the Local Government, as the case may be, may direct — XLV of 1860

(*5*) ***No Chief Inspector or Inspector of Mines shall be a partner or have any interest, direct or indirect, in any mine or mining rights in India***

Powers of District Magistrate

5 The District Magistrate may exercise such of the powers and perform such of the duties of an Inspector of Mines as the Local Government may, by general or special order, direct — [Cf ibid s -]

Provided that nothing in this section shall be deemed to empower a District Magistrate to exercise any of the powers conferred by

section 10, sub-section (1) of section 15 or section 22

[Cf XV of 1881, s 4] 6 *The Chief* Inspector of Mines may, anywhere within British India, *and an Inspector of Mines may*, within the local area for which he is appointed,—

Powers of Inspectors of Mines

(*a*) make such examination and inquiry as he thinks fit in order to ascertain whether the provisions of this Act *and of the rules and orders made thereunder* are observed in the case of any mine

(*b*) enter with such assistants (if any) as he thinks fit, inspect and examine any mine and any part thereof at all reasonable times by day or by night, but not so as unreasonably to impede or obstruct the working of the mine,

(*c*) examine into, and make inquiry respecting, the state and condition of any mine or any part thereof, the ventilation of the mine, the sufficiency of the special rules for the time being in force in *and at* the mine and all matters and things connected with or relating to the safety of the persons employed in or about the mine,

(*d*) order that any person shall not be employed in, or admitted to, a mine where *there is* ground for believing that such employment or admission would, by reason of the age or sex of such person, *or by reason of any physical defect, be dangerous to himself or others Provided that an appeal shall lie to such authority as the Governor General in Council or the Local Government, as the case may be, may direct from any order made under this clause*,

(*e*) do all other things required of him by *or under* this Act and exercise such other powers as may be necessary for carrying this Act into effect

[Cf 50 & 51 Vict c 58, s 41 § 2] 7 Every owner, agent or manager of a mine shall furnish *the Chief Inspector and every* Inspector or of Mines on requisition, with the means necessary for making any entry, inspection, examination or inquiry in relation to the *working of the* mine under this Act

Facilities to be afforded to Inspectors

[Cf 11 of 1896, s 17] 8 (*1*) All copies of, and extracts from, registers or other records appertaining to any mine, and all other information acquired by the Chief Inspector or an Inspector of Mines, or by any one assisting him, in the inspection of any mine under this Act, shall be regarded as strictly confidential

Information acquired to be deemed official secrets within meaning of Act XV, 1889

(*2*) If any such person discloses to any one other than *a Magistrate or* an officer to whom *he* is subordinate, any such *information* as aforesaid without the consent of *the Governor General in Council or* the Local Government, *as the case may be*, he shall be guilty of a breach of official trust, and shall be punishable in the manner provided by section 4 of the Indian Official Secrets Act, 1889

(*3*) *No Court shall take cognizance of any offence under this section unless on a prosecution at the instance of the Governor General in Council, or the Local Government, or of a person aggrieved by the same*

Operatives

9 (*1*) No child shall be employed *or allowed to work* below ground in any mine if he is under the age of *twelve* years

Employment and admission of children in or to mines

(*2*) *The Local Government may, by order in writing, prohibit the admission below ground in any mine of children who are over the age of four and under the age of twelve years, if it is satisfied that the prohibition contained in sub-section (1) is not generally enforced in such mine, or that by reason of the depth of the mine, or of the difficulty of ingress and egress, or of the nature of the mining operations, or of insufficient ventilation, the personal safety or physical health of children in such mine is being, or is likely to be, impaired*

(*3*) *Except when, for reasons to be recorded in the order, the Local Government is of opinion that the admission of such children below ground is immediately dangerous to the life or safety of the children to whom the order relates, the Local Government shall, before making any order under sub-section (2), give notice in writing to the owner, agent or manager of the mine of its intention to make the same, and any such owner, agent or manager objecting to the proposed order may, within one month of the receipt of the said notice, submit his objection in writing to the Local Government*

(*4*) *If no such objection is received within the said period of one month, or if any objection so received is deemed insufficient the Local Government may make the proposed order, which shall take effect on the expiry of two months from the date thereof*

10 (*1*) Subject to the control of the *Governor General in Council or the* Local Government, or of such authority as *the Governor General in Council or* the Local Government, *as the case may be*, may appoint in this behalf, *the Chief Inspector or* any Inspector of Mines may, by order in writing and for reasons to be stated therein, prohibit the employment of women or children, or of both, in *or at* any mine or part thereof, or in any particular kind of labour *in any*

Prohibition of employment of women or children in mines

mine, whether above ground or below ground, when such employment is, in his opinion, dangerous for, or *harmful* to, women or children, as the case may be

10 (2) *If the owner, agent or manager of the mine objects to any order made under sub-section (1), he may, within twenty days after its receipt, send his objection in writing, stating the grounds thereof, to the officer or authority appointed under section 15, and thereupon the said officer or authority shall, by order in writing, refer the matter to a Committee constituted under section 16, to be dealt with as in that section provided*

(3) *No order made under sub-section (1) shall take effect until the expiry of twenty days from its receipt by the owner, agent or manager of a mine, or, if he sends any objection to the order within that period in accordance with the provisions of sub-section (2), until the receipt of the orders which may be passed by the Local Government under section 16, sub-section (7)*

Provided that if, for reasons to be recorded in the order, the Chief Inspector or Inspector is of opinion that the employment prohibited is immediately dangerous to the life or safety of the women or children to whom the prohibition relates, he may direct that the prohibition take effect forthwith, and in such case the order of prohibition shall be complied with from the time of its receipt until the receipt of the orders which may be passed by the Local Government under section 16, sub-section (7)

Rules as to employment in mines

11 (1) Subject to the provisions of section 9, *the* Local Government, with the previous sanction of the Governor General in Council, may, by notification in the local official Gazette, make, in respect of all mines or of particular classes of mines, rules—

(*a*) prohibiting, restricting or regulating the employment of women or children below ground or on particular kinds of labour,

(*b*) limiting the number of hours in any one week or in any one day for which women or children may be employed, or allowed to be, for the purposes of employment, below ground, *and prescribing the intervals of rest which shall be allowed them*,

(*c*) requiring the owners or agents to maintain, in such form as the Governor General in Council or the Local Government, as the case may be, may think fit, registers of the women and children (if any) employed, and of their respective employments,

(*d*) *regulating, where the wages of the persons employed depend on the quantity of work done,* the size or capacity of the measures by which such quantities are to be ascertained, *and the method of applying such measures*, and

(*e*) *restricting the time for which wages earned may be withheld,* and regulating the conditions under which deductions may be made therefrom

(2) *Nothing in sub-section (1) shall apply to any mine or class of mines until the Local Government has made application to the Governor General in Council that the sub-section, or any part thereof, may be applied to such mine or class of mines, and until the Governor General in Council has, after making such inquiry, if any, as he may deem necessary, directed by notification in the Gazette of India that the sub-section or any part thereof shall apply to such mine or class of mines.*

(3) *The power to make rules conferred by this section is subject to the condition of the rules being made after previous publication*

(4) *The date to be specified in accordance with clause (3) of section 23 of the General Clauses Act, 1897, as that after which a draft of rules proposed to be made under this section will be taken into consideration shall not be less than three months from the date on which the draft of the proposed rules was published for general information* X of 1897

(5) All rules made under this section shall be published in the local official Gazette, and, on such publication, shall have effect as if enacted in this Act

Medical certificates and proof of age

12 (1) The Civil Surgeon, or such other person practising medicine or surgery as the Local Government may appoint in this behalf for any local area, shall examine any person employed or desirous of being employed in a mine situate in such local area, and grant him a certificate in writing stating whether his age, as nearly as can be ascertained from such examination, is above or below four, *twelve* or fourteen years, as the case may be, *when requested so to do*— [Cf XV of 1881 ss 5 & 16]

(*a*) *by the person so employed, or desirous of being employed, or by the parent or guardian of such person, or*

(*b*) *by the owner, agent or manager of the mine, or*

(*c*) *by the Chief Inspector or an Inspector of Mines*

Provided that, except when the examination is made at the request of the Chief Inspector or an Inspector of Mines, the Civil Surgeon or other person appointed as aforesaid shall not be bound to grant any certificate under this section except on payment of the prescribed fee (if any).

(2) A certificate granted under sub-section (1) shall, for the purposes of this Act, be *received as primâ facie* evidence of the age of the person referred to therein

(3) Where an act would, if a person were *over* four, *or under twelve or* fourteen years of

age, as the case may be, be an offence against this Act, and such person is, in the opinion of the Court, apparently *over or under such age, as the case may be*, it shall lie on the accused to prove that the person is not *over or under such age, as the case may be*

Mining Operations and Duties and Responsibilities of Owners, Agents and Managers

13 (1) For every mine *there shall be* a manager, who shall have the prescribed qualifications

Appointment of manager

(2) *The manager shall have the superintendence of all parts of the mine*

[Cf 50 & 51 Vict, c 58, s 59 XV of 1881 s 17]

14 (1) The owner, agent and manager of every mine shall be responsible that all operations carried on in connection therewith are conducted in accordance with the provisions of this Act *and the rules and orders made thereunder*

Duties and responsibilities of owners, agents and managers

(2) In the event of any contravention of, or failure to comply with, any *such* provisions on the part of any person whomsoever, the owner, agent and manager shall each be guilty of an offence against this Act, unless he proves that he had taken all reasonable means, by publishing and to the best of his power enforcing the said provisions, to prevent such contravention or non-compliance, and that such contravention or non-compliance occurred without his consent

[Cf 50 & 51 Vict, c 58, s. 42]

15 (1) If, in any respect which is not provided against by any express provision of this Act, *or of the rules or orders made thereunder, the Chief Inspector or* any Inspector of Mines finds that any mine, or any part thereof, or any matter, thing or practice in or connected with the mine, or with the control, management or direction thereof, is dangerous to human life or safety, or defective so as to threaten, or tend to, the bodily injury of any person, he may give notice in writing thereof to the owner, agent or manager of the mine, and shall state in the notice the particulars in which he considers the mine, or part thereof, or the matter, thing or practice, to be dangerous or defective, and require the same to be remedied and shall *forthwith* report the same to *the District Magistrate and to* such officer or authority as the Governor General in Council or the Local Government may, by general or special order, appoint in this behalf

Notice by Inspector of Mines of causes of danger not expressly provided against

Provided that, if the owner, agent or manager of the mine objects to remedy the matter complained of in the notice, he may, within twenty days after the receipt of the notice, send his objection in writing, stating the grounds thereof, to such officer or authority as aforesaid, and that thereupon the said officer or authority shall, by order in writing, refer the matter to a Committee constituted as hereinafter provided

(2) Nothing in this section shall affect the powers of a Magistrate under section 144 of the Code of Criminal Procedure, 1898.

V of 1898

16 (1) Every Committee to which a reference is made under section 15, shall consist of—

Constitution of Committee of reference

[Cf 50 & 51 Vict, c 58, s 42]

(a) one or more persons *being practical mining engineers or persons accustomed to the working of mines* nominated by the officer or authority appointed under section 15, sub-section (1), and a like number of persons *similarly qualified* nominated by the owner, agent or manager of the mine concerned, and

(b) a president nominated by such officer or authority as aforesaid

(2) If the owner, agent or manager fails, wholly or in part, to exercise his right of nomination under sub-section (1), clause (a), *within the prescribed time*, such officer or authority as aforesaid shall nominate the number of persons necessary to constitute the Committee

(3) *No person shall serve as a member or president of any Committee nominated under sub-section (1) who is employed in, or in the management of, or is interested in, the mine to which the inquiry relates*

(4) The Committee constituted as aforesaid shall, as soon as may be, hold an inquiry into the matter to which the order of reference relates, and shall hear and record such information on the subject as the owner, agent or manager or the Inspector of Mines may desire to place before it

(5) The said Committee shall have all the powers of a Civil Court for the purpose of enforcing the attendance of witnesses and compelling the production of documents, and every person required by the Committee to furnish any information before it shall be deemed to be legally bound to do so within the meaning of section 176 of the Indian Penal Code

[Cf I of 1882, ss 14, (2),]

XLV of 1860

(6) *The said Committee may exercise such of the powers of an Inspector of Mines as they may think it necessary or expedient to exercise for the purposes of such inquiry*

(7) The Committee holding an inquiry under this section shall make a report to the Local Government through such officer or authority as aforesaid, and the Local Government shall thereupon pass such orders in the matter as it may think fit, *and may give directions as to the remuneration (if any) to be paid to the members of the Committee and as to payment of the expenses of the inquiry, including such remuneration.*

(8) *Where the Local Government directs that the expenses of an inquiry including the remuneration (if any) to be paid to the members of the Committee, are to be paid, in whole or*

in part, by an owner, agent or manager of a mine, the amount claimable from him may be recovered, on application by the Chief Inspector or the Inspector of Mines to a Magistrate having jurisdiction at the place where the mine is situate or where the owner, agent or manager is for the time being resident, by the distress and sale of any movable property within the limits of his jurisdiction belonging to such owner, agent or manager.

Notice of commencement of work in a new mine

17 The owner, agent or manager of a mine shall, *in the case of existing mines within three months after the commencement of this Act, and in the case of new mines* within *three months* after the commencement of mining operations, give notice in writing to the Inspector of Mines appointed under section 4, sub-section (2), for the local area in which the mine is situate, *or, if no Inspector of Mines has been appointed for such area, to the Chief Inspector of Mines,* of the address to which he desires his letters to be directed, *the kind of minerals worked or to be worked,* the name of the person under whom *the mining operations are or* are to be conducted, and the *nature* of the moving power *which is or is* to be used

Notice to be given of accidents

18 *When any accidental explosion occurs in a mine, or when* any accident occurs in *or at* a mine, causing loss of life or *serious* bodily injury, the owner, agent or manager of the mine shall give such notice of the *explosion or* accident to such authorities, in such form, and within such time, as may be prescribed.

Power for the Government to order formal inquiry into accidents

19 (*1*) When in any mine an *explosion or other* accident has *occurred if it appears to the* Governor General in Council or the Local Government that a formal inquiry into the causes of, and circumstances attending, the accident *ought to* be held, *the Governor General in Council or the Local Government may give directions accordingly,* and may appoint a competent person to hold the inquiry, and may also appoint any person or persons possessing legal or special knowledge to act as assessor or assessors in holding the inquiry.

(2) The person or persons so appointed shall have all the powers of a Civil Court for the purpose of enforcing the attendance of witnesses and compelling the production of documents, and every person required by such person or persons as aforesaid to furnish any information shall be deemed to be legally bound to do so within the meaning of section 176 of the Indian Penal Code

(3) The person or persons holding an inquiry under this section may exercise such of the powers of an Inspector of Mines as he or they may think it necessary or expedient to exercise for the purposes of such inquiry

(4) The person or persons holding an inquiry under this section shall make a report to the Local Government, stating the causes of the accident and its circumstances, and adding any observations which he or they may think fit to make

Publication of reports.

20 The Local Government may cause any report submitted under section 16 or section 19 to be published at such time and in such manner as it may think fit [Cf 50 & 51 Vict, c 58, s 46]

Rules

Power for Government to make rules

21 (*1*) The Governor General in Council may, for the whole or any part of British India, and each Local Government, with the previous sanction of the Governor General in Council, may, for the whole or any part of the Province, by notification in the Gazette of India or the local official Gazette, as the case may be, make rules for carrying out the purposes and objects of this Act in respect of all mines or any classes of mines

(2) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) regulate the duties and powers *of the Chief Inspector and* of Inspectors of Mines in respect of the inspection of mines under this Act, *and provide for appeals from the orders of the Chief Inspector and Inspectors of Mines;*

(*b*) prescribe the duties of owners, agents and managers of mines and of all persons acting under them,

(*c*) prescribe the qualifications of managers and of all persons acting under them,

(*d*) regulate the manner of ascertaining, by examination or otherwise, the qualifications of managers and persons acting under them, and the granting and renewal of certificates of competency,

(*e*) fix the fees (if any) to be paid in respect of such examinations and the grant and renewal of certificates as aforesaid,

(*f*) provide for the making of inquiries into charges of misconduct or incompetency on the part of managers and persons acting under them, and for the suspension and cancellation of certificates of competency,

(*g*) prescribe the matters in respect of which notices, returns and reports shall be furnished by owners, agents and managers, the forms of such notices, returns and reports, *the persons and authorities to whom they are to be furnished* and the particulars to be contained in them,

(*h*) prescribe the plans (if any) to be kept by owners, agents and managers, and the manner and places in which they are to be kept for purposes of record,

IV of 1884

(*i*) regulate, subject to the provisions of the Indian Explosives Act, 1884, and the rules thereunder, the storage and use of explosives,

(*j*) regulate the *constitution of committees under section 16 and the* procedure to be observed in *all* inquiries held under this Act,

(*k*) provide for the safety of the persons employed in mines, their means of entrance thereinto and exit therefrom, the number of shafts or outlets to be furnished, the fencing of *shafts*, outlets and passages, and the care of all machinery,

(*l*) provide for the water-supply, sanitation and conservancy of mines,

(*m*) provide for the safety of the roads and working places in mines,

(*n*) provide for the ventilation of mines and the action to be taken in respect of noxious gases,

(*o*) require and regulate the use of safety lamps in mines,

(*p*) provide against the accumulation of water in mines,

(*q*) regulate the procedure on the occurrence of accidents in mines and the supply of medical appliances and comforts for the benefit of persons injured therein,

(*r*) provide for the safety of the public and *for* the protection of *the* public from injury in respect of any mine, *or part of a mine*, whether the mine is being worked or not,

(*s*) *provide for the protection of public property and works from injury in respect of any mine which is not being worked, and*

(*t*) *prescribe the notice to be given by the owner, agent or manager of a mine before extending any mining operations under his control at or to any point within fifty yards of any railway subject to the provisions of the Indian Railways Act, 1890, or of any public works or classes of public works which the Local Government may, by general or special order, specify in this behalf*

XI of 1890

(3) The power to make rules conferred by this section is subject to the condition of the rules being made after previous publication

(4) *The date to be specified in accordance with clause (3) of section 23 of the General Clauses Act, 1897, as that after which a draft of rules proposed to be made under this section will be taken into consideration, shall not be less than three months from the date on which the draft of the proposed rules was published for general information*

X of 1897

(5) All rules made under this section shall be published in the Gazette of India or in the local official Gazette, as the case may be, and, on such publication, shall have effect as if enacted in this Act.

Power for owners, etc., to make special rules.

22 (1) The owner, agent or manager of a mine may frame and transmit to *the* Inspector of Mines *or, when there is no Inspector for the local area in which the mine is situate, to the Chief Inspector*, a draft of such special rules, not being inconsistent with this Act or any rules for the time being in force under section 11 or section 21, for the control and guidance of the persons acting in the management of, or employed in or about, the mine as he may deem necessary to prevent accidents and provide for the safety, convenience and discipline of the persons employed in or about the mine.

[Cf 50 & 51 Vict, c 58, ss 52 54]

(2) *If any such owner, agent or manager—*

(*a*) *fails within a period of two months after the receipt of a notice from the Inspector or Chief Inspector to transmit a draft of such special rules as are referred to in sub-section (1), or*

(*b*) *submits a draft of such special rules as aforesaid, which is not in the opinion of the Inspector or Chief Inspector sufficient,*

the Inspector or Chief Inspector may either—

(*i*) *propose a draft of such special rules as appear to him to be sufficient, or*

(*ii*) *propose such amendments in the draft submitted to him by the owner, agent or manager as will, in his opinion, render them sufficient,*

and shall send such draft rules or draft amendments to the owner, agent or manager for consideration

(3) *If within a period of two months from the date on which any draft rules or draft amendments are sent by the Inspector or Chief Inspector to the owner, agent or manager of a mine under the provisions of sub-section (2), the Inspector or Chief Inspector and the owner, agent or manager are unable to agree as to the terms of the special rules to be made under sub section (1) or as to the terms of any of such rules, the said Inspector or Chief Inspector shall refer the draft rules for settlement to such officer or authority as the Local Government may, by general or special order, appoint in this behalf*

(4) *A copy of the draft rules as agreed to by the owner, agent or manager and the Inspector*

or Chief Inspector, or, when they are unable to agree, as settled by such officer or authority as aforesaid, shall, together with a notice intimating that any objection or suggestion in respect thereof may be submitted in writing by any person employed in the mine to the said Inspector or Chief Inspector for consideration, be posted up *for not less than thirty days* in legible characters *in English and in the vernacular of the district* in some conspicuous place in the mine for the information of the persons employed therein, and a certificate to the effect that this has been done *signed by the owner, agent or manager of the mine* shall be transmitted to the said Inspector *or Chief Inspector*, together with two copies of the draft *rules*.

(5) *When the publication required by sub-section (4) has been carried out, the Inspector or Chief Inspector* shall forward *a copy of the draft rules so published*, together with a copy of any objections or suggestions in respect thereof received by him *to the Local Government for approval*

(6) The special rules, when approved by the Local Government, with such modifications (if any) as it may think fit, shall be published in like manner as is provided in sub section (4) respecting the publication of the draft, and, on such publication, shall have effect as if enacted in this Act

Provided that the Local Government may at any time by order in writing, which shall be published in like manner as aforesaid, rescind, in whole or in part, any rules so made, and that thereupon such rules shall cease to have effect accordingly

Penalties

23 (1) Whoever—

Penalties for offences

(*a*) obstructs *the Chief Inspector or* an Inspector of Mines in the discharge of his duties under this Act, or refuses or neglects to furnish him with the means necessary for making any entry, inspection, examination or inquiry thereunder in relation to any mine, or

(*b*) counterfeits, or knowingly makes a false statement in, any certificate or in any official copy of a certificate granted under this Act, or

(*c*) knowingly uses as true any such counterfeit or false certificate, or

(*d*) makes or produces or uses any false declaration, statement or evidence for the purpose of obtaining, for himself or for any other person, a certificate or the renewal of a certificate, or any employment under this Act, or

(*e*) contravenes any provision of this Act or *any rule or order thereunder* for the breach of which no penalty is otherwise provided, where the act done has resulted in loss of life or serious bodily injury to any person,

shall be punishable with imprisonment for a term which may extend to three months or with fine which may extend to five hundred rupees, or with both.

(2) Whoever—

(*a*) alters or falsifies any plan or register or record required to be maintained by *or under* this Act, or,

(*b*) being the owner, agent or manager of a mine, omits to give *the prescribed* notice of an accident in the mine or to *make or* furnish any prescribed *plans or* returns, or

(*c*) makes, *gives* or delivers any such *plan, register, record, notice* or return containing a statement, *entry or detail* which is not, to the best of his knowledge or belief, true,

shall be punishable with fine which may extend to five hundred rupees.

(3) Whoever—

(*a*) employs or allows to be employed in or about a mine, or allows to enter a mine or part of a mine, any person in contravention of *any provision of* this Act or *of any rule or order thereunder*, or

(*b*) allows any child or woman to perform any work forbidden by, or to work in contravention of, *any such provision*, or

(*c*) fails to comply with any requisition or order made under *any such provision*, or

(*d*) being the owner, agent or manager of a mine, fails to maintain correctly, or to produce, any prescribed plan, or

(*e*) contravenes any provision of this Act *or any rule or order thereunder* for the breach of which no penalty is otherwise provided,

shall be punishable with fine which may extend to two hundred rupees, and, in the case of a continuing breach under clause (*c*) of this sub-section, with a further fine which may extend to fifty rupees for every day during which the breach is proved to have been persisted in after the date of the receipt by him of the order or requisition referred to in such clause.

Miscellaneous

Prosecution of owner, agent, manager or assistant manager

24 *No prosecution shall be instituted against any owner, agent, manager or assistant manager for any offence against this Act or any rule or order thereunder except at the instance of the Chief Inspector or an Inspector of Mines*

Limitation of prosecutions

25 No Court shall take cognizance of any offence against this Act *or any rule or order thereunder* unless complaint thereof is made within six months of the date

V C

on which the offence is alleged to have been committed

Cognizance of offences

26 No Court inferior to that of a Magistrate of the first class or Sub-divisional Magistrate shall try any offence against this Act or any *rule or* order thereunder *which is alleged to have been committed by any owner, agent, manager or assistant manager of a mine or any offence which is punishable with imprisonment.*

Reference to Committee in lieu of prosecution in certain cases

27. If the Court trying any case instituted on the complaint of *the Chief Inspector or* an Inspector of Mines under this Act is of opinion that the case is one which should, in lieu of a prosecution, be referred to a Committee, it may stay *the* criminal proceedings, and report the matter to the officer or authority appointed by the Local Government under section 15, sub-section (*1*), and such officer or authority may thereupon refer it to a Committee to be dealt with in the manner provided by the said section and section 16

[Cf 50 & 51 Vict, c 58, s. 71]

Decision of question whether a mine is under this Act

28. If any question arises as to whether any *excavation or working* is a mine within the meaning of this Act, the Local Government may decide the question, and a certificate, signed by a Secretary to the Local Government, shall be conclusive on the point

Power to exempt from operation of Act.

29 The Governor General in Council may, by notification in the Gazette of India, *and subject to such limitations and conditions as may seem to him expedient,* exempt from the operation of the whole or any part of this Act any local area, or any mine or class of mines, or any person or class of persons

Power of Government of India to alter or rescind orders

30 *The Governor General in Council or any Local Government shall have authority to reverse or modify any order passed under this Act by any authority subject to his or its control*

Application of Act to Crown mines

31 This Act shall apply to mines belonging to the Crown. [Cf XV of 1881, s 19.]

Temporary Provision

Postponement of operation of sections 9, sub-section (1), 10 and 15

32 *The provisions of section 9, sub-section (1), and of sections 10 and 15, shall not come into force until the expiry of six months from the commencement of this Act*

Bar of prosecutions for certain offences committed within one year of commencement of Act

33 *No Court shall take cognizance of any offence punishable under section 23, sub-section (1), clause (c), or sub-section (3), which is alleged to have been committed by any person within one year from the commencement of this Act.*

J M MACPHERSON,

Secretary to the Government of India.

AUSTRALIA—TORRES STRAIT, INNER ROUTE.

Reported danger between Lizard island and Howick group

THE Port Master, Brisbane, has given notice (No 4 of 1900) of a shoal with a depth of about 12 feet at low-water springs over it in the following approximate position, viz —

Summit of Howick Island (186 feet), bearing W by N ½ N, distant 7¼ miles

As the vessel was hove-to at the time, owing to thick weather, some uncertainty exists as to the true position, and the danger has been unsuccessfully searched for by H S M *Dart* However, a danger was reported in this vicinity in former years, and accordingly masters of vessels are cautioned not to go to the northward of the track recommended in that neighbourhood

Kanara —Rocks reported

NOTICE to Mariners No 9, dated 24th January 1900, issued by the Bombay Government, is republished —

The following rocks have been reported by the Officer in charge of the Marine Survey of India

(1) Rock with 15 feet on it lies 1 8 miles S 9½° E of the summit of Hog Island, and 1 75 miles from the nearest point of the coast in lat 13° 58′ 45″ N, long 74° 28′ 40″ E

(2) Rock with 18 feet on it lies 0 9 mile S 64° W of the southern of Two White Rocks in lat 13° 52′ 40″ N, long 74° 30′ 56″ E

(3) Rock with 30 feet on it lies 1 6 miles S 60½° W of the southern of Two White Rocks in lat 13° 52′ 18″ N, long 74° 30′ 15″ E

(4) Rock with 11 feet on it lies 5 1 miles S 10½° E of the southern of Two White Rocks and 4 miles from the nearest point of the coast in lat 13° 48′ 00″ N, long 74 32′ 30″ E

(5) The position assigned to the rock off Bhatkal in May 1890 is erroneous This rock lies 1 08 miles S 34° W of Bhatkal Light in lat 13° 57′ 10″ N long 74° 30′ 40″ E, and has 12 feet least water on it A red can buoy is moored close to its western edge

Caution—Several rocks inshore of those reported in this notice not marked on Admiralty Charts having been found during the survey of the South Kanara Coast between Hog Island and Kundapur, vessels are hereby cautioned not to approach this portion of the coast too closely, especially in the vicinity of Single White Rock and Two White Rocks

All bearings are true

This Notice affects the following Admiralty Charts —Cape Ramas to Alivagudda, No 744, Alvagudda to Mulki, No 745, Vizadrug to Cochin, No 2737, Vingurla to Cape Comorin, No 827, also West Coast of Hindustan Pilot, 1898, page 149

PERSIAN GULF—BAHRAIN HARBOUR—SHATT AL ARAB—MASKAT

Shoals and buoys

NOTICE to Mariners No 11, dated 31st January 1900, issued by the Bombay Government, is republished —

Lieutenant Beauchamp, R I M S. *Lawrence*, reports as follows

(1) *Shoal east of Bahrain Harbour* —A shoal east of 1¾ fathoms was obtained 30 miles eastward of Bahrain Harbour, from which—

Ras Umm al Hosa bears S 38½° E
Ras Ashiraj bears S 11° W
North extreme Muharrak Id bears S 80½° W

Approximate position, Lat 26° 22½′ N, Long 50° 7½′ E

As this shoal has not been examined, it is possible less water than reported may exist on it

(2) *Shat al Arab* —No 1 buoy is now situated 4 85 miles N. 45° W from the outer buoy, and from the new position of No 2 buoy inner bar buoy bears N 59° W distance 2 65 miles, and old No 2 buoy bore S 46° W before it was removed

Directions for entering Shat al Arab River —Pass from 1 to 2 cables west of the outer buoy and steer N 40° W, till well past No 2 buoy, then alter course to N 50 W until abreast of inner buoy distance 8 to 9 cables, when steer for Fao Pass to the eastward of all but the outer buoy Approximate position, Lat 29° 50′ N, Long 48° 40′ E

(3) *Maskat* —The red conical buoy off Sira al Gharbi (west castle) has been moved one cable W N W approximately

The red can buoy in the south-east corner of the harbour has been removed altogether

Approximate position, Lat 23° 37½′ N, Long 58° 35¾′ E

All bearings are magnetic, var 0° 10′ E

This Notice affects the following—

(1) Admiralty Chart No 2837 (b), Persian Gulf Western sheet and Sailing Directions, Persian Gulf Pilot, fourth edition, 1898, page 125

Katsu ura and Inuboye saki—Reefs discovered

THE British Admiralty has given notice (No 19 of 1900) of the existence of the following reefs in Katsu ura and of Inuboyo saki —

On the East side of Katsu ura —

1 A reef with a least depth of one fathom over it, situated with rock westward of Hachiman saki bearing S 5° E, distant 3¼ cables, and 43-foot rock (named Suzume) southward of Matsubi N 53° W

Approximate position, lat 35° 8′ 20″ N, long 140° 18′ 0″ E

2 A reef named Kantokobudashi, with a depth of 3¾ fathoms over it at low water, situated with the west extreme of Hachiman saki bearing N 7° W, distant 4¼ cables, and Kuragahana N. 52° W.

On the West side of Katsu ura —

3 A reef (named Aburanoko) with a depth of 2¼ fathoms over it, situated with south extreme of the island named Uhara jima, 6 feet above high water, at the western side of the entrance to the harbour, bearing N 54° W, distant 2$\frac{4}{10}$ cables, and south extreme of Hachiman saki N 72° E This reef, having a depth over it of 1¾ fathoms, extends about 1½ cables in N by E direction

4 A reef with a depth of 1¾ fathoms over it, situated with the south extreme of Uhara jima bearing N. 56° E, distant 1¾ cables, and the 159 foot hill N 3° W

Southward of Inuboyo saki —

5 A reef named Okino san iso, with a depth of 1¼ fathoms over it, with Nagasaki hana bearing N 42° E, distant 5¼ cables, and 3 foot rock off Inuwaka, called Oyobi jima, N 50° W

Approximate position, lat 35° 40′ 50″ N, long 140° 51′ 40″ E

6 A reef with a depth of one fathom over it, situated with Nagasaki hana bearing N 53 E distant 6¾ cables, and Oyobi jima N 45° W

7 A reef called Matayemon ne, with a depth of 5 feet over it, situated with Nagasaki hana bearing N 64° E, distant 7 cables, and Oyobi jima N 45° W

8 A bank of 9 fathoms, named Mashuono, with depths around of from 11 to 20 fathoms, is situated N 65° E 6 miles from Hachiman saki

Approximate position, lat 35° 9′ N, long 140° 27′ E

(*Variation 3° Westerly in 1900*)

This Notice affects the following Admiralty Charts —Nipon island, &c, No 2347, and plans of Inuboye saki and Katsu ura on sheet No 208 Also, China Sea Directory, vol IV, 1894, pages 321, 322

JAPAN—Yezo island

Sutt bay and approach—Rocks.

The British Admiralty has given notice (No 25 of 1900) of the existence of a rock in the approach to Sutt bay, and of the non-existence of two rocks in the bay itself, as follows —

a A rock, named Kawasakino sori iso, with a least depth of 5 feet over it, and 7 to 9 fathoms around it, has been found at a distance of 5½ cables N W by N from the sand spit on the north side of the entrance to Shiribetsu river, and with Raiden misaki bearing N E

Approximate position, lat 42° 52½′ N, long. 140° 23½′ E

b The rock shown on Chart No 933, with a depth of 3 fathoms over it, situated S E by E 14 cables from Benkei misaki on the western side of Sutt bay, has no existence

c The rock with a depth of 2 fathoms over it, situated on the eastern side of Sutt bay, at a distance of 11½ cables S W. of the 1005-foot hill near Utasté, does not exist.

Approximate position, lat 42° 47½′ N, long 140° 20′ E

Both these rocks have therefore been expunged from the Charts

(Variation 6° Westerly in 1900)

RESOLUTION ON THE REPORT ON THE ANNUAL ADMINISTRATION OF THE OPIUM DEPARTMENT FOR THE YEAR 1898 99 (1st SEPTEMBER 1898 TO 31st AUGUST 1899)

REVENUE DEPARTMENT—OPIUM

Calcutta, the 5th March 1900

RESOLUTION—No 11040

READ—

The Report on the Annual Administration of the Opium Department for the year 1898-99 (1st September 1898 to 31st August 1899)

THE Lieutenant-Governor is glad to notice that the Board have again, for the fourth consecutive year, submitted their report punctually on the due date (1st February)

Climatic conditions of the season

2 In Bihar the climatic conditions of the season were as unfavourable as in the past years. Prospects were in the beginning excellent, but blight, which was brought in by east winds and damp weather in January and February, seriously injured the crop Later on, at the time of lancing, some damage was done by west winds, which dried up the capsules prematurely Hail also caused loss in some of the Sub-Agencies In Benares a bumper crop was looked for until nearly the end of March, but partly owing to the prevalence then of hot westerly winds and partly to the effects of severe frost in January, the yield of opium eventually was not as good as was anticipated The loss due to frost was more severe in Cawnpur than elsewhere.

Cultivation

3 The following statement shows the area engaged for, the area sown, the net cultivation, and the produce in each agency in the three seasons 1896-97, 1897-98, and 1898-99 —

Season	Area engaged for	Area sown, including failures	Net cultivated, excluding failure	Produce at 70° consistence	Number of chests of provision opium actually manufactured
1	2	3	4	5	6
Bihar	Bighas	Bighas	Bighas	Mds	No
1896-97	372,713	359 635	328,191	31,578	22,000
1897-98	374,196	373,075	362,475	31,384	18,652
1898-99	368,956	368,629	358,765	31,886	24,700
Benares					
1896-97	578 582	601,312	570,969	53,594	23,500
1897-98	542,763	522,407	501,342	52,930	25,424
1898-99	539,264	552,984	543,684	60,520	27,019

NOTE —Out of the quantities shown in column 5 under Benares Agency, the following quantities were transferred to Patna to equalise, as far as possible, the number of chests of provision opium manufactured in each of the agencies —

	Mds
1896 97	10,697
1897 98	6,652
1898 99	13,149

The actual outturn of the two agencies for the years 1896-97 and 1897-98 was still below the estimate of normal requirements fixed by the Government of India (54,000 chests of provision opium in addition to 7,000 or 8,000 maunds of excise opium of 90° consistence) The attention of the Board was drawn to this deficiency in paragraph 3 of the Resolution on the report on the administration of the Opium Department for that year The explanation given with regard to the season 1897-98 is that the average yield per bigha of the Bihar and Benares Agencies in that season was only 3 seers $7\frac{1}{2}$ chitaks and 4 seers and $3\frac{1}{2}$ chitaks, respectively, whereas the Government of India had based their estimate of normal requirements upon the average for the 22 years from 1873-74 to 1894-95 of 4 seers $2\frac{1}{10}$ chitaks for Bihar and 4 seers $15\frac{7}{10}$ chitaks for Benares. The results of the year under report show an increase of outturn compared with the past two years In the Bihar Agency it is noticeable that in spite of the fact that there was a decrease of 5,240 bighas in the area of land engaged for, of 4,446 bighas in land sown, including failures, and of 3,710 bighas in the net cultivation, excluding failures, the total produce increased from 31,384 maunds in 1897-98 to 31,886 maunds in the year under report, owing to a slight increase in the average yield per bigha, which was 3 seers $8\frac{1}{4}$ chitaks as compared with 3 seers $7\frac{1}{2}$ chitaks in 1897 98, the increase occurring only in the four agencies of Shahabad, Hazaribagh, Tehta, and Monghyr In the Benares Agency, while there was a decrease of 3,499 bighas in the area of land engaged for, there was an increase of 30,577 bighas in the area of land sown, including failures, and of 42,342 bighas in the net cultivation, excluding failures, and the total produce increased from 52,930 maunds to 60,520 maunds in 1898-99 The average outturn per bigha was 4 seers $7\frac{1}{4}$ chitaks as against 4 seers $3\frac{1}{2}$ chitaks in the previous year, all the divisions, except Ghazipur, Azamgarh, Basti, Mirzapur, Allahabad, Cawnpur, Fyzabad, and Gonda showing an increase From his experience of recent years the Benares Agent has remarked that the average outturn of the western districts in his agency is considerably higher than that in eastern districts The subject of the productive powers of the land in the east is one which will require the careful attention of the Board in the future.

4. The results of check-measurements by gazetted officers show that in the Bihar Agency the number of plots tested in all the districts was 49,278 as against 36,812 in the preceding year. The number of cases in which the raiyats whose holdings were checked had failed to cultivate opium, or had only made a pretence of doing so, was 457 as compared with 524 in the preceding year. In the Benares Agency the number of plots checked was 118,432 as against 142,764 in 1897-98. The number of cases detected of raiyats not having cultivated, or of only making a pretence of doing so, was 415 as against 925 in the previous year. The Lieutenant-Governor agrees with the opinion of the Bihar Agent and the Board that test-measurements by gazetted officers are the best means of checking and finally eradicating paper cultivation. Owing to the idiosyncracies of the officers concerned the Benares Agent does not attach much importance to the figures at present compiled in his agency, and he has suggested that instructions to secure uniformity should be issued. A report of the instructions issued by him on the subject will be awaited. The question of the utilization of cadastral survey maps and records in making settlements and checking measurements was discussed in the Government Resolutions on the reports on the administration of the Opium Department for the past two years. The Board promised a further report to Government on the subject on the completion of a more extended and detailed enquiry by Mr. Stevenson-Moore, the Settlement Officer, in communication with the local Opium Officers. A full report on the subject was received by them during the year from the Director of Land Records and they have consulted the Bihar Agent on the Director's proposals. The Board's report on the subject is awaited by Government.

Check measurements by gazetted officers

5. Out of a total cultivation of 358,764 bighas in the Bihar Agency exclusive of failures, 302,116 bighas were irrigated and 56,648 bighas unirrigated, while in the Benares Agency, out of a total area of 543,684 bighas, 524,352 bighas were irrigated and 19,332 bighas unirrigated. The percentages for the Bihar Agency were irrigated 84 and unirrigated 16 as against 85 and 15 respectively in the previous year, and those for the Benares Agency were irrigated 96 and unirrigated 4 as against 95 and 5 respectively in 1997-98. The Lieutenant-Governor is pleased to notice that the result of the representation made to the Chief Engineer, Irrigation Department, North Western Provinces, with regard to the insufficiency of the supply of canal water in the Cawnpur Division has been a great improvement in the supply of water for the purposes of cultivation.

Irrigation and advances to wells.

A sum of Rs 20,574 was advanced during the year for the construction of wells in the Bihar Agency as against Rs 25,470 in 1897-98. The balance outstanding at the close of the year amounted to Rs 33,188, of which Rs 2,456 have since been realised. In the year under report, three hundred and thirty-eight *pucka* and 561 *kutcha* wells were constructed, 74 *pucka* wells repaired, 145 additional wells were under construction, and 25 under repairs. Mr Tytler deserves the thanks of Government for his successful efforts towards the construction and maintenance of wells in the Aligunj district. In the Benares Agency there were Rs 12,084 advanced for wells as against Rs 16,004 in the preceding year. The sum outstanding at the close of the year was Rs. 21,486. Two hundred and fifty-seven *pucka* and 329 *kutcha* wells were constructed, 81 wells were repaired, and the construction or repair of 635 others was commenced.

6. The total outturn of the season was 51,719 chests, of which 24,700 chests were manufactured in Bihar and 27,019 chests in Benares as against 18,652 from the former and 25,424 from the latter agency in the preceding year. After meeting the requirements of the year 1899, there was a surplus in reserve of 10,096 chests (5,583 of Patna and 4,513 of Benares opium) on the 1st January 1900 from the outturn of the two agencies in the previous year. The total number of chests available for sale in 1900 thus amounts to 61,815 chests, consisting of 30,283 chests of Patna and 31,532 of Benares opium. Of this number, 44,400 chests, made up of 20,400 chests of Bihar and 24,000 chests of Benares opium, are to be sold in 1900, leaving a surplus in reserve of 17,415 chests on the 1st January 1901. The quantity of Nepal opium delivered during the year was

Outturn and sales

235 maunds as against 251 maunds in the previous year The total number of chests sold during the 12 months ending 30th September 1899 was 40,350 of which 17,925 chests were of Bihar and 22,425 chests of Benares opium The average price per chest of Bihar opium for this period was Rs 1,139 and of Benares opium Rs. 1,128 as compared with Rs. 993 and Rs. 984 respectively in the previous year, the increase being attributed to increased demand in China and the partial failure of the crop in Malwa It is reported that the prices have continued to rule high since September last.

Consistence of opium

7 The Lieutenant-Governor is glad to observe that the measures adopted by the Board, with a view to obtaining opium at a consistence more suitable for manufacture, were attended with some success as, partly owing to these measures and partly to the climatic conditions being favourable, the consistence of the opium obtained during the year showed a great improvement The average consistence in Bihar was 73·95 as against 75 01 in 1897-98. It is satisfactory that not a single cake was manufactured of a consistence above the standard of 75° The average in Benares was 70 75 as against 72 15 in the previous year In only three out of eleven sub-agencies in Bihar was opium brought in of a consistence above the standard of 75° In Benares, although 14 out of the 20 divisions sent in opium above the standard consistence of 71°, yet in all divisions, except Etawah and Mainpuri, the consistence was lower than in the preceding year The loss to Government by caking above the standard consistence of 71° was Rs 59,084, which compares very favourably with the results of the previous year, when the net loss to Government amounted to Rs 2,56,900 The amount of *pasewa* received for every 100 maunds of opium delivered was 28 seers $5\frac{1}{4}$ chitaks in Bihar and 3 seers $3\frac{1}{4}$ chitaks in Benares, as compared with 36 seers $9\frac{1}{4}$ chitaks and 4 seers $10\frac{3}{4}$ chitaks respectively in 1897 98 Comparing the figures of the two agencies, the Factory Superintendent of Ghazipur thinks that the entire quantity of *pasewa* which drains off from the opium is not brought in by the cultivators in the Benares agency The Benares Agent proposes to consult officers as to how a larger quantity can be obtained The Board are requested to report to Government the conclusions at which the Agent may arrive on this question

There were 352 lbs 2 oz of cake and 826 lbs 4 oz 1 dr of powdered medical opium manufactured during the year at the Patna Factory, while 410 lbs 14 dr of morphia hydrochlorate, 9 lbs 13 oz 4 dr of morphia acetas, 51 lbs 11 oz 2 dr of codeia, 623 lbs 3 oz of pure morphia, and 2 lbs 7 oz 12 dr of morphia tartras were turned out at Ghazipur In accordance with an arrangement concluded with the Secretary of State, the firm of Messrs. Burgoyne, Burbidges and Company were being supplied from the Ghazipur Factory with monthly consignments of 60 lbs of morphia and 60 oz of codeia for sale in the London market A renewal of the agreement with that firm on the basis of a despatch to them month by month from June 1900 of 30 lbs of muriate of morphia and 5 lbs of codeia has been suggested to the Government of India, and the orders of that Government are being awaited

Purchase of Malwa opium

8 The plan of purchasing Malwa opium for excise purposes was continued during the year Mr Hastings, who was deputed for the purpose, obtained 3,903 maunds of crude opium, of which 2,386 maunds were of special quality, as free from oil as practicable, against 1,615 maunds of that quality obtained during the previous season The opium purchased was both cheaper and of better quality than in the previous year. The scheme of laying in a reserve of *hali* coins at the time when they were cheapest did not prove so great a success as in the preceding season, but on the whole it worked well The saving effected by this measure was Rs 13,742 as against Rs 22,735 in the previous year, the decrease being accounted for by the fact that for local reasons it seemed inexpedient to lay in so large a stock as on the last occasion During the current season the Government of India passed orders directing the discontinuance of the purchase of Malwa opium Accordingly the Government property under the charge of Mr Hastings, Sub-Deputy Opium Agent in Malwa, was sold, and the house occupied by him in Indore was given up

9 The experiment of packing opium in the Bihar Agency for conveyance to the factory in cloth bags instead of in earthen jars was continued during the year. The results show that the use of bags for all opium of the consistence of 70° and upwards was convenient and suitable, that the trial of the experiment in the case of opium below 70° in consistence not being conclusive further trial was necessary, and that for opium of a lower consistence than 67° bags of the kind in use were not suitable. With regard to the Benares Agency, the Board have issued orders to the Agent for packing 2,000 maunds of opium of a consistence of 70° and over in cloth bags in the current season The results of this experiment should be given in the next Administration report

Packing of opium.

10 The expenditure of the season in the Bihar Agency was Rs 86,11,857 as against Rs 84,74,008 in the previous year, and in the Benares Agency Rs. 1,60,55,616 as compared with Rs 1,41,23,846 in 1897-98 There was thus an increase of Rs 1,37,849 in Bihar and of Rs 19,31,770 in Benares, the total increase in the two agencies being Rs. 20,69,619 This was due to the larger outturn of opium during the year. The average cost per maund of opium on the net expenditure was Rs. 270-1-3 in the Bihar and Rs 265-4-8 in the Benares Agency as compared with Rs 270-0-1 and Rs 266-13-5 respectively in the preceding year The average cost per chest of opium was Rs. 455-12 in Bihar as against Rs. 472-8-8 in the previous year and Rs 466-13 in Benares as against Rs 478-0-2 in 1897-98 The larger outturn accounts for this decrease in both the agencies

Expenditure

11. The total number of chests both provision and abkari, turned out by the mills at Patna in 1898-99 was 26,425 as against 60,355 in the previous year. The decrease is due to the fact that the mill was closed for five months from the 1st May 1898 in consequence of the execution of several important improvements rendered necessary for the safety of the workmen, and this retarded work to a great extent As in the preceding year, all the provision and abkari chests were made of mango wood, the average cost per chest being Re 1-15-8 as against Rs 2-0-8 in 1897-98 The Lieutenant-Governor agrees with the Opium Agent and the Board that this is a satisfactory result, considering that the cost in 1896-97 was Rs 2-5-11, and is very creditable to Mr Williamson, the officer in charge The total cost of working the mills in 1898-99 was Rs. 20,302 as compared with Rs 39,023 in 1897-98. The quantity of mango and simul wood contracted for during the season was 136,384 cubic feet and 46,000 cubic feet respectively as against 181,328 cubic feet and 27,000 cubic feet respectively during the preceding year

Saw mills

12. The following statement shows the figures relating to the breaches of the Opium Law during the past two years —

Breaches of the Opium Law

Province.	Cases investigated		Persons Tried		Persons Convicted		Persons Acquitted		Fines Imposed		Fines Realised		Rewards to Informers	
	1897-98	1898-99	1897-98	1898-99	1897-98	1898-99	1897-98	1898-99	1897-98	1898-99	1897-98	1898-99	1897-98	1898-99
1	2	3	4	5	6	7	8	9	10	11	12	13	14	
Bengal	760	613	777	668	657	580	104	86	Rs. 21,129	Rs 24,733	Rs. 11,968	Rs 14,[illegible]22	269	Rs 14,781
North Western Provinces	653	541	946	701	742	588	203	118	12,340	10,232	8,196	6,37[illegible]		7,908

The Benares Agent mentions a few important cases in which persons were convicted. The Bihar Agent r[illegible]ts a case in which 16 men were arrested at the Mokameh railway station [illegible]rrying 1 maund 13 seers and 9 chitaks of contraband opium. They were convicted and sentenced one man to one year's rigorous imprisonment [illegible] Rs. 300 fine, and the rest to three months' rigorous imprisonment and [illegible] Rs. 200 each The Bihar Agent adheres to the view expressed by him [illegible] his report for the year 1897-98 that opium-smuggling

only small quantities of opium are retained by cultivators for medicinal purposes, and that there is no general large retention of the produce for purposes of smuggling. The case is, however, different in the Benares Agency regarding which the Agent says "It is common for persons who embezzle their produce to conceal its disappearance by presenting a made-up substance with a small quantity of opium in it." He issued general instructions to secure the examination of every case of deliberate adulteration and the prosecution of all guilty cultivators. One case in which some 30 seers of produce must have been embezzled was successfully prosecuted during the year The Lieutenant-Governor agrees with the Board's view that the outturn of the lands of suspected cultivators should be carefully and systematically watched, and that every cultivator whose produce is habitually short should be proscribed, as such measures are calculated to prevent, if not to detect, fraudulent cases of this kind

Assamiwar system

13 Mr Tytler's alternative assamiwar scheme was continued in the Aliganj Sub-Agency during the past season, and again it answered admirably It was tried for the first time in the Bettiah and Hazaribagh Sub Agencies and should also have been tried in Tirhut, to which its extension was sanctioned, but the trial in that sub-agency was entirely vitiated because the Sub-Deputy Opium Agent there endeavoured to combine his own long-term settlement system with Mr Tytler's plan The Government of India accepted the conclusion of the Board and this Government that no extension of the "intermediate system" to other sub agencies should be contemplated until further experience had been gained of its working in the tracts in which it is already in force The further report called for by the Government of India on the continued working of the system in the Aliganj Sub-Agency during the year 1898-99 and on its working in the Bettiah and Tirhut Sub-Agencies is awaited from the Board Measures were taken to remedy some of the defects pointed out by Mr Tytler on the working of the assamiwar system of poppy cultivation in the Benares Agency One of the defects referred to by him was that the amount of *khurchan* exacted is excessive It appears that no reduction is possible in the total amount of remuneration at present allowed to lambardars The question whether the method of that remuneration should be changed, so as to extinguish or diminish the amount at present levied from the raiyats in the shape of *khurchan*, is still under the consideration of Government The Government of India have called for a further report on this point, and also as to the possibility of introducing an assamiwar system of settlements in the Gorakhpur and Basti subdivisions The Board have accordingly been asked to furnish these which are awaited The Government of India desired that an attempt should be made to regulate the establishments at the various *kothis* on the basis of the number of cultivating raiyats, the area of cultivation, and the items of account and settlements regarding which the Board promise a report

Establishment

14 Proposals for improving the position and prospects of the factory establishment at the Bihar Opium Agency, involving a net yearly increase of expenditure of Rs 2,117-8, were sanctioned by the Government of India during the year, and the proposed reorganisation of the guard establishment of the opium factory at ...hazipur at an extra expenditure of Rs 3,296 a year, with effect from the 1st ... 1900, was also sanctioned by that Government

Op... ...onvention

The Opium Convention concluded with the Principal Administrator at Chandernagore on the 27th December 1893 was renewed on the existing terms for a further period of five years ... the 1st January 1899

Merits of officers

16. The ...tenant-Governor desires to thank the Hon'ble Mr Oldham for his efficient administration of the Opium Department His thanks are also due to Messrs. Blyth and Baillie for the a...duous and successful management of their respective agencies. The officers ...f whom special mention is made as deserving of co...mmendation for good work ...re Messrs. A G Tytler, C I E, J. Christian, L L Parrott, F J. R Field, A. H ...ss, J C Roy, N C. Wilcox, P. P Donlea,

Lieutenant-Colonel W Owen, Messrs G. C R. Nicholson, J H. Hill, G. M Gregory, W. H. T. Howey, A. Ross, C S. Delmerick, J E Hand, J. P. Augier, C. Paterson, A C Bryson, A. B. Kennedy, C. Burt, L. S. Graham, Rai Keshri Narain, and Maulvi Abdul Majid. The names of the following officers have also been mentioned for good services rendered by them —Mr. Williamson, Superintendent and Engineer of the Saw Mills, Patna, Mr Graham, Head Assistant and Accountant, Bihar Agent's office, Rai Gogon Chandra Roy, Head Accountant; and Mr. Pigott, Superintendent of the Benares Agent's office.

By order of the Lieutenant-Governor of Bengal,

F. A. SLACK,

Offg. Secy. to the Govt. of Bengal.

WEATHER AND CROP REPORT.

For the week ending the 5th March, 1900

Burdwan.—Rainfall at Sadar 1 39, Kalna 2 15, Katwa 0 54, Raniganj 0·06 Weather seasonable Pressing of sugarcane continues Harvesting of *rabi* commenced Fodder and water sufficient Some cattle-disease reported from Raniganj and Katwa Common rice selling as follows —

	Srs	
Sadar	15	per rupee
Kalna	13½	
Katwa	15	
Raniganj	13	

Birbhum.—Rainfall at Sadar 08 Weather seasonable *Rabi* crops being harvested Price of rice at Sadar 13 seers 8 chitaks and at Rampur Hat 15 seers per rupee Fodder sufficient

Bankura.—No rain Weather getting hot Pressing of sugarcane continues Harvesting of wheat and barley commenced Fodder and water sufficient Sporadic cases of cow-pox reported Price of common rice 15 seers per rupee at Bankura and Vishnupur

Midnapore.—Rainfall at Sadar 02, Contai 08 Weather seasonable Prospects of *rabi* crops good Transplantation of *boro* continues Cattle-pox reported from Binpur, Nayagram, and Garhbeta Fodder and water sufficient Common rice sells as follows —

	Srs.	
Sadar	14	per rupee
Contai	16	
Tamluk	13	
Ghatal	16	

Hooghly.—No rain Weather moderate Cattle-disease reported from thana Pandua. Price of common rice stationary

Howrah.—No rain Weather hot and cloudy at times Transplantation of *boro* in Ulubaria continues Condition of *rabi* good Fodder and water sufficient Common rice sells at 14 seers per rupee

24-Parganas.—No rain Weather seasonable Prospects good Harvesting of *rabi* crops nearly at an end Cattle-disease in Basirhat abated Fodder and water sufficient Common rice sells as follows —

	Srs	ch	
Sadar	14	0	per rupee
Barasat	13	8	
Basirhat	15	0	
Diamond Harbour	13	5	

Nadia.—Rainfall at Sadar 0 26, Kushtea 0 26, Meherpur 0 54, Chuadanga 0 36, Ranaghat 1 98 Weather seasonable Prospects of *rabi* crops good Wheat, barley, and gram being harvested Cultivation of lands for *aus* going on Fodder plentiful Water sufficient except in some places in Chuadanga Common rice sells as follows —

	Srs	
Sadar	14	per rupee.
Kushtea	16	
Meherpur	13¼	
Chuadanga	13¾	
Ranaghat	13	

Murshidabad.—Rain at Kandi 0 03 Weather seasonable Prospects of *rabi* crops generally favourable. Harvesting of oilseeds and pressing of sugarcane going on Cattle-disease appears in Daulatabad police-station of Sadar subdivision. Fodder and water sufficient. Common rice sells as follows —

	Srs.	
Sadar	14	per rupee.
Jangipur	15½	
Kandi	16½	

Jessore.—Rainfall at Sadar 0·18, Jhenida 0 50, Magura 0 34, Narail 0 94, Bangaon 1 88 Weather warm, cloudy and muggy. Harvesting of *rabi* crops and ploughing of land going on Prospects of crops good No cattle-disease reported Fodder and water sufficient Common rice sells as follows.—

	Srs	
Sadar	16	per rupee
Jhenida	18	
Magura	16	
Narail	15	
Bangaon	18	

Khulna.—Rainfall at Sadar 1 60, Bagerhat 1 08, Satkhira 0 13 Weather hot *Rabi* crops are being harvested Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16¾	per rupee
Bagerhat	16½	
Satkhira	17	

Rajshahi.—Rainfall at Naugaon 0 3 Weather getting warmer Prospects of crops good Condition of cattle good Fodder and water plentiful Price of common rice 17 seers per rupee

Dinajpur.—Average rainfall 0 26 Weather seasonable Fodder and water plentiful Rice selling 18 seers per rupee at Sadar and Thakurgaon

Jalpaiguri—Rainfall at Sadar 0 06, Alipur Duars 0 46 Weather seasonable Harvesting of tobacco commenced Land for *bhadoi* paddy and jute being prepared Price of common rice steady Fodder and water sufficient

Darjeeling—Rainfall at Darjeeling 0 26, Siliguri 0 18 Weather seasonable *Hills* —*Tori* being harvested, wheat, barley, and potatoes doing well *Terai* —Mustard being harvested, potatoes doing well Coarse rice sells as follows —

	Srs	
Hills	10	per rupee
Terai	18	

Bhu'ta sells at Darjeeling 18 seers and Kalimpong 21 seers per rupee

Rangpur—Rainfall at Sadar 0 46, Kurigram 0 15, Nilphamari 0 35 Weather seasonable Potatoes, sugarcane, and mustard are being harvested Rice sells at 18 seers per rupee Fodder and water sufficient

Bogra—Average rainfall 0 34 Cultivation for *aus* and jute still going on Prospects good Fodder and water ample Common rice sells at 17¼ seers per rupee

Pabna.—Rainfall at Sirajganj 0 11 Weather seasonable Prospects good *Rabi* being harvested Prices stationary Fodder and water sufficient

Dacca—Rainfall at Sadar 0 24, Manikganj 0 15, Munshiganj 0 28, Narainganj 0 30 Weather seasonable Prospects of crops good Fodder available No cattle disease Common rice 16 seers per rupee.

Mymensingh—Rainfall at Sadar 0 06, Jamalpur 0 25, Kishoreganj 0 02, Netrakona 0 40 Weather seasonable Prospects of crops good Fodder and water sufficient Common rice selling at Sadar 16 to 18 seers and in the subdivisions from 13 to 18¾ seers per rupee

Faridpur.—Rainfall at Sadar 0 33, Goalundo 0 68, Madaripur 0 30 Weather warm State and prospects of crops good Common rice sells at 17 seers per rupee

Backergunge—Rainfall at Sadar nil Weather hot Prospects of crops good Common rice sells at 16 seers per rupee

Tippera.—Rainfall at Comilla 0 05, Chandpur 0 29, Brahmanbaria 0 00 Weather warm and cloudy Lands under preparation for jute and *aus* paddy Common rice 16 seers per rupee

Noakhali.—Rainfall nil *Rabi* crops being harvested Prospects good Cattle-disease reported from Senbag and Sidhi Fodder and water sufficient Price of common rice stationary

Chittagong.—Rainfall at Sadar 0 32, Cox's Bazar 0 01 Prospects of *rabi* crops good Water and fodder sufficient. Common rice 16 seers per rupee

Patna—Rainfall nil. *Rabi* doing well Harvesting going on Collection of opium in full swing No cattle-disease Fodder and water for cattle sufficient Common rice in Patna sells at 16 seers per rupee.

Gaya —Rainfall at Sadar 0 11 Harvesting of *rabi* and extraction of opium continue. Common rice selling at 14 seers per rupee

Shahabad —Harvesting of *rabi* going on Standing crops fair Fodder and water abundant Price of rice at Sadar 11 seers per rupee

Saran —Rainfall at Sadar 0 23, Siwan 0·14, Gopalganj 0 05 Weather seasonable *Rabi* doing well and harvesting going on Poppy lancing is in progress Common rice 13 seers 1 chitak and *makai* 13 seers 11 chitaks per rupee

Champaran —*Rabi* crops being reaped Opium collection going on Prices of common rice and maize at Sadar are 12¼ and 15½ seers per rupee respectively

Muzaffarpur —Rainfall at Hajipur 0 19, Sitamarhi 0 17 Prospects of crops good Harvesting of *rabi* crops commenced in places Prices are—Common rice 13 seers 2 chitaks, wheat 12 seers 1 chitak, barley 16 seers, *makai* 14¾ seers, gram 16 seers 3 chitaks, and *rahar* 16½ seers per rupee

Darbhanga —Rainfall at Sadar 0 07, Samastipur 0 16, Madhubani 0 17 Weather seasonable *Rabi* doing well Fodder and water sufficient Cattle-disease reported from Madhubani Common rice sells as follows —

	Srs	ch	
Sadar	14	8	per rupee
Samastipur	15	8	
Madhubani	14	15	

Monghyr —Rainfall at Monghyr 0 05, Begusarai 0 26, Jamui 0 08 Weather seasonable Sowing of *indigo* going on Prospects of standing crops good Opium collection in full swing Prospects continue fairly hopeful Common rice sells as follows —

	Srs	ch	
Monghyr	12	5	per rupee
Begusarai	14	0	
Jamui	14	0	

Bhagalpur —Westerly breeze blowing Rain at Madhipura 0 25, Prospects of *rabi* crops continue favourable Fodder and water ample Cattle-disease reported from the Banka subdivision Price of common rice stationary

Purnea.—Rain at Sadar 0 35, Kishanganj 0 23, Araria 0 20 Weather seasonable Prospects of standing crops good Harvesting of tobacco has commenced Pressing of sugarcane and manufacture of molasses in progress No cattle-disease reported. Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16	per rupee
Kishanganj	17	
Araria	18	

Malda —Rainfall at Sadar 0 30, Shibganj 0·07, Gajole 0 50 Weather seasonable Lands are being prepared for *bhadoi* Transplantation of *boro* paddy going on. Standing *rabi* crops doing well No cattle-disease Average price of rice 16½ seers per rupee Fodder and water sufficient

Sonthal Parganas —Weather hot and cloudy Average rainfall 0 16 *Rabi* crops doing well Mangoes promise well Price of rice 14 seers and of maize 19 seers per rupee Fodder and water sufficient Cattle disease reported from small areas in Dumka and Rajmahal

The average fall of the corresponding period for 24 years, Surveyor-General's Office ..	0 42
The total fall from 1st January to 3rd March 1900 ...	0 75
The average fall of the corresponding period for 24 years, Surveyor-General's Office .. .	1 78

The mean pressure, temperature, &c, are deduced from the traces of the Barograph and Thermograph and from observations made at 6h, 10h, 16h, and 22h

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected approximately to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned plot of land situate in the district of Mymensingh will be put up to sale at the Mymensingh Collectorate on the 22nd March 1900 corresponding with 9th Choitra 1306 B S

The purchasers will be subject to the following conditions of sale —

Conditions of Sale

1st —The land to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale The purchaser of this land will be considered as the proprietor of the land and the entire proprietary right of Government in that land will be transferred to him free of revenue in perpetuity

2nd —If the amount of purchase money do not exceed Rs 100, the whole amount to be paid down at once

3rd —If the amount of purchase money exceed Rs 100, one fourth of the amount bid to be immediately deposited It the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day the sale is to be cancelled (the sum deposited being forfeited to Government), and the land to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

PART IV

Bills of the Bengal Council.

GOVERNMENT OF BENGAL

LEGISLATIVE DEPARTMENT.

THE following Report and Bill are, by order of the President, published for general information —

REPORT OF THE SELECT COMMITTEE ON THE BILL TO AMEND BENGAL ACT I OF 1899 (*Cruelty to Animals*)

Letter from the Secretary to the Calcutta Society for the Prevention of Cruelty to Animals dated the 14th February, 1900 (Paper No 1)

WE, the undersigned, Members of the Select Committee to which the Bengal Cruelty to Animals Bill was referred, have considered the Bill and the paper noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto

2 It is recommended by the Calcutta Society for the Prevention of Cruelty to Animals that a wider definition of "animal" should be inserted in Bengal Act I of 1869, in place of the definition contained in section 1 of that Act The inadequacy of the latter definition was also noticed by the High Court in the case of *Tulsi Bewa* or *Soshi Bewa*, 1 Calcutta Weekly Notes, 643 We have added a section to the Bill, introducing the definition of "animal" contained in the Prevention of Cruelty to Animals Act, XI of 1890

3 We have, at the instance of the Calcutta Society for the Prevention of Cruelty to Animals, inserted in the Bill a new section, which we recommend should be substituted for section 5 of Bengal Act I of 1869 The new section reproduces sub-section (*1*) of section 6 of the Prevention of Cruelty to Animals Act, XI of 1890, which is wider in its terms than section 5 of the Act of 1869, and raises from Rs. 50 to Rs 100 the penalty for employing an animal unfit for labour

4 We have also, at the instance of the same Society, incorporated in the Bill, as section 5A, section 4 of the Act of 1890, imposing a penalty for practising the operation known as *phuka* Section 4 of the Act of 1890 is already in force in the Town and Suburbs of Calcutta, by virtue of the notification of the Government of Bengal dated the 7th April, 1891, but, as is pointed out by the Society, that Act does not authorise the arrest of offenders without a warrant The effect of incorporating the section in question in the Act of 1869, as proposed by the Bill as now amended, will be to admit of the police, in exercise of the power conferred by section 1 of Bengal Act III of 1869, arresting persons found practising *phuka*, without first obtaining a warrant from a Magistrate This we consider necessary because every endeavour should be made to stop persons from performing the exceedingly cruel operation abovenamed, and the existing procedure, so we gather, is not sufficient for the purpose

5 In section 5B (= section 5A of the Bill as introduced in Council) we have made the following amendments —

(*1*) the words "alleged or" have been omitted from sub-section (*2*), because we consider that the power to send an animal to an infirmary should only be exerciseable when an offence against the Act has been proved,

(*2*) the words "or in the opinion of some other Magistrate ' have been omitted from the same sub-section as being indefinite if the object of the words in question was merely to authorise the removal of an animal from an infirmary by order of a successor to the Magistrate who directed the animal to be sent to the infirmary, that object is attained by section 19 of the Bengal General Clauses Act, 1899,

(*3*) for the words "a Magistrate" in sub-section (*4*) we have substituted the words " the Magistrate referred to in sub-section (*1*)," in order to secure greater clearness.

6 We have added a section giving a short title to the Bill and a collective short title to the Bill and the two Acts of 1869

7 We think it right to mention that the new sections 5 and 5A in the Bill, as amended, go beyond the scope of the Bill referred to us, as explained in the Statement of Objects and Reasons

A

BILL

To amend Bengal Act I of 1869 (*an Act for the prevention of cruelty to animals*)

WHEREAS it is expedient to amend Bengal Act I of 1869 (*an Act for the prevention of cruelty to animals*),

It is hereby enacted as follows —

Amendment of section 1 of Bengal Act I of 1869

1 For section 1 of Bengal Act I of 1869 (*an Act for the prevention of cruelty to animals*) the following shall be substituted, namely —

Definition of 'animal.'

"1 In this Act the word 'animal' means any domestic or captured animal"

[Cf Act XI of 1890 s 2]

Amendment of section 5 of Bengal Act I of 1869

2 For section 5 of the said Act the following shall be substituted, namely —

Penalty for employing animal unfit for labour

"5 If any person employs in any work or labour any animal which by reason of any disease, infirmity, wound, sore or other cause is unfit to be so employed, or permits any such unfit animal in his possession or under his control to be so employed, he shall be punished with fine which may extend to one hundred rupees

[Cf Act XI of 1890, s 6, sub section (1)]

Penalty for practising phuká

"5A If any person performs upon any cow the operation called phuká, he shall be punished with fine which may extend to one hundred rupees, or with imprisonment which may extend to three months, or with both

[Cf Act XI of 1890 s 4]

Infirmaries

"5B (*1*) The Local Government may, by general or special order, appoint places to be infirmaries for the treatment and care of animals in respect of which offences against this Act have been committed

[Cf Act XI of 1890, s 6 sub sections (2) to (6)]

(*2*) The Magistrate before whom a prosecution for such an offence has been instituted may direct that the animal in respect of which the offence is proved to have been committed shall be sent for treatment and care to an infirmary and be there detained until it is, in his opinion, again fit for the work or labour on which it has been ordinarily employed

(*3*) The cost of the treatment, feeding and watering of the animal in the infirmary shall be payable by the owner of the animal according to such scale of rates as the District Magistrate or, in the case of an infirmary in a Presidency town, the Commissioner of Police, may from time to time prescribe

(*4*) If the owner refuses or neglects to pay such cost and to remove the animal within such time as the Magistrate referred to in sub-section (*1*) may prescribe, such Magistrate may direct that the animal be sold and that the proceeds of the sale be applied to the payment of such cost

(5) The surplus, if any, of the proceeds of the sale shall, on application made by the owner within two months after the date of the sale, be paid to him, but the owner shall not be liable to make any payment in excess of the proceeds of the sale"

Short titles. 3 (1) This Act may be called the Bengal Cruelty to Animals Act, 1900

(2) This Act, the aforesaid Bengal Act I of 1869, and Bengal Act III of 1869 (*an Act to enable Police-officers to arrest without warrant persons guilty of cruelty to animals*) may be cited together as the Bengal Cruelty to Animals Acts, 1869 to 1900

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 9th March, 1900 —

No 2 of 1900

A Bill to amend and provide for the further continuance of the Currency Conversion (Army Annual) Act, 1899

XIX of 1899.

WHEREAS it is expedient to amend the Currency Conversion (Army Annual) Act, 1899, and to provide for its further continuance, It is hereby enacted as follows —

Substitution of a new section for section 2, Act XIX of 1899.

1 For section 2 of the said Act the following shall be substituted, namely —

Rate of exchange fixed for calculating the equivalent in British Indian currency of sums of British currency mentioned in the Army Act.

44 & 45 V c 58.

"2 For the purposes of the Army Act or of any similar Act for the time being in force fifteen rupees of British Indian currency shall be deemed to be the equivalent of one pound of British currency and any sum of British currency mentioned in the said Act or in any similar Act as aforesaid shall be deemed to be the equivalent of a sum of British Indian currency calculated at that rate of exchange"

Repeals.

2 The following provisions of the said Act are hereby repealed, namely —

In section 1, sub-section (*1*) the word 'Annual,' and section 3

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to continue the operation of the Currency Conversion (Army Annual) Act, 1899 (XIX of 1899), which expires on the 31st March, 1900 As the exchange between sums in British Indian and British currency has now been definitely fixed by the Indian Coinage and Paper Currency Act, 1899 (XXII of 1899), at the rate of Rs 15 for one sovereign, it seems unnecessary to continue Act XIX of 1899 merely as a temporary measure The Bill therefore proposes to make such amendments in that Act as will convert it from a temporary into a permanent enactment

The 8th March, 1900

EDWIN H H COLLEN,
Major-General

J M MACPHERSON,
Secretary to the Government of India

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, MARCH 14, 1900.

Schedules of Estates under Charge of the Administrator-General of Bengal.

PREPARED FROM 1ST JANUARY TO 30TH JUNE 1899, UNDER SECTION 44 OF ACT II OF 1874

INDEX

A.—SCHEDULE of all Administrations whereof the FINAL BALANCES have been PAID TO THE PERSONS ENTITLED to the same, specifying the amount of such BALANCES and the persons to whom paid, prepared from 1st January to 30th June 1899, under Section 44 of Act II of 1874

INDIA, WEST—MALABAR COAST

Kanara—Rocks discovered

THE following Notice to Mariners issued by the British Admiralty (No 84 of 1900) is republished

Information, dated 15th January 1900, has been received from Commander T H Heming, in charge of the Marine Survey of India, of the existence of the following rocks recently discovered off the Kanara coast —

1 A rock, with a depth of 15 feet over it, low-water springs, situated with the summit of Jali Kund or Hog island bearing N 10° W, distant 18 cables

Approximate position, lat 13° 58′ 45″ N, long 74° 28′ 40″ E

2 A rock with a depth of 12 feet over it, low-water springs, situated with Bhatkal lighthouse bearing No. 34° E, distant 11 cables, and Alvagudda fort S 62° E A red *can* buoy marks its western edge

Approximate position, lat 13° 57′ 10″ N, long 74° 30′ 40″ E

3 A rock, with a depth of 18 feet over it, low-water springs, situated with the southernmost of Two White rocks bearing N 64° E, distant 9 cables

Approximate position, lat 13° 52′ 40″ N, long 74° 30′ 55″ E

4 A rock with a depth of 30 feet over it, low-water springs, situated with the southernmost of Two White rocks bearing N 60° E, distant 16 cables, and Single White rock N 16° E

5 A rock, with a depth of 11 feet over it, low water springs, situated with the southernmost of the Two White rocks bearing N 10° W., distant 5 1/10 miles, and Yelgetty guda N 67° E.

CAUTION —The above are the outer rocks discovered during the survey of this coast, there are others inshore of them not marked on the Chart. Mariners are therefore cautioned not to approach this part of the coast, especially in the vicinity of Single White rock and Two White rocks.

(*Variation Nil in 1900.*)

AUSTRALIA—TORRES STRAIT, INNER ROUTE.

Reported danger between Lizard island and Howick group

THE Port Master, Brisbane, has given notice (No 4 of 1900) of a shoal with a depth of about 12 feet at low-water springs over it in the following approximate position, viz —

Summit of Howick Island (186 feet), bearing W by N ½ N., distant 7¼ miles

As the vessel was hove-to at the time, owing to thick weather, some uncertainty exists as to the true position, and the danger has been unsuccessfully searched for by H S M *Dart* However, a danger was reported in this vicinity in former years, and accordingly masters of vessels are cautioned not to go to the northward of the track recommended in that neighbourhood

RESOLUTION ON THE BUDGET ESTIMATES OF THE COMMISSIONERS OF THE PORT OF CHITTAGONG FOR THE YEAR 1900 1901

No 525Marine.

GOVERNMENT OF BENGAL, MARINE DEPARTMENT

Dated Calcutta, the 13th March 1900

RESOLUTION

READ—

Letter from the Chairman of the Commissioners of the Port of Chittagong No 804P, dated the 23rd October 1899, submitting, through the Accountant-General, Bengal, the revised budget estimates of the Commissioners for the year 1899-1900, and the estimates for the year 1900-1901

Letter from the Chairman of the Commissioners of the Port of Chittagong, No 1231P, dated the 30th January 1900 submitting a copy of a letter from the Agent and Chief Engineer, Assam Bengal Railway, enclosing estimates of receipts and charges in connection with the working of the jetties for the years 1899-1900 and 1900-1901

There is very little difference between the figures in the estimate for the year 1899-1900 sanctioned in Resolution No. 1940Marine, dated the 29th September 1899, and those given in the estimate now submitted The difference is only under the head "Expenditure," the estimates under that head being as follows.—

	Rs
Sanctioned estimate	1,00,102
Revised estimate . . .	1,00,844

The increase is said to be based on actuals

2. Under the head "Mooring fees," a revised estimate of Rs 8,797 was provided Judging from the actual receipts under that head during the past

five years, the estimate appears to be too low, and a provision of Rs. 10,000 based on the actuals, has been made The revised estimates under the other heads submitted by the Commissioners have been taken in round numbers, these added to a provision of Rs. 100 on account of receipts from jetties increase the revised estimate of receipts from Rs 71,709 to Rs. 73,700

3. There is a provision in the Provincial Budget for a grant of Rs 10,000 to Chittagong Port Commissioners during the current year, and the Commissioners are allowed to take credit for this at once. This raises the total receipts to Rs 83,700

4 The Lieutenant-Governor sanctions the revised estimate of receipts thus modified, an abstract of which is given in paragraph 10.

5 The budget estimate for 1900-1901 is stated to be based on the actuals of 1899-1900 It would appear that this estimate has not been very carefully prepared, the figures in the majority of cases being merely a reproduction of the revised estimates for the current year as submitted by the Commissioners

6 For the reasons stated in paragraph 2, the estimate of receipts under the head "Mooring fees" has been increased from Rs 8,797 to Rs 10,000 The other estimates have been taken in round numbers.

7 A provision of Rs. 10,000 has been inserted under the head "Receipts from jetties" This is based on the figures supplied by the Agent, Assam-Bengal Railway Company

8 The yearly amount to be paid to the Government on account of the loan (with interest) for the S-T *Gekko* amounts to Rs 16,294-14-6. The Commissioners were unable to make this payment during the years 1897 98 and 1898 99, but provision was made in the budget for 1899-1900 for payment of half the amount due, viz, Rs 24,443 In the estimates now submitted, no provision is made for the repayment of the loan. The Lieutenant Governor desires to point out that it is incumbent on the Commissioners to make due provision for this repayment, and estimates which do not provide for it should not be submitted in future A provision of Rs 24,443 has accordingly been made, with a view to the payment of the instalments due up to the 31st of March 1900

9 The Lieutenant-Governor sanctions the estimate of receipts and expenditure for the year 1900 1901, under section 69 of Act IV (B C) of 1887

10. An abstract of the revised estimate for 1899-1900 and of the estimate for 1900-1901 is subjoined —

Receipts	1898-99 Actuals	1899 1900 Sanctioned estimate	1899 1900 Six months actuals	1899 1900 Revised estimate	1900 1901 Budget estimate	Expenditure	1898 99 Actuals	1899 1900 Sanctioned estimate	1899 1900 Six months actuals	1899 1900 Revised estimate	1900-1901 Budget estimate

11 The Commissioners have already been asked to take steps to improve their finances, and to submit any proposals they may consider necessary for the imposition of additional fees The Port Fund is not at present in a satisfactory position, and the Government had for some years to make a grant from Provincial revenues to balance the account. This arrangement cannot be allowed to continue, and it is imperatively necessary for the Commissioners to take steps to make the Trust self-supporting

By order of the Lieutenant-Governor of Bengal,

R. B BUCKLEY,

Secy. to the Govt. of Bengal

WEATHER AND CROP REPORT.

For the week ending the 12th March, 1900.

Burdwan.—No rain Weather seasonable Harvesting of *rabi* and pressing of sugarcane continue Fodder and water sufficient Some cattle-disease reported from Katwa and Raniganj Common rice selling as follows —

	Srs	
Sadar	15	per rupee
Kalna	13½	
Katwa	15	
Raniganj	13½	

Birbhum.—No rain Weather seasonable *Rabi* crops being harvested Price of common rice at Sadar 13½ seers and at Rampur Hât 15 seers per rupee Fodder sufficient

Bankura.—No rain Weather seasonable Pressing of sugarcane and harvesting of wheat and barley continue Fodder and water sufficient Sporadic cases of cow-pox reported Price of common rice 15 seers per rupee at Bankura and Vishnupur

Midnapore.—Rainfall at Sadar 41, Contai 04, Ghatal 97 Weather seasonable *Boro* doing well Cattle-disease reported from Narayangarh, Garhbeta, Narayagram, Binpur, and Chandrakona Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	14	per rupee
Contai	16	
Tamluk	13	
Ghatal	15½	

Hooghly.—Rainfall at Sadar 30, Serampore 26 Weather hot during day cool in night and morning Cattle-disease reported from Balagar, Pandua, and Dhaniakhali Common rice sells at 14 seers per rupee

Howrah.—No rain Weather seasonable Transplantation of *boro* in Ulubaria finished Condition of *rabi* good Fodder and water sufficient Common rice sells at 13¾ seers per rupee

24-Parganas.—Rainfall at Sadar 04, Barasat 15 Weather seasonable No important crops on the ground Harvesting of *rabi* crops at an end Lands are being ploughed for ensuing crops Cattle disease in Basirhat abated Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16	per rupee
Barasat	15½	
Basirhat	15	
Diamond Harbour	13 5/16	

Nadia.—No rain Weather seasonable Harvesting of *rabi* crops nearly over Prospects good Lands are being cultivated for *aus*. Fodder and water sufficient except in Chuadanga Prices of common rice stationary

Murshidabad.—No rain Weather seasonable Harvesting of *rabi* crops commenced Pressing of sugarcane and harvesting of oilseeds going on No cattle-disease. Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	14	per rupee
Jangipur	15	
Kandi	16½	

Jessore.—Rainfall at Sadar 1 05, Magura 07, Narail 12, Bangaon 24 Days hot, nights cool Cloudy with occasional showers Harvesting of *rabi* crops and ploughing of lands going on Prospects of crops good No cattle disease reported Fodder and water sufficient. Common rice sells as follows —

	Srs	
Sadar	15	per rupee
Jhenida	18	
Magura	16	
Narail	15	
Bangaon	18	

Khulna.—Rainfall nil. Weather variable. Harvesting of *rabi* crops still continues Fodder and water sufficient. Common rice sells as follows —

	Srs.	
Sadar	16¼	per rupee
Bagerhat	16⅛	per rupee
Satkhira	17	per rupee

Rajshahi.—No rain Weather seasonable Prospects of crops good Harvesting of pulses going on No cattle-disease Fodder and water ample Price of common rice 17 seers per rupee

Dinajpur.—Rainfall nil Weather seasonable Fodder and water plentiful Rice selling at Sadar 18 seers and at Thakurgaon 17 seers per rupee

Jalpaiguri.—No rain Weather seasonable Lands being ploughed for *bhadoi* paddy and jute Harvesting of tobacco going on Fodder and water available Price of common rice steady

Darjeeling—No rain Weather seasonable *Hills—Bhutta* being sown, *tori* being harvested, wheat, barley, and potatoes doing well *Terai*—Tobacco and mustard being harvested Coarse rice sells as follows —

	Srs.	
Hills	10	per rupee.
Terai	18	per rupee.

Bhutta sells at Darjeeling 18 seers and at Kalimpong 20 seers per rupee.

Rangpur.—No rain. Weather seasonable *Rabi* crops are being harvested Sowing of *aus* crop going on Common rice sells at 18 seers per rupee Fodder and water sufficient

Bogra—No rain Cultivation for *aus* and jute still going on Prospects good Fodder and water sufficient Common rice sells at 17¾ seers per rupee

Pabna.—No rain Weather seasonable Prospects favourable Cattle-disease reported from here and there Prices unchanged Fodder and water sufficient.

Dacca—Rainfall nil Weather seasonabble Prospects good Fodder available. No cattle disease Common rice 16 seers per rupee

Mymensingh—Rainfall at Kishoreganj 09, Netrokona 1 32 Weather warmer and drier Prospects of crops good Condition of cattle good. Fodder and water sufficient Common rice selling as follows —

	Srs.	
Sadar .	18	per rupee
Kishoreganj ..	16	per rupee
Netrokona	13	per rupee
Tangail	15⅛	per rupee
Jamalpur ..	17¾	per rupee

Faridpur.—No rain Weather hot State and prospects of crops good Common rice sells at 17 seers per rupee

Backergunge—Rainfall nil Weather fine Prospects of crops good Common rice sells at 15 seers per rupee

Tippera—Rainfall at Comilla nil, Brahmanbaria 94, Chandpur 03 Weather seasonable *Boro* harvest commencing *Aus* paddy and jute being sown on low lands Common rice 16 seers per rupee

Noakhali.—Rainfall nil Harvesting of *rabi* crops and cultivation of land for *aus* continue Cattle-disease continues at Senbag State of fodder and water fair. Price of common rice stationary

Chittagong.—No rain, which is badly wanted for good prospect of crop Common rice 15 seers per rupee.

Patna.—Rainfall nil. Harvesting of *rabi* crops in progress. Tapping of opium is going on No cattle-disease Fodder and water-supply for cattle sufficient Common rice in Patna sells at 16 seers per rupee.

Gaya—No rain. Harvesting of *rabi* and collection of opium continue Common rice selling at 13½ seers per rupee

Shahabad.—No rain Sugarcane being pressed. *Rabi* harvesting continues Fodder and water abundant Rice at Sadar 11 seers per rupee

Saran—No rain Weather seasonable Harvest of *rabi* crops and collection of opium proceeding Sowing of indigo and sugarcane commenced Price of common rice 13 seers 1 chitak and of *makai* 13 seers 14 chitaks per rupee.

Champaran—No rain *Rabi* harvesting and opium collection continue with fair outturn Prices of common rice and maize at Sadar are 12¾ and 15¼ seers per rupee respectively

Muzaffarpur—Rainfall nil *Rabi* harvesting commenced in places Prospects good Prices are —Common rice 13 seers 2 chitaks, wheat 11 seers 9 chitaks, barley 16 seers, *makai* 14 seers 8 chitaks, gram 16 seers 2 chitaks, and *rahar* 16 seers 8 chitaks per rupee

Darbhanga—No rain *Rabi* being harvested Fodder and water sufficient Cattle-disease reported from Madhubani Common rice sells as follows —

	Srs	
Sadar	13	per rupee
Samastipur ..	15¼	
Madhubani . .	14⅝	

Monghyr.—No rain Weather seasonable Sugarcane pressing almost over *Rabi* harvesting going on in full swing Opium collection in full operation Common rice sells as follows —

	Srs	
Monghyr . .	14¼	per rupee
Begusarai . .	14	
Jamui ..	14	

Bhagalpur—No rain Weather seasonable Prospects of standing crops continue favourable Planting of sugarcane—shoots in progress in Banka Preparation of the fields for the next crops is going on Fodder and water sufficient Cattle-disease reported from Banka subdivision Price of common rice stationary

Purnea.—Rainfall nil Weather hot in day and cool at night Ploughing operations for *bhadoi* crops going on Standing crops doing well Harvesting of tobacco going on No cattle-disease Fodder and water sufficient Common rice sells as follows —

	Srs	
Sadar	16	per rupee
Kishanganj . .	17	
Araria .	18	

Malda.—Rainfall nil Weather seasonable Prospects of standing crops good Cattle disease reported from Gomastapur Price of rice stationary Fodder and water sufficient

Sonthal Parganas—Rainfall nil Weather getting hot Prospects of *rabi* crops good Mango promises well Price of rice 14 seers and of maize 19 seers per rupee Fodder and water sufficient Cattle disease reported from Rajmahal

Cuttack—Rainfall at Sadar 68, Kendrapara 08, Banki 1 28 Weather seasonable Sugarcane being planted Tobacco and *dalua* growing Condition of men and cattle generally good. Fodder and water sufficient Common rice sells as follows —

	Srs	ch	
Cuttack	15	1	per rupee
Jajpur	17	1	
Kendrapara ...	18	6	
Banki	14	13	

Balasore.—Rain 70 at Sadar Threshing of *sarad* and *rabi* crops and pressing of sugarcane continue *Boro* being transplanted Cotton doing well. Ploughing continues Rice sells at 16 1/16, 15, and 18 seers per rupee in interior, Balasore, and Bhadrak respectively Cattle-disease reported from Singla and Balasore circles Fodder and water sufficient

Angul—Weather cloudy *Khesari*, castor, and turmeric being gathered Common rice selling at 12 seers in Angul and 9 seers in the Khondmals Cattle-disease reported

Puri.—Rainfall at Sadar 22 Weather occasionally cloudy. Recent rain has done some good to *rabi* and mango crops *Dalua* and other miscellaneous crops doing well Lands are being ploughed for coming *sarad* and sugarcane. Relief-works in progress in Tua Common rice sells as follows —

	Srs.	
Sadar	14¼	per rupee.
Khurda	16	
Interior of district	15¾	

Hazaribagh.—Rainfall nil Weather seasonable Prospects of mango and *mahua* favourable Opium being collected Paddy-fields being ploughed. Fodder and water sufficient Common rice sells at Sadar 12 seers and at Giridih 13 seers per rupee.

Ranchi.—Rainfall nil Weather hot, occasionally cloudy Prospects of mango and *mahua* look fair Rice sells at Ranchi 8½ seers and in the interior 10 seers per rupee. Cattle-disease continues Fodder and water sufficient

Palamau—Rainfall nil Weather seasonable Former sown *rabi* being harvested in places Early sown *rabi* still doing well Fodder and water sufficient Prices at Sadar are—Rice 11¼ seers, *makai* 12 seers 6 chitaks, barley 16 seers 14 chitaks, gram 14 seers 10 chitaks, wheat 11 seers 13 chitaks, *musur* 14 seers 10 chitaks, and *mahua* 30 seers 10 chitaks per rupee

Manbhum—Rainfall nil Weather seasonable Prospects of crops good Cattle-disease reported from thanas Para, Purulia, Manbazar, and Gobindpur. Fodder and water sufficient Average price of common rice at Sadar 13 seers 2 chitaks and at Gobindpur 12 seers per rupee Supply sufficient.

Singhbhum—No rain Weather hot Common rice sells at 12 seers at Chaibassa, and average price 13 seers

General Summary.—There was fairly general rain during the week in Orissa and in the districts of Midnapore, Hooghly, the 24-Parganas, Jessore, Mymensingh, and Tippera In Puri the rain was good for the *rabi* and mango crops, which were in need of it The *rabi* and other cold-weather crops are being harvested, and the collection of opium is going on Spring rice is doing well Cultivation of lands for autumn rice and jute is in progress In Hazaribagh and Ranchi the prospects of the *mahua* and mango crops are good The price of rice is reported to have risen in ten districts and fallen in three, it is stationary in the remainder The rise in price at Ranchi is noticeable—from 9½ to 8½ seers the rupee Some cattle-disease is reported Fodder is generally sufficient

By order of the Lieutenant-Governor of Bengal,

F A. SLACK,

Offg. Secretary to the Govt. of Bengal

REVENUE DEPARTMENT,
The 13th March 1900.

1

IMPORTS INTO CALCUTTA

The following Statement shows the Quantities of the Principal Staples of Traffic imported into Calcutta from the Interior by Rail, Road, River (Country-boat and Steamer) and Canal during the month of December 1899

Whence imported.	FOOD-GRAINS. Rice and paddy							FIBROUS PRODUCTS		OILSEEDS							SUGAR.		TOBACCO

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF FEBRUARY 1900.

WEATHER during February was more disturbed than usual, though in an average year cold weather disturbances are more frequent, cause more rainfall and are attended by greater changes of temperature than in January.

In the past month there were four occasions of disturbed weather, and rainfall in moderate quantity occurred on each occasion in different parts of the Province, but the temperature changes were not so marked as usual, especially the fall which follows the passage of the shallow depression to which the disturbance is due The fall was usually slow, and mean temperature was rarely below the normal for the season of the year

It may be remembered that in January disturbances possessed one feature of importance in connection with the rainfall distribution The eastward movement of the depressions appeared to be checked in the west of the Province, with the result that practically all the rain recorded during that month fell in Bihar and Chota Nagpur. The first disturbance of February was similar in that respect It began to affect the western districts on the 1st, and gave general rain in Bihar, a few scattered showers in Chota Nagpur, and practically none in any other part of the Province In the subsequent disturbances the order was reversed Rainfall was general in Bengal Proper, and, though not altogether absent in the western districts, was less general and heavy than in January and the early part of February.

Usually when weather is disturbed in Bengal during the passage of these cold season depressions, cloudy weather is continuous for a day or two at a time and showers fall without the accompaniment of thunder, which is a feature of disturbances in March and April In the past month thunderstorms of the nor'-wester type were of frequent occurrence. They had, however, two peculiarities They came from the south-west, and the rainfall was generally light.

The first of the three depressions causing local storms of the kind, referred to in the previous paragraph, occurred about the 12th, the second about the 18th, and the third on the 25th and 26th. The heaviest rainfall as compared with the normal occurred in Lower Bengal, there was a small excess in North Bengal, while in the western districts there was a small defect, greatest in Chota Nagpur, where it was about half the normal fall

At the beginning of the month a very shallow depression was over the Province, too slight to cause any appreciable deviation from the normal at inland stations Winds were variable, and the change of direction which accompanied a moderate to brisk fall of pressure gave rise to local disturbances and fairly general rainfall in Bihar Temperature was 5° to 8° above the normal in Bengal Proper and Orissa, and there was a small excess in Bihar and Chota Nagpur The brisk fall continued on the 2nd, when pressure was lowest over the central districts, but rainfall was less general in Bihar, and only a very few scattered showers fell in other parts. Temperature remained high in Bengal and had risen in Bihar On the 3rd the depression was diffused over Burma and Assam, and weather was practically rainless over the Province with high temperature, especially in Lower Bengal, where excess was 10° to 12°.

Pressure rose slowly on subsequent days, and as the distribution and gradient became more normal with south winds returning to their more usual north-westerly directions, temperature began to fall, but it was not till the 7th that it fell below the normal, and then only in the northern districts The mean difference from the normal on that date varied from excess of 5° in Orissa to defect of 2° to 5° in North Bengal and Bihar

This low temperature was of very short duration as pressure fell rapidly in Bihar on the 9th, and with the southerly winds which then set in temperature again rose The second depression was then approaching the western districts, and on the 11th was causing a well-defined circulation of cyclonic winds, which were strong for the season in the north-west angle of the Bay, the highest velocity being 22 miles an hour at Gopalpur On the 12th the depression was over Bengal Proper, the barometer was 1 to ·15 inch below the normal and rainfall was general over a great part of Lower Bengal. In other parts of the Province there was very little rain and none at all in Bihar. In rainfall distribution this disturbance was in marked contrast to the one at the beginning of the month, but otherwise there was little difference except in the pressure changes being slightly larger As before, the fall of temperature which usually follows such disturbances was later and less marked than in ordinary years, as it was not till the 16th that mean temperature fell to about the normal for the season, and there was never more than a small defect in any part of the Province.

On the 17th the third depression was beginning to affect conditions in the western districts, and by the 18th there was a well-marked gradient from east to west with strong south easterly winds over the Province, and strong winds in the north-west angle of the Bay, the highest velocity being 31 miles an hour at Gopalpur. The disturbance was more widespread than on the previous occasion, and rainfall was more general, almost every station in Bengal Proper recording a moderate fall and a number more than 1 inch There were also scattered showers in Bihar, Chota Nagpur and Orissa The recovery of pressure was more rapid than before, and on the 19th there was a rise of ·15 inch in the west of Chota Nagpur and more than 1 inch

in all the western districts In consequence the return to normal weather with northerly winds and comparatively low temperature was quicker On the 20th there was a small defect in temperature in the west, and on the 21st a general defect of about 2°, the largest recorded in Lower Bengal at any time during the month

Though pressure was high between the 20th and 25th and weather was generally settled with about normal temperature, it was not altogether rainless, as a few scattered showers fell in the southern districts mostly on the 22nd On the 24th the last disturbance of the month approached Pressure fell irregularly on the 25th, and local storms became fairly general over the greater part of the Province Rainfall began in the north, from there extended southwards, and ceased on the 27th when a few showers fell in East Bengal, Orissa and Chota Nagpur

Considerable oscillations of pressure occurred in the north of the Province on the 27th and 28th, but with little effect on the general weather which had become normal for the season and comparatively cool

Pressure was somewhat unsteady, and, owing to the numerous depressions, was frequently below the normal though not to any great extent The greatest defect was 15 inch in the west of the Province, during the passage of the third depression Mean pressure for the whole month is below the normal for all stations by small amounts, the greatest being 03 inch in the south of Orissa

Temperature was generally high, at times by as much as 10°, and as the fall which usually follows disturbed weather was not to the usual extent, maximum and minimum readings were more frequently above than below the normal

In maximum temperature the average excess was about 1° for the northern districts and 3° in Lower Bengal Excess in night readings was greater, and the average varies from 3° in the north to 5° in Lower Bengal and Orissa.

Rainfall —Showers, generally more or less scattered and due to local thunderstorms, occurred, as stated above, on four different occasions, and were at these times most general in Lower Bengal, where a half more than the usual amount for the month was received Though the depressions to which the rainfall was due crossed Chota Nagpur, that Division received relatively to the normal less rain than any other part of the Province, not much more than half the normal

South-West Bengal received on an average 1 54 inches, East Bengal 1 82, North Bengal 76, Orissa 68 and Bihar and Chota Nagpur half an inch

In Assam the fall was heaviest at Silchar where it was about 1 5 inches At Sibsagar and Dhubri it was a little under 1 inch

In February of last year Sibsagar received 3 7 inches and Silchar about 1 inch.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the month of February 1900 —

Meteorological Divisions	Temperature						Rainfall							
			Averages for month				Of month			Rainy days			Since 16th Oct 1899	
	Highest observed during month	Lowest observed during month	Of highest of each day	Of lowest of each day	Of mean for each day	Average mean of month above or below normal mean of month	Average	Normal average	Variation	Average number in month	Normal average number in month	Variation	Average	Normal average

METEOROLOGICAL OFFICE, BENGAL,
The 13th March 1900.

C. LITTLE,
Meteorological Reporter to the Govt. of Bengal

Abstract of the Results of Meteorological Observations taken at the Alipore Observatory in the month of February 1900

	Inches	Date	Hour
The mean pressure of the month	29 944		
The average pressure of February from 24 years' registers	29 945		
The highest pressure in the month	30 107	8th	10
The lowest pressure in the month	29 795	13th	16
The range of pressure	0 312		
	Hours		
The total number of hours of bright sunshine during the month	184 4		
The maximum possible number of hours of sunshine	318 0		
	°		
The mean temperature of the month	73 1		
The average temperature of February from 24 years' registers	73 0		
The highest temperature in the month	89 7	26th	
The lowest temperature in the month	58 2	21st	
The range of temperature during the month	31 5		
The mean daily range of temperature	20 6		
The greatest range of temperature in one day	27 2	23rd	
	Per cent		
The mean humidity of the month	73		
The average humidity of February from 24 years' registers	67		
	Inches		
The mean vapour tension of the month	0 588		
The average vapour tension of February from 9 years' registers	0 538		
The mean cloud proportion of the month	2 76		
The average cloud proportion of February from 23 years' registers	1 93		
	Ins		
The total rainfall of the month	0 75		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 52 feet above the ground)	0 69		
The average fall of February from 48 years' registers	0 87		
The greatest fall in 24 hours	0 25	12th	
	Days		
The number of rainy days in the month	5		
The average number of rainy days in February from 24 years' registers	3		
	°		
The mean maximum equilibrium temperature of solar radiation during the month	137 3		
The mean difference of sun and air temperatures	52 2		
The greatest sun temperature	143 4	25th	
The greatest excess of sun over air temperature	57 8	24th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	59 5		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	5 3		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	8 2	28th	
	Miles		
The mean movement of the wind per day	48 1		
The greatest movement of the wind in one day	135 0	26th	
The greatest movement of the wind in one hour	13 0	26th	10 to 11 A M

The number of hours with winds from each of the 8 points—
N 77, N E 61, E 45, S E 27, S 44, S W 79, W 42, N W 66, Calm 231

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory) The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore 003 lower The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2·1 lower, and, finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0 6 higher than the Kew Standard thermometer, which is the standard of reference at the present Observatory

G W KUCHLER,

For *Meteorological Reporter to the Govt. of India and Director-General of Indian Observatories.*

	Inches
The total fall of rain from 4th to 10th March 1900	0 04
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0 46
The total fall from 1st January to 10th March 1900	0 79
The average fall of the corresponding period for 24 years, Surveyor-General's Office	2 21

The mean pressure, temperature, &c, are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected approximately to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground

A MEARS, *Lieutenant*, R E,
Offg. Supdt. of Settlement-Surveys, Bengal.

GENERAL DEPARTMENT—(EDUCATION)

NOTIFICATION—No 1435

The 20th March 1900—The following Report of the Bruce Institution for the year 1899 is published for general information —

F A SLACK,
Offg Secy to the Govt of Bengal

REPORT OF THE BRUCE INSTITUTION FOR THE YEAR 1899

I.—*Control*—During the year under review the following gentlemen were re-appointed to be Governors under rule 10 of the scheme for the management of the Institution —

(1) The Hon'ble Mr Justice Sale
(2) The Very Rev Father Lafont, S J, C I E
(3) The Rev F W Warne, B D

The following is a list of the Governors at the close of the year —

The Hon'ble the Chief Justice of Bengal ... ... } *Ex-officio*
The Most Rev the Lord Bishop of Calcutta . .. } *Ex-officio*
The Inspector-General of Civil Hospitals, Bengal . } *Ex-officio*
The Chairman of the Calcutta Municipality ... } *Ex-officio*
The Director of Public Instruction, Bengal . } *Ex-officio*
The Hon'ble Mr Justice Sale
The Ven'ble A E Stone (Archdeacon of Calcutta)
The Very Rev Father Lafont, S J, C I E
The Rev F W Warne, B D
L P Pugh, Esq (Barrister-at-law)
Geo Irving, Esq
H A Bamford, Esq

II—*Capital and Income*—The capital of the Institution stood, as in the previous year, at Rs 10,46,200, and is held in the form of a stock certificate of the year 1865 by the Comptroller-General. It yields at the rate of 3½ per cent per annum, less commission at ¼ per cent charged by the Comptroller-General, an annual net interest of Rs. 36,525-7-4, paid half-yearly, which is placed to the credit of the Institution in the Bank of Bengal.

III—*Election, Vacancies, etc*—The annual election was held in the month of August as usual. For the thirteen vacancies advertised sixty-nine applications were received, but fourteen of the most deserving girls were elected on the report of a Sub-Committee consisting of the Ven'ble A. E Stone (Archdeacon of Calcutta), the Very Rev Father Lafont, S J., C I E, the Rev F W Warne, B D, and Geo Irving, Esq Of the girls elected, three were placed in the Loretto Boarding School, Intally, two in the Loretto Orphanage, Intally, six in the Calcutta Girls' School, two in St Pauls' Mission School, and one in the Pratt Memorial School During the year there were fourteen vacancies caused by the withdrawal of children by their parents or guardians, of whom eleven had attained the age of seventeen years, the limit ordinarily allowed under the rules If, however, a girl, elects to take up teaching as a profession, some extension of time is generally allowed Two such extensions were granted during the year. Two girls who were in poor health were, at the request of the school authorities, sent to the Dow Hill School at Kurseong for a change Another girl, who had been ailing for some time, was sent to the Eden Sanitarium at Darjeeling, but had to return after a few days, as the climate of Darjeeling was unsuited to her constitution There was only one death during the year At the close of the year there were 148 girls on the foundation, against 152 in the preceding year. They were distributed as follows —

Loretto Convent, Intally—		
Boarding School	19	
Orphanage	40	
		59
Calcutta Girls' School		44
Pratt Memorial School		16
Calcutta Free School		11
St Paul's Mission School		9
La Martinière for Girls		5
European Protestant Orphanage, Cuttack		4
Total		148

The following table gives particulars as to the class and religion of the foundationers —

Class	Roman Catholics	Church of England	Non conformists	Total
1	2	3	4	5
1 Orphans or deserted by their parents	29	21	8	58
2 Fatherless or deserted by the father, or father incapable	30	42	13	85
3 Cases of extreme poverty	2	1	2	5
Total	61	64	23	148

IV —*Education and Maintenance.*—The nature of the education imparted to the girls on the foundation is that prescribed for primary and middle schools for Europeans. In exceptional cases a higher education is given A girl is not ordinarily allowed to remain in school after she has attained the age of seventeen years, when an outfit grant of Rs 50 is usually given to enable her to start in life The end sought is to fit the girls for a respectable and useful station in life.

The average monthly cost for the education and maintenance of each girl on the foundation amounted to Rs. 19-1-0, against Rs 18-6-8 in the preceding year The year opened with a balance of Rs 21,652 4 11, and closed with a balance of Rs 22,398 The total amount paid under the different heads of expenditure was as under —

1898

	Rs	A	P
Education and maintenance	33 691	10	3

Advertisement and printing	165	2	3
Funeral expenses	32	0	0
Outfits	760	0	0
Other charges	52	0	0
Total	35 794	12	3

V —*Inspection.*—Mr H. A. Bamford was appointed Visiting Governor for the first half and re-appointed for the second half-year His reports were satisfactory Mr Bamford states that in every school he found the girls well cared for and living a happy life, and that on the whole they are making very satisfactory progress in their studies. Good accounts have also been received from the school authorities in regard to the conduct, application, progress, health, and attendance of the foundationers in general

VI —*Meetings* —Four meetings were held during the year, but there was no resolution of importance calling for special mention.

CALCUTTA,
The 3rd March 1900.

A. PEDLER,
Honorary Secretary to the Governors

PART IB

ORDERS BY THE LIEUT-GOVERNOR OF BENGAL

MUNICIPAL AND LOCAL.

NOTIFICATION

No 1287M —The 15th March 1900 —It is hereby notified for general information that, in exercise of the powers vested in the Local Government by section 9 (c) of the Bengal Municipal Act, III of 1884, as modified up to 1st November 1896, and in accordance with the recommendation of the Commissioners of the Jalpaiguri Municipality, made at a meeting, the Lieutenant Governor intends to include within the limits of the Municipality the following plot of land, unless good reasons are shown to the contrary within six weeks from the date of publication of this notification within the Municipality —

The land proposed to be included within the Municipality is bounded on the east by the existing western boundary of the Municipality, on the north by Berubari road, on the west by Berubari road, and on the south by a line drawn from the Berubari road from a point in it about 200 yards to the south-west of Messrs Ralli Brothers' premises and passing by the south of the above premises and the quarters of the Station Master and the Platelayer of the Eastern Bengal State Railway till it meets the railway line at the Adarpara gate

The revised boundaries of the Municipality after the inclusion of the above area will be as follows —

On the north —A line drawn due east from the ditch on the north of the Bykantpur zamindar's house to the bank of the Teesta river, and west in a straight line to a point on the bank of the river Kurla, and thence along the western bank of the Kurla until it reaches a point about 400 yards west of the old jail, and thence to the Siliguri road

On the south —A line drawn west from the Teesta river along the new Teesta-Pandapara road till it cuts the western boundary

On the east —The Teesta river

On the west —A line drawn from the point where the northern boundary touches the Siliguri road, passing outside the Mahut's village including Sheikh Mohamed's village, and passing to the east of Cherkutto's house until it meets the railway line at a point about 110 yards above the Titalyah road, and thence passing along the western boundary of the railway line till it meets the level crossing of the Berubari road, and thence passing along that road to a point about 200 yards to the south-west of Messrs Ralli Brothers' premises and godown, and thence turning to the east and passing outside the boundaries of that portion of the railway station premises lying to the west of the railway line and comprising the Station Master and Platelayer's quarters till it again meets the railway line, and thence following the western boundary of the railway line till it cuts the southern boundary of the Municipality

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned plot of land situate in the district of Mymensingh will be put up to sale at the Mymensingh Collectorate on the 22nd March 1900, corresponding with 9th Choitra 1306 B S

The purchasers will be subject to the following conditions of sale —

Conditions of Sale

1st —The land to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale The purchaser of this land will be considered as the proprietor of the land, and the entire proprietary right of Government in that land will be transferred to him free of revenue in perpetuity

2nd —If the amount of purchase money do not exceed Rs 100 the whole amount to be paid down at once

3rd —If the amount of purchase money exceed Rs 100, one fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the land to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

H T S FORREST, Deputy Commissioner

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Dinajpur, will be put up to sale at the Dinajpur Collectorate on 20th April 1900, corresponding with 8th Baisack 1307 (B S)

The purchasers will be subject to the following conditions of sale —

Conditions of Sale.

1st —The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him The estate will be sold revenue-free

2nd —The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities

3rd —If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once

4th —If the amount of purchase money exceed Rs 100, one-fourth of the amount bid to be immediately deposited If the balance be not paid by noon of the 15th day after sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale

The Indian Law Reports

Published under Authority

THE Indian Law Reports, published under the authority of the Governor General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad and comprise four series—one for the Calcutta High Court, a second for the Madras High Court a third for the Bombay High Court, and a fourth for the Allahabad High Court The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876 —

Terms of subscription payable annually in advance.

Mormugao harbour—Leading lights exhibited.

THE Bombay Government has given notice (No 23 of 1900) that from 1st February 1900 two lights were exhibited to indicate the entrance of the Mormugao Harbour

The front light is exhibited from a cylindrical column painted white erected on the Chiquilim Point

The rear light is exhibited from a cylindrical column painted white, erected on the Secretario Island

The front and rear lights are fixed white lights about 85 feet high, visible 12 miles and in line bear S 78° E true

Approximate position—

Front light	Lat	15° 24′ 35″
	Long	73° 49′ 50″
Rear light	Lat	15° 24′ 20″
	Long	73° 51′ 15″

(1) It is intended to substitute a fixed red light on one of the Breakwater blocks visible only 4 miles from the anchorage through an arc of 76°, the existing light will be discontinued

(2) The black can buoy marking the Mormugao Rock and the red conical buoy marking the rubble mound will be removed at the end of April 1900

Caution—Vessels when entering should not make for Aguada Lighthouse to come in line of the leading lights, when in line of the Leading lights, continue till past the Breakwater during day or come in within the arc of the red light during night before anchoring

This Notice affects the following Admiralty Charts India West Coast, Sheet VI, Achra River to Cape Ramas, No 740, Vizindrug to Cochin, No 2 37, Aguada to St George's Island, No 492, Vengurla to Cape Comorin, No 827, and Arabian Sea, No 1012 Also, West Coast of Hindustan Pilot, 4th Edition, 1898, page 161, and List of Lights, Part VI, 1899, page 40

Kanara—Rocks discovered

THE following Notice to Mariners issued by the British Admiralty (No 84 of 1900) is republished

Information, dated 15th January 1900, has been received from Commander T H. Heming, in charge of the Marine Survey of India, of the existence of the following rocks recently discovered off the Kanara coast —

1 A rock, with a depth of 15 feet over it, low water springs, situated with the summit of Jali Kund or Hog island bearing N 10 W, distant 18 cables

Approximate position, lat 13° 58′ 45″ N, long 74° 28′ 40″ E

2. A rock with a depth of 12 feet over it, low-water springs, situated with Bhatkal lighthouse bearing No 4° E, distant 11 cables, and Alvagudda fort S 62° E A red *can* buoy marks its western edge

Approximate position, lat 13° 57′ 10″ N, long 74° 30′ 40″ E

3 A rock, with a depth of 18 feet over it, low-water springs, situated with the southernmost of Two White rocks bearing N 64° E., distant 9 cables

Approximate position, lat. 13° 52′ 40″ N, long 74° 30′ 55″ E

4. A rock with a depth of 30 feet over it, low-water springs, situated with the southernmost of Two White rocks bearing N. 60° E, distant 16 cables, and Single White rock N 16° E.

5 A rock, with a depth of 11 feet over it, low-water springs, situated with the southernmost of the Two White rocks bearing N. 10° W, distant $5\frac{1}{10}$ miles, and Yelgetty guda N. 67° E.

CAUTION —The above are the outer rocks discovered during the survey of this coast, there are others inshore of them not marked on the Chart Mariners are therefore cautioned not to approach this part of the coast, especially in the vicinity of Single White rock and Two White rocks.

(Variation Nil in 1900.)

This Notice affects the following Admiralty Charts —Vengurla to cape Comorin, No 827, Vizadrug to Cochin, No 2737, Alvagudda to Mulki, No 745, cape Ramas to Alvagudda, No 744 Also, Hindustan Pilot, 1898, page 140

Manukau harbour—Alteration in buoyage

THE British Admiralty has given notice (No 64 of 1900) that the system of buoyage in Manukau harbour has been altered as follows:—

a On the eastern side of the channel, the buoys are *cask* or *barrel* shaped, except the turning buoys, which are *conical*, surmounted by staff and cage, all buoys on this side of the channel are painted red

b On the western side of the channel, the buoys (iron) are of various shapes, *conical*, *flat topped*, and *dome* shaped, the buoys on this side of the channel are painted black

Approximate position, lat 37° 3 S, long 174° 32′ E

This Notice affects the following Admiralty Chart —Manukau harbour, No 2726 Also, New Zealand Pilot, 1891, pag 261, and Hydrographic Notice No 2, 1895, relating to that work, page 9

Aotea harbour—Decreased depth on bar—Leading beacons.

THE British Admiralty has given notice (No 66 of 1900) that the depth of water on the bar of Aotea harbour has decreased to 4 feet, low-water spring tides

Two white triangular beacons, 400 feet apart, have been erected about one-third of a mile to the southward of Kapua te Mauna, which in line N E by E ¼ E lead over the bar, the note on the Chart has in consequence been amended

Approximate position, lat 37° 59 S, long 174° 51′ E

(*Variation 14° Easterly in 1900*)

This Notice affects the following Admiralty Plan —Plan of Aotea on sheet No 2535 Also, New Zealand Pilot, 1891, page 218

[Third Publication]

NEW ZEALAND—NORTH ISLAND

Whangaroa harbour—Depth on bar—Leading beacons

THE British Admiralty has given notice (No 67 of 1900) that owing to recent changes the beacons on North head are useless for crossing the bar, and that the least depth at the entrance to Whangaroa harbour is 10 feet, low-water springs

Two white wooden beacons about 2 cables apart have been erected on Te Kohne point, which in line E by N ½ N lead over the bar a note to this effect has been placed on the Chart

The old beacons on Rangitoto or North head have been left standing

Approximate position, lat 37 46′ S, long 174° 53 E

(*Variation 14° Easterly in 1900*)

This Notice affects the following Admiralty Chart —Whangaroa harbour, No 2534 Also, New Zealand Pilot, 1891, page 216, and Hydrographic Notice No 2, 1895, relating to that work, page 9

	Inches
The mean pressure of the seven days	29 882
The average pressure of the corresponding period for 24 years, Surveyor-General's Office	29 833
	Hours
The total number of hours of bright sunshine	64 0
The maximum possible number of hours of sunshine	83 6
	°
The mean temperature of the seven days	78 9
The average temperature of the corresponding period for 24 years, Surveyor-General's Office	80 0
The extreme variation of temperature	33 4
The maximum temperature	95 6
	Miles.
The highest velocity of the wind in one hour	17
	%
The mean relative humidity	67
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office	66
	Inches
The total fall of rain from 11th to 17th March 1900	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0 15
The total fall from 1st January to 17th March 1900	0 79
The average fall of the corresponding period for 24 years, Surveyor-General's Office	2 39

The mean pressure, temperature, &c , are deduced from the traces of the Barograph and Thermograph

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected approximately to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground

, dew, =, fog,

METEOROLOGICAL OFFICE, GOVT. OF INDIA,
Alipore (Calcutta), the 19th March 1900.

G. W. KUCHLER,
for Meteorological Reporter to the Govt. of India and Director-General of Indian Observatories.

(a) The decrease is due to the bathing festival "Maghi Purnima" in the corresponding period of 1899

(b) The increase is chiefly in upward despatches of food grains from Howrah and stations in the Loop Dinapore and Gaya districts

* Increase of mean miles 54 06 from 1st to 3rd March 1900 is on account of opening of the Moghalsarai and Gaya extension for public traffic on and from 1st March 1900 the total length of the section being 126 13 miles

(b) The increase is chiefly in upward despatches of food grains from Howrah and stations in the Loop Dinapore, and Gaya districts
